H. 986.

The Board of Trade have received, through the Secretary of State for Foreign Affairs, a copy of the following Regulations made by His Majesty's Minister at Peking, with respect to Quarantine at Newchwang:—

KING'S REGULATIONS UNDER ARTICLE 155 OF
"THE CHINA AND COREA ORDER IN COUNCIL,
1904."

No. 2 of 1906.

Quarantine at Newchwang.

1. When any infectious disease is known to be prevalent at any port, from which vessels may be expected to arrive at Newchwang, the Administration will, with the concurrence of the Treaty Power Consuls, issue a Proclamation declaring such place infected, and shall put in force the following Regulations:—

2. Any vessel coming from an infected port either direct or *via* Chefoo, even if ten days or more have passed since leaving an infected port, shall, on entering the river, hoist the quarantine flag, Q, at the fore, and the flag of the infected port from which she comes underneath the Q.

3. Such vessel shall hold no communication with the shore, *i.e.*, from the time of her entering the river no passengers or member of the crew shall be allowed to leave the vessel, no person may go on board her, and no baggage or cargo may be removed, without the permission of the quarantine authorities. Any one wishing to hold communication with such vessel under necessity, or supply the vessel with food or water, must first report the matter to the quarantine authorities and act by their directions.

4. Any vessel from an infected port with a case of illness on board or on which serious illness or a death has occurred during the voyage shall come to an anchor below Hunter's Point on the right bank of the river and the west end of the town on the left bank.

5. Vessels from an infected port on which there is no case of illness and on which no serious illness or death has occurred during the voyage shall anchor below the lower limits of the harbour, and await there the visit of the quarantine officers.

6. The quarantine authorities shall board the vessel on her arrival without unnecessary delay and shall inspect her passengers and crew. Such inspection can only take place during daylight.

7. If, as a result of inspection, the quarantine officers find no case or suspicious case of infection on board, the vessel shall be admitted to immediate pratique.

8. Should there be a suspicious case or should the vessel be found an infected vessel, her treatment shall be as follows:—

(a.) Should there be a suspicious case, the suspected person shall be removed and isolated under the direction of the quarantine authorities in a hospital provided for the purpose, and the vessel concerned shall be placed in quarantine in the river below the west end of the town until the nature of the disease is determined, when the vessel shall either be admitted to pratique or pronounced infected according to circumstances.

(b.) Should the vessel be infected, measures shall be taken for the removal and isolation of infected persons, the removal of infected bodies, and the disinfection of the vessel, and quarantine shall be imposed for a period not exceeding ten days from the date of the removal of the last infected case, or from the time of the disinfection of the vessel.

9. Masters of incoming vessels from infected ports shall make a declaration to the quarantine officers as to the health of the vessel during the voyage, and should it appear from the master's declaration that there was a case or suspicious case of infection during the voyage, quarantine shall be imposed for a period not exceeding ten days from the date of the removal of the last infected case from the vessel.

10. The quarantine officers' report shall be made out in triplicate in every case, and, if the vessel be foreign, one copy shall be supplied by the quarantine officers the first opportunity to the Consul of the vessel concerned. If the vessel be Chinese, the quarantine officers' report shall be sent to the Commissioner of Customs.

11. The importation of furs, skins, hair, old gunny bags, rags, old paper, fresh fruit, vegetables, plants, coffins containing corpses, earth, mould, or sand from infected ports and ports from which the declaration of infection has been withdrawn shall be governed by the following Regulations:—

I.—*Importation from Ports declared infected, permitted under the following Condition.*

(Apricots, cherries, figs, melons, plums, raspberries, strawberries, tomatoes, and thin-skinned fruit are prohibited.)

(d.) Vegetables—

Importation not permitted.

(f.) Coffins containing corpses—

Importation not permitted.

(g.) Earth and mould—

Importation not permitted.

(h.) Sand—

If accompanied by a certificate from the medical officer of the port that it has been taken from the seashore.

II.—*Importation from Ports from which the Declaration of Infection has been withdrawn permitted under the following Conditions.*

(a.) Rags, old paper—

If accompanied by a certificate of disinfection from the medical officer of the port of shipment.

(b.) Coffins containing corpses—

If accompanied by a certificate from the medical officer of the port that the coffin is in sound condition, and that death occurred at least six months before, importation permitted during April, May, October, and November.

(c.) Earth and mould—

If adherent to plants or bulbs in small quantities and cleanly packed, permitted importation when accompanied by certificate from the medical officer of the port that the earth and mould is from a plague-free district.

III.—*Articles considered Dangerous.*

Old gunny bags are considered dangerous articles, whether coming from a port declared infected or from a port from which such declaration has been removed.

These, unless accompanied by a certificate of disinfection, giving marks for identification, from the medical officer of the port of shipment, or have been so cleaned that on examination here they show no trace of their former food contents, are liable to be refused entry.

The restrictions on importation from ports from which the declaration of infection has been removed may be terminated at the discretion of the quarantine authorities.

12. Any person who commits a breach of these Regulations shall be dealt with by the authority to whose jurisdiction he is amenable.

13. All expenses connected with quarantine will be borne by the Administration.

J. N. JORDAN,
His Britannic Majesty's Minister.

as "the Act"), it is enacted that, within any limits or place referred to in regulations made by Us, the Local Government Board, with a view to the safety of the public on the application of the local authority of the area in which the limits or place are situate, a person shall not drive a motor car at a speed exceeding ten miles per hour;

And whereas the County Council of West Suffolk having made application to Us to make a Regulation in pursuance of the above-mentioned Sub-section putting the provisions of that Sub-section in force within the limits comprising parts of certain roads situate within the Urban District of Newmarket, in the county of West Suffolk, We directed a Local Inquiry to be held into the matter by one of Our Inspectors, and the Inquiry was held accordingly, and Report has been made to Us thereon:

ORDER of the Local Government Board: Out-door Labour Test: altering Consolidated Order:—

KNARESBOROUGH UNION.

To the Guardians of the Poor of the Knareborough Union;—

To the Overseers of the Poor of the several Parishes comprised in the said Union;—

And to all others whom it may concern.

Whereas by an Order made by the Poor Law Board on the 28th day of June, 1854, relating to the Knareborough Union, the Guardians of the Poor of that Union were required to appoint a Superintendent of Out-door Labour;

And whereas by an Order dated the 7th day of May, 1858, the Poor Law Board prescribed Regulations with respect to the administration of the relief of poor persons in the said Union;

And whereas it is expedient that further provision should be made with regard to the relief of the Poor and with regard to the services of a Superintendent of Out-door Labour in the said Union:

Now therefore, in pursuance of the powers given to Us by the Statutes in that behalf, We, the Local Government Board, hereby Order as follows; that is to say:—

ARTICLE 1. Subject to the provisions of the said Order dated the seventh day of May, one thousand eight hundred and fifty-eight, every able-bodied male pauper who receives out-door relief within the said Union shall be relieved in the following manner; that is to say,—

Half at least of the relief given to the pauper shall be given in food, clothing, and other articles of necessity.

No such pauper shall receive relief from the Guardians, or any of their officers, or any Overseer of any Parish in the Union, while he is employed for wages or other hire or remuneration by any person; but every such pauper so relieved shall be set to work by the Guardians.

ARTICLE 2. The Guardians shall, within fourteen days after the date of this Order, and from time to time afterwards as the Local Government Board require, report to the Local Government Board the place or places at which able-bodied male paupers are so set to work in the Union, the sort or sorts of work in which they or any of them are employed, the times and mode of work, and all such other matters relating to the employment of the said able-bodied paupers as the Guardians deem material to be communicated to the Local Government Board, or as the Local Government Board require.

ARTICLE 3. If the Guardians depart, in any particular instance, from any of the regulations hereinbefore contained, and within fifteen days after the said departure report the same and the grounds thereof to the Local Government Board, and if the Local Government Board approve of that departure, then the relief granted in the particular instance shall, if otherwise lawful, not be deemed to be unlawful, or be subject to be disallowed.

ARTICLE 4. If at any time the number of able-bodied male paupers requiring relief is so small as to render the services of a Superintendent of Out-door Labour unnecessary, the Guardians, notwithstanding anything in the said Order dated the twenty-eighth day of June, one thousand eight hundred and fifty-four, may dispense with the services of that officer.

Given under the Seal of Office of the Local Government Board, this nineteenth day of January, in the year one thousand nine hundred and seven.

NOTICES TO MARINERS.

(Nos. 104 to 118 of the year 1907.)

[The bearings are magnetic, and those concerning the visibility of lights are given from seaward].

No. 104.—GULF OF MEXICO—MEXICO.

Tampico River Entrance—Light Unreliable, Depths on Bar.

Information, dated 21st December, 1906, has been received through the Board of Trade, that the action of the white group flashing light at La Barra, Tampico River entrance, is unreliable; sometimes it shows as a white fixed light for upwards of an hour, at other times as group flashing showing three flashes every ten seconds.

Approximate position, lat. $22^{\circ} 15\frac{1}{2}'$ N., long. $97^{\circ} 49'$ W.

The depths on the bar at present are reported to be from 25 to 26 feet at high water, and from 23 to 24 feet at low water, but owing to the washing away of the northern breakwater, by strong currents and freshets, dangerous obstructions may exist in the entrance.

The attention of Mariners is directed to the information respecting this bar, and the caution with regard to "Northers" and the employment of pilots given in the West India Pilot, Vol. I, 1903, page 496, and the Supplement, 1906, relating to that volume, page 30. Strangers should not attempt to enter without a pilot.

This Notice affects the following Admiralty Charts:—The West Indies, No. 3273; Gulf of Mexico, No. 392; Plan of Tampico Harbour on No. 2854. Also, List of Lights, Part VIII, 1906, No. 1435; West India Pilot, Vol. I, 1903, page 496; and Supplement, 1906, page 30.

Cape Canaveral—Shoals off, Reported Extension of.

The United States Government has given notice, dated 29th December, 1906, that two vessels, drawing about 23 feet, are reported to have touched the ground when passing outside the shoals off Cape Canaveral at distances of three-quarters of a mile and $1\frac{1}{2}$ miles respectively south-eastward from Ohio Shoal Buoy; it is probable, therefore, that Hetzel and Ohio Shoals have extended seaward. Mariners are in consequence recommended to give these shoals a good berth in passing.

Nicolo Island.

Approximate position, south-east point of San Nicolo Island, lat. $45^{\circ} 13\frac{1}{2}'$ N., long. $13^{\circ} 35\frac{1}{2}'$ E. [Variation 9° Westerly in 1907.]

On the same date the white occulting light on the light-buoy was extinguished, the light-buoy would be withdrawn as soon as practicable.
