

receipt shall be given by the Secretaries to the agent presenting it. It will then be inscribed in the respective register of the Secretaries' office, noting down on the Memorial itself the date of its reception and the numerical order of its inscription.

The Secretaries shall then immediately notify the Agent of the Chilian Government of the fact of the presentation. The Agent of the Chilian Government shall have a term of thirty days after being notified of the presentation of the Memorial, to reply to it, taking the exceptions he may deem necessary, and refuting the proofs of the Claimant with such counter-proofs as he may think relevant to his case, accompanied by all documents justifying his reply, and indicating the testimony of witnesses he may intend to produce in the course of his defence.

The Secretaries shall notify the Agent of the British Government of this reply, who shall be allowed thirty days after the notification, to answer it, presenting new documents, new petitions, and naming counter-proofs of witnesses, and he may also rectify and complete the requisites of the preceding Articles.

Notification of this presentation shall be given by the Secretaries to the Chilian Agent, who in his turn will be allowed thirty days to reply under the same conditions. His reply shall be notified to the British Agent.

In case the British Agent should renounce his right to answer the first reply of the Chilian Agent, he shall so notify the latter through the Secretaries, in which case the Chilian Agent will not have the faculty of making a second reply.

ARTICLE XI.

Whenever the oral testimony of witnesses is to be taken, the party offering it shall notify the facts he proposes to prove by this means, and he shall state, when possible, the names, residence, profession, and nationality of such witnesses. The residence of the witness must in all cases be given.

Whenever circumstances permit, the testimony of witnesses shall be taken before the Tribunal. When this is shown to the satisfaction of the Tribunal to be impossible, the Tribunal will decide how the evidence shall be taken, and will name a competent authority to take it.

The Agents, or their delegates, may be present at the examination of the witnesses and may cross-examine them. The witness shall testify under oath, or solemn declaration, and he shall state if he has any interest in the claim, if he is related to the Claimant, if he is a Creditor or Partner, whether he is at that moment in the employ of the Chilian Government, or was in the service of the said Government at the time that the act which originated the claim took place, and if he took part directly or indirectly in the Civil War of 1891.

ARTICLE XII.

As soon as the last notification prescribed by Article X of these Rules, or the time for presentation of proof has elapsed, whether this should have been taken or the party interested should have failed so to do within the limit of time, the Secretaries shall inscribe the Claim on the list of Claims for hearing, and the Secretaries shall notify the same within 48 hours to the Agents of both Governments. Between this notification and the hearing not less than ten days shall elapse.

The Tribunal, after hearing the case, may pronounce sentence if it should consider that no further investigation be necessary, or, on the con-

trary, it may of its own will, or on the petition of either Agent of either Government, order such further investigation as it may think proper, fixing the time and place when these investigations should be made.

ARTICLE XIII.

The Agents, Secretaries, "Relator," and the Advocates named by the parties according to Articles IV and V of the Convention are the only persons that may attend the sittings of the Tribunal. In no case shall any person be present during the deliberations of the Tribunal.

ARTICLE XIV.

The Secretaries shall keep, besides the register mentioned in Article X, a book in which they shall note down an extract of the proceeding in each case, another in which they will copy sentences, and a third in which they will transcribe the protocols of the sittings.

The extract of the proceedings in each case, the decrees and sentences, and the protocols of the sittings, shall be kept in duplicate, one copy in Spanish and the other in English. When the Tribunal has completed its labours the documents in the Spanish language will be delivered to the Agent of the Chilian Government, and those in English to the Agent of the British Government.

ARTICLE XV.

The Secretaries shall remit to each Agent a legalized copy of each decree, or sentence, as soon as pronounced, and the said Agent personally, or by means of a person specially delegated to do so, shall be allowed to inspect any documents he may require, and take copies of them by and with previous consent of the Tribunal.

The Tribunal reserves to itself the right to order or permit the publications of the documents deposited in the Secretaries' Office.

ARTICLE XVI.

The Archives will be in charge of the Secretaries, and without permission of the Tribunal it is prohibited to remove any document, paper, or book from the Secretaries' Office.

ARTICLE XVII.

The Tribunal reserves the right to suppress, modify, or augment the provisions of the preceding Articles when experience may indicate the advisability of doing so. It may likewise authorize the rectification of all errors of facts which the parties may have incurred in good faith.
