FRIDAY, DECEMBER 31, 1852.

AT the Court at *Windsor*, the 28th day of *December* 1852,

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

HER Majesty in Council was this day pleased to appoint the Right Honourable Edward Cardwell President of the Committee of Council appointed for the consideration of all matters relating to Trade and Foreign Plantations.

AT the Court at *Windsor*, the 28th day of *December* 1852,

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have, in pursuance of an Act passed in the session of Parliament held in the sixth and seventh years of Her Majesty's reign, intituled "An Act for regulating the cathedral churches of Wales," duly prepared and laid before Her Majesty in Council a scheme, bearing date the second day of December, in the year one thousand eight hundred and fifty-two, in the words and figures following, that is to say :

"We, the Ecclesiastical Commissioners for England, in pursuance of an Act passed in the session of Parliament held in the sixth and seventh years of your Majesty's reign, intituled 'An Act for regulating the cathedral churches of Wales,' have prepared, and now humbly lay before your Majesty in Council, the following scheme for authorizing the sale of the advowsons of certain benefices with cure of souls now belonging to the principal, tutors, and professors of Saint David's College, at Lampeter, in the county of Cardigan.

"Whereas it is by the herein recited Act enacted, that so soon as conveniently may be, and by the authority therein mentioned (that is to say, a scheme prepared by us and ratified by an Order of your Majesty in Council,) arrangements may be made for effecting the sale, to any person or persons, or body corporate, capable of holding the same, of the advowsons of the several benefices with cure of souls now annexed to the said college, and for investing the proceeds of such sales respectively for the use and benefit of the said college, and that if, after the sales of the advow-

sons of all such benefices, it shall be made to appear to us that the said college, when it shall be in the enjoyment of the use and benefit of the whole proceeds of all such sales when so invested as aforesaid, will still not be competently endowed, it shall be lawful by the like authority to transfer to the said college, in augmentation of the endowment thereof, any of the lands, tithes, tenements, or other hereditaments in the said Act mentioned, or of the proceeds thereof.

"And whereas the benefices with cure of souls in the said Act referred to are, the rectory of Llangoedmawr, alias Llangoedmore, in the said county of Cardigan, the rectory of Llanedi, otherwise Llanedy, in the county of Carmarthen, and the vicarage of Saint Peter's, Carmarthen, in the said county of Carmarthen, and application has been made to us by the principal, tutors, and professors of the said college, and it appears to us to be advisable that the said enactment should be forthwith carried into effect, and to this end that the advowsons and patronage of the said benefices should be sold.

"Now, therefore, we humbly recommend and propose that the said principal, tutors, and professors of Saint David's College aforesaid, or their successors, be authorized and empowered, with our consent (testified under our common seal), to sell, either by public auction or private contract, and also by any deed duly executed with the common seal of the said college, to convey and assure to such person or persons, or body corporate, as may be willing to purchase and capable of holding the same, in such manner and subject to such conditions, and either together or singly, and for such price or prices, or sum or sums of money, as shall be determined upon and approved by the said principal, tutors, and professors, or their successors, and by us, all, every, or any of the advowsons, rights of nomination and presentation, and patronage of, in, and to each of the said several rectories, parsonages, and parish churches of Llangoedmawr, alias Llangoedmore, and Llanedi, otherwise Llanedy, and of, in, and to the said vicarage of Saint Peter's, Carmarthen, and that the moneys arising from the sales of such advowsons and patronage as aforesaid respectively shall be paid to our treasurers (whose receipt or receipts for the same shall be a sufficient discharge or sufficient discharges to the person or persons, or body corporate, paying the same, and shall exonerate such person or persons or body corporate from all necessity to see to the application, and from any responsibility as to the loss,

misapplication, or nonapplication of any sum in any such receipt expressed to have been paid), and shall be invested in such manner as shall be approved by us, with the consent of the said principal, tutors, and professors, or their successors, for the use and benefit of the said college.

"And we further recommend and propose that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid, or any of them, in conformity with the provisions of the herein-mentioned Act, or of any other Act of Parliament."

And whereas the said scheme has been approved by Her Majesty in Council; now therefore, Her Majesty, by and with the advice of Her said Council, is pleased hereby to ratify the said scheme, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Act; and Her Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the diocese of Saint David's.

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have, in pursuance of an Act, passed in the session of Parliament held in the sixth and seventh years of Her Majesty's reign, intituled "An Act to make better provision for the spiritual care of populous parishes," duly prepared and laid before Her Majesty in Council a scheme, bearing date the eighth day of December, in the year one thousand eight hundred and fifty-two, in the words following; that is to say:

"We, the Ecclesiastical Commissioners for England, in pursuance of an Act passed in the session of Parliament held in the sixth and seventh years of your Majesty's reign, intituled 'An Act to make better provisions for the spiritual care of populous parishes,' have prepared, and now humbly lay before your Majesty in Council, the following scheme, for authorizing the sale of certain property situate in the parish of Stratford sub Castle in the county of Wilts, and now vested in us.

"Whereas it is by the said Act (amongst other things) enacted, that notwithstanding the charge by that Act created (being a charge created in favour of the Governors of the Bounty of Queen Anne), all the same and the like powers and rights of ownership as are possessed and enjoyed respecting and over any lands, tithes, rent-charges, tenements, or other hereditaments whatsoever, by any absolute owner thereof, shall be enjoyed by us with respect to and over all or any lands, tithes, rent-charges, tenements, or other hereditaments vested in us under certain Acts therein mentioned (being the Acts under which the property herein-after described is vested in us), and may, subject to the provisions of the same Acts, and of the now reciting Act, be exercised by us, by proper instruments in writing, duly executed according to law, with a certain proviso respecting the application of every sum of money received as the consideration or purchase-money for the sale, transfer, or

conveyance by us of any of such lands, tithes, tenements, or other hereditaments, or of any estate or interest therein, and with a further proviso that none of such lands, tithes, tenements, or other hereditaments be sold, transferred, or conveyed, except by the authority of a scheme, and an Order issued by your Majesty in Council ratifying the same:

"And whereas certain lands, tenements, and hereditaments, situate within the said parish, have become vested in us under the powers and provisions of the said Act, and of the Acts therein recited, for the purposes of the same Acts, and subject to the provisions thereof:

"And whereas application has been made to us for the purchase of all our estate and interest in certain portions of the said lands, tenements, and hereditaments; and after due consideration, it appears to us to be expedient that we should be empowered to dispose of our interest therein, or in any part or parts thereof, in such manner as shall appear to us to be advisable:

"We, therefore, humbly recommend and propose, that we may be authorized and empowered, by instrument or instruments in writing, duly executed according to law, from time to time to sell and transfer, and duly to convey, according to the provisions of the said herein recited Act, all or any of the said lands, tenements, or hereditaments, situate within the said parish of Stratford sub Castle, and now vested in us, with their appurtenances, and all our estate, right, title, and interest therein, or in any part or parts thereof, unto and to the use of any person or persons desirous or willing to purchase the same, and his or their heirs, executors, administrators, or assigns, or otherwise as he or they shall direct or appoint, and for such consideration as shall, upon due calculation and inquiry, appear to us to be just and reasonable:

"And we further recommend and propose, that nothing herein contained shall prevent us from recommending and proposing any other measures relating to the matters aforesaid, or any of them, in accordance with the provisions of the said Act, or of any other Act of Parliament."

And whereas the said scheme has been approved by Her Majesty in Council; now, therefore, Her Majesty, by and with the advice of Her said Council, is pleased hereby to ratify the said scheme, and to order and direct that the same, and every part thereof, shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette, pursuant to the said Act; and Her Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the diocese of Salisbury.

Admiralty, 30th December 1852.

A DISPATCH, of which the following is a copy, has been received at this office from Commodore Lambert, dated the 14th November 1852.

No. 81.

OPERATIONS IN THE IRRAWADDY RIVER.

Sir, *Fox's boat, at Prome, 14 Nov. 1852.*

I REQUEST you may be pleased to inform the Lords Commissioners of the Admiralty that on the morning of the 2nd instant I left Rangoon for the Irrawaddy River, but after proceeding through the Panlang creek, I found that the steamers I had previously sent on were not able to cross the bar at Yangensiah, therefore I trans-

ferred the troops they had on board to the small steamers, which had just then joined me, and directed the larger ones to return to Rangoon, with orders to enter the Irrawaddy, by the way of the China Bukeer, which has been effected.

2. The inclosures numbered from 1 to 5 will place their lordships in possession of the operations which have been conducted by Captain Loch, C.B., of Her Majesty's ship Winchester, and Commander Shadwell, of Her Majesty's steam-sloop Sphynx; the latter officer's proceedings have been confined to the lower part of the Irrawaddy, and latterly entirely to Henzadah.

3. It is my intention that Commander Wainwright, of the Winchester, shall relieve Commander Shadwell, who has now been some time employed in these arduous duties.

4. I shall not comment on the energy and spirit displayed by Captain Loch, for it is apparent that the service he has rendered is brilliant and useful, and my lords will, I am sure, express their satisfaction at his conduct.

5. I have stationed the Enterprise steamer off Aboukton, and the general has placed sixty men on board her, to drive away the enemy, should they again make their appearance.

6. The navigation of the Irrawaddy is now intricate, and requires care, owing to the shallowness of the water in many parts; but, by proper attention, the small steamers will find no difficulty in proceeding up and down the river, and the boats under convoy can at all times keep up a supply of provisions and stores; though I have suggested it would be desirable if a small military force occupied the two or three stations on the banks, for the purpose of protecting the people who supply the steamers with wood, &c., from the bands of troops, or Dacoits, which are continually lurking in the neighbourhood.

7. It is my intention to return to Rangoon tomorrow.

I have the honour, &c.

GEORGE R. LAMBERT,

Commodore First Class,

Commander-in-Chief.

To the Secretary of the Admiralty,

Inclosure No. 1 in No. 81.

Her Majesty's steam-sloop Sphinx's pinnace,
Henzadale, 1st Nov. 1852.

I HAVE the honour to inform you that after the detachment of the 40th Bengal Native Infantry, under command of Captain A. Becher, were left at this place on the 29th ultimo, in pursuance of the arrangements of Captain Loch, Captain Becher and myself having reconnoitred the ground in rear of the town, and having collected information from the headman, determined on removing his men to a Pongi house, nearly in the rear of the centre of the town, and according to present information, facing the advanced posts of the Dacoits.

On Saturday evening I advanced the marines to the Pongi house on the left of our position, which had previously been occupied by the sepoy.

I may observe, *en passant*, that a paved road running "fore and aft" the town, parallel to the bank of the river in rear of these two positions, afforded the means of retreat, if necessary, to the boats.

Arrangements were made with the headman, Moung-Gon-Glay, to station his armed men in intermediate stations between these two positions (which are about a mile and a half apart), so as to keep up the communication, and also to keep armed parties on our flanks.

This morning, at 8-30 A.M., I received a message

from Lieutenant Nightingale, Royal Marines, to the effect that the Dacoits had advanced in force along the banks of the river, and were burning the detached villages on his left; I immediately sent to Captain Becher to acquaint him, and advanced with all the available seamen to the support of the Marines.

On arrival, I found that the enemy were within long musket range of the quarters of the Marines; after a sharp fusillade they retired; we cautiously advanced under cover of the growing paddy fields, and ultimately drove the enemy back into the open country, the Sepoys, under Captain Becher, clearing the ground to our right and in our front.

As an illustration of their boldness I may mention that the Dacoits have burned some houses in a grove half a mile to the left of our position.

The Henzadah people report only one of their men wounded, but several of the enemy, and as an earnest of success, they have taken two prisoners, and report five or six wounded. None of our men were hurt.

It is quite clear that the presence of our small force here is of great value in giving confidence to the men of Henzadah to resist the Dacoits and Burmese soldiery, with whom, the remnants of the Bassein army, are said to be making common cause; but I will not conceal from your Excellency my opinion, that for the effectual protection of the valuable crops of rice in its rear, a larger and more perfect military force than is now assembled here is essentially necessary.

I have,
(Signed) CHAS. F. A. SHADWELL,
Commander.

To His Excellency Commodore G. R. Lambert,
Commander-in-Chief.

Enclosure No. 2 in No. 81.

Her Majesty's ship Winchester's gig,
at Prome, 2nd Nov. 1852.

Sir,
I HAVE the honour to report to your Excellency, that this morning I proceeded down the River Irrawaddy, in the Hon. East India Company's steamer Medusa, for the purpose of making a combined reconnaissance with Brigadier Sir John Cheape, K.C.B., of the right bank of the river from Padangmew to the White Pagoda, a mile and a half below Prome.

At daylight, Sir John embarked with his personal staff and the light company of Her Majesty's 18th Royal Irish, 80 strong, at the same time the boats named in the margin* having joined us, I quitted Prome, and steamed down the river. On passing the White Pagoda, (from whence our boats have been frequently annoyed with a distant fire of jingalls and musketry,) I perceived that a strong breastwork was in the course of construction on its right, not a vestige of which was perceptible when I quitted Prome on the 13th instant; and that some two and a half or three miles inland the jungle was being cleared, and two stockades were being built.

Leaving the boats, with the exception of my gig, anchored out of musket range of the enemy's shore, we stood down the river, and at 8.30 A.M. an-

* Winchester's boats—gig, Commander F. B. Seymour, volunteer, Mr. Gregory, naval cadet, 5 men, 3 marines; barge, Lieutenant Hillyar, Mr. Round, mate, Mr. Slade, assistant surgeon, 15 men; pinnace, Lieutenant Pearce, Mr. Bond, mate, 13 men. Sesostris' boats—pinnace, Lieutenant Lewis, Mr. Capel, midshipman, Dr. Walsh, assistant surgeon, 14 men, 11 marine artillerymen; 1st cutter, Lieutenant Windus, 11 men; 2nd cutter, Mr. Daval, mate, 11 men. Medusa's cutter, Mr. Harris, midshipman, 10 men, 6 marine artillerymen—total force landed, 74.

chored abreast the Honourable East India Company's steamer Enterprize, off Padangmew. I directed Captain Niblett to proceed to the anchorage under the heights of Akoukton, and remain there until he received further orders.

I then steamed back to the boats anchored within three hundred yards above the White Pagoda, and disembarked the brigadier, his escort, and the naval brigade. Sir John Cheape ordered an advance, and immediately on our crowning the terrace beneath the Pagoda, the enemy skirmishers who lined the jungle were discovered, evidently expecting that we should have come on by the lane beneath the Pagoda; on their being driven in, a fire was opened by them from the high ground inland, their stockade being unoccupied. They were immediately driven from their different posts with the utmost expedition, until we attained our object, viz., a distinct view of the two stockades, which they are throwing up, and a knowledge of the country in the vicinity.

At this time, the enemy were in possession of two commanding positions between us and their stockade, which they were immediately driven out of. The heat was now so intense, and three men having received strokes from the sun, I halted under cover of the enemy's look-out houses for an hour.

Having accomplished our reconnaissance, I caused the naval brigade to return to the river stockade, Sir John Cheape recalled the Royal Irish at the same time, and we burned the greater part of the lower breastwork, leaving the larger and more valuable timbers on the beach to be brought to Prome to-morrow, for the use of the steamers.

It is with much satisfaction that I have to express my approbation of the zeal, good conduct, and bravery of every officer and man of the force employed.

I have to mention the conspicuous zeal and gallantry displayed by Commander F. Beauchamp Seymour, R.N., serving with me as a volunteer, from whom I received most useful and ready assistance.

I beg to bring before your Excellency's favourable notice the zeal and gallant conduct of Lieutenants Hillyar and Pearse, of the Winchester, also Lieutenants Lewis and Windus, of Sesostris; and I have to notice the officers named in the margin, all of whom merit my thanks and approbation.

Lieutenant Hillyar has while serving in the Irrawaddy always shown himself foremost in the performance of every duty required of him.

I am happy to state that the reconnaissance and destruction of the stockades was effected with only the single casualty of a marine artillery-man* of the Medusa, wounded badly in the arm.

The loss of the enemy I am unable to state, for they retreated through thick jungle.

I have, &c.,
(Signed) GRANVILLE G. LOCH,
Captain and Senior Naval Officer
in the Irrawaddy.

To His Excellency Commodore G. R. Lambert,
Commander-in-Chief.

Enclosure No. 3 in No. 81.

Her Majesty's ship Winchester's gig,
at Prome, 5th Nov. 1852.

Sir,
I HAVE the honour to inform your Excellency that I landed with the seamen and marines named

* Christopher Byrne.

in the margin*, stormed the heights of Akoukton, and captured five guns, defended by 350 or 400 men, yesterday afternoon, between the hours of 3 and half-past 5 P.M., and I am happy to say without the loss of a man.

The landing was covered by the fire of the Honourable East India Company's steamer Medusa, Lieutenant Fraser commanding, which was so admirable that to it I attribute our good fortune in being able to ascend a narrow pathway, winding up the ridge of the hill to the outer breastwork, every yard of which might have been defended by a handful of men, screened from sight in the dense underwood growing on either side, against almost any number of assailants. We found a Burmese, wounded by a shell from the steamer, lying in the intrenchment; he told me the troops were before us, so on we went, and at last were met by a partial fire, which after an immediate and rapid charge was never renewed, nor could we again see the enemy through jungle everywhere as thick as a bramble-bush.

The guns were loaded and primed, with the exception of one which was fired with a volley of musketry and some jingalls at the Medusa as she approached the cliff, just before anchoring; four of them were iron, 9 feet 18-pounders, one an iron 6 feet 9-pounders: having no powder to burst them, I threw them over the cliff, and moved the force slowly back to the boats, protected by a rear-guard. When it was embarked, I directed Lieutenant Frazer to anchor the Medusa for the night at the entrance of the creek, facing the cliff, and commanding the entire front.

I experience great pleasure in having so soon again to bring before your Excellency's notice the gallant bearing and good conduct of all the officers and men engaged.

When they landed, they saw the difficulty and apparent danger of the pass, and they knew the superiority in numbers of the enemy, they had no reason to contemplate so easy a victory; yet they formed with as much steadiness as old soldiers, and with the cheerful alacrity which always distinguishes British seamen and marines. Lieutenant Hillyar, of the Winchester, commanded under me, and again added to his well-known character of an able, zealous officer.

Lieutenant Lewis, first of the Honourable East India Company's steamer Sesostriis, formed and led his marines and seamen in a masterly manner; and I gladly recommend him to your Excellency's notice.

Mr. Brazier, senior mate of the Medusa, landed with his men, and attracted my attention by his zeal.

To Lieutenant Frazer, commanding the Medusa, much is due for the able way he handled his vessel in the strong tides and eddies where he had to anchor; and the most effective aid he rendered by his fire. He is a most zealous officer, and has, and is rendering daily, most valuable service to the naval and military force at Prome.

I cannot refrain mentioning, that one quarter of an hour did not elapse from the time the Medusa anchored, before my people were formed on the beach, and the boats safely moored under charge of men to fight their guns.

Commodore F. Beauchamp Seymour, a volunteer serving up this river, landed with me, and was always to be found in the front.

* Winchester's boats—gig, Commander F. B. Seymour, volunteer, Mr. Gregory, naval cadet, 4 men, 3 marines; barge, Lieutenant Hillyar, Mr. Round, mate, Mr. Slade, assistant surgeon, 15 men; pinnace, Lieutenant Pearse, Mr. Bond, mate, 13 men; H. C. steam-frigate Sesostriis, Lieutenant Lewis, Mr. Duval, mate, 22 seamen, 8 marine artillerymen; H. C. S. Medusa, Mr. Brazier, mate, Mr. Harris, midshipman, 15 seamen, 12 artillerymen: total force landed, 82.

The capture of these guns has again opened the river to Prome; and I rejoice that the information I received of their having been planted there, reached me in time to secure the safety of the expected steamers from Rangoon, laden with troops.

I shall leave the Winchester barge under Lieutenant Hillyar (as the Enterprise is not yet available) to guard the heights. But I cannot refrain from expressing my extreme regret they are not occupied by some of Her Majesty's troops.

I have.

Captain and Senior Officer
in the Irrawaddy.

To His Excellency Commodore G. R. Lambert,
Commander-in-Chief.

Enclosure No. 4 in No. 81.

*Her Majesty's ship Winchester's gig,
Prome, 10th Nov. 1852.*

Sir,

I HAVE the honour to inform your Excellency that having received intelligence from the officer commanding the gun-boat, which I left to watch the heights of Akoukton, to the effect that the men had reappeared there in force, armed with jingalls and musketry, with which they had opened a fire on him, and that he was apprehensive during the night they might possibly succeed in mounting guns there; I decided immediately on proceeding there with a detachment of seamen and marines, to which Sir John Cheape kindly added a party of twelve sappers under Lieutenant Denison, and I accordingly quitted Prome yesterday morning in the Medusa steamer, accompanied by Major Allen, Quarter-Master General of the Forces in Burmah. On arriving off the village, situated a little above the slope leading to the upper ridge of the heights, I disembarked, and after ascending them, detached Lieutenant Hillyar with thirty men to endeavour by a circuitous route to get into the enemy's rear; we then continued our march along the ridge, and at 3 P.M. reached the position, when we captured the enemy's guns on the 4th instant, which appeared much in the same state as we had left it, with the exception that the enemy had partially succeeded in raising one of the guns, which had fallen on a ledge below the parapet.

At this moment the Bentinck, bearing your Excellency's pendent, was descried beneath us, and at the same time the party under Lieutenant Hillyar joined us, having met with a few of the enemy and captured some of their muskets.

Having with much difficulty succeeded in getting the only two guns which had not fallen into the river into a position where we might burst them, and it being nearly dark, I re-embarked the men, and next morning sent them on shore under Lieutenant Hillyar, who effected the destruction of the guns by bursting them.

I have, &c.

Captain.

To His Excellency Commodore G. R. Lambert,
Commander-in-Chief.

Enclosure No 5 in No. 81.

*Her Majesty's ship Winchester's gig,
Prome, 12th Nov. 1852.*

THE attack and capture of the fort opposite Upper Prome took place so immediately under your Excellency's notice, that but little is left for me to detail.

The force placed by you under my orders

consisted of the steamers and boats named in the margin*:

I intended the Sesostris to take up a position to cover the advance of the two small steamers containing troops. but on observing her take the ground, I desired the commander of the Mahanuddy to proceed ahead of her, pass the batteries, and anchor his ship close to the bank above them. The Medusa was to follow us, but that vessel having unfortunately got into the Chow-chow water, was unable to keep her station, notwithstanding Lieutenant Fraser used every exertion to do so.

On arriving within range of the forts they opened a steady and well directed fire on the Mahanuddy, which was returned with shell, and having most fortunately passed them without a casualty, I disembarked at a landing-place just above them, which the native guide pointed out. We formed on the beach, and I found myself at the head of a reduced force of 42 men, who, with 50 men of Her Majesty's 80th regiment under Captain Montgomery, made a total of 104 officers and men.

We advanced by a narrow pathway leading to the rear of the Upper Stockade. When in sight of this work, I had the gratification also of seeing the Bentinck, bearing your Excellency's pendant, open fire upon it. We advanced at the double, charged into the fort, and found that the enemy had retreated to the second.

Leaving a party in possession, we at once moved rapidly on to the Lower Stockade, which was also deserted by the time we entered it, and I regret to say that the enemy had here succeeded in removing their ordnance. From the position we found the guns in on the larger work, it was evident that they were in the act of withdrawing them also, when we appeared. We captured five guns and a jingall, besides a considerable supply of ammunition.

Although your Excellency visited the works yourself, might I be permitted to call your attention to their admirable construction. They were casemated stockades, formed in the shape of a horse-shoe, with three strong lines of abattis in their front; within, they had circular shell-proof galleries, into which they could retreat, and also use them for magazines.

The officers and men behaved with spirit and coolness, and I have great satisfaction in repeating to your Excellency names mentioned on previous occasions.

Commander F. Beauchamp Seymour again volunteered, and was forward on every occasion.

Lieutenant Hillyar brought up his small detachment rapidly and well. I left him in charge to burst the guns and destroy the works, in conjunction with the Sappers, which service was effectually performed.

The Medusa came up after we had captured the forts and instantly landed the seamen and Marines, artillery-men (enumerated in the margin,) and fifty men of her Majesty's 51st Regiment, who chased the retreating enemy into the jungle.

The Honourable Company's steam frigate Sesostris, Commander Campbell, after she floated, opened her fire on the forts at a distant range.

* H. C. steamer Mahanuddy, H. Simpson, Esq., towing Winchester's gig, 6 men; barge, 15 men, Lieutenant Hillyar, Mr. Round, mate, and Mr. Slade, assistant surgeon; launch, 21 men, Lieutenant Nelson, Mr. Hinde, mate, and the Honourable H. D. Lascelles, midshipman. H. C. steam-frigate Sesostris, Commander Campbell. H. C. steamer Medusa, Lieutenant Fraser commanding, towing Winchester's pinnace, 8 men, Lieutenant Pearse, and Mr. Bond, mate; cutter, 9 men, Mr. Allingham, midshipman, Mr. Gregory, N. cadet. Sesostris and Medusa's landing party, Lieutenant Lewis, Mr. Duval, mate, 42 men; Lieutenant Fraser, Mr. Douglas, mate, 25 men. Fervaz, Mr. Hurlock, midshipman, 8 men.

The co-operation of the half company of her Majesty's 80th Regiment, under Captain Montgomery, with my broken party, was most satisfactory; and had we not advanced on the instant, it is my opinion the enemy would have continued longer at their guns, besides lining the jungle with skirmishers, through which the narrow pathway went.

I have, &c.,

Captain.
