to this notice have been assigned on a map deposited in the Library at the Department of Energy, Thames House South, Millbank, London, SW1P 4QJ. The blocks in respect of which The British National Oil Corporation ("BNO") will be operator are identified by an asterisk in Schedule 1 aforesaid. The map may be inspected by prior appointment (tel: 01-211 3394) between 0930 and 1700 hours Mondays to Fridays until 17 November 1978. Copies of the map may also be inspected by prior appointment at the offices of the Offshore Supplies Office of the Department of Energy, Alhambra House, 45 Waterloo Street, Glasgow, G2 6AS (tel: 041-221 8777, extension 286); and at Inverlair House, West North Street, Aberdeen (tel: 0224 21757); and also at the Welsh Office, Cathays Park, Cardiff, CF1 3NQ (tel: 0222 28066 extension 326); and at the Department of Commerce, Chichester House, 64 Chichester Street, Belfast, BT1 4JX (tel: 0232 34488 extension 418). Applications should be submitted in the form specified in Schedule 3 to the Petroleum (Production) Regulations 1976, as amended by the Petroleum (Production) (Amendment) Regulations 1978. Copies of the form may be obtained from the Petroleum Production Division of the Department of Energy, Thames House South, Millbank, London, SW1P 4QJ.

2. Applications should be delivered during normal business hours up to 1200 hours on 20 November 1978 to the Petroleum Production Division of the Department of Energy at Thames House South, Millbank, London, SW1P 4QJ, together with a remittance in respect of the appropriate application fee. Applicants should indicate any preference which they attach to the blocks to which their application relates, and should indicate if blocks are applied for as alternatives. Applicants should note that the Secretary of State will only entertain applications for blocks specifically identified in the application, and drawn from those listed in Schedule 1 to this notice.

3. Licences will be granted on the basis that BNO, or one of its subsidiaries, is from the grant of the licence a co-licencee entitled to a 51 per cent. share in all the benefits of the licence, except:

- (a) where it is jointly agreed by the Secretary of State, BNO and the prospective co-licencees that BNO's share shall be greater than 51 per cent.; or
- (b) where the British Gas Corporation ("BGC") or a subsidiary of that Corporation is also to be a co-licencee, in which case the combined share to be held in the licence by BGC or its subsidiary, and BNO or its subsidiary, shall together total 51 per cent. or such greater percentage as may be agreed; or by the Parties mentioned in (a) above; or
- (c) where the Secretary of State decides to grant a licence solely to BNO, BGC or one of their subsidiaries.

4. The consideration required in respect of production licences granted as a result of this invitation will be:

- (a) in respect of the first period of 4 years of the licence a non-recurrent fee payable upon the grant of the licence of £100 for each square kilometre comprised in the licensed area; and in respect of any second period of three years, a non-recurrent fee payable at the end of the fourth year of £150 for each square kilometre comprised in the continuing part;
- (b) in respect of the first year after the expiry of the second period (on exercise of the option to continue as to the remaining period of the licence) the sum of £250 for each square kilometre in the continuing part; in respect of the second year £500, and similarly by annual increments of £250 until an annual sum of £3,750 will be payable for each square kilometre comprised in the licensed area;
- (c) a royalty at the rate of 12½ per cent., either in kind or by value on all quantities of petroleum won and saved.

Licences granted may be subject to special conditions governing the notice required for, and the timing and circumstances of, operations carried out thereunder.

5. Applicants will be judged against the background of the continuing need for expeditious, thorough and efficient exploration to identify oil and gas resources of the U.K. Continental Shelf, and the following factors will be particularly borne in mind when examining applications:

- (a) technical competence to undertake a programme of exploration and production;
- (b) capability to produce funds commensurate with work programme obligations in respect of initial exploration

and the extent of access to adequate funds in the event of a commercial discovery being made;

- (c) where the applicant already holds or has held a licence, his overall performance to date in meeting licence obligations;

SCHEDULE 2

GUIDELINES AS TO MATTERS TO BE INCLUDED IN JOINT OPERATING AGREEMENTS

PART A

The Operator

1. Initially, the appointment of the operator shall require the agreement of all the prospective licensees: but thereafter such appointment will be by vote of the Operating Committee. Subject to giving appropriate notice, the operator is to have the right to resign at any time and the operating committee is to have the right to remove the operator at any time. All appointments of the operator are subject to the approval of the Secretary of State.

The Operating Committee

2. An operating committee shall be established to exercise overall supervision and control of all operations conducted under the licence. Such committee shall consist of one representative appointed by each licensee. Each licensee shall have a voting interest equal to its interest in the licence. Unless otherwise agreed by BNOC all meetings of the Operating Committee and any related Committees shall be held in Glasgow.

Decisions of the Operating Committee

3. Decisions of the operating committee shall be made by the affirmative vote of the licensees. The percentage of votes required for decisions shall be agreed upon by all the prospective licensees but must be within the range 52 per cent. to 75 per cent. provided that BNOC is not to be able, solely by the use of its majority vote, to commit other members of the operating committee to expenditure.

Surrender of Licensed Area

4. In respect of any decision of the operating committee relating to compulsory relinquishment of part of the licensed area, BNOC will not use its vote to frustrate the unanimous wishes of the other licensees desiring to continue the licence. The agreement is not to contain assurances or undertakings between the co-licensees as to future involvement in surrendered acreage or unlicensed blocks.

Work Programmes and Budgets

5. The operating committee shall decide upon the programmes of work to be carried out under the licence and the budgets therefor. In the case of any exploration or appraisal programme and budget which is approved by the operating committee, all parties shall be bound to participate and accordingly there will be no right of non-consent. In the case of any development programme and budget which is approved by the operating committee, each party shall have the right within a reasonable period to decide whether or not to participate. Subject to paragraph 6 below, each party will be liable for its share of costs and obligations.

Sole Risk

6. In the event of the operating committee failing to approve a proposed programme of work, or a party deciding not to participate in a development programme and budget approved by the operating committee, any party shall be free to carry out such work at sole risk provided it does not interfere with joint operations and provided the sole risk party agrees to indemnify the non-sole risk parties against all claims and proceedings brought by any third party arising out of the sole risk operation. The sole risk arrangements shall enable non-sole risk parties to re-join the venture at any time up to the point at which the Secretary of State consents to the commencement of any development works relevant to the production of petroleum in respect of that venture. In the event of BNOC deciding not to take part in any development, it shall nevertheless be entitled to be represented at all meetings at which that development is discussed and to receive all data and information relating to that development. BNOC will not however be entitled in respect of its equity interest to a share in the petroleum produced from that development, nor to a share in the ownership of assets relevant to that development, nor to a vote on matters arising in respect of that development.

Detailed Financial Arrangements

7. The operating agreement is to include arrangements for the detailed financial management of the licence activities, such as the dates on which the licensees' contributions are to become due, provisions for default in such contributions and accounting and auditing procedures.

Assignments

8. In the event of the Secretary of State directing either BNOC or BGC to assign its interest in the licence to the other corporation or to any of its or the other's subsidiaries, BNOC and BGC will be entitled so to assign its interest. BNOC is to have the first option as to all or any part of any assignment of interest (other than to an affiliate) proposed by any of its co-licensees. All assignments are subject to the approval of the Secretary of State.

Public Announcements

9. Where BNOC is not the operator, BNOC is to have the right to assume joint responsibility with the operator for the preparation and making of all public announcements and statements concerning the licence activities.

BNOC's Involvement in Joint Operations

10. Where BNOC is not the operator, BNOC is to have the right, with the concurrence of the operator:

- to second personnel to the operator for work on the joint operations; and
- itself to undertake on behalf of the operator any tasks which have been approved by the Operating Committee.

PART B*Carried interest for BNOC*

11. On each block where it is operator, BNOC will meet its share of exploration and appraisal costs of operations in which it participates, as they are incurred.

12. Where BNOC's co-licensees are to meet all or part of its share of exploration and appraisal costs the following arrangements are to apply:

(a) BNOC's rights as a full equity licensee are not to be diminished in any way by reason of such carried interest;

(b) BNOC will not pay any costs or be liable for any obligations which would otherwise be attributable to the share for which it is being carried, except and to the extent that it elects to participate in any development programme. If BNOC does so elect, it will reimburse the share of costs incurred in relation to the block on which the development is to be undertaken which it would have paid if it had not been carried and will pay its share of the costs of the development programme. Reimbursement will be made in sterling or, where exchange control rules permit, any other freely convertible currency, at BNOC's option. BNOC will pay interest on the costs reimbursed. Interest should be calculated from the date of expenditure to the date of payment on a simple and not compound basis. The rate (rounded down to the nearest $\frac{1}{4}$ th) should be:—

(i) in the case of sterling—whichever is the lower of the average National Westminster Bank's Base Rate and the average 3 month London Inter-Bank Offered Rate (LIBOR) for the quarter preceding the quarter in which the expenditure was incurred; and

(ii) in the case of all other currencies—whichever is the lower of the average 7 day and the average 3 month LIBOR for the quarter preceding the quarter in which the expenditure was incurred.

(c) BNOC will reimburse its co-licensees within 30 days of the time at which it elects to join in a development. Such election must be made within 90 days of the date on which the Operating Committee approves a development programme in a form suitable for submission to the Secretary of State.

BNOC's Options to Purchase and/or Sell Oil and Natural Gas Liquids

13. Where BNOC is to have the option to purchase and/or sell oil and natural gas liquids the following arrangements are to apply:

(a) BNOC will give at least six months written notice of its intention to purchase and at least twelve months notice of its intention to sell (as the case may be). The option is to come into effect on the expiry of the notice; and

(b) the price payable or receivable by BNOC shall be the market price. The method for determining the market price shall be as set out in Part C of this Schedule.

PART C*Market Price*

14. (a) Market Price means, in respect of any grade of crude oil or natural gas liquid, the price per barrel which would from time to time be arrived at in arm's length transactions between a willing buyer and a willing seller of the grade of crude oil or natural gas liquid in question.

(b) In assessing the Market Price, account shall be taken of similar transactions involving the grade in question or any comparable grade (due allowance being made for quality and location in the case of a comparable grade) having regard to all other relevant factors and any other evidence available to the parties.

15. Not less than 45 days prior to the commencement of each quarter in which oil or natural gas liquids are to be lifted, BNOC shall advise its co-licensee(s) of its proposed Market Price for that quarter. If such proposed Market Price is not acceptable to the co-licensee(s), the co-licensee(s) and BNOC will consult together to agree upon the Market Price for the crude oil, or natural gas liquid, as appropriate. Provision is to be made in the operating agreement for reference to an independent expert if agreement is not reached by 30 days prior to the commencement of the relevant quarter.

16. In the event that at the commencement date of any quarter the Market Price shall not for any reason have been established in accordance with the foregoing provisions, the price payable pending the establishment of such Market Price shall be whichever is the higher of:

(i) the Market Price (if any) most recently established between BNOC and the co-licensee(s); and

(ii) the arithmetic mean of the prices proposed by BNOC and the co-licensee(s) for such quarter.

Within seven days after the Market Price has been established for the relevant quarter an adjusting payment shall be made by BNOC or by the co-licensee(s) (as the case may be) together with interest on such amount from the due date of payment.

PART D*Interpretation*

17. References in the preceding parts of this Schedule to BNOC shall, where appropriate, include references to any subsidiary company of BNOC and in paragraphs 11 and 12 shall, where appropriate, also include references to BGC or to any subsidiary company of BGC.

(e) between a point 3 metres north of its junction with the north side of Karen Avenue in a southerly direction to its southern end.

(2) *Karen Avenue*

(i) between its junction with the east side of Lower Drayton Lane and a point 10 metres east of that junction.

(ii) the north side between a point 20 metres east of its junction with the east side of Lower Drayton Lane and a point 28 metres east of that junction.

(4) *Jervis Road*, the south side between its junction with the west side of Twyford Avenue and a point 50 metres west of that junction.

B. *Prohibition of Waiting, Monday to Saturday, 8 a.m. to 6 p.m.*

Norway Road, north side, from a point 308 feet east of its junction with Gunstone Road in an easterly direction for a distance of 20 metres.

Reasons for the Proposed Order

Norway Road, the additional prohibition of waiting during the working day outside the premises of United Services Garages on the north side of Norway Road will provide easy access for heavy vehicles using their two adjacent entrances.

Lower Drayton Lane, the proposed prohibition of waiting at any time in Lower Drayton Lane will ease present traffic congestion, which occurs during the day caused by vehicles parking on both sides of the road in a "staggered" fashion. This part of Lower Drayton Lane is the access road to the S.E.B. Depot, and the neighbouring Tarmac site and is constantly used by heavy vehicles throughout the day; with parking restricted to one side of the road only, a clear path will be made for these vehicles using the access road.

Jervis Road, vehicle processions associated with weddings and funeral services held at St. Saviours Church in Jervis Road have insufficient room to stop without obstructing the carriageway due to parked vehicles on the south side of Jervis Road.

The prohibition of waiting at any time on the south side will provide sufficient room for vehicles in both directions when a procession stops at the Church.

Inspection of Plan and Draft Order

Full details of the above proposals are in the draft Order which, together with a plan and a statement of the Council's reasons for proposing to make the Order, may be examined at—

The City Engineer's Department, Civic Offices, Guildhall Square, Portsmouth, Monday/Thursday, 9 a.m.-1 p.m., 2.15 p.m.-5 p.m., Friday, 9 a.m.-1 p.m., 2.15 p.m.-4 p.m.
