#### *Definition.*

1. In this Warrant:—

- (1.) The expression "Parcel," means a Postal Packet, which is posted as a Parcel in accordance with the provisions of this Warrant, or any Warrant amending the same.
- (2.) The expression "United Kingdom," includes the Channel Islands and the Isle of Man.

#### *Places between which Parcels may be transmitted.*

2. From and after the date when this Warrant comes into operation, Parcels may, subject to the provisions of this Warrant, be transmitted by post between the United Kingdom and the Argentine Republic by direct sea route.

3. On all Parcels transmitted by post under this Warrant from the United Kingdom there shall be charged and paid the following rates of postage, that is to say:—

On every Parcel not exceeding seven pounds in weight, three shillings and eight pence.

#### *Maximum Dimensions and Weight.*

4. Except by permission of the Postmaster-General, there shall not be conveyed or tendered for conveyance by post under this Warrant any Parcel the dimensions of which shall exceed in length two feet or in length and girth measured together four feet (such girth being measured round the thickest part of such Parcel), or which shall exceed in weight seven pounds.

#### *Prepayment.*

5. The postage chargeable, according to the respective rates hereinbefore mentioned, shall, in all cases (except as otherwise provided in this Warrant), be prepaid at the time of posting; and such prepayment shall, in the United Kingdom, be effected by means of adhesive postage stamps, or at such Post Offices, within such hours, and under and subject to such regulations as the Postmaster-General shall from time to time prescribe, in money.

#### *Times of Posting.*

6. Parcels intended to be transmitted by post, may, in the United Kingdom, be posted on any day of the week except Sunday, but shall not be posted on Sundays, or in England or Ireland on Christmas Day or Good Friday, and in Scotland on either of the two Sacramental Fast Days, except in the cases next hereinafter mentioned, that is to say:—

#### *Irregular Posting of Parcels.*

10. Any Packet transmissible by Parcel Post from the United Kingdom which from any words or marks thereon, or other external evidence, appears to have been intended for transmission as a Parcel, but which has not been tendered for transmission as a Parcel, but has been posted in a Post Office Letter-box, or otherwise than according to the manner hereinbefore prescribed for the posting of Parcels, may, in the discretion of the Postmaster-General, either be detained or returned or given up to the sender, or if the said packet is fully prepaid with the letter or book-rate of postage, and otherwise conforms to the regulations as to the letter or book-post, the same may be forwarded as a letter or book-packet (as the case may be).

The following provisions shall (subject to the provisions of the Warrant of the said Commissioners of the 12th day of December, 1888, relating to Foreign and Colonial Parcels) apply; (that is to say,)

- (1.) The Parcel shall, as the Postmaster-General may from time to time direct, be retained at or forthwith forwarded to such place as the Postmaster-General may from time to time appoint, and may, if necessary, be there opened and examined.
- (2.) Where the name and address of the sender can be ascertained from the Parcel or the declaration accompanying the same, notice shall be given by post to the sender through the Post Office of the place in which the Parcel was posted, that the Parcel will, in default of any claim on the part of the addressee, be given up to the sender or his agent upon personal application at such place as aforesaid, or at the request of the sender will be forwarded to a corrected address or returned to him by post in either case upon the conditions hereinafter mentioned.
- (3.) Where the name and address of the sender cannot be ascertained from the Parcel, notice shall be publicly given (by affixing the same at such place or places, or in such other manner as the Postmaster-General may direct), and notice shall also be given to the Post Office of the place in which the Parcel was posted, that the Parcel will, in default of any claim on the part of the addressee, and upon payment of such charges as are hereinafter mentioned, be given up upon the personal application of the sender or his agent, or be returned to the sender by post.

- (5.) The Postmaster-General may, in his discretion, specify in any such notice, or otherwise, the periods during which Parcels may be returned to the senders thereof, and in so doing may have regard to the nature and contents of Parcels.
- (6.) Where in the case of a Parcel which cannot be delivered for want of a true direction, the sender corrects the address of the Parcel, the Parcel shall be forwarded to the corrected address, subject to the following conditions:—
  - (a.) Where the corrected address of the Parcel is within the same free delivery as the original address, and the Parcel is not at the time of such correction lying at a Returned Letter Office, no new charge shall be made with respect to the delivery of the Parcel.

- (b.) Where the corrected address of the Parcel is not within the same free delivery as the original address, or the Parcel at the time of such correction is lying at a Returned Letter Office, there shall be paid a new and distinct rate of postage equal in amount to the rate of postage which would have been chargeable on such Parcel as an Inland Parcel.

- (7.) A Parcel shall not be given up or returned by post to the sender except upon payment by him of any charge for redirection or other charge to which the Parcel has become liable under the provisions of this Warrant, or of any such Regulations as are referred to in section 14 of "The Post Office (Parcels) Act, 1882."
- (8.) Where the sender requests a Parcel to be returned to him by post, such Parcel shall not be returned to the sender except upon payment by him of a new and distinct rate of postage, according to the rates fixed by this Warrant, and in such case the said rate of postage and all other charges to which the Parcel has become liable, if not prepaid by the sender, shall be collected on the delivery of the Parcel to him.

Hamlet of Mile End Old Town.

To the Guardians of the Poor of the Hamlet of Mile End Old Town, in the County of London;—

And to all others whom it may concern.

WHEREAS by a General Order dated the 6th day of May, 1875, We, the Local Government Board, made certain regulations with regard to the appointment of competent persons to perform the duties of Stocktakers at the Workhouses, Infirmaries, and Schools of certain Unions and Places, including the Hamlet of Mile End Old Town, by the Guardians of the Poor of such Unions and Places, and by Article IV of such Order it was provided as follows:—

"Every person appointed under this Order shall hold office until he shall die, or resign, or be removed by the Local Government Board, or by the Guardians with the assent of the Local Government Board, or be proved to be insane by evidence which the Local Government Board shall deem sufficient; and upon such death, resignation, removal, or insanity of any such Officer, the Guardians shall give notice thereof to the Local Government Board, and in every case of a resignation state the cause of such resignation, so far as it may be known to them."

London County Council.

AT a Meeting of the Council of the Administrative County of London, held in the Council Chamber, at the Guildhall, in the City of London, this 19th day of November, 1889, amongst the Orders is as follows:—

Metropolis Management Act, 1855; Metropolis Management Amendment Acts, 1862 and 1885; and the Local Government Act, 1888.

—Division of the Parish of Plumstead into Wards.

WHEREAS by the Metropolis Management Amendment Act, 1862, Section 41, it is enacted: that "When at any time upon any account taken

of the population by the authority of Parliament any of the parishes within the Metropolis not now divided into wards for the purpose of electing vestrymen shall be found to contain more than two thousand rated householders, it shall be lawful for the Metropolitan Board of Works, upon the application in writing of the vestry or of not less than five hundred rated householders of the parish, to divide such parish into wards, and to determine and set out the number, extent, limits, and boundary lines of such wards, but so nevertheless that no ward shall contain less than five hundred rated householders, and that the whole number of wards shall not exceed eight, and the Metropolitan Board shall apportion among the several wards the number of vestrymen to be elected for such parish, and shall, in assigning the number of vestrymen to each ward, have regard as far as in their judgment is practicable, as well to the number of persons rated to the relief of the poor in each ward, as to the aggregate amount of the sums at which all such persons are rated, and the number of vestrymen assigned to each ward shall be a number divisible by three."

And whereas the parish of Plumstead is within the limits of the Metropolis as defined by the Metropolis Management Act, 1855, and is one of the parishes in Part I of Schedule B of that Act, and was not at the passing of the Metropolis Management Amendment Act, 1862, divided into wards: And whereas the powers, duties, and liabilities of the Metropolitan Board of Works were transferred to the London County Council by the Local Government Act, 1888.

And whereas the Vestry of the said parish of Plumstead have applied to us, the London County Council, to divide the said parish into wards, pursuant to the provisions of the said 41st section of the Metropolis Management Amendment Act, 1862.

And whereas it appears from the last account taken of the population by the authority of Parliament, as contained in the census return for the year 1881, that the said parish contained five thousand one hundred and sixty-four rated householders.

And whereas it appears from the rate books of the said parish, prepared in the month of April, 1889, that the number of rated householders is seven thousand eight hundred and fifty-nine, and that the rateable annual value of property in the said parish is one hundred and twenty-nine thousand seven hundred and two pounds.

Now the London County Council having considered the said application, and having ascertained from the said last account taken of the population by the authority of Parliament as contained in the census return for the year 1881, that the number of rated householders for the parish of Plumstead was then five thousand one hundred and sixty-four, and having taken into consideration the number of persons rated to the relief of the poor in the said parish, and the aggregate amount of the sums at which all such persons are rated, as shown by the said rate books of the parish for 1889, and all the circumstances connected with such application, doth hereby order that the said parish of Plumstead be divided into eight wards to be distinguished by the names mentioned in the first column of the undermentioned schedule, that the extent, limits, and boundary lines of such wards shall be those described in the second column of the said schedule, and that the number of vestrymen to be elected for each of the said wards shall be the number mentioned in the third column of the said schedule, that is, ninety-six vestrymen.

AUSTRALIA—EAST COAST.—INNER ROUTE.

*Sunken Rock and Bank Eastward of Claremont No. X. (Chapman) Island—Non-existence of Rock Awash South-eastward of Young Island.*

THE following information has been received relating to dangers found in the Inner Route, east coast of Australia, the result of recent examinations by Lieutenant and Commander G. C. Frederick, H.M. surveying-vessel "Dart":—

(1.) A sunken rock, composed of coral, with a depth of 5 feet on it at low water, is situated with Claremont No. X. (Chapman) Island bearing W.S.W., distant  $1\frac{2}{5}$  miles.

Position, lat.  $12^{\circ} 53' S.$ , long.  $143^{\circ} 39' 15'' E.$

(2.) A bank, with several patches of  $2\frac{1}{2}$  fathoms near its western edge, extending thence more than a mile to the eastward, with patches of 4 and 5 fathoms on it, lies between the above rock and Claremont No. X. Island.

From the shoalest part of this bank Claremont No. X. Island bears W. by S., distant 8 cables.

(3.) A careful search was made for the Rock a wash at low water, marked on the charts in a position bearing S.E. distant  $1\frac{3}{5}$  miles from Young Island. Depths of 12 to 14 fathoms, and a level bottom, were found all round and upon the assigned position of this rock; and at low water, and under favourable circumstances, no indications of shoal water were observed in the locality.

This rock has consequently been expunged from the Admiralty Charts.

Position, lat.  $12^{\circ} 8' 30'' S.$ , long.  $143^{\circ} 14' E.$

**PRINCESS CHARLOTTE BAY.**  
*Amended Position and Particulars of Taiwan Shoal.*

With reference to Notice to Mariners, No. 116 (1) of 1888, on the amended position of the shoal on which the steam-vessel "Taiwan" drawing 19 feet was reported to have struck, lying midway between e and g reefs, Princess Charlotte Bay:—

The following particulars of Taiwan Shoal were obtained in a recent examination of the locality by H.M. surveying-vessel "Dart":—

This shoal, which is nearly circular, is about  $1\frac{1}{2}$  cables in diameter, with the least depth (17 feet at low-water springs) situated near the centre; thence the water gradually deepens to the 5 fathoms' line, whence it drops more suddenly to a depth of 9 and 10 fathoms, which is the average depth near.

From the depth of 17 feet the beacon on g reef bears N.  $\frac{1}{2}$  E., distant  $1\frac{1}{2}$  miles: and f sand beacon, W.  $\frac{1}{2}$  S.

Position, lat.  $14^{\circ} 3' 45''$  S., long.  $143^{\circ} 57' 50''$  E.

An examination of the last-assigned position of Taiwan Shoal, as given in the above-mentioned notice, viz., with the beacon on e reef bearing W. by S, distant  $1\frac{1}{2}$  miles, was made; but no shoal casts were obtained, nor were any indications of shoal or discoloured water seen in the vicinity.

INDIAN OCEAN.—CEYLON.—SOUTH COAST.

*Unsuccessful Search for Shoal Ground South-Westward of Great Basses.*

INFORMATION having been received from Lieutenant A. Channer, R.N., that during the strength of the S.W. monsoon, in 1889, the light-keeper at Great Basses had reported that he saw the sea break about six miles distant on a S.W. or S.W. by W. bearing, from Great Basses Lighthouse, south coast of Ceylon; also, that the Master of the steam-vessel "Clan Drummond" had reported that in the S.W. monsoon of 1888, he had seen the sea break near that position, or about where a depth of 14 fathoms is marked on the Admiralty Chart:—

An examination of the locality has been made by Commander R. F. Hoskyn, R.N., in charge of the Marine Survey of India, in I.G.S.S. "Investigator," with the following result:—

Depths of 29 to 31 fathoms were obtained between the bearings of S.W.  $\frac{1}{2}$  S. and S.W. by W., and distances of from four to eight miles from Great Basses Lighthouse. No indications of shoal water were found, the bottom being mostly sand or coral; but enough soundings were not taken to disprove the possible existence of a rock. The whole of that neighbourhood is covered with swirls and eddies, caused apparently by the current sweeping past Great Basses, and Commander Hoskyn has no doubt that in a moderate breeze the sea would break in many places.

*Sunken Rock Westward of Cape Helvetius.*

INFORMATION has been received of the existence of a sunken rock off Cape Helvetius, west coast of Bathurst Island, on which the schooner "Wanganui" recently struck:—

The position given for the rock (Wanganui Rock) is, with Cape Helvetius bearing E. by S., distant three miles. The depth on the rock is probably less than six feet. As the distance of this rock from the land depends upon estimation its position is very doubtful.

Position, approximate, lat. 11° 40' S., long. 129° 56' E.

NOTE.—The attention of Mariners is directed to the cautionary note on the chart in this neighbourhood, and they are recommended not to approach the coast between Cape Fourcroy and Cape Helvetius within a distance of eight miles, until further examination shall have been made.

NORTH SEA.—TEXEL APPROACH.

*Intended Light-vessel, exhibiting a Flashing White and Red Light, with Fog Signal.*

THE Netherlands Government has given notice, that in the month of February, 1890, a light-vessel will be moored in a depth of 16 fathoms, in the approach to the Texel, with Kykduin Lighthouse bearing S.  $73^{\circ}$  E., distant  $15\frac{1}{2}$  miles:—

The light will be a flashing white and red light, showing every thirty seconds:—two white flashes in quick succession, then an eclipse of ten seconds, followed by a single red flash. It will be shown from the mainmast, will be elevated 36 feet above the sea (in bad weather, only 31 feet), and should be visible in clear weather from a distance of eleven miles.

The light-vessel, with one mast and a jigger mast, will be painted red, with a broad white streak, upon which on both sides will be the word "Haaks" in black letters; and will carry a red ball at the masthead as a daymark. She will exhibit a white riding light from the fore-stay.

Position, on Admiralty Chart, latitude  $52^{\circ} 58'$  N., longitude  $4^{\circ} 17'$  E.

Also, that from this light-vessel, during thick or foggy weather, a caloric siren, will give two blasts in quick succession every two minutes. Should the siren not be ready for use, or be out of order, a bell will be sounded two strokes in succession, followed by a pause, every thirty seconds.

NOTE.—When from any cause the flashing light cannot be exhibited, a fixed white lantern light will be shown from the masthead, and a red flare-up every ten minutes from above the gun-wale.

If this light-vessel has drifted from her station, the usual lights will not be exhibited, but a fixed red light will be shown from each end of the vessel. By day a red flag will be hoisted above the red ball at the masthead.

Should a vessel be seen standing into danger a gun will be fired, and repeated if necessary; also the Signal Flags J. D. of the International Code, "You are in danger," will be hoisted and kept flying until answered.

A bright rocket immediately after a gun will indicate that assistance from the shore is required.

To mark the permanent position of the light-vessel two anchor-buoys, both painted red with a white horizontal stripe, and with "H. No. 1" and "H. No. 2" on them respectively, in black letters, will be moored north and south, distant 3 cables from each other.

Further particulars will be published in due course.
