WATER ACTS

NORTH WEST WATER AUTHORITY

DROUGHT ACT 1976

Temporary Use of Pumps to Abstract Water (Including Compensation Water) from Ennerdale

Notice is hereby given that the North West Water Authority has applied to the Secretary of State for the Environment for an Order under section 1 of the Drought Act 1976 to authorise the temporary (i.e. until 31st October 1983) use of pumps to abstract the compensation water and also water required for supply from Ennerdale Water.

The reason for this application is that the Authority's present Licence Serial No. 27/74C/3/S/8 only authorises the abstraction from Ennerdale Water of water required for supply and for compensation water by gravity. In order therefore to maintain abstraction of water from the lake for water supply and compensation water purposes, if the lake level continues to fall, the Authority will have to resort to pumping.

There is no intention at the present time to seek authority to reduce the present compensation water flow of 32 Ml/d.

Any objections to the proposed Order must be made in writing to the Secretary of State for the Environment, Room B545, Romney House, 43 Marsham Street, London S.W.1, within 7 days of publication of this notice, and it is requested that a copy of any such objection be sent at the same time to the undersigned.

W. H. Crackle, Secretary and Solicitor

North West Water Authority,
Dawson House, Great Sankey,
