### HONOURS AND AWARDS

#### CENTRAL CHANCERY OF THE ORDERS OF KNIGHTHOOD

St. James's Palace, London S.W.1.  
29th March 1968.

The QUEEN has been graciously pleased to make the following appointment to the Royal Victorian Order:

*To be a Knight Commander :*  
(To be dated 26th March 1968)

Sir George Phillips COLDSTREAM, K.C.B., Q.C.

#### CENTRAL CHANCERY OF THE ORDERS OF KNIGHTHOOD

St. James's Palace, London S.W.1.  
29th March 1968.

The QUEEN has been graciously pleased, on the advice of Her Majesty's Canadian Ministers, to give orders for the undermentioned awards of the British Empire Medal.

*Awarded the British Empire Medal for Gallantry  
(Civil Division)*

(To be dated 16th March 1968)

Robert DIXON, Constable, Metropolitan Toronto Police Force.

Edward HILL, Constable, Metropolitan Toronto Police Force.

Following an alarm given after an armed robbery, Police Constables Dixon and Hill saw a car similar in description to the escape vehicle. They gave chase and caught up with the suspect car but the driver ignored orders to stop. Constable Dixon fired one revolver shot at the suspect vehicle which then stopped. Dixon approached the right side of the car ordering the men to come out with their hands up. Constable Hill left the police car and as he approached the other vehicle he saw one of the suspects fire two shots at Dixon, seriously wounding him. He ran toward the front of the suspect car and another man pointed a gun at him; Hill immediately fired and the suspect fell. When Hill went to Dixon's assistance he saw the suspect he had shot lying beside a second hold up man who had been shot by Dixon. The third man ran away, firing a shot at Hill as he did so but he was captured a few minutes later in possession of a fully loaded revolver.

Percival BUCHANAN, Forest Ranger, Tabusintac, New Brunswick.

A car was driven through a bridge railing into a river, Mr. Buchanan one of the first persons on the scene, jumped fully clothed into the water which was

approximately seven feet deep and full of ice. The temperature was below zero and he quickly became exhausted from the cold but managed to get back to the shore. When someone claimed to have seen air bubbles coming from the car Mr. Buchanan started back with a flashlight. He tied a rope around himself and started swimming toward the car. The rope was not long enough so he let it go. He actually entered the car through the open window but due to the darkness and loss of feeling he was not able to locate a body. Mr. Buchanan was in the icy water for at least twenty minutes and when he emerged he could not walk or talk and had to be helped up the bank and into a car. His clothes were frozen and he had lost all feeling in his body. Eventually the car was towed ashore and the body recovered.

## GAS ACTS

### NORTHERN GAS BOARD

*Gas Charges*

Notice is hereby given that the Gas Prices and Tariffs set out below will take effect from the date of the first meter reading due on or after 1st April 1968, and continue in force thereafter until further notice; they will replace those now in operation within the area supplied by the Board.

These new prices and tariffs are subject to the Conditions (including the supplementary charges and discount provisions) specified hereunder and such conditions shall be deemed to be incorporated in and to form part of the new prices and tariffs.

*All purpose tariff*

The following commodity and primary charges apply to any one consumer in any one premises:

1. The commodity charges are:

<i>Therms per Quarter</i>	<i>Price in Pence per Therm</i>
First 13	35
Next 13	32
All in excess of 26	21

2. The primary charge for each consumer having a credit meter is 6s. 6d. per quarter and is irrespective of the quantity of gas (if any) consumed. For each consumer having a prepayment meter the primary charge is 6d. per therm on the first 13 therms per quarter.

**Optional Two-Part Tariff**

Each consumer shall pay a quarterly standing charge of 42s. 3d. irrespective of the quantity of gas (if any) consumed and a commodity charge calculated as follows:

The first 1,000 therms per quarter at 18d. per therm.

All in excess of 1,000 therms per quarter at 16d. per therm.

The quarterly standing charge is on the basis of a single supply afforded through only one service pipe or meter. A supply to one premises through more than one service pipe or meter may nevertheless be treated as a single supply if the consumer so wishes and notifies the Board in selecting this tariff, provided that in such event the quarterly standing charge will be increased by 23s. in respect of each additional service pipe or meter through which gas is supplied and that the consumer will receive a single quarterly account for the total standing and commodity charges.

**Conditions**

1. A consumer is charged on the All Purpose Tariff until he elects to be charged on the Two-Part Tariff. Having selected the Two-Part Tariff, he may subsequently revert to the All Purpose Tariff subject to Condition 2. The selection of a tariff can be effected only by completing and delivering to the Board one of the standard forms available for that purpose at all gas showrooms.

2. Any consumer who elects to be charged under the Two-Part Tariff must continue to be charged on that basis for at least four consecutive quarters unless either he vacates the premises before the end of that period or the operation of the tariff is terminated by the Board under Condition 5.

3. A supplementary charge of 2d. per therm will be payable in respect of all gas supplied under any tariff through prepayment meters to cover the additional inherent costs associated with such supplies.

4. An additional supplementary charge of 1d. per therm will be payable in respect of all gas supplied under any tariff through prepayment meters to consumers for whom the Board provides fittings or apparatus.

5. Where the supply is afforded through a prepayment meter any deficiency in the amount of money in the meter must be met in cash either at the time of collection or by payment within seven days thereof at an office of the Board. Failure to do so, or, in the case of a credit consumer, failure to pay any gas account on the date specified for payment will entitle the Board to terminate the operation of the Two-Part Tariff without notice until a maximum period of twelve months has elapsed and all outstanding gas charges have been paid.

6. All credit consumers' gas accounts are due and payable within 28 days of being rendered. Accounts will normally be rendered quarterly but the Board reserves the right, at its discretion, to render monthly accounts.

7. No apportionment of the commodity charges in the All Purpose Tariff is made for periods of less than a quarter.

8. Each consumer is responsible for the safe custody of all meters, fittings and apparatus owned and provided upon his premises by the Board and for the restoration of all damage thereto, fair wear and tear excepted. Where gas is supplied through a prepayment meter, it is also a condition that the consumer is responsible for the safe custody of monies lying therein, and liable to make good to the Board on demand any deficiency in such monies. Only current coins of the Realm may be placed in a prepayment meter and all monies so placed thereupon become the property of the Board.

9. **Public Lighting**—Upon the termination of any special agreement relating to gas supplied for public lighting purposes, charges for gas supplied thereafter for such purposes will be in accordance with the All Purpose Tariff, but will be subject to a special discount of 20 per cent. on payment by the specified discount date. The Two-Part Tariff does not apply to gas used for public lighting purposes but, as an alternative to the foregoing, any Public Lighting Authority may elect to be charged for gas supplied in any quarter for such purposes at a flat rate of 24d. per therm.

10. **Special Agreements**—Special terms based upon guaranteed annual minimum quantities over a period of years and in certain defined circumstances are available.

11. **Discount per Prompt Payment**—A discount of 2½ per cent. on all charges for gas (including the primary charge in the All Purpose Tariff and the standing charge in the Two-Part Tariff) will be allowed to:

- (i) all consumers who take and pay for gas by prepayment meter, and
- (ii) all other consumers (including public lighting authorities and consumers with special supply agreements) whose accounts are paid by the discount date specified thereon (which date will normally be twenty-one days from the issue of such accounts) or referred to in their special agreement.

**Maximum Charge for Re-selling Gas Supplied by the Board**

In accordance with Paragraph 17 of the Third Schedule to the Gas Act 1948, the Board gives notice that the maximum charge for re-selling gas supplied by the Board shall be 36d. per therm.

The new maximum charge comes into effect on 1st July 1968 and replaces the charges specified in an Order of the Board dated 8th December 1949.

Dated this 26th day of March 1968.
