## ADMIRALTY NOTICE TO MARINERS.

No. 1505 of the year 1918.

## SCOTLAND, NORTH-EAST COAST, WITH ORKNEY AND SHETLAND ISLES.

*Former Notice.*—No. 1404 of 1918: hereby cancelled.

Notice is hereby given that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty, and are now in force:—

(1) SCOTLAND, NORTH-EAST COAST—TRAFFIC REGULATIONS.

I.—           |            INVERNESS AND APPROACHES—  
PILOTAGE AND TRAFFIC REGULATIONS.

*Port of Inverness and Approaches.*

1. All Merchant Vessels, including Fishing craft, are to speak the Examination vessel off Cromarty, and are to obtain permission from her to proceed into the Port of Inverness, the seaward entrances to which are dangerous.

2. Merchant vessels shall obey all orders given them by the Naval Port Authorities as regards anchoring or shifting berth.

3. Vessels proceeding in the same direction must not attempt to overtake and pass a vessel ahead in any of the channels in the Firth, or within the seaward entrances of the North and South channels.

This is not intended to apply to small fishing craft, and vessels of similar size, which must carefully observe the rule of the road whilst keeping out of the way of larger vessels.

4. No vessel (other than H.M. Ships and allied Men-of-War) or boat shall without special permission move in or approach the Port during the hours of official night, and no boat (other than those belonging to H.M. Ships and allied Men-of-War) shall without special permission approach the shore or go alongside any pier or wharf in the Port of Inverness.

5. Pilotage is compulsory for all vessels of 8 feet draught and over (other than H.M. Ships and allied Men-of-War) entering or leaving the Port of Inverness, unless otherwise ordered by the Naval Authorities.

6. Vessels, when cleared, shall wait for the orders from Naval Authorities before leaving.

7. Drifters engaged on Inverness Pilotage duty will fly the Pilot flag, and will be stationed at the Examination anchorage off Cromarty; and all vessels arriving are to close the drifter flying this flag, after speaking the Examination vessel, and obey any orders they may receive.

8. Incoming and outgoing traffic will be regulated by signals hoisted at Fort George and on the Control vessel stationed seaward of the entrance to the port.

9. Traffic signals are to be strictly obeyed, and no vessel shall approach the entrances when the signals displayed are not in her favour, and no outgoing vessel is to approach Chanonry point within half a mile whilst the signals are against her.

10. Vessels proceeding with the tidal stream will, as a rule, be given priority over those proceeding against the tidal stream, but the signals are equally applicable to all vessels, entering

or leaving the harbour, and they are only to use the channel between the light-buoys defining the ship passages.

11. Incoming and outgoing vessels shall not pass through the ship passages simultaneously. If through any misunderstanding an outgoing and an incoming ship are approaching the ship passages simultaneously, then the ship proceeding against the tidal stream shall give way and wait until the entrance is clear.

12. Vessels are to pass through the ship passages at a speed not exceeding 12 knots.

13. Inward-bound vessels, with special permission to be under way in Inverness firth and approaches during the hours of official night, when within 3 miles of the whistle-buoy off Cromarty and until they arrive at their anchorage within the Port of Inverness are to exhibit navigation lights (with the exception of a stern light, which is not to be shown), dimmed as provided for in Admiralty Notice to Mariners No. 1065 of 1918, or any subsequent revision or republication thereof.

Outgoing vessels are to carry similar lights which are to be extinguished as soon as they are past Cromarty.

14. All vessels under way within the limits of the Port of Inverness are to exhibit navigation lights during the daylight hours, when owing to mist or other weather conditions the visibility is sufficiently low to render such a course desirable.

15. Vessels at anchor in the Port of Inverness and approaches are to obey all orders given them by the Naval Authorities as to the exhibition or obscuring of riding lights and darkening of ships.

## (2) ORKNEY ISLES—TRAFFIC REGULATIONS.

### I. SCAPA FLOW AND APPROACHES.

1. All entrances are dangerous, and entry is absolutely prohibited by any of them except as provided in succeeding paragraphs.

2. Examination services have been established in the entrances to Hoxa and Hoy sounds; vessels directed to enter must communicate with the Examination vessel and follow the instructions received from her very carefully.

3. No vessel is permitted to approach the entrance to Hoxa sound within a radius of 5 miles under any circumstances whatever, except when actually ordered to Scapa Flow.

4. The only vessels permitted to enter Hoy sound from the westward are those ordered to Stromness.

5. Vessels are not permitted to enter Hoxa or Hoy sounds by night or in thick weather.

6. Passage through Cantick sound is entirely prohibited.

### II. PORT OF KIRKWALL AND APPROACHES.

1. The Port of Kirkwall shall comprise all enclosed waters of the Wide Firth and Kirkwall bay to westward of Thieves holm.

2. Merchant vessels shall obey all orders given them by the Admiralty Port Officer as regards anchoring or shifting position.

3. No vessel other than H.M. Ships shall enter or leave the Port of Kirkwall during hours of darkness, *i.e.*, between half an hour after sunset and half an hour before sunrise, except in special circumstances with special permission from the Admiralty Port Officer.

4. During foggy and thick weather, traffic in and out of the port is stopped, and no vessel shall approach the Boom from either direction.

5. No vessel other than H.M. Ships or boats shall move in the harbour during hours of darkness as aforesaid. And no boat other than those belonging to H.M. Ships shall approach the shore or go alongside any pier in the Port of Kirkwall.

6. All vessels other than H.M. Ships entering or leaving the Port of Kirkwall shall be piloted in and out by a Pilot drifter, and are prohibited from entering or leaving harbour unless so piloted, save and except only, (1) in the case of such British vessels as have a written exemption therefrom, issued by the Admiralty Port Officer; (2) when a liner is entering the harbour, the Pilot may at his discretion, when circumstances of tide and sea render it advisable, direct such liner to enter the harbour without being piloted, provided always that the gate is open for incoming traffic.

7. Vessels, when cleared, shall wait for the Pilot vessel to conduct them out of port, or proceed as directed by the Naval Authorities.

8. Drifters engaged on pilot duty will fly the pilot flag (white and red, horizontal).

9. Incoming and outgoing traffic will be regulated by signals hoisted at the yardarm of the Boom trawler and repeated at the Helliär holm lighthouse.

10. Traffic signals are to be strictly obeyed, and no vessel shall approach the entrance against the signal.

11. The following Traffic signals will be displayed at the Boom and at Helliär holm:—

Gate "Open for Incoming Traffic":

By day—Two balls, vertical.

By night—A red light.

Gate "Open for Outgoing Traffic":

By day—A cone, point upwards.

By night—A green light.

Gate Closed: By day—Three balls at Helliär holm.

By night—Three red lights at Helliär holm.

12. Vessels entering will, as a rule, be given priority over those leaving.

13. All outgoing vessels shall pass round the Turning buoy (red and white striped, spherical) moored approximately 285° (*N. 56° W. Mag.*), one mile from the entrance.

14. Incoming vessels will not pass round the Turning buoy, but will shape course as requisite for the anchorage on entering.

15. No outgoing vessel shall pass the Turning buoy, unless the signal for outgoing traffic is up. If the signal is against it, such vessel shall stop and wait in the neighbourhood of the Turning buoy.

16. No incoming vessel shall pass Helliär holm, unless the signal for incoming traffic is up at Helliär holm. If the signal is against it, such vessel shall wait in Shapinsay sound.

17. Incoming and outgoing vessels shall not pass through the gate simultaneously. If, through any misunderstanding, an outgoing and an incoming ship are approaching the gate simultaneously, then the outgoing ship shall give way and shall turn round, and return to the Turning buoy and there wait till such time as the entrance is clear.

18. As a rule only one ship will be conducted out at a time; but under exceptional circumstances, in the event of two ships being conducted out,

then the pilot will give instructions as to which ship is to go first and the rear ship shall then keep a full half-mile directly astern, and is on no account to close or overhaul or attempt to pass the ship ahead.

19. *Caution.*—Caution is necessary when approaching the Boom, as the tidal stream does not set fairly through the opening and attains considerable velocity especially on the ebb or west-going stream, which sets in a north-westerly direction.

*Variation.*—19° W.

(3) SHETLAND ISLES—TRAFFIC OF NEUTRAL VESSELS PROHIBITED.

No vessels other than those of British Nationality or those of the Allied Nations, except vessels calling for the purpose of Examination, shall enter any ports or harbours in, or anchor off any part of, the coasts of the Shetland Isles until further notice.

*Note.*—Special traffic regulations for the Port of Lerwick and approaches will be found in Admiralty Notice to Mariners No. 767 of 1917.

*Note.*

This Notice is a revision of the former Notice quoted above.

CAUTION.

This Admiralty Notice to Mariners is issued under the provisions of the Defence of the Realm Regulations, and failure to comply strictly with the directions contained in it will constitute an offence against those Regulations.

Any person found guilty of such an offence is liable to severe penalties both of imprisonment and fine.

Any person aiding or abetting the commission of such an offence is himself guilty of an offence against the Regulations.

Attention is also drawn to the fact that any infringement of the directions contained in this Admiralty Notice to Mariners is liable to result in the detention of the ship or vessel.
