TOWN AND COUNTRY PLANNING ACT, 1947

DACORUM DISTRICT COUNCIL

Extensions to Aldbury and Chipperfield Conservation Areas

Notice is hereby given that with effect from 21st December 1977 the Dacorum District Council have

(1) Extended the Aldbury Conservation Area to include the following areas:
  (a) Medieval earthworks north and north-east of the church.
  (b) Groups of buildings in Toms Hill Road and Maltings Lane which are considered part of the village scene.
  (c) The recreation ground to the north of the village and the meadows to the east as far as Ashridge Woods; both of these areas enhance the setting of the village and form a natural boundary.

The extensions are defined on drawing No. 2.

(2) Extended the Chipperfield Conservation Area to include the following areas:
  (a) Land and buildings between The Street and Kings Lane, extending northwards to include properties fronting Chapel Croft, the latter forming an important and picturesque entrance to the village.
  (b) Land north-east of Frenches Farm, Tower Hill which forms a natural boundary to the village.
  (c) Land north-west and south-east of Dunny Lane which provides a setting for the historic core of the village.
  (d) The Folley area, south of Chipperfield Common where the conservation has been amended to follow the District boundary.

The extensions are defined on drawing No. 19.

Copies of drawings No. 2 and No. 19 may be inspected at the office of the Director of Technical Services, Civic Centre, Hemel Hempstead.

The effect of the designation or extension of a Conservation Area is to enable the local planning authority to exercise greater control over building and other operations and changes of use in relation to land and buildings in the area, with a view to preserving and enhancing its character and appearance.

Listed building control now applies to all buildings in conservation areas with the exception of categories of buildings specified by the Secretary of State. Anyone wishing to demolish a building within a conservation area must apply for listed building consent to the local planning authority.

Designation of a conservation area also gives control over the preservation of trees. Anyone having in mind to cut down, top, lop, uproot, wilfully damage or wilfully destroy any tree in a conservation area is to give the District Council 6 weeks' notice of intention. The purpose of this provision is to give the local planning authority a final opportunity to make a tree preservation order where appropriate before the work proposed is carried out.

K. Hunt, District Secretary

Civic Centre,
Hemel Hempstead. (722)
