133. And Thomas Jackson Milnes Townsend, of Searby, near Brigg, in the county of Lincoln, has given the like notice in respect of the invention of "improvements in drain-pipes, and in machinery for producing the same."  
As set forth in his petition, recorded in the said office on the 16th day of January, 1857.
142. And Charles Frédéric Vasserot, of the firm Wells and Vasserot, of 45, Essex-street, Strand, London, Patent Agents, Mechanical Draughtsman, etc., has given the like notice in respect of the invention of "covering all description of grain with a fertile substance or manure, and the apparatus employed for the same."—A communication from Louis Marie Pierre Merleau d'Illiers, in the name of the firm of Caillot and Coy., of Orléans, France.
148. And Robert Reeves and John Reeves, of Bratton Westbury, Wilts, Agricultural Implement Makers, have given the like notice in respect of the invention of "improvements in machinery for delivering manure for agricultural purposes."  
As set forth in their respective petitions, both recorded in the said office on the 17th day of January, 1857.
213. And Thomas Ayles and Robert Andrews Ayles, junior, of Weymouth, in the county of Dorset, Ship Builders, have given the like notice in respect of the invention of "improvements in the construction of ships and other vessels navigating on water."
221. And Henry Bessemer, of Queen-street-place, New Cannon-street, in the city of London, has given the like notice in respect of the invention of "improvements in the manufacture of iron and steel."  
As set forth in their respective petitions, both recorded in the said office on the 24th day of January, 1857.
311. And Richard Laming, of Hayward's Heath, Cuckfield, in the county of Sussex, has given the like notice in respect of the invention of "improvements in purifying gas, in obtaining materials useful for that purpose, and in working up into useful products certain ammoniacal and phosphatic substances obtainable as residues in the purifying of gas."  
As set forth in his petition, recorded in the said office on the 3rd day of February, 1857.
329. And Robert Holmes Houston, of Greenock, in the county of Renfrew, North Britain, Manufacturer, has given the like notice in respect of the invention of "improvements in effecting general conveyance or transport on water."  
As set forth in his petition, recorded in the said office on the 4th day of February, 1857.
334. And Henry Smith, of the firm of Smith and Ashby, of Stamford, in the county of Lincoln, Agricultural Implement Makers, has given the like notice in respect of the invention of "improvements in haymaking machinery."  
As set forth in his petition, recorded in the said office on the 5th day of February, 1857.
346. And Pierre Poisson, of Paris, in the Empire of France, Artist, has given the like notice in respect of the invention of "improvements in preparing and applying surfaces for painting."  
As set forth in his petition, recorded in the said office on the 6th day of February, 1857.
353. And John Henry Johnson, of 47, Lincoln's-inn-fields, in the county of Middlesex, and of 166, Buchanan-street, in the city of Glasgow, North Britain, Gentleman, has given the like notice in respect of the invention of "improvements in casting metals."—A communication from Messrs. Jackson Brothers, Petin Gaudet, and Company, of Rivé de Gier, in the Empire of France, Iron Manufacturers.
364. And William Wilkens, Manufacturer, of Baltimore, United States of America, and now of No. 4, South-street, Finsbury, London, has given the like notice in respect of the invention of "an improved cannon, which he calls a revolving battery."—A communication from E. Ames, of Baltimore, U.S.  
As set forth in their respective petitions, both recorded in the said office on the 7th day of February, 1857.

And notice is hereby further given, that all persons having an interest in opposing any one of such applications are at liberty to leave particulars in writing of their objections to such application, at the said Office of the Commissioners, within twenty-one days after the date of the Gazette in which this notice is issued.

Erratum in Friday's Gazette.

320. For "Gandine," read "Gandini."

In Chancery.

In the Matter of the Joint Stock Companies' Winding-up Acts, 1848 and 1849, and of the Royal British Bank.

BY direction of the Vice-Chancellor Sir Richard Torin Kindersley, the Judge of the High Court of Chancery, to whose Court the winding up of this matter is attached; notice is hereby given, that the said Judge purposes, on Saturday the 28th day of February, 1857, at twelve o'clock at noon precisely, at his chambers, No. 3, Stone-buildings, Lincoln's-inn, London, to proceed to make a call on all those contributories of the said Royal British Bank who have been settled on the list of contributories since the 9th day of January last; and that the said Judge purposes that such call shall be for seventy-five pounds per share.

All persons interested are entitled to attend at such day, hour, and place, to offer objections to such call.—Dated this 23rd day of February, 1857.
