Whitehall, January 20, 1943.

The KING has been pleased to award the Edward Medal to Mr Walter Russell, Mine Captain of the Adowsena Mine, Gold Coast, in recognition of his gallantry in the following circumstances:—

On the 6th November, 1941, a heavy fall of rock occurred at one of the stopes of the Mine, trapping

six native labourers. Mr Russell's conduct in the rescue operations was exemplary. Without assistance he rescued two of the trapped natives, and with the help of two other Europeans working in relays, rescued two others alive after working for two hours. After a further four hours' search the dead body of a fifth native was recovered. The search was continued for the sixth native until the Mines Inspector prohibited it on account of the danger. The slightest movement of the mass of rock might have caused a wholesale collapse of the roof, and yet it was necessary to cut away the rock in order to release two of the men. A further fall of rock did occur just after Mr Russell started the rescue work, but this did not deter him.
