PRESENT,

The KING's Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have, in pursuance of the Act of the thirty-third and thirty-fourth years of Her late Majesty Queen Victoria, chapter thirty-nine, and of the Acts therein mentioned, that is to say, the Act of the third and fourth years of Her said late Majesty, chapter one hundred and thirteen, the Act of the fourth and

fifth years of Her said late Majesty, chapter thirty-nine, and the Act of the thirty-first and thirty-second years of Her said late Majesty, chapter one hundred and fourteen, duly prepared and laid before His Majesty in Council a scheme bearing date the eleventh day of February, in the year one thousand nine hundred and nine, in the words and figures following, that is to say:—

“We, the Ecclesiastical Commissioners for England, in pursuance of the Act of the thirty-third and thirty-fourth years of Her late Majesty Queen Victoria, chapter thirty-nine, and of the Acts therein mentioned, that is to say, the Act of the third and fourth years of Her said late Majesty, chapter one hundred and thirteen, the Act of the fourth and fifth years of Her said late Majesty, chapter thirty-nine, and the Act of the thirty-first and thirty-second years of Her said late Majesty, chapter one hundred and fourteen, have prepared and now humbly lay before Your Majesty in Council the following scheme for effecting a transfer of the ownership of the advowson or perpetual right of patronage of and presentation to the church and cure (hereinafter called ‘the said benefice’) of Llanstadwell, in the county of Pembroke and in the diocese of Saint David’s.

“Whereas the advowson or perpetual right of patronage of and presentation to the said benefice of Llanstadwell is vested for an estate in fee simple without encumbrances in Edward Harold Morris, of No. 2, Notts-square, Carmarthen, in the county of Carmarthen.

“And whereas the said Edward Harold Morris is desirous that the whole advowson or perpetual right of patronage of and presentation to the said benefice of Llanstadwell now vested in him as aforesaid should be transferred to and be vested in the Bishop for the time being of the said diocese of Saint David’s.

“And whereas the Right Reverend John, now Bishop of Saint David’s, is willing to accept such transfer, and in token of such his willingness and also in token that the same transfer has that consent of the Bishop of the diocese which by the Acts in the hereinbefore mentioned Act recited or by some or one of them is made necessary, he the said John, Bishop of Saint David’s, has executed this Scheme as hereinafter mentioned.

“And whereas the transfer of the patronage of the said benefice of Llanstadwell, which is hereinbefore mentioned and hereinafter recommended and proposed will render the same benefice more eligible for augmentation out of funds under our control, and this circumstance will in our opinion tend to make better provision for the cure of souls in the parish or district in or in respect of which the right of patronage or advowson so recommended and proposed to be transferred as aforesaid arises or exists, that is to say, in the parish of Llanstadwell.

“Now therefore with the consent of the said Edward Harold Morris (in testimony whereof he has signed and sealed this scheme) and with the consent of the said John, Bishop of Saint David’s (in testimony whereof he has signed this scheme and sealed the same with his episcopal seal), we, the said Ecclesiastical Commissioners for England, humbly recommend and propose that upon and from the day of the date of the publication in the London Gazette of any Order of Your Majesty in Council ratifying this scheme and without any conveyance or assurance in the law other than such duly gazetted Order the whole advowson or perpetual right of patronage of and presentation to the said benefice of Llanstadwell now vested in him the said

Edward Harold Morris, as aforesaid, shall be transferred to the said John, Bishop of Saint David’s, and his successors in the same Bishopric, and shall thereupon and thenceforth become and be absolutely vested in and shall and may from time to time be exercised by the said John, Bishop of Saint David’s, and by his successors in the same Bishopric for ever.

“And we further recommend and propose that nothing herein contained shall prevent us from recommending and proposing any further or other measures relating to the matters aforesaid or any of them in accordance with the provisions of the said Acts or of any of them or of any other Act of Parliament.”

And whereas the said scheme has been approved by His Majesty in Council: now therefore, His Majesty, by and with the advice of His said Council, is pleased hereby to ratify the said scheme, and to order and direct that the same and every part thereof shall be effectual in law immediately from and after the time when this Order shall have been duly published in the London Gazette pursuant to the said Acts: and His Majesty, by and with the like advice, is pleased hereby to direct that this Order be forthwith registered by the Registrar of the said diocese of Saint David’s.

PRESENT,

The KING's Most Excellent Majesty in Council.

WHEREAS by section sixteen of the Pluralities Act, 1838, as amended by the Pluralities Act, 1850, it is, amongst other things, enacted, “That whenever it shall appear to the Archbishop of the Province, with respect to his own diocese, and whenever it shall be represented to him by the Bishop of any diocese, or by the Bishops of any two dioceses, that two or more benefices, or that one or more benefice or benefices, and one or more spiritual sinecure rectory or rectories, vicarage or vicarages, in his or their diocese or dioceses, being either in the same parish or contiguous to each other, and of which the aggregate population shall not exceed one thousand five hundred persons, may, with advantage to the interests of religion, be united into one benefice, the said Archbishop of the Province shall inquire into the circumstances of the case; and if on such inquiry it shall appear to him that such union may be usefully made, and will not be of inconvenient extent, and that the patron or patrons of the said benefices, sinecure rectory or rectories, vicarage or vicarages respectively, is or are consenting thereto, such consent being signified in writing under the hands of such patron or patrons, the said Archbishop shall, six weeks before certifying such inquiry and consent to His Majesty as hereinafter directed, cause, with respect to his own diocese, a statement in writing of the facts, and in other cases a copy in writing of the aforesaid representation to be affixed on or near the principal outer door of the church, or in some public and conspicuous place in each of such benefices, sinecure rectories, or vicarages, with notice to any person or persons interested, that he, she, or

"they, may, within such six weeks, show cause in writing under his, her, or their hand or hands, to the said Archbishop, against such union; and if no sufficient cause be shown within such time, the said Archbishop shall certify the inquiry and consent aforesaid to His Majesty in Council, and thereupon it shall be lawful for His Majesty in Council to make and issue an Order or Orders for uniting such benefices, sinecure rectory or rectories, vicarage or vicarages, into one benefice, with cure of souls, for ecclesiastical purposes only; and it shall be lawful for His Majesty in Council to give directions for regulating the course and succession in which the patrons, if there be more than one patron, shall present or nominate to such united benefice, from time to time, as the same shall become vacant."

And whereas the Lord Archbishop of Canterbury, pursuant to the provisions of the said Act, hath duly prepared and laid before His Majesty in Council a certificate in writing, bearing date the fifth day of February, one thousand nine hundred and nine, in the words following, that is to say:—

"We the undersigned Randall Thomas, Archbishop of the Province of Canterbury, Primate of all England and Metropolitan, do hereby certify to Your Majesty in Council:—

"That the Right Reverend Charles John, Lord Bishop of Chichester, as Bishop of the diocese within which are situate the rectory of Westmeston and the rectory of Streete, both in the county of Sussex, having represented unto us that the said benefices being contiguous to each other and of which the aggregate population does not exceed fifteen hundred persons might with advantage to the interests of religion be united into one benefice, we inquired into the circumstances of the case.

"That on such inquiry it appeared to us that such union might be usefully made and would not be of inconvenient extent and that William Henry Campion, being the Patron or person entitled to present to the said rectory of Westmeston (if the same were now vacant) and William Reginald Fitz Hugh, being the Patron or person entitled to present to the said rectory of Streete (if the same were now vacant) have consented to the proposed union

"That six weeks and upwards before certifying such inquiry and consent to Your Majesty in Council we caused a copy in writing of the aforesaid representation of the said Lord Bishop to be affixed to the principal outer door of the parish church of each of the said benefices with notice to any person or persons interested that he she or they might within such six weeks show cause in writing under his her or their hand or hands to us the said Archbishop against such union and no such cause has been shown.

"The representation of the said Lord Bishop of Chichester, our inquiry into the circumstances of the case, the statement of circumstances in reply thereto, the consents in writing of the said William Henry Campion and the said William Reginald Fitz Hugh as Patrons respectively of the said benefices and the copies of the representation and notices before mentioned are hereunto annexed.

"And we do hereby certify the inquiry and consents aforesaid to Your Majesty in Council to the intent that Your Majesty in Council may in case Your Majesty in Council shall think fit so to do make and issue an Order for uniting the said benefices into one benefice with cure of souls for ecclesiastical purposes.

"And we further recommend that the patronage of the said united benefice shall be vested in

the said William Reginald Fitz Hugh and the said William Henry Campion alternately and that the first right of presentation after the said benefices shall come to be holden by the same Incumbent shall belong to the Patron or Patrons for the time being of the said rectory of Westmeston.

"Randall Cantuar."

Now, therefore, His Majesty in Council, by and with the advice of His said Council, is pleased to order, as it is hereby ordered, that the rectory of Streete, situate in the county of Sussex and diocese of Chichester and the rectory of Westmeston, situate in the same county and diocese, shall be united into one benefice with cure of souls for ecclesiastical purposes only.

And His Majesty in Council, by and with the advice of His said Council, is further pleased to direct that the patronage of such united benefice shall be vested in the said William Reginald Fitz Hugh and his successors in estate and his and their assigns, and the said William Henry Campion, and his successors in estate and his and their assigns, alternately, and that the first right of presentation, after the said benefices shall come to be holden by the same Incumbent, shall belong to and be exercised by the Patron or Patrons for the time being of the said rectory of Westmeston.

PRESENT,

The KING's Most Excellent Majesty in Council.

WHEREAS by the Burial Act, 1853, as amended by the Burial Act, 1900, it was enacted that, in case it appeared to His Majesty in Council, upon the representation of the Local Government Board, that, for the protection of the public health, the opening of any new burial ground in any city or town, or within any other limits, save with the previous approval of the Local Government Board, should be prohibited, or that burials in any city or town, or within any other limits, or in any burial grounds or places of burial, should be wholly discontinued, or should be discontinued subject to any exception or qualification, it should be lawful for His Majesty, by and with the advice of His Privy Council, to order that no new burial ground should be opened in any city or town, or within such limits, without such previous approval, or (as the case might require) that, after a time mentioned in the Order, burials in such city or town, or within such limits, or in such burial grounds or places of burial, should be discontinued wholly, or subject to any exceptions or qualifications mentioned in such Order, and so from time to time as circumstances might require; provided always that notice of such representation, and of the time when it should please His Majesty to order that the same be taken into consideration by the Privy Council, should be published in the *London Gazette*, and should be affixed on the doors of the churches or chapels of, or on some other conspicuous places within, the parishes affected by such representation, one month before such representation was so considered; provided also that no such representation should be made in relation to the burial ground of any parish until ten days' previous notice of the intention to

make such representation should have been given to the Incumbent and vestry clerk or churchwardens of such parish:

And whereas by the Burial Act, 1855, it was, amongst other things, enacted that it should be lawful for His Majesty, by and with the advice of His Privy Council, from time to time to postpone the time appointed by any Order in Council for the discontinuance of burials, or otherwise to vary any Order in Council made under any of the Acts recited in the said Act, or under the said Act (whether the time thereby appointed for the discontinuance of burials thereunder, or other operation of such Order, should or should not have arrived), as to His Majesty, with such advice as aforesaid, might seem fit:

And whereas the Local Government Board, after giving to the Incumbent and the churchwardens of the parish of Caistor, in the county of Lincoln, ten days' previous notice of their intention to make such representation, have made a representation stating that they are of opinion that so much of the Order of Her late Majesty in Council of the seventeenth day of May, one thousand eight hundred and seventy-nine, as relates to burials in the church and churchyard of the parish of Caistor, should be varied by substituting for the provisions contained in the said Order relating to the said church and churchyard the following provision, viz.:-

CAISTOR.—That, except as hereinafter provided, burials shall be discontinued forthwith and entirely in the parish church of Saint Peter and Saint Paul, Caistor, in the county of Lincoln; and in the churchyard, except as follows—

(a.) In any vault or walled grave now existing in the said churchyard burial may be allowed subject to the condition that every coffin buried in such vault or grave be separately enclosed by stonework or brickwork properly cemented:

(b.) In any earthen grave now existing in the said churchyard the burial may be allowed of the body of any member of the family of the person or persons heretofore buried in such grave; subject to the condition that no part of the coffin containing the body shall be at a depth less than three feet below the level of the surface of the ground adjoining the grave.

Now, therefore, His Majesty in Council is pleased hereby to give notice of such representation, and to order that the same be taken into consideration by a Committee of the Lords of His Majesty's Most Honourable Privy Council on the tenth day of April next.

And His Majesty is further pleased to direct that this Order be forthwith published in the London Gazette, and that copies thereof be affixed on the doors of the churches or chapels of, or on some conspicuous places within, the parish affected by such representation one month before the said tenth day of April.

MERSEY CONSERVANCY ACT.

Mersey Conservancy,
66, Victoria-street, S.W.,
3rd March, 1909.

I hereby give notice, pursuant to the 9th section of the Act 5 and 6 Victoria, cap. 110, intitled "An Act for better preserving the Navigation of the River Mersey," that I have received a notice from the Liverpool Barge and Coaling Company Limited, given pursuant to the provisions of the above mentioned Act, of their intention to construct a coaling station at Monks Ferry Slip, Cheshire, in accordance with plans and sections deposited at this office, a copy of which notice is subjoined.

*G. S. Nares, Vice-Admiral,
Acting Conservator of the Mersey.*

To Vice-Admiral Sir G. S. Nares, K.C.B., F.R.S.,
Acting Conservator of the River Mersey.

In pursuance of an Act for better preserving the Navigation of the River Mersey (5 and 6 Vic., cap. 110), We, the Liverpool Barge and Coaling Company Limited, hereby give you notice that we propose to construct at Monks Ferry Slip, Birkenhead, in accordance with plans and sections deposited at the Office of the Mersey Conservancy, a coaling depôt situate on the River front at Monks Ferry Slip, lying between the ship yard of Messrs. Cammel, Laird and Co. Limited, and the repairing Docks of Messrs. Clover and Co. The plant will consist of eight coal storage bins, with a total capacity of 3,200 tons of coal. The bins will be constructed of iron and concrete; the length will be 240 feet, width 30 feet, height 40 feet, as shown on plans supplied. There will be no projection into the River beyond the present quay face and slip; and the depôt will, in no way, interfere with or impede the tidal waters of the Mersey. It is also desired to excavate alongside the slip to a depth of 16 feet immediately in front of the space occupied by the bins so as to give 18 feet depth of water at lowest tides to enable barges to lie alongside the slip at all states of the tide, and to coal from the bins. It is intended to commence the work in April next.

ORDER OF THE LOCAL GOVERNMENT
BOARD.

Regulations as to Cholera, Yellow Fever, and
Plague: Ships arriving from foreign Ports.

PORTS OF HARWICH AND IPSWICH.

HARWICH AND IPSWICH PORT SANITARY
AUTHORITIES.

To the Harwich Port Sanitary Authority;—

To the Ipswich Port Sanitary Authority;—

To the Officers of Customs of the Ports of
Harwich and Ipswich;—

To the Medical Officers of Health of the
said Port Sanitary Authorities;—

To all Masters of Ships;—

To all Pilots;—

And to all others whom it may concern.

Whereas We, the Local Government Board, are empowered by Section 130 of the Public Health Act, 1875, as amended by the Public Health Act, 1896, from time to time to make, alter, and revoke such Regulations as to Us may seem fit, with a view to the treatment of persons affected with Cholera or any other epidemic, endemic, or infectious disease, and preventing the spread of Cholera and such other diseases, as well on the seas, rivers, and waters of the United Kingdom, and on the high seas within three miles of the coasts thereof, as on land; and to provide for the enforcement and execution of such Regulations;

And whereas by Section 1 of the Public Health Act, 1896, it is enacted that Regulations of the Local Government Board made in pursuance of Section 130 of the Public Health Act, 1875, or in pursuance of that Section, as extended to London by the Public Health (London) Act, 1891, may provide for such Regulations being enforced and executed by the Officers of Customs and the Officers and men employed in the Coastguard as well as by other authorities and officers, and without prejudice to the generality of the powers conferred by those Sections may provide for—

(a) the signals to be hoisted by vessels having any case of epidemic, endemic, or infectious disease on board; and

(b) the questions to be answered by masters, pilots, and other persons on board any vessel as to cases of such disease on board during the voyage or on the arrival of the vessel; and

(c) the detention of vessels and of persons on board vessels; and

(d) the duties to be performed in cases of such disease by masters, pilots, and other persons on board vessels: Provided that the regulations shall be subject to the consent—

(a) so far as they apply to the officers of Customs, of the Commissioners of His Majesty's Customs; and

(b) so far as they apply to officers or men employed in the Coastguard, of the Admiralty; and

(c) so far as they apply to signals, of the Board of Trade.

And whereas by sub-section (1) of Section 1 of the Public Health Act, 1904, it is enacted as follows:—

“1.—(1) The power of making regulations under the Public Health Act, 1896, and the enactments mentioned in that Act, shall include the power of making regulations authorising measures to be taken for the prevention of danger arising to public health from vessels arriving at any port, and for the prevention of the conveyance of infection by means of any vessel sailing from any port, so far as may be necessary or expedient for the purpose of carrying out any treaty, convention, arrangement, or engagement with any foreign country, and the regulations may in particular provide for the recovery of any expenses incurred in disinfection and of any charges authorised to be made by the regulations for the purpose of those regulations or any services performed thereunder, and also for any powers and duties under the regulations being executed and performed by local authorities:

“Provided that the regulations shall not be made except after consultation with the Board of Trade.”

And whereas by an Order dated the 20th day of April, 1903 (hereinafter referred to as “the Order of 1903”), We made Regulations with regard to ships bound to the Port of Ipswich and coming or being within the Harwich Port Sanitary District with a view to the treatment of persons affected with Cholera, Yellow Fever, or Plague, and for preventing the spread of any of those diseases, and with respect to the signals to be hoisted by ships infected with Cholera, Yellow Fever, or Plague;

And whereas by a General Order dated the 9th day of September, One thousand nine hundred and seven, We made Regulations with regard to the treatment of persons affected with Cholera, Yellow Fever, or Plague, and for preventing the spread of any of those diseases, and with respect to the signals to be hoisted by ships infected with Cholera, Yellow Fever, or Plague, and We declared that those Regulations should apply and have effect throughout England and Wales, except as regards the Port Sanitary Districts of Bristol and Gloucester, Harwich and Ipswich, and Liverpool and Manchester;

And whereas it is expedient that the Order of 1903 should be revoked, and that other Regulations should be made as hereinafter mentioned;

And whereas the Commissioners of His Majesty's Customs and the Board of Trade have respectively signified their consent to the Regulations hereinafter set forth so far as they respectively apply to the Officers of Customs and to signals, and the said Regulations, so far as they apply to any matter in respect of which We are empowered by the Public Health Act, 1904, to make Regulations, have been made after consultation with the Board of Trade:

Now therefore, We do hereby revoke the Order of 1903, except in so far as it may apply to any proceedings now pending, and We do, by this Our Order, and in the exercise of the powers conferred on Us by the Public Health Act, 1875, the Public Health Act, 1896, and the Public Health Act, 1904, and every other power enabling

Us in that behalf, make the following Regulations with regard to the said Ports of Harwich and Ipswich, and ships arriving from a foreign port and bound to the Port of Harwich, or to the Port of Ipswich and coming or being within the Port of Harwich and Declare that the said Regulations shall apply and have effect as regards the Port Sanitary Districts of Harwich and Ipswich, and shall be enforced and executed by the Authorities and Officers hereinafter mentioned:—

IPSWICH PORT SANITARY AUTHORITY.

I hereby certify that I have examined the ship _____ of _____, now lying in the Port of _____ [or detained at _____], and that I find that the said ship is an infected ship, or a suspected ship by reason of Cholera, or Yellow Fever or Plague.

Deputy Medical Officer of Health.

Note.—The expression "Infected Ship" means a ship which at the time of its arrival from a foreign port has on board a case of Cholera, Yellow Fever, or Plague, or which has had on board a case of Cholera or Plague within a period of seven days, or of Yellow Fever within a period of eighteen days, prior to that time;

Article VIII.—The Master of any ship certified in accordance with the provisions of Article VII by the Deputy Medical Officer of Health to be an infected ship or a suspected ship shall carry out the directions of the Deputy Medical Officer of Health (not relating to matters of seamanship) as to the removal of the ship to and its mooring or anchoring at the Ipswich Mooring Station, and any other directions which the Deputy Medical Officer of Health may deem necessary to be given for the purpose of carrying into effect the provisions of Article VII.

(3) The Ipswich Medical Officer of Health shall, as soon as possible after a ship moored or anchored in pursuance of subdivision (1) of this Article has been certified to be an infected ship or a suspected ship, examine every person on board the ship, and in the case of any person suffering from Cholera, Yellow Fever, or Plague, or from any illness which, in the opinion of the Ipswich Medical Officer of Health, may prove to be Cholera, Yellow Fever, or Plague, shall certify accordingly.

(4) Every person certified by the Ipswich Medical Officer of Health to be suffering from Cholera, Yellow Fever, or Plague shall be removed, if his condition admit of removal, to some hospital or other suitable place appointed for that purpose by the Ipswich Port Sanitary Authority; and a person so removed shall not leave the hospital or place until the Ipswich Medical Officer of Health has certified that the person is free from the said disease.

If a person so certified to be suffering from Cholera, Yellow Fever, or Plague cannot be removed, the ship shall remain subject, for the purposes of this Order, to the control of the Ipswich Medical Officer of Health, and the person shall not be removed from or leave the ship, except with the consent in writing of the Ipswich Medical Officer of Health.

If any such person, while so detained, be certified by the Ipswich Medical Officer of Health to be suffering from Cholera, Yellow Fever, or Plague the provisions of subdivision (4) of this Article shall apply.

(6) A person who is on board a ship certified to be an infected ship, and who has not been certified as required by subdivision (3) of this Article, shall not be permitted to land unless he satisfy the Ipswich Medical Officer of Health as to his name, intended place of destination, and intended address at the said place of destination.

The name, intended place of destination, and address shall forthwith be given by the Ipswich Medical Officer of Health to the Clerk to the Ipswich Port Sanitary Authority, and the said Clerk shall thereupon transmit the particulars to the Local Authority of the District in which the intended place of destination is situate.

(9) The Master shall cause any clothing or bedding or any other article of personal use which is likely to retain infection, and which has been used by any person who has suffered from Cholera or Plague on board a ship detained under subdivision (1) of this Article, or who, having left the ship, has suffered from Cholera or Plague during the stay of the ship in any port, to be disinfected or destroyed; and if the Master has neglected to do so before the ship arrives in port, he shall forthwith, upon the direction of the Ipswich Port Sanitary Authority or the Ipswich Medical Officer of Health, cause the aforesaid clothing, bedding, or other article to be disinfected or destroyed, as the case requires.

(10) The Master shall cause those parts of a ship detained under subdivision (1) of this Article which have been used as quarters by a person suffering from Cholera or Plague, or which, in the opinion of the Ipswich Medical Officer of Health, are infected with Cholera or Plague to be disinfected.

The Master shall also cause every article on board which is not included among those mentioned in sub-division (9) of this Article, and which, in the opinion of the Ipswich Medical Officer of Health, may be infected with Cholera or Plague to be disinfected or destroyed, according to the directions of the Ipswich Medical Officer of Health.

Article X.—Where a ship bound to the Port of Ipswich is not certified to be an infected ship, but is certified to be a suspected ship, or where any such ship has on board any person who is certified by the Ipswich Medical Officer of Health to be suffering from an illness which, in the opinion of that officer, may prove to be Cholera, Yellow Fever, or Plague or where a ship has come from or has, during the voyage, called at a port infected with Cholera, Yellow Fever, or Plague, or where a ship is one which has passengers on board who are in a filthy or otherwise unwholesome condition, or where a ship is one in which there are rats infected with Plague, or in which there is or has been during the voyage an unusual mortality among rats, the Ipswich Medical Officer of Health, if the ship be within the Ipswich Port Sanitary District, or the Deputy Medical Officer of Health if the ship be within the Harwich Port Sanitary District, may, if in his opinion it is desirable with a view to checking the introduction or spread of Cholera, Yellow Fever, or Plague, give a certificate in duplicate in the following form, or to the like effect, and shall deliver one to the Master, and retain the other or transmit it to the Ipswich Port Sanitary Authority:

IPSWICH PORT SANITARY AUTHORITY.

I hereby certify that I have examined the ship _____ from _____, now in the Port of _____, and that the ship is a suspected ship by reason of Cholera, or Yellow Fever, or Plague, or the ship has on board a person or persons suffering from illness which, in my opinion, may prove to be Cholera, or Yellow Fever, or Plague, or the ship has come from or has, during the voyage, called at a port infected with Cholera, or Yellow Fever, or Plague, or the ship has passengers on board in a filthy or otherwise unwholesome condition, or the ship is one in which there are rats infected with Plague, or the ship is one in which there is or has been during the voyage an unusual mortality among rats.

*And that, in my opinion, it is desirable with a view to checking the introduction or spread of Cholera, or Yellow Fever, or Plague, that the persons on board the ship should not be allowed to land unless they satisfy me as to their names, places of destination, and addresses at those places.

Medical Officer of Health.

(or Deputy Medical Officer of Health).

NOTE.—The expression "Suspected Ship" means a ship which has had on board during the voyage, or during the stay of the ship in the port of departure, or in a port in the course of the voyage, a case of Cholera, Yellow Fever, or Plague, but which has not had on board a fresh case of Cholera or Plague within a period of seven days, or of Yellow Fever within a period of eighteen days, prior to the time of its arrival from a foreign port. Where, in the opinion of the Ipswich Medical Officer of Health or the Deputy Medical Officer of Health, it is necessary or desirable to render Article XI. applicable, the passage marked with an asterisk should always form part of the Certificate.

Article XI.—When a certificate has been given, in pursuance of Article X., a person on board the ship shall not leave or be allowed to leave the ship unless he satisfy the Ipswich Medical Officer of Health or the Deputy Medical Officer of Health, as the case may be, as to his name, intended place of destination, and intended address at that place.

The name, intended place of destination, and address shall forthwith be given by the Ipswich Medical Officer of Health or by the Deputy Medical Officer of Health, as the case may be, to the Clerk to the Ipswich Port Sanitary Authority, and the said Clerk shall thereupon transmit the particulars to the Local Authority of the district in which the intended place of destination is situate.

or to the Local Authority of the district in which the place of actual destination or address is situate.

Article XII.—Where a ship bound to the Port of Ipswich has been certified to be an infected ship or a suspected ship by reason of Cholera, or where it has been ascertained that a ship has come from or has, during the voyage, called at a port infected with Cholera, or where it has been ascertained that any such ship has come from, or has, during the voyage, called at a Port infected with Cholera, the Ipswich Medical Officer of Health, if the ship be within the Ipswich Port Sanitary District or the Deputy Medical Officer of Health, if the ship be within the Harwich Port Sanitary District, may direct all bilge water and water ballast to be pumped out in some suitable place before the ship enters any dock or basin:

Provided that, in every case where there is reasonable cause to apprehend that the ship may be endangered by the removal of the water ballast, the Ipswich Medical Officer of Health or the Deputy Medical Officer of Health, as the case may be, may cause any tank or other receptacle containing the water ballast to be sealed, and thenceforward, so long as the ship remains within the jurisdiction of the Ipswich Port Sanitary Authority or the Harwich Port Sanitary Authority no person shall without the permission of the Ipswich Medical Officer of Health or of the Deputy Medical Officer of Health, as the case may be, break or remove the seal, or discharge or remove from the tank or receptacle any part of the water ballast.

On the Ipswich Port Sanitary Authority providing a proper supply of water for drinking and cooking purposes for persons on board any such ship, the Ipswich Medical Officer of Health or the Deputy Medical Officer of Health, as the case may be, may direct all casks or tanks on board the ship containing water for the use of those persons to be emptied and cleansed, and the Master shall cause the said direction to be carried into effect.

Whereas We, the Local Government Board, are empowered by Section 130 of the Public Health Act, 1875, as amended by the Public Health Act, 1896, from time to time to make, alter, and revoke such Regulations as to Us may seem fit, with a view to the treatment of persons affected with Cholera, or any other epidemic, endemic, or infectious disease, and preventing the spread of Cholera and such other diseases, as well on the seas, rivers, and waters of the United Kingdom, and on the high seas within three miles of the coasts thereof, as on land; and to provide for the enforcement and execution of such Regulations;

And whereas by Section 1 of the Public Health Act, 1896, it is enacted that Regulations of the Local Government Board made in pursuance of Section 130 of the Public Health Act, 1875, or in pursuance of that Section, as extended to London by the Public Health (London) Act, 1891, may provide for such Regulations being enforced and executed by the Officers of Customs and the Officers and men employed in the Coastguard as well as by other authorities and officers, and without prejudice to the generality of the powers conferred by those Sections may provide for—

"Provided that the regulations shall not be made except after consultation with the Board of Trade."

And whereas by an Order dated the 30th day of August, 1897 (hereinafter referred to as "the Order of 1897"), We made Regulations with regard to the Port of Manchester and ships bound to that Port and coming or being within the Port of Liverpool, with a view to the treatment of persons affected with Cholera, Yellow Fever, or Plague, and for preventing the spread of any of those diseases, and with respect to the signals to be hoisted by ships infected with Cholera, Yellow Fever, or Plague;

PORT SANITARY AUTHORITY.

I hereby certify that I have examined the ship _____ from _____, now in the Port of _____, and that the ship is a suspected ship by reason of Cholera or Yellow Fever or Plague, or the ship has on board a person or persons suffering from illness which, in my opinion, may prove to be Cholera, or Yellow Fever, or Plague, or the ship has come from or has, during the voyage, called at a port infected with Cholera, or Yellow Fever, or Plague, or the ship has passengers on board in a filthy or otherwise unwholesome condition, or the ship is one in which there are rats infected with Plague, or the ship is one in which there is or has been during the voyage an unusual mortality among rats.

*And that, in my opinion, it is desirable with a view to checking the introduction or spread of Cholera, or Yellow Fever, or Plague, that the persons on board the ship should not be allowed to land unless they satisfy me as to their names, places of destination, and addresses at those places.

Medical Officer of Health [or Medical Practitioner appointed or employed by the Port Sanitary Authority].

NOTE.—The expression "Suspected Ship" means a ship which has had on board during the voyage or during the stay of the ship in the port of departure or in a port in the course of the voyage a case of Cholera, Yellow Fever, or Plague, but which has not had on board a fresh case of Cholera or Plague within a period of seven days or of Yellow Fever within a period of eighteen days, prior to the time of its arrival from a foreign

port. Where, in the opinion of the Medical Officer of Health, it is necessary or desirable to render Article X. applicable, the passage marked with an asterisk should always form part of the Certificate.

Article X.—When a certificate has been given, in pursuance of Article IX, a person on board the ship shall not leave or be allowed to leave the ship unless he satisfy the Medical Officer of Health of the Liverpool Port Sanitary Authority or the Medical Officer of Health of the Manchester Port Sanitary Authority, as the case may be, as to his name, intended place of destination, and intended address at that place.

The name, intended place of destination, and address shall forthwith be given by the Medical Officer of Health of the Liverpool Port Sanitary Authority or the Medical Officer of Health of the Manchester Port Sanitary Authority, as the case may be, to the Clerk to the Liverpool Port Sanitary Authority or the Clerk to the Manchester Port Sanitary Authority, as the case may be, and the said Clerk shall thereupon transmit the particulars to the Local Authority of the district in which the intended place of destination is situate.

Every such person who, within five days after landing, arrives at any place of destination or address other than such place or address as aforesaid shall, forthwith upon his arrival, notify in writing his place of destination and address to the Medical Officer of Health of the Liverpool Port Sanitary Authority or the Medical Officer of Health of the Manchester Port Sanitary Authority as the case may be or to the Local Authority of the district in which the place of actual destination or address is situate.

Article XI.—Where a ship bound to the Port of Manchester has been certified by the Medical Officer of Health of the Liverpool Port Sanitary Authority or the Medical Officer of Health of the Manchester Port Sanitary Authority, as the case may be, to be an infected ship or a suspected ship by reason of Cholera, or where the said Medical Officer of Health has ascertained that any such ship has come from or has, during the voyage, called at a port infected with Cholera, he may direct all bilge water and water ballast to be pumped out in some suitable place before the ship enters any dock or basin:

Provided that, in every case where there is reasonable cause to apprehend that the ship may be endangered by the removal of the water ballast, the Medical Officer of Health of the Liverpool Port Sanitary Authority or the Medical Officer of Health of the Manchester Port Sanitary Authority, as the case may be, may cause any tank or other receptacle containing the water ballast to be sealed, and thenceforward, so long as the ship remains within the jurisdiction of the Liverpool Port Sanitary Authority or the Manchester Port Sanitary Authority, as the case may be, no person shall without the permission of the said Medical Officer of Health break or remove the seal, or discharge or remove from the tank or receptacle any part of the water ballast.

On the Liverpool Port Sanitary Authority or the Manchester Port Sanitary Authority providing a proper supply of water for drinking and cooking purposes for persons on board any such ship, the Medical Officer of Health of the Liverpool Port Sanitary Authority or the Medical Officer of Health of the Manchester Port Sanitary Authority may direct all casks or tanks on board

the ship containing water for the use of those persons to be emptied and cleansed, and the Master shall cause the said direction to be carried into effect.

Where a ship bound to the Port of Manchester has been certified to be an infected ship by reason of Plague the Master of the ship shall, under the direction and to the satisfaction of the Medical Officer of Health of the Liverpool Port Sanitary Authority or the Medical Officer of Health of the Manchester Port Sanitary Authority, as the case may be, and at and within such time as the said Medical Officer of Health by a requisition in writing addressed to the Master prescribes, employ suitable means for the effectual destruction of the rats in the ship.

(2.) Where a ship bound to the Port of Manchester has been certified to be a suspected ship by reason of Plague the Master of the ship shall, if the Medical Officer of Health of the Liverpool Port Sanitary Authority, or the Medical Officer of Health of the Manchester Port Sanitary Authority, as the case may be, make a requisition to that effect, employ, by and under the direction and to the satisfaction of the said Medical Officer of Health, and at and within such time as the said Medical Officer of Health by his requisition prescribes, suitable means for the effectual destruction of the rats in the ship.

(3.) Where the Medical Officer of Health of the Liverpool Port Sanitary Authority or the Medical Officer of Health of the Manchester Port Sanitary Authority, as the case may be, is satisfied and certifies in writing that compliance with the requirements of this subdivision is necessary as a precaution against the introduction or spread of Plague, the Master of a ship bound to the Port of Manchester and coming or being within the jurisdiction of the Liverpool Port Sanitary Authority or of the Manchester Port Sanitary Authority, as the case may be, which ship, though not certified to be an infected ship or a suspected ship by reason of Plague, has come from or has, during the voyage, called at a port infected with Plague, shall, at and within such time as the said Medical Officer of Health by his certificate prescribes, and under the direction and to the satisfaction of the said Medical Officer of Health, employ suitable means for the effectual destruction of the rats in the ship.

The Liverpool Port Sanitary Authority or the Manchester Port Sanitary Authority shall repay all expenses which their Medical Officer of Health may certify in writing to have been reasonably incurred by the Master for the purpose of compliance with the requirements of this subdivision.

(4.) The Liverpool Port Sanitary Authority or the Manchester Port Sanitary Authority shall repay all expenses which their Medical Officer of Health may certify in writing to have been reasonably incurred by the Master of a ship, which has not been certified to be an infected ship or a suspected ship by reason of Yellow Fever, for the purpose of compliance with the requirements of this subdivision.

(2.) Every certificate of the Medical Officer of Health for the purposes of this Article shall be in duplicate, and one copy shall be delivered by the Medical Officer of Health to the Master, and the other copy shall be retained by the Medical

Officer of Health, or shall be transmitted by him to the Port Sanitary Authority whose officer he is.

Article XV.—As regards a ship bound to the Port of Manchester, the Master of the ship, or any other person, shall answer truly all such questions put to him by and give all such information to any Officer of Customs or Medical Officer of Health as are necessary for any purpose of this Order; and a person who is required in pursuance of this Order to give to the Medical Officer of Health or to notify to any Local Authority the name and intended place of destination and address of the said person shall not knowingly give or notify a false or fictitious name, place of destination or address, and shall not refuse or neglect to give or notify as aforesaid the true name, intended place of destination, and address of the said person.

In that case the Liverpool Port Sanitary Authority or the Manchester Port Sanitary Authority shall, on the completion of the work, and the payment to the Port Sanitary Authority of the authorised charge, furnish the Master, if he so desire, with a certificate under the seal of the Port Sanitary Authority to the effect that there has been compliance with any such requirement as aforesaid so far as regards the particular matter mentioned in the certificate.

Thenceforth, for the purposes of this Order, and so far as regards the particular matter aforesaid the Master shall be deemed to have complied with every requirement of or in pursuance of the Order.

For the purposes of this subdivision the expression "the authorised charge" means, in relation to any work undertaken by the Port Sanitary Authority, such reasonable sum as, to the exclusion of any charge or claim in respect of profit, represents the actual or estimated cost of the work to the Port Sanitary Authority, and as does not in any case exceed the sum of Twenty Pounds, but the Port Sanitary Authority may, if they think fit, require the authorised charge or a part of the authorised charge to be paid to or deposited with them before any such work as aforesaid is begun.

To the Gloucester Port Sanitary Authority;—

To the Officers of Customs of the Ports of Bristol and Gloucester;—

To the Medical Officers of Health of the said Port Sanitary Authorities;—

To all Masters of Ships;—

To all Pilots;—

And to all others whom it may concern.

Whereas We, the Local Government Board, are empowered by Section 130 of the Public Health Act, 1875, as amended by the Public Health Act, 1896, from time to time to make, alter, and revoke such Regulations as to Us may seem fit with a view to the treatment of persons affected with Cholera or any other epidemic, endemic, or infectious disease, and preventing the spread of Cholera and such other diseases as well on the seas, rivers, and waters of the United Kingdom, and on the high seas within three miles of the coasts thereof, as on land; and to provide for the enforcement and execution of such Regulations;

And whereas by Section 1 of the Public Health Act, 1896, it is enacted that Regulations of the Local Government Board made in pursuance of Section 130 of the Public Health Act, 1875, or in pursuance of that Section, as extended to London by the Public Health (London) Act 1891, may provide for such Regulations being enforced and executed by the Officers of Customs and the Officers and men employed in the Coastguard as well as by other authorities and officers, and without prejudice to the generality of the powers conferred by those Sections may provide for—

(a) The signals to be hoisted by vessels having any case of epidemic, endemic, or infectious disease on board; and

(b) So far as they apply to officers or men employed in the Coastguard, of the Admiralty; and

(c) So far as they apply to signals, of the Board of Trade.

And whereas by sub-section (1) of Section 1 of the Public Health Act, 1904, it is enacted as follows:—

“1.—(1) The power of making regulations under the Public Health Act, 1896, and

the enactments mentioned in that Act, shall include the power of making regulations authorising measures to be taken for the prevention of danger arising to public health from vessels arriving at any port, and for the prevention of the conveyance of infection by means of any vessel sailing from any port, so far as may be necessary or expedient for the purpose of carrying out any treaty, convention, arrangement, or engagement with any foreign country, and the regulations may in particular provide for the recovery of any expenses incurred in disinfection and of any charges authorised to be made by the regulations for the purpose of those regulations or any services performed thereunder, and also for any powers and duties under the regulations being executed and performed by local authorities:

“Provided that the regulations shall not be made except after consultation with the Board of Trade.”

And whereas by an Order dated the 24th day of April, 1897 (hereinafter referred to as “the Order of 1897”), We made Regulations with regard to the Port of Gloucester and ships bound to that Port and coming or being within the Port of Bristol, with a view to the treatment of persons affected with Cholera, Yellow Fever, or Plague, and for preventing the spread of any of those diseases, and with respect to the signals to be hoisted by ships infected with Cholera, Yellow Fever, or Plague;

And whereas by a General Order dated the 9th day of September, One thousand nine hundred and seven, We made Regulations with regard to the treatment of persons affected with Cholera, Yellow Fever, or Plague, and for preventing the spread of any of those diseases, and with respect to the signals to be hoisted by ships infected with Cholera, Yellow Fever, or Plague, and Declared that those Regulations should apply and have effect throughout England and Wales, except as regards the Port Sanitary Districts of Bristol and Gloucester, Harwich and Ipswich, and Liverpool and Manchester;

And whereas it is expedient that the Order of 1897 should be revoked, and that other Regulations should be made as hereinafter mentioned;

And whereas the Commissioners of His Majesty's Customs and the Board of Trade have respectively signified their consent to the Regulations hereinafter set forth so far as they respectively apply to the Officers of Customs and to signals, and the said Regulations, so far as they apply, to any matter in respect of which We are empowered by the Public Health Act, 1904, to make Regulations, have been made after consultation with the Board of Trade.

Now therefore, We do hereby revoke the Order of 1897, except in so far as it may apply to any proceedings now pending, and We do, by this Our Order, and in the exercise of the powers conferred on Us by the Public Health Act, 1875, the Public Health Act, 1896, and the Public Health Act, 1904, and every other power enabling Us in that behalf, make the following Regulations with regard to the said Ports of Bristol and Gloucester and ships arriving from a foreign port and bound to the Port of Bristol, or to the Port of Gloucester and coming or being within the Port of Bristol, and Declare that the said Regulations shall apply and have effect as regards

(2.) No person (other than an Officer of Customs or a person acting in the execution of this Order) shall leave a ship moored or anchored in pursuance of subdivision (1) of this Article until the examination hereinafter mentioned has been made.

(3.) The Medical Officer of Health of the Bristol Port Sanitary Authority shall, as soon as possible after a ship moored or anchored in

(8.) The Medical Officer of Health of the Bristol Port Sanitary Authority shall, in the case of every ship certified to be an infected ship or a suspected ship, give such directions, and take such steps as may appear to him to be necessary, for preventing the spread of infection, and the Master of the ship shall forthwith carry into execution all such directions as are so given to him.

(9.) In the event of a death from Cholera, Yellow Fever, or Plague taking place on board a ship detained under subdivision (1) of this Article, the Master shall, as directed by the Bristol Port Sanitary Authority or the Medical Officer of Health of that Authority, either cause the dead body to be taken out to sea, and committed to the deep, properly loaded to prevent its rising, or shall deliver the dead body into the charge of the said Port Sanitary Authority, who shall thereupon cause it to be otherwise lawfully and properly disposed of.

(10.) The Master shall cause any clothing or bedding or any other article of personal use which is likely to retain infection, and which has been used by any person who has suffered from Cholera or Plague on board a ship detained under subdivision (1) of this Article, or who, having left the ship, has suffered from Cholera or Plague during the stay of the ship in any Port, to be disinfected or destroyed; and if the Master has neglected to do so before the ship arrives in port, he shall forthwith, upon the direction of the Bristol Port Sanitary Authority or the Medical Officer of Health of that Authority, cause the aforesaid clothing, bedding, or other article to be disinfected or destroyed, as the case requires.

(11.) The Master shall cause those parts of a ship detained under subdivision (1) of this Article which have been used as quarters by a person suffering from Cholera or Plague, or which, in the opinion of the Medical Officer of Health of the Bristol Port Sanitary Authority, are infected with Cholera or Plague to be disinfected.

Medical Officer of Health [or Medical Practitioner appointed or employed by the Port Sanitary Authority.]

NOTE.—The expression "Suspected Ship" means a ship which has had on board during the voyage or during the stay of the ship in the port of departure or in a port in the course of the voyage a case of Cholera, Yellow Fever, or Plague, but which has not had on board a fresh case of Cholera or Plague within a period of seven days, or of Yellow Fever within a period of eighteen days, prior to the time of its arrival from a foreign port. (3.) Where the Medical Officer of Health of the Bristol Port Sanitary Authority or the Medical Officer of Health of the Gloucester Port Sanitary Authority, as the case may be, is satisfied and certifies in writing that compliance with the requirements of this subdivision is necessary as a precaution against the introduction or spread of Plague, the Master of a ship bound to the Port of Gloucester and coming or being within the jurisdiction of the Bristol Port Sanitary Authority or of the Gloucester Port Sanitary Authority, as the case may be, which ship, though not certified to be an infected ship or a suspected ship by reason of Plague, has come from or has, during the voyage, called at a port infected with Plague, shall, at and within such time as the said Medical Officer of Health by his certificate prescribes, and under the direction and to the satisfaction of the said Medical Officer of Health, employ suitable means for the effectual destruction of the rats in the ship.

The Bristol Port Sanitary Authority or the Gloucester Port Sanitary Authority shall repay all expenses which their Medical Officer of Health may certify in writing to have been reasonably incurred by the Master for the purpose of compliance with the requirements of this subdivision.

are rats infected with Plague, or in which there is or has been during the voyage an unusual mortality among rats shall, under the direction and to the satisfaction of the Medical Officer of Health of the Bristol Port Sanitary Authority or the Medical Officer of Health of the Gloucester Port Sanitary Authority, as the case may be, take all such precautions or employ all such means for effectually stopping the access of rats from the ship to the shore, as in the opinion of the Medical Officer of Health are measures reasonably necessary for the prevention of danger arising to public health from the ship.

(3.) Every certificate of the said Medical Officer of Health for the purposes of this Article shall be in duplicate, and one copy shall be delivered by the said Medical Officer of Health to the Master and the other copy shall be retained by the Medical Officer of Health, or shall be transmitted by him to the Port Sanitary Authority whose officer he is.

Article XV.—(1.) The Bristol Port Sanitary Authority or the Gloucester Port Sanitary Authority shall repay all expenses which their Medical Officer of Health may certify in writing to have been reasonably incurred by the Master of a ship which has not been certified to be an infected ship or a suspected ship by reason of Yellow Fever, for the purpose of compliance with the requirements of this subdivision.
