The A4 *London to Bristol Road Noise Insulation Regulations* 1973*: Improvement at Curzon Street, Calne*

The Curzon Street, Calne improvement was opened to traffic on 10th April 1970 and a public notice listing those properties whose owners/occupiers were considered eligible to receive offers of insulation or grant under the provisions of the Noise Insulation Regulations 1973 was advertised and made available for inspection by members of the public from 16th August 1974 onwards. Arising from a mis-interpretation of part of those Regulations by the Department, a re-assessment has been made, as a result of which further properties and/or facades, are eligible for insulation against traffic noise resulting from the use of the improved road.

2. In the exercise of his discretionary powers under the provisions of the Regulations the Secretary of State has decided that not only the properties which are eligible under the re-assessment but also those included in the original list, setting aside those properties where residential occupation was not proven and those whose owners/occupiers took up the original offer, should be eligible to receive offers of insulation or grant.

3. For the reason set out in paragraph 2 a consolidated list of eligible properties will be made available for inspection at all reasonable hours between 21st May 1982 and 20th August 1982 at the offices of: Director (Transport) South West Region, Department of Transport, Froomsgate House, Rupert Street, Bristol BS1 2QN; Wiltshire County Council, County Hall, Trowbridge, Wiltshire; North Wiltshire District Council, Monkton Park, Chippenham, Wiltshire; and the Public Library, New Road, Calne, Wiltshire.

4. The Regulations provide rights of appeal to owner/occupiers of properties being within 300 metres of the improvement and not listed as being eligible. Appeals in writing should be received not later than 21st November 1982 at the first of the above addresses stating the facts on which the appellant's case relies.

5. A Departmental publication "Insulation against Traffic Noise" is available free of charge on request from the first of the above addresses.
