MINISTRY OF LABOUR

H.M. Factory Inspectorate,
 19 St. James's Square, London S.W.1.
 10th August 1961.

H.M. Chief Inspector of Factories has appointed Dr. J. D. McDonald to be appointed Factory Doctor under the Factories Acts, 1937 to 1959 for the Hawes District of the County of Yorkshire.

11th August 1961.

H.M. Chief Inspector of Factories has appointed Dr. J. J. H. Eastwood to be appointed Factory Doctor under the Factories Acts, 1937 to 1959 for the Littlehampton District of the County of Sussex.

DRAFT SPECIAL REGULATIONS

Factories Acts, 1937 to 1959

In pursuance of section 129 of, and the Second Schedule to, the Factories Act, 1937, the Minister of Labour hereby gives notice that he proposes to make special regulations applicable to chemical works imposing a requirement that a responsible person shall always be available during working hours to summon an ambulance or other means of transport if needed in cases of accident or illness. The draft regulations will replace a requirement that the occupier shall provide and maintain an ambulance unless he has made arrangements for one to be obtained.

Copies of the draft regulations which are entitled: "The Chemical Works Ambulance (Amendment) Regulations, 1961," may be obtained from H.M. Stationery Office at the addresses shown on the last page of this Gazette or through any bookseller.

Any objection to the draft regulations by or on behalf of persons affected must be sent to the Minister on or before 13th September 1961.

Every objection must be in writing and state—

- (a) the specific grounds of objection; and
- (b) the omissions, additions, or modifications asked for.

Objections should be addressed to the Secretary, Ministry of Labour, 8 St. James's Square, London S.W.1.

The Minister of Labour hereby gives notice that on 15th August 1961 by virtue of the powers conferred on him by sections 17, 46, and 60 of the Factories Act, 1937, section 8 of the Factories Act, 1948, section 27 of the Factories Act, 1959, and of all other powers enabling him in that behalf, he made the Construction (Lifting Operations) Regulations, 1961 (1961 No. 1581) and the Construction (General Provisions) Regulations, 1961 (1961 No. 1580) after publishing, pursuant to the Second Schedule to the said Act of 1937, notice of the proposal to make the said special regulations and after the holding of an inquiry under the Schedule into objections made to the draft special regulations.

These regulations are designed for the protection of persons employed both above and below ground. The Construction (Lifting Operations) Regulations impose requirements as to the construction, use and examination of lifting appliances, lifting gear and lifting tackle used for the purposes of building operations and works of engineering construction. The Construction (General Provisions) Regulations require the appointment of safety supervisors in firms employing more than 20 persons, the provision of safe working places and means of access to them, and contain requirements as to the safety of excavations, shafts, tunnels, caissons, and as to the operation of vehicles, precautions in demolition work and a number of other matters. They also make it an offence to sell or let on hire prime movers and other machines which are not secured fenced as required by the regulations.

In the case of building operations these regulations replace similar requirements in the Building (Safety, Health and Welfare) Regulations, 1948.

Copies of the regulations which come into force on 1st March 1962, can be obtained from Her Majesty's Stationery Office or through any bookseller.

In pursuance of section 129 of, and the Second Schedule to, the Factories Act, 1937, the Minister of Labour hereby gives notice that he proposes to make special regulations applicable to blast furnaces, copper mills, iron mills, foundries and metal works and to sawmills and factories in which articles of wood are manufactured, imposing requirements that a responsible person shall always be available during working hours to summon an ambulance or other means of transport if needed in cases of accident or illness. The draft regulations will replace requirements that the occupier of a factory where 500 or more persons are employed shall provide and maintain an ambulance unless he has made arrangements for one to be obtained.

Copies of the draft regulations which are entitled: "The Blast Furnaces and Saw Mills Ambulance (Amendment) Regulations, 1961", may be obtained from H.M. Stationery Office at the addresses shown on the last page of this Gazette or through any bookseller.

Any objection to the draft regulations by or on behalf of persons affected must be sent to the Minister on or before 13th September 1961.

Every objection must be in writing and state—

- (a) The specific grounds of objection; and
- (b) The omissions, additions, or modifications asked for.

Objections should be addressed to the Secretary, Ministry of Labour, 8 St. James's Square, London S.W.1.
