PROPOSED ROADFORD RESERVOIR

WATER ACT 1973

WATER RESOURCES ACT 1963

Water Resources (Licences) Regulations 1965

NOTICE OF PROPOSALS FOR LICENCES TO ABSTRACT WATER

Notice is hereby given that the Authority, on 11th and 18th December 1976, gave notice of its proposals, subject to the consent of the Secretary of State, to construct impounding works in the parish of Broadwoodwidger in the County of Devon, consisting of a dam across the River Wolf, and to abstract 46,000 cubic metres (approximately 10 million gallons) of water per day from the proposed reservoir and 182,000 cubic metres (approximately 40 million gallons) of water per day from the River Tamar.

Owing to changes in demand pattern which have occurred since the Authority resolved to promote the Roadford scheme, it has become necessary to amend the applications previously submitted to the Secretary of State in respect of the abstraction of water from the proposed reservoir and from the River Tamar, although the proposed impounding works remain unchanged. Public notice is also now being given of proposals not previously advertised for the abstraction of water from the River Torridge and the River Tavy. In connection with the River Tavy the Authority's existing licences to abstract at Lopwell Dam would be revoked, and the effect of the current proposals would be to authorise the abstraction of a further 22,750 cubic metres (approximately 5 million gallons) per day from the River Tavy.

The following notice refers to the above proposals.

Notice is hereby given that the South West Water Authority have formulated proposals as follows:

To construct impounding works in the Parish of Broadwoodwidger in the area of the Torridge District Council in the County of Devon, consisting of a dam across the River Wolf commencing at National Grid Reference point SX 419901 and terminating at National Grid Reference point SX 422898; and to abstract 81,500 cubic metres (approximately 18 million gallons) per day from the Roadford Reservoir at National Grid Reference SX 420901 in the Paris of Broadwoodwidger in the area of the Torridge District Council in the County of Devon.

Abstraction would commence from a date six months after the signing of the Preliminary Certificate under the Reservoirs (Safety Provisions) Act 1930.

To abstract 81,500 cubic metres (approximately 18 million gallons) per day from the River Torridge at National Grid Reference SS 476202 in the Parish of Frithelstock in the area of the Torridge District Council in the County of Devon.

Abstraction would commence from 1st January 1979, and would be subject to a prescribed flow of 164,000 cubic metres (approximately 36 million gallons) per day immediately below the point of abstraction.

To abstract 148,000 cubic metres (approximately 33 million gallons) per day from the River Tamar at National Grid Reference SX 434724 in the Parish of Tavistock Hamlets in the area of the West Devon District Council in the County of Devon.

Abstraction would commence from 1st January 1979, and would be subject to a prescribed flow of 246,000 cubic metres (approximately 54 million gallons) per day immediately below the point of abstraction.

To abstract 91,000 cubic metres (approximately 20 million gallons) per day, plus such quantities as are discharged into the River Tavy from the River Tamar, from the River Tavy at Lopwell Dam at National Grid Reference SX 474650 in the Parish of Buckland Monachorum in the area of the West Devon District Council in the County of Devon.

Abstraction would commence on the signing of the Preliminary Certificate in respect of the Roadford Reservoir under the Reservoirs (Safety Provisions) Act 1930, would be subject to a prescribed flow of 73,000 cubic metres (approximately 16 million gallons) per day, and would only take place at the rate of one half of the excess flow, with the exception of the water discharged from the River Tamar. Licence No. 15/47/41/S/34, which authorises the abstraction of 38,642 cubic metres (8.5 million gallons) per day from the River Tavy at Lopwell Dam, subject to a prescribed flow of 40,930 cubic metres (9 million gallons) per day, would be revoked when this Licence came into at that time to delete the references to the abstraction of operation and Licence No. 15/47/41/S/25 would be varied 29,550 cubic metres (6.5 million gallons) per day from the River Tavy at Lopwell Dam.

Details of the proposals comprising draft Licences and copies of any relevant plans, may be inspected free of charge at:

The South West Water Authority Headquarters, 3-5 Barnfield Road, Exeter.

The South West Water Authority, Div. 2 Office, 6th Floor, Civic Centre, Plymouth and Devonshire House, North Tawton, Devon.

West Devon District Council, Council Offices, Kilworthy Hill, Tavistock.

Torridge District Council, Town Hall, Bideford.

North Cornwall District Council Offices, Western Road, Launceston.

The Post Office, Broadwoodwidger, Lifton, Devon.

at all reasonable hours during the period beginning on 8th October, 1977 and ending on 7th November, 1977.

After the expiry of the period set for the inspection of the documents and the submission of representations the Authority will be entitled to pass resolutions by virtue of which Licences authorising the proposals shall be deemed to be granted unless the Secretary of State for the Environment, either in consequence of any representations made in respect of the proposals or otherwise, requires applications in respect of the proposals to be made to him.—Dated 7th October 1977.
