*Trinity House, London,
9th October, 1855.*

THE following bye-law having been framed by this Corporation, in virtue of the power vested in them by the 332nd section of the "Merchant Shipping Act, 1854," notice is hereby given, in pursuance of the 334th section of the said Act, that the same is about to be submitted to Her Majesty in Council for Her assent thereto.

By order,

J. Herbert, Secretary.

WHEREAS ships arriving from foreign parts at ports or places within the United Kingdom, and proceeding in ballast to other ports or places within the United Kingdom, for the purpose of taking on board cargo for delivery within the United Kingdom, are not exempted from compulsory pilotage, when so navigating in ballast; and whereas it is expedient that such ships should have the privilege of being exempt from compulsory pilotage; and whereas, by the 332nd section of "The Merchant Shipping Act, 1854," it is enacted, that "every pilotage authority shall have power, by bye-law, made with the consent of Her Majesty in Council, to exempt the Masters of any ships, or of any classes of ships, from being

compelled to employ qualified pilots, and to annex any terms and conditions to such exemptions."

And whereas the Trinity House, being a pilotage authority, hath submitted, for the consent of Her Majesty in Council, the following bye-law, viz:—

That all ships which shall arrive from foreign parts, at ports or places in the United Kingdom, within the pilotage jurisdiction of the Trinity House, shall, when navigating from thence in ballast to a port or place in the United Kingdom, for the purpose of taking on board cargo, for delivery at some other port or place in the United Kingdom; be exempt from compulsory pilotage, while navigating within the limits of such pilotage jurisdiction; subject, nevertheless, to the terms and conditions following, that is to say:—

First. That the owner or master of the ship, claiming exemption from such compulsory pilotage, shall provide himself with a certificate of such exemption, for the particular voyage therein specified, such certificate to be signed by the Secretary, or other proper officer of the Trinity House, and to be delivered to the owner or master of such ship, upon his making a declaration, setting forth that the said ship last arrived from foreign parts, and is about to navigate in ballast to some port or place in the United Kingdom, for the purpose of taking on board cargo, for delivery at another port or place, also in the United Kingdom, and such ports or places being named in such declaration; and further, that the master of such ship shall produce the said certificate to any duly licensed Trinity House pilot, who shall offer his services to pilot such ship on such voyage; and such master shall, on every such occasion, make an entry in the ship's log of the offer by a Trinity House pilot, of the certificate of exemption having been produced to the said pilot, and of his services having been declined.

Second. That in every case, in which a certificate of exemption shall have been obtained by misrepresentation, the person, on whose application such certificate shall have been granted, shall forfeit double the amount of the pilotage to which the ship so exempted would, but for such certificate, have been liable, to be recovered in like manner as penalties are recoverable under the said Act; and

Third. That in every case in which a ship, for which a certificate of exemption has been granted, shall proceed over sea, either before or after arriving at the port or place specified in such certificate, without navigating with cargo, to some other port or place in the United Kingdom, the pilotage to which such ship would have been liable had a pilot been employed, shall be paid to the pilotage authority, or Sub-Commissioners of the district, and be applied to the purposes of the pilotage fund.

NOTICE is hereby given, that in pursuance of the Act of Parliament, 7th and 8th William 4th, and 1st Victoria, cap. 73, intituled, "An Act for better enabling Her Majesty to confer certain powers and immunities on trading and other Companies," an application has been made to Her Majesty to grant a Charter of Incorporation to "the College of St. Aidan," to be incorporated for the purpose of forming a College, at Birkenhead, in the county of Chester, and of training Candidates for Holy Orders in the parochial duties of a Minister of the United Church of England and Ireland, with powers of testing the efficiency of the Students by suitable Examinations by a Board of Examiners, and of conferring Degrees in Divinity on such Students as shall satisfactorily acquit themselves at their examinations; and that such application has been referred by Her Majesty to the Committee of Privy Council for Trade and Plantations.

East India House, October 10th, 1855.

NOTICE is hereby given, that the annexed code of regulations for the admission of candidates at the examinations to be held for the appointment of Assistant-Surgeons in the service of the East India Company, has been framed by the Board of Commissioners for the Affairs of India, under the provisions of the Act 16 and 17 Vic., cap. 95, sec. 38.

Regulations for the admission of Candidates for the appointment of Assistant-Surgeons in the Service of the East India Company.

ALL natural-born subjects of Her Majesty, between 22 and 28 years of age, and of sound bodily health, may be candidates for admission into the service of the East-India Company as Assistant-Surgeons.

They must subscribe and send in to Dr. Scott, the Physician to the Honourable East-India Company, 10 days before the period fixed for each examination, a declaration to the following effect:

"I (christian and surname at full length), a candidate for employment as an Assistant-Surgeon in the service of the East India Company, do hereby declare that I was . . . years of age on the . . . day of . . . last, and that I labour under no constitutional disease or physical disability that can interfere with the due discharge of the duties of a medical officer; and I also attest my readiness to proceed on duty to India within three months of receiving my appointment."

This declaration must be accompanied by the following documents.

1. Proof of age, either by extract from the register of the parish in which the candidate was born, or by his own declaration, pursuant to the Act 5 and 6 William IV., cap 62.

2. A certificate of moral character from a magistrate or a minister of the religious denomination to which the candidate belongs, who has personally known him for at least two preceding years.

3. A diploma in surgery; or a degree in medicine, provided an examination in surgery be required for such degree; from some body competent by law to grant or confer such diploma or degree.

4. A certificate of having attended two courses of lectures, of six months each, on the practice of physic, and of having attended for six months the practice and clinical instruction of the physicians at some hospital, containing at least, on an average, one hundred in-patients; or of having attended one course of lectures of six months on the practice of physic, and clinical instruction for twelve months.

5. A certificate of having attended for three months the practical instruction given at one of the public asylums for the treatment of the insane.

6. A certificate of having attended for three months one of the institutions, or wards of an hospital especially devoted to the treatment of ophthalmic disease.

Candidates who may not have been able to attend the practice of an asylum for the insane, or of an ophthalmic hospital, for three months previous to their offering themselves for examination, will not be excluded from examination, but will, if successful in obtaining recommendation for appointments, be required to produce certificates of having attended such practice during the interval between the examination and the time of proceeding to India.

7. A certificate of having attended a course of lectures on midwifery, and of having conducted at least six labours.

8. A certificate of having acquired a practical knowledge of cupping.

Candidates may also, at their option, send in certificates of attendance at any hospitals, or on any course of lectures, in addition to the above. Attendance on a course of military surgery, and the practical study of surgical operations on the dead body, are recommended.

The Examination will include the following subjects:

1. Surgery in all its departments.
2. Medicine, including the diseases of women and children, therapeutics, pharmacy, and hygiene.
3. Anatomy and physiology, including comparative anatomy.
4. Natural history, including botany and zoology.

The following are the books recommended in—

Zoology and Comparative Anatomy:

Outlines of the Structure of the Animal Kingdom, by Rymer Jones, or,
Cours Élémentaire d'Histoire Naturelle, par Milne Edwards.

Botany:

Lindley's School Botany, or,
Lindley's Elements of Botany.

The Examination will be conducted—

1. By means of written questions and answers.
2. By object examinations and experiments, when the subject admits of such tests.
3. By practical examination of patients, and by operations on the dead body.
4. By vivâ voce examination.

The persons who shall be pronounced by the examiners to be the best qualified in all respects, will be appointed to fill the requisite number of appointments as Assistant-Surgeons in the East India Company's service; and, so far as the requirements of the service will permit, they will have the choice of the presidency in India to

which they shall be appointed, according to the order of merit in which they stand on the list resulting from such examination.

All Assistant-Surgeons are required to subscribe to the military or medical, and medical retiring funds, at the presidencies to which they may be respectively appointed, and to the Military Orphan Society also, if appointed to Bengal.

All Assistant-Surgeons who shall neglect or refuse to proceed to India under the orders of the Court of Directors, within three months from the date of their appointment, will be considered as having forfeited it, unless special circumstances shall justify a departure from this regulation.

A copy of these regulations, and any further information, may be obtained on application to the Secretary of the Military Department, East India House.

The examinations will take place in the months of January and July in each year, and due notice will be given by public advertisement of the days appointed, and of the probable number of candidates to be selected.

The EXAMINERS for Assistant Surgeons in the Honourable East India Company's Service, having received many inquiries as to the object and extent of the examination in Comparative Anatomy, Zoology, and Botany, have considered it desirable to announce that their objects are—

1. To ascertain who of the candidates have devoted especial attention to any of these sciences, and are hence qualified to undertake duties requiring a knowledge of them, as well as the general duties of their profession. Proficiency in these sciences will, in classifying the candidates by merit, be entitled to great consideration.

2. To encourage all candidates to acquire an elementary knowledge of the structure and affinities of the principal natural families of animals and of plants, with the general plan upon which these are constructed, and the functions and relations of their most important organs.

3. To promote the study of natural history as a most important adjunct or preliminary to a liberal medical education; that of comparative anatomy, zoology, or botany, if properly cultivated, by means of specimens, for even a short period, being eminently calculated to develop habits of close observation, and to strengthen those powers of reasoning upon observed facts, which must be habitually exercised by medical men everywhere, but which must be exercised with the greatest energy and promptitude by those who practise in a tropical climate, and who are often thrown wholly upon their own resources.

The general examination in these sciences will be elementary, and will embrace a very limited range of technical terms. At the written examination, a considerable number of questions will be put, with the view of allowing each candidate to select such subjects as he has attended to, and, thereby, of enabling the examiners to ascertain the particular departments of science in which the verbal examination should be conducted.

With those candidates who have attained proficiency in any branch of these sciences, the verbal examination will be pursued in the branch selected, so as to ascertain the full extent of their knowledge.

It is now announced that the next examination will be held at this House on the 14th of January next, and succeeding days, and that the probable number of vacancies in the Medical Establishment of the East India Company, to be then filled up, will be twenty-five.
