"We the Ecclesiastical Commissioners for England in pursuance of the Act of the thirty-eighth and thirty-ninth years of your Majesty chapter thirty-four have prepared and now humbly lay before your Majesty in Council the following scheme with respect to the Bishoprick of Saint Albans:

"Whereas the Bishoprick of Saint Albans aforesaid was founded by an Order of your Majesty in Council bearing date the thirtieth day of April one thousand eight hundred and seventy-seven and published in the London Gazette on the fourth day of May next following; which Order was made in pursuance of the fourth section of the above-mentioned Act, and which Order as appears by the terms thereof came into operation on the said fourth day of May one thousand eight hundred and seventy-seven.

"And whereas by the same Order it is ordered that the diocese of the Bishoprick of Saint Albans shall consist of the counties of Hertford and Essex, and of so much of the county of Kent as lies north of the River Thames.

"And whereas by the same Order the Abbey

Church of Saint Alban, in the town and borough of Saint Albans in the county of Hertford was assigned (subject to the rights of the incumbent of the same church) to the Bishoprick of Saint Albans as a cathedral church.

"And whereas by the same Order the Bishop of the Bishoprick of Saint Albans was constituted a body corporate, and was invested with all such rights privileges and jurisdictions as are possessed by any other bishop in England and was subjected to the metropolitan jurisdiction of the Archbishop of Canterbury.

"And whereas the Right Reverend Thomas Legh Claughton, being the person who at the passing of the said Act of the thirty-eighth and thirty-ninth years of your Majesty chapter thirty-four was Bishop of Rochester, has by letters patent under your Majesty's great seal been translated to the Bishoprick of Saint Albans and was on the twelfth day of June in the year one thousand eight hundred and seventy-seven enthroned as Bishop of Saint Albans accordingly and is now Bishop of Saint Albans.

"And whereas by the ninth section of the said Act of the thirty-eighth and thirty-ninth years of your Majesty chapter thirty-four it is enacted that whenever a certain certificate therein mentioned shall have been given to your Majesty by us the said Ecclesiastical Commissioners for England, we shall lay before your Majesty a scheme for doing certain things which in the same section are specified and for otherwise carrying into complete effect the same Act or any Order in Council made thereunder.

"And whereas the said certificate has been given as by the said Order of your Majesty in Council of the thirtieth day of April one thousand eight hundred and seventy-seven appears.

"Now therefore we the said Ecclesiastical Commissioners for England humbly recommend and propose that :

"(1.) The Bishop for the time being of the diocese of Saint Albans shall have all such courts and officers and all such jurisdiction as were and was at the time of the passing of the said Order of your Majesty in Council possessed by the Bishop of the diocese of Rochester within the limits as defined by the same Order of the diocese of Saint Albans : and all terriers, tithes apportionments, maps, plans, and other documents relating exclusively to any parish or parishes situate in the said diocese of Saint Albans or otherwise relating exclusively to the same diocese (that is to say) to the area or any part of the area thereof shall be transferred from the custody of the Registrar or other officer of the diocese of Rochester in whose custody the same now are, and shall become and be in the custody of such Registrar or other officer or officers of the diocese of Saint Albans as the Bishop of Saint Albans shall appoint in that behalf.

"(2.) All parishes and places churches and chapels and all the clergy and others your Majesty's subjects within the limits of the diocese of Saint Albans as the same diocese is defined by the said Order of your Majesty in Council of the thirtieth day of April one thousand eight hundred and seventy-seven shall be exempted and released from all jurisdiction authority and control of the Bishop of Rochester and shall be under and subject to the episcopal jurisdiction authority and control of the Bishop of Saint Albans and his successors.

"(3.) Until a Dean and Chapter of and for the said Cathedral Church of Saint Alban shall have been created, the Bishop of the diocese of Saint Albans may, as to any and every matter with

respect to which the confirmation or other agency of a Dean and Chapter is by law required for rendering effectual the action of a Bishop take action in such matter without any such confirmation or agency, and his action so taken shall not be thereby made ineffectual or invalid.

"(4.) During any and every vacancy in the see of Saint Albans, whether such vacancy shall happen before or after the creation of a Dean and Chapter of and for the said Cathedral Church of Saint Alban, the Archbishop of Canterbury shall have the custody and be the guardian of the spiritualities of the see of Saint Albans.

"(5.) The archidiaconal supervision of the parishes and churches included within the diocese of Saint Albans shall for the present be provided for by the Archdeacons of the existing Archdeacons of Rochester and Saint Albans, Colchester, and Essex, respectively as follows that is to say :

"The Archdeacon of the existing Archdeaconry of Rochester and Saint Albans shall have archidiaconal jurisdiction over the whole of that part of the diocese of Saint Albans which is situate in the county of Herts and the Archdeacons of the Archdeacons of Colchester and Essex respectively shall continue to have the same jurisdiction within their respective archdeacons as they have heretofore possessed and exercised ; and the two archdeacons lastly mentioned shall no longer be subject to the episcopal jurisdiction of the Bishop of Rochester, but shall be subject to the episcopal jurisdiction of the Bishop of Saint Albans, and the archidiaconal dignities of the some two archdeacons shall be transferred from the Cathedral Church of Rochester to the Cathedral Church of Saint Albans ; and the said Archdeacon of Rochester and Saint Albans so far as regards that portion of his archdeaconry the territory of which is co-extensive with the county of Herts shall no longer be subject to the episcopal jurisdiction of the Bishop of Rochester, but shall be subject to the episcopal jurisdiction of the Bishop of Saint Albans.

"(6.) The patronage of every ecclesiastical dignity and benefice being within the diocese of Saint Albans of which dignity and benefice the patronage is now vested for any estate or interest in the Bishop of Rochester shall to the extent of such estate or interest be, without any conveyance or assurance in the law other than this scheme and any Order of your Majesty in Council ratifying the same, and upon and from the day of the date of the publication of any such Order in the London Gazette transferred from the Bishop of Rochester and from his successors and shall become and be vested in the Bishop of Saint Albans and his successors.

"And whereas by a certain deed bearing date the eleventh day of June one thousand eight hundred and seventy-seven and made between the Right Reverend Thomas Legh then Bishop of Rochester of the one part and us the said Ecclesiastical Commissioners for England of the other part, the said Thomas Legh Bishop of Rochester (being the person who was at the passing of the said Act Bishop of Rochester) did surrender all rights and interests reserved to him by the sixth section of the same Act ; to the intent that the portion of the endowment or income of the Bishoprick of Rochester which in the same section is mentioned (being such portion of the same as will yield a net annual sum of five hundred pounds) should form part of the Saint Albans Bishoprick Endowment Fund created by the second section of the said Act.

"Now therefore we further recommend and propose that :

"(7.) The said yearly sum of five hundred pounds shall be (as by virtue of the said deed the same already is) as from the date of the said deed of the eleventh day of June one thousand eight hundred and seventy-seven transferred from the Bishop of the diocese of Rochester and become and be for ever thereafter payable and paid to or for the purposes of the Saint Albans Bishoprick Endowment Fund: so as to become part of the annual income of the Bishop of Saint Albans for the time being.

"(8.) And we further recommend and propose that notwithstanding anything contained in the Act of the third and fourth years of your Majesty chapter one hundred and thirteen it shall be lawful for the Venerable Anthony Grant who is and was at the time of the passing of the firstly herein-mentioned Act Archdeacon of the Archdeaconry of Rochester and Saint Albans to continue to reside as heretofore at Aylesford in the county of Kent and diocese of Rochester.

"And we further recommend and propose with the consent of the Right Reverend Thomas Legh Bishop of Saint Albans in testimony whereof he has hereunto set his hand and seal, that :—

"(9.) Every officer who at the date of the passing of the 'Bishoprick of Saint Albans Act 1875' held and who still holds any office of emolument under the Bishop of Rochester, or under the Dean and Chapter of Rochester, or under the Archdeacons of the Archdeaconries of Rochester and Saint Albans, Colchester, and Essex, respectively and who derived and still derives any portion of the emoluments of his office from sources arising within the diocese of Saint Albans shall during his tenure of such office perform such duties and receive such emoluments as an officer of or within the diocese of Saint Albans, as he has hitherto performed and received as an officer of or within the diocese of Rochester; and he shall during his tenure of such his office be one of the officers mentioned in the first clause of this scheme.

"(10.) Twenty-four honorary canonries shall be founded by the authority of this scheme and of any Order of your Majesty in Council ratifying the same in the said Cathedral Church of Saint Albans; and under the provisions of the Act of the third and fourth years of your Majesty, chapter one hundred and thirteen section twenty-three it shall be lawful for the Bishop of Saint Albans to appoint as in that section is mentioned spiritual persons to such honorary canonries; and so long as there shall be no Dean and Chapter of the said Cathedral Church of Saint Albans, to make without the consent of any dean and chapter regulations respecting the honorary canons so appointed. Provided always, that any honorary canons in the Cathedral Church of Rochester who upon the foundation of the Bishoprick of Saint Albans were holding benefices in the diocese of Saint Albans and who consent to such transfer shall (notwithstanding any thing in the said last-mentioned Act and section contained) be transferred to and become honorary canons in the said Cathedral Church of Saint Albans, and shall thereupon (that is to say as to each of them upon his appointment to be an honorary canon of Saint Albans) cease ipso facto to be an honorary canon in the Cathedral Church of Rochester: Provided also that in the first year after the passing of any Order of your Majesty in Council ratifying this scheme eight spiritual persons and no more (exclusive of any honorary canons who may be transferred from the Cathedral Church of Rochester as

aforsaid) may be appointed to honorary canonries in the said Cathedral Church of Saint Albans."

And whereas the said scheme has been approved by Her Majesty in Council: now, therefore, Her Majesty, by and with the advice of Her said Council, is pleased hereby to ratify the said scheme, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Act of the thirty-eighth and thirty-ninth years of Her Majesty chapter thirty-four; and Her Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the said diocese of Rochester and by any Registrar of the said diocese of Saint Albans to be appointed in pursuance of the said scheme.

The appointment of John James Saville, Gent., as Surgeon, should bear date the 11th July, 1877, instead of the 11th June, 1877, as notified in the London Gazette of the 10th July, 1877.

WE, whose names are hereunder written, having been sworn this fourth day of July, one thousand eight hundred and seventy-seven, before the Queen's Remembrancer, at Goldsmith's Hall, in the city of London, have made the Assays and Trials of Her Majesty's Gold and Silver Coins in the Pyx of the Mint, and which, according to accounts produced by the officers of the Mint, were coined in the said Mint from the first day of July, one thousand eight hundred and seventy-six, to the thirtieth day of June, one thousand

eight hundred and seventy-seven, both days inclusive. We ascertained that the number of coins, both of gold and silver, in each packet produced to us, corresponded with the number which the officers of the Mint represented it to contain, and we took a coin or coins from each of such packets of Gold coins, making altogether ten sovereigns or twenty shilling pieces, and we weighed each of the said coins separately, so as to ascertain whether they were within the remedy prescribed in the First Schedule of the Coinage Act, 1870. We found that the amount of variation from the standard of weight specified in the said First Schedule of the said Act was minus one thousandth part of an ounce (or  $\cdot 001$ ) on the whole of such coins, and that, therefore, they were within the prescribed remedy as to weight. We then melted the said Gold coins so taken out and weighed, into an ingot, and assayed such ingot, comparing it with the Standard Gold Trial Plate produced by the Board of Trade, so as to ascertain whether the metal was within the remedy as to fineness prescribed in the said First Schedule to the said Act, and we found that the amount of variation thereof from the Standard of Fineness specified in the said First Schedule to the said Act was five ten thousandths (or  $\cdot 0005$ ) and therefore, that the said metal was within the prescribed remedy as to fineness. We weighed the residue of the said Gold coins in bulk, and we ascertained that they were within the remedy as to weight. We then took from such residue six sovereigns and weighed and assayed them separately, and we found that such sovereigns weighed respectively,—the first 123.324 grains, the second 123.324 grains, the third 123.324 grains, the fourth 123.324 grains, the fifth 123.304 grains, and the sixth 123.264 grains. We then assayed the said six sovereigns separately, and we found the millesimal fineness of such sovereigns to be 916.5, 916.2, 916.5, 916.7, 916.3, and 916.4 respectively. We also took a coin from each of such packets of Silver coins, making altogether twelve half-crowns, six florins, seventeen shillings, twelve sixpences, and of Maundy moneys, one fourpenny piece, six threepences, one twopenny piece, and six penny pieces; and weighed each of the said Silver coins separately, so as to ascertain whether they were within the remedy of the said First Schedule of the said Coinage Act, 1870. We found that the amount of variation from the Standard of Weight specified in the said First Schedule of the said Act was minus one thousandth part of an ounce (or  $\cdot 001$ ) on the whole of such coins, and that, therefore, they were within the prescribed remedy as to weight. We then melted the said Silver coins, so taken out and weighed, into an ingot, and assayed such ingot, comparing it with the Standard Silver Trial Plate produced by the Board of Trade, so as to ascertain whether the metal was within the remedy as to fineness prescribed in the said First Schedule to the said Act, and we found that the amount of variation from the Standard of Fineness specified in the said First Schedule to the said Act, was minus six ten-thousandths (or  $\cdot 0006$ ), and, therefore, that the said metal was within the prescribed remedy as to fineness. We weighed the residue of the said Silver coins in bulk, and we ascertained that they were within the remedy as to weight. We then took from such residue one half-crown, one florin, one shilling, and one sixpence, and weighed and assayed them separately, and we found that such half-crown weighed 217.681 grains, that such florin weighed 174.245 grains, that such shilling weighed 87.472 grains, and that such sixpence weighed 43.636 grains.

We then assayed the said half-crown, the said florin, the said shilling, and the said sixpence separately, and we found the millesimal fineness of such half-crown to be 924.0, of such florin to be 924.5, of such shilling to be 924.7, and of such sixpence to be 924.5.

### NOTICE TO MARINERS.

(No. 76.)—UNITED STATES.—NEW YORK.

#### *Establishment of Time Ball.*

THE United States Government has given notice; that a time ball has been established at the Western Union Telegraph building, New York city:—

The time ball can be seen from the shipping lying at the New York and Brooklyn Docks, and on the New Jersey shore, as well as by all vessels in New York Bay.

The time ball,  $3\frac{1}{2}$  feet in diameter, will be hoisted half-mast at the iron flagstaff on the tower of the Western Union building at 11h. 55m. A.M., and remain so till 11h. 58m., when it will be hoisted to its highest point, about half-way up the main staff, 250 feet above the ground. It will be dropped by electricity at noon exactly, mean time at New York.

The longitude of New York being assumed to be that determined by the United States Coast Survey for the City Hall,  $74^{\circ} 0' 24.75''$  W.: mean noon at New York corresponds with 4h. 56m. 1.65s. P.M., Greenwich mean time.

If from high winds, or other cause, the ball does not fall at noon, it will be kept at the masthead, and dropped at 12h. 5m. 0s. In such cases, a small red flag will be hoisted at 12h. 1m., and kept flying till 12h. 10m.

The time of dropping the ball will record itself automatically, by electricity, near the standard clock of the Western Union Company (which is regulated by signal from Washington Observatory); and if by any cause it does not fall precisely at noon, its error will be known.

In the evening newspapers of the day, and in those of the next morning, a notice will be regularly inserted, stating whether the ball dropped at the exact time, and if not, then its error. So that, should high winds or other cause have prevented the signal from being given precisely, it will still be available for rating chronometers.

##### (1.) *Lights at Schillighörn.*

THE German Government has given notice, that from April 1st, 1877, two lights would be exhibited from a lighthouse recently erected eastward of the mole, near Schillighörn, Groden Foreland, west entrance point of Jade River:—

The upper light is a fixed red light, elevated 69 feet above high water, and should be visible in clear weather between the bearings of S. by W. and S.W.  $\frac{1}{2}$  W. from a distance of 12 miles; and between the bearings of S.W.  $\frac{1}{2}$  W. and N.N.W.  $\frac{1}{2}$  W. from a distance of 9 miles.

The lower light is a fixed white leading light, elevated 59 feet above high water, and should be visible in clear weather between the bearings of N.  $50^{\circ}$  W. and N.  $28^{\circ}$  W. from a distance of 11 miles. This light is only visible in the fairway of the channel, and attains its greatest brilliancy very nearly in the direction of mid-channel.

The light tower, painted a dark colour, is an iron column on a stone base. The roof is dome shaped, surmounted by a ball 76 feet above the ground.

Position, lat.  $53^{\circ} 42' 15''$  N., long.  $8^{\circ} 1' 50''$  E.

##### (2.) *Lights at Varelersiel.*

Also, that two lights are now exhibited from a lighthouse erected on Schlaf Mole, northward of Varelsiel.

The upper light is a fixed red light, elevated 89 feet above high water, and should be visible in clear weather between the bearings of S.  $39^{\circ}$  E. and S.  $13^{\circ}$  W.; and from S.  $16\frac{1}{2}^{\circ}$  W. to S.  $6\frac{1}{2}^{\circ}$  W., from a distance of 13 miles.

The lower light is a fixed white leading light, elevated 79 feet above high water, and should be visible in clear weather between the bearings of S.  $13^{\circ}$  W. and S.  $16^{\circ}$  W. from a distance of 13 miles. This light is only visible in the channel, southward of Genius Bank to Williamshaven, and attains its greatest brilliancy nearly in the direction of mid-channel.

The light tower is similar to that at Schillighörn (above described), but is 96 feet high.

Position, lat.  $53^{\circ} 24' 5''$  N., long.  $8^{\circ} 11' 5''$  E.

NOTE.—Vessels entering should alter course from the line indicated by the leading light at Schillighörn, before that shown by the leading light at Varelersiel is reached, as the position where the ranges of these lights intersect is eastward of the channel fairway.

The connection of the ranges of these lights will probably be made good during 1877, by the establishment of a light-vessel near Genius Bank; and later, by an alteration in Hohenweg Light.

A telegraph and signal station, to announce cases and signals of distress, will be established at Schillighörn Lighthouse. The International Code of Signals only will be used.
