*Board of Trade (Fisheries Department),
London, July 21, 1888.*

REGULATIONS to be observed by the Admirals, Masters, and Crews of the Fishing Smacks and Steam Carriers forming the Fleet of the Great Northern Steamship Fishing Company Limited, made pursuant to the provisions of Section 10 of the "Merchant Shipping (Fishing Boats) Act, 1887."

WHEREAS the Great Northern Steamship Fishing Company, Limited, being an Association of Owners of Fishing Vessels engaged in fishing in the North Sea, have applied to the Board of Trade to make such Regulations respecting the conveyance of fish from trawlers to vessels engaged in collecting and carrying fish to ports as may appear to the said Board to be expedient for the purpose of preventing loss of life, or danger to life or limb: Now therefore the Board of Trade do make and publish the following Regulations :—

1. There shall be one signal for the Smacks' boats to put fish on board the Carrier (which operation is hereinafter called "boarding"), and such signal shall be shown from the Carrier, but shall not be exhibited when the weather is such as to render it dangerous for boats to board.

2. The Admiral, when on the spot, shall determine whether the weather is fit for boarding or not, and, if in his opinion it is so fit, shall cause the Carrier to hoist the signal to board.

3. In the event of the Admiral being absent

when the boarding is about to commence, the Master of the Carrier shall determine whether the weather is fit for boarding or not, and, if in his opinion it is so fit, shall hoist or cause to be hoisted the signal to board.

4. After the boarding signal has been hoisted the Master of the Carrier must be on deck whilst boarding is taking place, and shall have full authority over the crews of all boats when alongside or on board of the Carrier. In the event of a change in the weather rendering it unfit for boarding, he shall lower the boarding signal, and having taken on board the cargoes of the boats already alongside, shall at once steam to windward of the Fleet.

5. Although the signal for boarding is hoisted, yet there shall be no legal obligation upon the Skippers of the Smacks to board, and each Skipper must use his own independent judgment in the matter. No Skipper shall send away his boat for the purpose of boarding from his vessel's side unless the boarding signal is then exhibited.

6. When the deck of the Carrier is temporarily full or encumbered with boxes, the Master of such Carrier shall haul down to half-mast the boarding signal. No skipper shall permit his boat to leave his smack with fish whilst such signal is half-mast.

7. The Owner of every Smack shall supply two life-buoys to such Smack. The Skipper thereof shall keep or cause to be kept the life-buoys, as well as any other life-saving appliances which may be supplied by the owner, at all times fit and ready for use.

8. The Skipper of each Smack shall not permit his boat to leave his Smack for the Carrier without having a suitable life-buoy attached by a line to the stern-ring thereof.

9. The Skipper of each Smack shall keep his boat efficiently fitted with a life line of rope rope through the keel, and extending on either side right along it, fore and aft, and also up the stem and stern, and shall not permit her to leave for the Carrier with fish unless properly laden and efficiently manned.

10. No Skipper shall permit his boat to leave his Smack for the Carrier except in charge of himself or second hand.

11. Boarding shall not be permitted after dark.

12. The Master of a Carrier on arriving at the Fleet shall be ready to distribute his boxes, stores, &c., as soon as practicable. He shall not permit a Smack's boat to leave his vessel with more stores or empty fish boxes than she can reasonably and safely carry.

13. The Master of the Carrier shall always engage from the Smacks' boats sufficient hands to assist her own crew in stowing fish, provided such assistance is needed. Other boats' crews shall only place their boxes on the Carrier's deck, and at once return in their boats to their respective vessels. It shall be the duty of the Master of the Carrier to order crews back to their Smacks directly they have placed their boxes on the Carrier's deck; he shall also before leaving the fishing ground approach as near as he can with safety the Smacks from which the stowers have been engaged, for the purpose of assisting them on board the same.

14. When alongside the Carrier and engaged in boarding or in the transport of stores or empty fish boxes the crews of the boats shall obey the commands of the Master of the Carrier.

15. In the event of the Carrier being also engaged in trawling, the Master shall not permit his trawl to be down later than midnight previous to the day on which he proposes to take in fish,

and shall have the beam inboard, and the deck clear, before hoisting the signal for boarding.

16. Skippers of Smacks shall have their fish ready packed before sailing for the Carrier to board, so that there may be as few Smacks as possible lying near the Carrier.

17. No Skipper, unless compelled by unavoidable circumstances, shall suffer his Smack to approach a Carrier engaged in receiving fish so near that the boats alongside the Carrier are injuriously affected by the Smack's backwash.

N.B.—If any person to whom any of the above Regulations applies makes default in compliance therewith, he will for each such default incur a penalty not exceeding ten pounds (50 and 51 Vict. Ch. 4, Section 10, Sub-section 4).

Signed by Order of the Board of Trade this 17th day of May, 1888.

Secretary to the Board of Trade.

THE Government of the Dominion of Canada has given notice, dated 7th June, 1888, that the following alterations have been made in the buoyage of Shediac Bay and Harbour, in order to bring it into conformity with the uniform system of buoyage adopted in the Dominion:—

1. The can buoy on Medea Rock has been altered in colour from black to red and black in horizontal stripes; it may be left on either hand by vessels of less than 12 feet draught.

2. The can buoy on Zephyr Rock has been altered in colour from black to red and black in horizontal stripes; it may be left on either hand.

3. A new buoy has been placed on the northern end of the shoal south of Zephyr Rock, and near the line of the leading lights on Shediac Island. It is a cask buoy, painted black, and must be left on the port hand entering the harbour; this buoy will be replaced by a can buoy of larger size later on.

4. The first red can buoy south-westward of Zephyr Rock has been moved to a position northward of the line of the leading lights on Shediac Island, and now forms a turning point for vessels approaching the harbour by the North Channel, westward of Zephyr Rock.

5. The red can buoy at the intersection of the line of the leading lights on the railway wharf, with that of the leading lights on Shediac Island, is now moored westward of the former, and northward of the latter. It must be left on the starboard hand entering the harbour, in turning from one line of leading lights to the other.
