*Privy Council Office, March 20, 1905.*

The following Statute made by the Governing Body of University College, Oxford, on the eleventh day of March, one thousand nine hundred and five (and sealed on thirteenth day of March, one thousand nine hundred and five), has been submitted for the approval of His Majesty in Council, and notice of its having been so submitted is published in accordance with the provisions contained in "The Universities of Oxford and Cambridge Act, 1877":—

Ex parte the Master and Fellows of the Great Hall of the University commonly called University College in the University of Oxford.

A STATUTE to amend the Ordinance in relation to the Travelling Fellowships of the Foundation of Dr. John Radcliffe, framed by the Commissioners appointed under the Universities of Oxford and Cambridge Act, 1877 (40 and 41 Vic., c. 48), in relation to the College of the Great Hall of the University commonly called University College, in the University of Oxford, duly made at an Extraordinary General Meeting of the Master and Fellows,

being the Governing Body of the said College, specially summoned for this purpose, held on the eleventh day of March, one thousand nine hundred and five, and passed at such meeting by the unanimous votes of those present and voting, and submitted for the approval of His Majesty in Council.

Whereas the Ordinance regulating the Radcliffe Travelling Fellowships forms an integral part of the Statutes of University College, and the power of amending it rests with the College, as in the case of the other Statutes, and whereas the College has been informed by the Board of the Faculty of Medicine of the University that the restriction of the Fellowships to candidates who have won certain specified honours in the University excludes from the benefit of Dr. Radcliffe's foundation many men whose work for the advance of medical science it is highly desirable to recognize and assist:

We, therefore, the Master and Fellows of University College in the University of Oxford, desiring to carry out the wishes of the Medical Board, hereby, in exercise of the power given us by the 54th section of the said Act, and by Statute XI of the Statutes of the said College:

In the first place alter and amend paragraph 3 of the Ordinance relating to Dr. Radcliffe's Travelling Fellows, by substituting for all the words following the words "Bachelor of Medicine and" the words "shall not have exceeded four years from the time of passing the last Examination required for the above-named Degree."

And in the second place, whereas the surplus of the fund arising from vacancies and other sources, and allocated by the Ordinance to the increase of the stipends of the Fellows after meeting the expenses of Examination, is insufficient to allow of any substantial addition to those stipends, and might, in the opinion of the College, be much more usefully employed for the advancement of medical science in other ways, such as the establishment of a yearly prize or prize essay, or the assistance and remuneration of definite pieces of research among the younger members of the profession.

We alter and amend Clause 10 of the same Ordinance by substituting for the words "shall be added to the emoluments of the 3 Fellowships" the words "shall be used for the furtherance of medical science in such ways as the College shall, after consultation with the Board of the Medical Faculty, from time to time appoint."

Given under our Common Seal this thirteenth day of March, one thousand nine hundred and five.
