Kensington, June 20.

This Day the Chevalier d'Abreu, charged with the Affairs of the King of Spain, had his first private Audience of His Majesty; to which he was introduced by the Right Honourable Sir Thomas Robinson, Knight of the Bath, one of His Majesty's Principal Secretaries of State, and conducted by Charles Cottrell, Esq; Assistant Master of the Ceremonies.

Constantinople, May 5. The Grand Seignior has not only ordered all the Treasure of the Governor of Damascus to be seized, but also turned him out of his Post, and confined him in a Tower on the Borders of the Black Sea. The Reason given for his Sublime Highness's acting in this severe Manner, is, the repeated Complaints he has received of the extravagant Demands and Extortions exacted by that Governor from the Christians who passed through his Province in their Way to Jerusalem, or any other Part of Palestine.

Moscow, May 13. On Saturday last her Imperial Majesty returned to this City from *Troitzka*, and this Morning she went to the Monastery of Jerusalem, where she proposes to spend some Days. The Great Prince and Great

Princess intend to set out for *Petersbourg* towards the End of this Week, but the Day of the Empress's Departure is not absolutely fixed. The Regiments of Foot of *Ouglitzkoi* and *Tschernigoffskoi*, are on their March from *Nerva* to *Petersbourg*, in order to embark in the Gallies that are equipping there by her Imperial Majesty's Order.

Naples, May 21. Their Majesties and the whole Court continue at *Portici*, where several extraordinary Councils have lately been held upon Dispatches received from *Madrid* and *Parma*. Cardinal *Sersale*, our new Archbishop, is daily expected here from *Rome*, several of his Domesticks, and great Part of his Equipage, being already arrived.

Milan, May 28. Count *Christiani*, Great Chancellor of this Dutchy, proposes to set out in a few Days for *Vaprio*, where he is appointed to regulate, with the Venetian Commissary, certain Limits in Dispute in *Istria* and *Frioule*. The Duke of *Modena* is expected here towards the Middle of next Month, and they are already making Preparations for his Reception.

Dresden, June 4. The King's Departure for *Poland* being fixed for the 17th Instant, most of the Foreign Ministers are preparing to follow his Majesty.

Bonn, June 10. The Elector our Sovereign has received an Account from *Munich*, that the Princess, Spouse to Duke *Clement* of *Bavaria*, was delivered of a Prince on the 1st Instant, who died within half an Hour after its Birth: She had gone but seven Months of her Time.

Brussels, June 10. The Canal from *Bruges* to *Ghent* is almost finished, and will certainly be very advantageous, not only to those two Places, but to all the neighbouring Country. The Duke of *Ahrenberg*, who went lately to *Luxembourg*, to assist at the Assembly of the States of that Dutchy, and to make some Propositions to that Assembly on Behalf of the Empress Queen, is returned here from thence, extremely satisfied with the Execution of the Commission with which he was charged.

Paris, June 14. The King, who has been for some Time at *Crecy*, went from thence to *Verailles*

[Price Two-Pence.]

Verfailles on Monday last. The Departure of the Court for Compiègne is fixed for the first of next Month; but as Madame the Dauphine is far advanced in her Pregnancy, she is advised not to undertake that Journey. They write from Madrid, that the Squadron, which has been for some Time fitting out at Barcelona, is sailed from that Port for the Place of its Destination.

Hague, June 18. We are informed by an Express from Oranje-Woud, that her Royal Highness the Princess Governante, accompanied by the young Prince Stadtholder, and the Princess Caroline, arrived there on Saturday last, in perfect Health. The States of Holland and Westfrizeland separated last Friday. M. vanden Clooster has taken the usual Oaths to their High Mightinesses the States General, in Quality of Major General of Foot; as has M. Bruce to the Council of State, to qualify him for the Post of Lieutenant Colonel of the Regiment of Spoke. Her Royal Highness the Princess Governante has been pleased to appoint Baron Ootmarsum, to be High Bailiff of the Quarter of Twente, in the Room of Count Charles Bentinck, who has obtained her Royal Highness's Leave to resign that Employment; and M. Raesfeld is appointed High Bailiff of Haxbergen and Diepenheim. M. Berkenrode, Ambassador from this Republick to the Court of France, set out on Sunday last in the Afternoon for Paris; but 'tis said he has Orders to stop at Brussels for some Days.

IN the Year 1752 I was called to a Girl about eighteen Years
 of Age, by her Father, who told me she had lost her Speech
 twenty-four Hours. I found the Girl had no perceptible Pulse,
 and I could but just perceive her to breathe, except sometimes
 when she fetch'd a deep Sigh. Her Eyes were fixed, and her
 Extremities cold. In this deplorable Situation, I endeavour'd to
 get down some of Dr. James's Fever Powder, mixed with a
 little Treacle. After several Attempts, she took the Quantity
 of a Quarter of a Paper. I found that in half an Hour she grew
 warmer, I could just perceive a Pulsation at the Wrist, and she
 breathed with Difficulty; soon after this she moved her Eyes,
 and in less than an Hour puk'd once, and then asked to drink.
 I gave her some Gruel, and half a Paper more of Powder (her
 Pulse was at this raised and quick). After taking this Dose
 she fell asleep, and a gentle Sweat came on her! And in about
 two Hours she awaked, had a Stool, and brought away several
 Worms of different Sizes. She complained of no Pain, except
 in her Belly. I now left her, with Directions to give her a
 Quarter of a Paper of Powder every six Hours; to keep her from
 getting Cold, and to give her Gruel to drink. She took four
 Doses of the Powder as above-mentioned, and sweated greatly
 for thirty Hours, during which Time she had several fetid Stools,
 and brought off a very great Number of Worms, some dead, but
 most of them alive. From this Time she began to recover, and
 in three Weeks was able to walk up a Hill, which a Difficulty
 of Breathing for six Months before had prevented her from doing.
 I gave her an Ounce of Elixir Proprietatis, to take some of
 it Morning and Evening. Her Stomach came to her, and she
 was perfectly well in five Weeks Time.
