*Board of Trade (Harbour Department),
Whitehall Gardens, August 7, 1884.*

THE Board of Trade have received through the Secretary of State for Foreign Affairs the following copy of a Notice issued by the United States Government respecting quarantine, viz. :—

Treasury Department,

Washington, D.C., July 19, 1884.

In view of the presence of an epidemic of cholera, the existence of yellow-fever, and the Oriental plague, abroad, the safety of the public health in this country demands the enforcement of rigid quarantine against the introduction of these diseases through vessels arriving at our ports. Therefore, in order to assist local authorities in the maintenance of quarantine as provided in

section 4792, Revised Statutes, the un repealed portion of the Act of April 29, 1878, and recent appropriation Acts authorizing the President to maintain quarantine at points of danger, the President has determined to establish, by means of the vessels of the Revenue Marine, a national patrol of the coast of the United States, so far as it may be practicable under existing law and consistent with the performance of the other duties confided to that service.

You are accordingly directed to cruise actively with the Revenue Steamer under your command upon the outer lines of your cruising grounds, and to exercise especial vigilance in speaking all vessels arriving from foreign ports, directing your inquiries, first, as to the port from which the vessel sails, and, secondly, as to the health of those on board at the time of departure, during passage, and at the time of hailing; and should the information gained indicate a condition of contagion or infection in the vessel or crew, or that the vessel has left a port at which contagious or infectious diseases were prevailing, her master will be directed to proceed for examination to the outer quarantine station provided for her port of destination.

The following regulations will be observed relative to the inspection of vessels :

If a vessel be found with sickness on board, or in a foul condition, she will be directed to proceed to the quarantine station hereinbefore indicated, and the revenue-marine officer will immediately notify the proper quarantine officer. In such case no person will be permitted to board the vessel until the medical officers in charge of the quarantine shall have given the usual permit.

Should the pilot or master of a vessel when hailed report cases of recent or present sickness on board, the revenue officer will not board, but will send her immediately to quarantine.

Quarantine officers will be recognized as follows, viz. :

Medical officers or acting assistant surgeons of the Marine Hospital Service, in charge of Gulf, South Atlantic, or Cape Charles quarantines, or any officer of said Service, on duty at any port on the interior rivers or the great lakes; and all quarantine officers acting under proper state or local authority.

Herewith is transmitted a list of the ports and places where contagious diseases exist at the date of this circular. This list will be amended from time to time and furnished by the Marine Hospital Service for your information.

Special regulations to aid local quarantine authorities will be promulgated hereafter, should occasion require. CHAS. J. FOLGER, Secretary.
