The appointed members of the Authority may co-opt the general manager for the time being of the Authority to serve as a member of the Authority during such period as may be specified by the appointed members at the time of co-optation: provided that, notwithstanding the terms of his co-optation, the general manager shall cease to be a co-opted member if he ceases to be the general manager of the Authority.

Ancillary provisions enable the Minister to judge the suitability of a nominee and if necessary to refuse a nomination and request the nomination of another person, and further, if any nomination is not made to the Minister's satisfaction, she may make the appointment after consultation with the National Ports Council.

and for the payment by the Authority as a consideration to the Medway Lower Navigation Company of an amount to be agreed between the Authority and the Company, or, in default of such agreement, by arbitration, which amount shall be that which the Company's undertaking in relation to the Company's navigation might have been expected to realise if it were sold as a going concern on the day of transfer in the open market; for the repayment to Queenborough-in-Sheppey Corporation by the Authority of loan charges, subject to certain provisions; for payments to the Corporation by the Authority in respect of stores transferred by the Scheme and capital expenditure incurred by the Corporation for the purposes of the harbour of Queenborough; for the recovery and apportionment of debts of the Corporation; for carrying on of the undertakings of transferring authorities; for the inspection of books; for the dissolution of the Commissioners of the Faversham Navigation, the Conservators of the River Medway and the Conservators of Milton Creek, and for the terminal audit of their accounts; and for the payment of dividends and interest by, the receipts for payments to, and the cost of winding-up of the Medway Lower Navigation Company.

5. The transfer to the Authority of the full-time staff employed by the transferring authorities wholly or mainly in connection with any of the transferred harbours with provisions to ensure that transferred staff who enter the Authority's service shall do so on terms and conditions no less favourable than those on which they were previously employed.

6. The provision by the Authority of pension schemes for their staff with an obligation to provide pension rights for the transferred staff no less favourable than the pension rights of their previous employment, with provision for financial adjustment between the Authority and the Queenborough-in-Sheppey Corporation.

7. Provision for the determination of questions as to whether terms of service or pension rights are favourable, and for payment of removal or travelling expenses if the Authority consider it necessary, in the interests of their more efficient organisation or administration, to require an officer or servant to work at a place other than that at which he worked before the transfer.

8. Provision requiring the Authority to ensure the existence of machinery which will enable the conclusion of agreements concerning the conditions of employment of the Authority's staff and their safety, health and welfare.

9. The imposition on the Authority of a general duty to take such steps as they may consider necessary for the conservancy, maintenance and improvement of the port, and the conferment upon them of general powers accordingly and for the Authority and the harbour master to exercise jurisdiction within the limits of the port. A duty is also imposed on the Authority to take such steps as may be necessary for the maintenance of so much of the Port as comprises the creek, the Faverham navigation and the harbour of Queenborough (all as defined in the Scheme) in a condition not less efficient, safe and commodious than they are at the commencement of the Scheme.

10. For the Authority to appropriate lands and works for particular trades, persons, vessels, or goods, to lease warehouses and other property, use warehouses as bonded warehouses and issue certificates of goods deposited in a warehouse or place specially appropriated for the purpose in the port.

There is also provision giving the Authority a power of temporary borrowing. Ancillary provisions provide a saving for the powers of the Treasury and give the Authority power to charge interest to capital, to carry to a reserve fund such parts of their receipts on revenue account as shall be available until the fund amounts to £1 million and to establish an insurance fund if they think fit.

18. The establishment and maintenance by the Authority of a superannuation scheme.

19. The annual auditing of the accounts of the Authority by an auditor appointed by the Authority.

20. For any mortgages charged on the revenues of a transferring authority to take effect as mortgages created or issued by the Authority charged on the revenues and property of their total undertaking and for the holders thereof to enjoy and be subject to the same rights, liabilities and incidents against and in relation to the transferring authority as if the Scheme had not been confirmed.

21. The liability of any of the transferring authorities under the National Ports Council Provision of Funds Scheme 1965 to pay any sum for which a demand has been issued to them under article 3 of that scheme to become the liability of the Authority.

22. Provision for the Authority to make general byelaws and also particular byelaws relating to lights, signals and dangerous goods. Ancillary provisions deal with the confirmation of the byelaws and fines imposed thereunder.

23. Miscellaneous provision for persons offending against or committing any breach or contravention of any provision in connection with the Scheme to make good any damage they may thus directly or indirectly cause, for the removal of parked motor vehicles in certain circumstances, and the preservation of Crown rights.

Notice is hereby given that an application is being made to the Essex River Authority by the West Suffolk Water Board (hereinafter called "the Board"), whose head office is at Linden House, 147 Kings Road, Bury St. Edmunds, Suffolk, for a licence to abstract the following quantities of water from underground strata (chalk) at the following points of abstraction:

- Not more than 52,000 gallons in any 1 hour,
- Not more than 468,000 gallons in any 1 day of 24 hours reckoned from midnight to midnight, and
- Not more than 115,500,000 gallons in any 1 period of 12 months,

at the boreholes at the position indicated by Ordnance Survey National grid map co-ordinate TL 889392 in the Parish of Little Cornard in the Rural District of Melford, West Suffolk.

The reason for this application is that although the Board at present enjoy certain Licences (Numbers 8/36/15/19 and 8/36/15/88) which authorise the abstraction of water at existing boreholes at the position mentioned above, the quantities of water now applied for—which daily and annual quantities are additional to those already authorised—are needed for public water supply purposes, and will be used to meet increasing demands made on the Board which arise principally from the town expansion scheme in the Sudbury and Great Cornard area. The quantities now applied for will bring the total abstraction at this source up to the maximum capacity of the existing plant.

A copy of the application and of any map, plan or other documents submitted with it may be inspected
