AT the Council Chamber *Whitehall*, the 4th of October 1810.

P R E S E N T,

The Lords of His Majesty's Most Honourable Privy Council.

WHEREAS by an Act passed in the Forty-fifth Year of His Majesty's Reign, intituled "An Act for making further Provision for the effectual Performance of Quarantine;" it is among other Things enacted, that it shall and may be lawful for the Lords and others of His Majesty's Privy Council, or any Three or more of them, to make such Order as they shall see necessary and expedient, upon any unforeseen Emergency, or in any particular Case or Cases with respect to any Ship or Ships, Vessel or Vessels arriving, and having any infectious Disease or Distemper on board, or on board of which any infectious Disease or Distemper may have appeared in the Course of the last Voyage, or arriving under any other alarming or suspicious Circumstances, as to Infection; although such Ship or Ships, Vessel or Vessels shall not have come from any Place or Places from which His Majesty, His Heirs or Successors, by and with the Advice of His or Their Privy Council, may have adjudged and declared it probable that the Plague or any such infectious Disease or Distemper may be brought; and also with respect to the Persons, Goods, Wares, and Merchandize on board the same; and all such Orders so made by the Lords or others of the Privy Council, or any Three or more of them as aforesaid, shall be as good, valid, and effectual to all Intents and Purposes (as well with respect to the Commander, Master, or other Person having the Charge of any such Ship or Vessel, and all other Persons on board the same, as with respect to any other Persons having any Intercourse or Communication with them, and to the Penalties, Forfeitures, and Punishments to which they may respectively become liable,) as any Order or Orders made by His Majesty, His Heirs or Successors, by and with the Advice of His or Their Privy Council concerning Quarantine, and the Prevention of Infection as aforesaid, and notified by Proclamation, or published in the London Gazette.

And whereas Advices have been received that the Yellow Fever has raged with great Malignity at the Havannah, and has proved fatal in many Instances, and that several trading Vessels from thence have been detained in the Quarantine Ground in the River Delaware, within the United States of America, being in a sickly Condition, or having lost some of their Passengers or Crew on their Passage thither: It is hereby ordered in Council, that all Ships and Vessels coming directly or circuitously from, or having touched at the Havannah, or any other Port in the Island of Cuba, or having received any Person or Persons, Goods, Wares, or Merchandize, Packets, Baggage, Wearing Apparel, Books, Letters, or any other Articles whatever, from out of any such Ship or Vessel, shall, on their Arrival on the Coasts of this Kingdom, or of the Isles of Guernsey, Jersey, Alderney, Sark, and Man, come to Anchor at such Place or Places as have been or shall be appointed by the Commissioners of His Majesty's Customs, within or without the Port to which such Ships or Vessels shall be bound, in order that the State of Health of the Crew and Persons on board may be duly examined into and ascertained, prior to such Ships and Vessels being permitted to enter the Port of their Destination; and that in the meantime no Inter-course with any other Ship or Vessel, or Boat, or with the Shore, shall be permitted, nor any of the Crew or Persons on board such Ships or Vessels be suffered to come or be brought on Shore.

And the Right Honourable the Lords Commissioners of His Majesty's Treasury, the Commissioners for executing the Office of Lord High Admiral of Great Britain, the Lord Warden of the Cinque Ports, the Master General and the rest of the Principal Officers of the Ordnance, His Majesty's Secretary at War, and the Governors and Commanders in Chief for the Time being of the said Isles of Guernsey, Jersey, Alderney, Sark, and Man, are to give the necessary Directions herein, as to them may respectively appertain. *W. Faulkener.*

Whitehall, October 6, 1810.

The King has been graciously pleased to give and grant unto Thomas Sevestre, Esq; late Surgeon of His Majesty's Ship the *Confiance*, His Royal Licence and Permission that he may, in compliance

with the Desire of His Royal Highness the Prince Regent of Portugal, accept the Rank and wear the Insignia of a Knight of the Royal Portuguese Order of the Tower and Sword, conferred upon him by that Prince as a distinguished Testimony of the Sense His Royal Highness entertained of the unre-mitted Attention paid by him to the sick and wounded of the Portuguese Forces employed in the Reduction of the Colony of Cayenne, in the Months of December 1808 and January 1809 :

And His Majesty has been further pleased to command, that His Majesty's said Concession and Declaration be registered, together with the relative Documents, in His College of Arms.

Whitehall, October 8, 1810.

The King has been pleased to present the Reverend William Gorton to the Vicarage of Sherborne, in the County of Dorset, the same being void by the Death of the Reverend Nathaniel Brifted.

THE following Address has been transmitted to His Majesty's Principal Secretary of State for the Home Department, and has been presented by him to the King; His Majesty was pleased to receive it in the most gracious Manner.

To the KING's Most Excellent Majesty,

The humble Address of the Presbyterian Ministers and Elders, distinguished by the Name Seceders in this Part of the United Kingdom called Ireland, in Synod assembled in Cookstown, 5th July 1810.

Most Gracious Sovereign,

WE Your Majesty's dutiful and loyal Subjects, the Presbyterian Ministers and Elders, distinguished by the Name Seceders, of that Part of the United Kingdom called Ireland, beg Leave to lay before Your Majesty our renewed Assurance of our Duty and Loyalty to Your Majesty, and of our heartfelt Attachment to Your Majesty's Person, Family, and Government.

Always endeavouring to inculcate by Precept and Example among our numerous Congregations the Principles civil and religious professed by the Church of Scotland at the glorious Revolution, and at the happy Accession of the illustrious House of Hanover; we daily pray, that the God by whom Kings reign and Princes decree Justice may long preserve Your Majesty's Person, and bless Your Majesty's Government.

With Hearts full of Gratitude to the Great Preserver of Men, we congratulate Your Majesty on the Enjoyment of a Jubilee Year of Your Reign, and we anticipate the Pleasure with which the future Historians of Your Majesty's long and auspicious Reign will tell admiring Posterity, that in an Age replete with Events the most awful, Your Majesty's Government was, by the Favour of the Lord of Hosts, made the Bulwark of those civil and religious Rights which a bold Usurper and an infatuated People sought to destroy.

We beg Leave to assure Your Majesty of the Happiness with which we behold Your Majesty's Councils, Fleets, and Armies prospered by the Providence of God; and Your Majesty's Subjects enjoying in a Degree beyond that of the other Nations of the Earth, all the Blessings of Religion, Liberty,

Literature, Commerce, and Wealth; so that, confident in the Divine Goodness, we cherish the Hope, that the Almighty who has made Your Majesty a Shelter to the Church by his Power, will yet increase Your Majesty's Greatness, and baffle all the Designs of such as wickedly strive to shake the Throne of Your Majesty's United Empire.

Your Majesty will vouchsafe to receive our sincere Congratulations on the merciful Escape and Recovery of His Royal Highness the Duke of Cumberland from the Blows of an ungrateful Assassin; may he, and every Branch of Your Royal House, be ever shielded from the Arrow that flieth by Day, and from the Pestilence that walketh in Darkness.

That Your Majesty and Your Royal House may long fill the Throne of Your illustrious Ancestors, and in the last great Day receive Crowns glorious and immortal, is, and ever shall be the Prayer of us Your Majesty's dutiful and loyal Subjects.

Signed, by Order, *Robt. Macauley, Moderator.*

Navy-Office, June 25, 1810.

THE Principal Officers and Commissioners of His Majesty's Navy hereby give Notice, that a Plan of Education has been established, at the Royal Naval College at His Majesty's Dock-Yard at Portsmouth, for a Superior Class of Apprentices to Shipwrights.

That the Number of Students in the Superior Class of Shipwrights' Apprentices shall, in the first Instance, be limited to Twelve, but will gradually be increased to Twenty-five. The period of Apprenticeship shall be Seven Years, but for a Student who may have previously served in the Inferior Class of Apprentices in His Majesty's Yards for the Space of Two Years, it shall be only Six Years, and only Five Years for a Student who may have previously served in the said Class for the Space of Three Years.

An Instructor in the Theory of Naval Architecture will be added to the present Establishment of the Royal Naval College, to assist particularly in the Instruction of this Class of Apprentices.

The Candidates for Admission must produce Certificates from two respectable Physicians or Surgeons that they are of sound Health and Constitution, and likewise Proof from the Register of the Parish in which they were born, of their being at least Fifteen, and not more than Seventeen Years of Age, excepting Candidates from among the Shipwrights' Apprentices of the Yard, who may be admitted if they shall not have served more than Three Years of their Time. Candidates shall be examined on the first Wednesday in November in each Year, by the Professor of the Royal Naval College, assisted by the Instructor in the Theory of Naval Architecture, in the Presence of the Commissioner of the Yard, the Lieutenant Governor of the College, and Master Shipwright, who shall jointly report the Result of the Examination to the Lords Commissioners of the Admiralty, carefully inserting the Names of the Candidates in Succession according to their respective Merits.

The following shall be the Subjects of Examination, with which every successful Candidate must be perfectly acquainted.

- 1st. Reading English, and writing it with Facility from Dictation.
- 2d. The first Four Rules of Arithmetic, and the Rule of Three in whole Numbers, and also in Vulgar and Decimal Fractions.
- 3d. The first Three Books of Euclid's Elements by R. Simson, with the Exception of Propositions 42, 44, 45, Book I. and of Propositions 8, 9, 10, 11, 14, Book II. In this Part of the Examinations, besides giving the most precise Demonstrations, the Candidates will be expected to make the Constructions in a practical Manner with Compasses and a Ruler.

4th. The French Language, a Knowledge of which, although not absolutely required in the Candidates who may present themselves at the first Examination which is to be held; will nevertheless give a Preference to those, who are in all other Respects equally qualified; at all subsequent Examinations, however, the Candidates will be required to read and translate French with Facility.

After Admission into the Superior Class, the Apprentices shall attend at the Royal Naval College Three or Four Hours on the Mornings of every Day in the Week, except Sunday and the established Holidays, where they shall be instructed in such Parts of the following Subjects as shall appear to the Professor of the College to be best adapted to the Object of the Establishment, viz. the Formation of able and useful Ship Builders:

Geometry	Fluxions
Algebra	Theory of Naval
Plane Trigonometry	Architecture
Mechanics	Drawing
Hydrostatics	The French Language.

On Mondays, Tuesdays, and Wednesdays, the Apprentices shall be employed at the College during the Hours above-mentioned, in the Study of Mathematics, under the Professor or the Instructor; on Thursday and Friday Mornings in Drawing, under the Drawing Master, the Art of Perspective being most particularly applied in drawing the different Parts of a Ship; and the Morning of Saturday shall be appropriated to the Study of such Books and Exercises in the French Language, under the French Master, as may perfect them therein, and at the same Time advance their professional Knowledge. This Division of Time allotted for their Studies, is, however, to be subject to such Alterations as shall appear to the Professor best calculated for promoting the Object of the Institution.

In the remaining Part of the Day, when not attending at the College, they shall be employed under the Master Shipwright or Instructor of Naval Architecture, in the Mould Loft, in the various Kinds of manual Labour connected with Ship-building; in the Acquirement of a complete Knowledge of the different Parts of a Ship, and of the Method of constructing and fastening the same, as well as in discriminating her different Properties deducible from theoretical Calculations; also in the Management and Conversion of Timber, and generally, in such other Manner as the Master Shipwright may consider as best adapted to make them fully acquainted with all the Detail of the Duties of a practical Shipwright.

To ensure the Punishment of Offences committed by them during their Attendance at the College, a Book shall be kept by the Instructor, in which such Offences shall be entered; and at the End of each Week, or oftener if there be Occasion, this Book shall be sent to the Office of the Commissioner, who will order such Punishment to be inflicted, as may be conformable to the usual Treatment of Apprentices in the Dock-Yard.

And at the End of each Year, a Public Examination shall take place, in the Presence of the Officers mentioned in the 3d Article, and a general Statement of the Improvement of the respective Apprentices in the theoretical Part of their Profession, shall

be transmitted by the Professor of the College, and of their Progress in the practical Part by the Master Shipwright, through the Commissioner of the Dock-Yard, to the Admiralty-Office; to the End that, if it shall appear that an Apprentice has particularly distinguished himself in any of the Departments of his Profession, the Lords Commissioners of the Admiralty may confer on him such Mark of their Approbation, as their Lordships may deem expedient.

The last Year of their Apprenticeship, or such Part thereof as the Lords Commissioners of the Admiralty may think proper, shall be served at Sea, in such of His Majesty's Ships as their Lordships shall direct, with a view of obtaining some practical Knowledge in the steering, sailing, trimming, and ballasting of a Ship, in making Remarks on the Motion and working of a Ship, in all her Parts, in bad Weather, and on a high Sea, the standing and straining of the Masts and Yards under such Circumstances, the placing of the fixed Blocks, with a view to the proper leading of Ropes, &c. and, generally, in obtaining such Information, as the Captain, Carpenter, and other Officers of the Ship may, by their Experience, communicate, and such as their own Observations may suggest.

During the Time that such an Apprentice shall be on board a Ship, he will be required to keep a Journal of his Remarks and Observations, arranged under distinct Heads, noting such Improvements in any Part of the Ship, or any Thing connected therewith, as may suggest themselves to him, from a minute Attention to the Circumstances by which a Ship is affected at Sea; a Copy of which Journal is to be transmitted to the Admiralty.

A Cabin or Berth will be allotted to him in the Gun-Room, or in some other suitable Part of the Ship; he shall mess with some of the Officers, and be treated in all respects as a Gentleman.

Salaries to be allowed Apprentices of the Superior Class.

If the Apprentice shall not have served Two Years in the Inferior Class.	If the Apprentice shall have served Two Years in that Class.	If the Apprentice shall have served Three Years in that Class.	Sum.
1st Year			60
2d Year	1st Year		70
3d Year	2d Year	1st Year	80
4th Year	3d Year	2d Year	90
5th Year	4th Year	3d Year	100
6th Year	5th Year	4th Year	110
7th Year	6th Year	5th Year	130

Upon their Return from Sea, until they can be appointed Officers in consequence of Vacancies having occurred, they shall be employed as Overseers of Ships building, in assisting the Master Shipwright in the different Yards, and their Assistants or Foremen; in the Mould Loft, under the Timber Master, or in any other Situation in which the Master Shipwright may have Occasion to employ them, with the Approbation of the Commissioner; during that Interval they shall have 15ol. per Annum, and if such Vacancies should not happen for Three Years after their Return, they shall then have 18ol. per Annum until they be provided for.

In order that the Services of young Men, whose Education has been obtained at a considerable Ex-

pence to Government, may not be lost on the Expiration of their Apprenticeship, they shall each of them, previously to their Entry in the Yard, be required to find two Sureties, to enter into Bond to the Amount of 500l. subjecting them to the Forfeiture of the said Sum if the Apprentices shall leave His Majesty's Service within Ten Years after they are out of their Time; and in the Event of an Apprentice being discharged for Misconduct, the Amount of the Bond, or so much of it as may indemnify Government for the Expence incurred in his Education, shall be forfeited.

The Object of this Institution is to improve the Qualifications of the Shipwrights in the Dock-Yards, and thereby to ensure a Succession of Artificers, from among whom Officers of the Description of Master Measurers, Foremen, &c. will be selected, and from those the Appointments of the Superior Officers in His Majesty's Dock-Yards, and Surveyors of the Navy, will ultimately be made.

The Day of Examination is fixed for the First Wednesday in November next (7th November 1810). A certain Number of Apprentices now in the Dock-Yards are to be excused from manual Labour, to prepare themselves for the Examination; and this public Notice of the Qualifications expected from those who intend to become Candidates, and of the Day on which such Candidates will be examined, is given, in order that the Number to be entered in the Superior Class of Apprentices (which in the First Year is to be limited to Twelve) may be selected from those best qualified, whether belonging to the Dock Yard or not.

Such Persons of the Description before mentioned, who may be desirous of becoming Candidates for Admission to the Superior Class of Apprentices to belong to His Majesty's Dock-Yard at Portsmouth, are therefore hereby informed, that they will be required to send Notice of their Intention to the Navy Board, or the Commissioner of His Majesty's Dock Yard at Portsmouth, on the 24th of October 1810, and they must be prepared with every Document and Qualification mentioned in this Advertisement, and be at Portsmouth Dock Yard at Eight o'Clock on the Morning of the Day of Examination, viz. 7th November 1810, and wait for further Directions from the Commissioner for their Proceedings.
