at LARNE PORT until further notice or unless the licence is revoked by the Department.

*J. G. Shannon,*

Authorised by the Head of the Department.

Date: 19th July, 1985.

##### Conditions attaching to this licence

#### DEPARTMENT OF AGRICULTURE FOR NORTHERN IRELAND ANIMAL HEALTH CONDITIONS FOR THE IMPORTATION OF CATTLE (OTHER THAN FOR IMMEDIATE SLAUGHTER) FROM GREAT BRITAIN

NOTE: These conditions apply to cattle born in the British Isles or imported into Great Britain and domiciled there for at least 6 months.

1. Landing must take place at the Port of Larne, between 0900 and 1830 excepting Saturdays and Sundays and certain public holidays. Two working days notice of landing must be given to the Portal Inspection Centre, Larne (Tel. Larne 73470) or alternatively Portal Inspection Office, Belfast (Tel. Belfast 221950).
2. Immediately after landing, imported cattle must be moved direct to the Department's Reception Centre at Redlands Road, Larne, and must remain in the Centre until cleared by the Veterinary Officer in charge. Movement from the Centre will be subject to a movement permit issued by or on the authority of the Veterinary Officer at the Centre.
3. Cattle being exported to Northern Ireland must be not less than 15 days of age at time of export.
4. The cattle being imported must be accompanied by a health certificate giving details of individual ear numbers, description, breed, sex and age of the animals to which it relates, and signed by a Veterinary Officer appointed by the Ministry of Agriculture Fisheries and Food.
5. The health certificate referred to at 4 above must certify as follows:
 

(NOTE: Where the health history of herds or individual animals or statements with regard to residency or movements are certified, the statements must be correct so far as it is possible to determine, and where applicable, on the basis of official records.)

5.1 The herd from which the cattle are being exported to Northern Ireland is a herd —

5.1.1 which is not under any official restriction in respect of any notifiable or officially controlled disease which could affect cattle;

5.1.2 which is Officially Tuberculosis free;

5.1.3 \*which is Brucellosis Free

OR

\*which is Officially Brucellosis Free.

\*delete whichever does not apply.

5.1.4 In which there has been no evidence of Johne's Disease during the 3 year period immediately preceding the date of export.

5.1.5 In which there has been no evidence of Trichomonas fetus infection or Campylobacter fetus sub-species venerealis infection during the 12 month period immediately preceding the date of export.

5.1.6 In which there has been no clinical evidence of Infectious Bovine Rhino-tracheitis during the 12 month period immediately preceding the date of export.

5.1.7 In which there has been no evidence of Enzootic Bovine Leucosis throughout the 3 year period immediately preceding the date of export.

5.1.8 In which all cattle 24 months of age and over at the time of testing were subjected to an Agar Gel Immuno-diffusion Test (A.G.I.D.T.) for E.B.L. not more than 12 months before the date of export, with negative results in the case of every animal tested.

5.2 Any other herd in which the cattle to be exported have been kept during the 12 months preceding the date of export was a herd which at the time when the animals were moved out of that herd met the requirements at 5.1 above.

5.3 With regard to any female cattle described in the schedule of this certificate,

5.3.1 No permanent incisor teeth have erupted (broken through the gum) when inspected at the time of export.

5.3.2 Not earlier than 30 days prior to the date of export they were subjected to an examination, including rectal examination for evidence of pregnancy and in the opinion of the examining veterinarian were not pregnant,

OR

5.3.4 They were of Officially Brucellosis Free status,

5.4 The cattle to be exported have not been vaccinated against Brucellosis, Tuberculosis, Johne's Disease or I.B.R./I.P.V.

5.5 None of the cattle referred to at 5.6 below has ever given a positive result to a serological test for I.B.R./I.P.V.

5.6 All the cattle to be exported/all those cattle from which the cattle to be exported were finally selected at the time of export/were isolated in separate air space(s) as remote as possible from any other livestock for a period of not less than 30 days immediately preceding the date of export. Certification with regard to isolation may be given on the basis of observations at the time of visits to take blood samples for pre-export tests and a written declaration by the owner.

5.7 During the 30 day pre-export isolation period all the cattle in isolation as required at 5.6 above were subjected to the following tests, with negative results in the case of every animal.

5.7.1 Serum Agglutination test for Brucellosis (negative means a count of less than 30 i.u./ml.).

5.7.2 A Single Comparative Intradermal Tuberculin Test.

5.7.3 An Agar Gel Immuno-Diffusion Test for E.B.L.

5.7.4 A Complement Fixation Test for Johne's Disease (negative means less than 50% fixation at a dilution of 1 in 4).

5.7.5 A serum neutralisation test for Infectious Bovine Rhinotracheitis/Infectious Pustular Vaginitis (I.B.R./I.P.V.). (Negative means no neutralisation when undiluted serum is tested against 100 tcid 50 of virus - permitted range, 30 - 300 tcid 50. The blood samples for this test were taken not sooner than the 21st day of the pre-export isolation period.)

5.8 To best of knowledge and belief the animals being exported were born in the British Isles or have been domiciled in Great Britain for at least 6 months.

5.9 The cattle were transported direct from the place of isolation to the actual place of embarkation without coming into contact with animals not similarly certified, by transport vehicles which had first been cleansed and disinfected with an officially approved disinfectant, and they have kept separate from animals not similarly certified up to the time of embarkation.

5.10 Within 24 hours of the time of loading all the cattle described in the schedule of this certificate were clinically examined and their identification marks were seen to be clear and as stated on the schedule and the cattle were found to be free from any evidence of infectious or contagious disease including ectoparasitism or lesions of ringworm and were in all respects healthy and fit to travel.

#### DEPARTMENT OF AGRICULTURE FOR NORTHERN IRELAND ANIMAL HEALTH CONDITIONS FOR THE IMPORTATION OF SHEEP (OTHER THAN FOR IMMEDIATE SLAUGHTER) FROM GREAT BRITAIN

NOTE: These conditions apply to sheep born in the British Isles or imported into Great Britain and domiciled there for at least 6 months.

1. Landing must take place at the Port of Larne between 0900 and 1830 excepting Saturdays and Sundays and certain public holidays. Two working days notice of landing must be given to the Portal Inspection Centre, Larne, (Tel. Larne 73470) or alternatively Portal Inspection Office, Belfast (Tel. Belfast 221950).
2. Immediately after landing, imported sheep must be moved direct to the Department's Reception Centre at Redlands Road, Larne, and must remain in the Centre until cleared by the Veterinary Officer in charge.
3. Sheep being imported must be clearly and permanently identified by means of an individual tattoo and/or ear tag.
4. The sheep being imported must be accompanied by a health certificate giving details of individual tattoo and/or ear tag, description, breed, sex and age of the animals to which it relates, signed by a Veterinary Officer appointed by the Ministry of Agriculture, Fisheries and Food.
5. The health certificate referred to at 4 above must certify that so far as can be determined, and where applicable on the basis of official records:
  - 5.1 The flock of origin of the sheep to be exported has been in existence as an identifiable flock throughout the 3 year period immediately preceding the date of export, and during all of that period has remained separate from all other flocks.

#### AND THAT:

- 5.9 During the pre-export isolation period referred to at 6.8 above, all the isolated pigs were subjected to the serological tests detailed below, with negative results in the case of every pig tested:
  - 5.9.1 Two separate E.L.I.S.A. or Serum Neutralisation Tests for Aujeszky's Disease, the two blood samples for which were taken with an interval of not less than 21 days.
  - 5.9.2 A Serum Neutralisation Test for Transmissible Gastro-Enteritis, the blood sample for which was taken not less than 21 days after the commencement of the pre-export isolation period.

(In the case of the Serum Neutralisation Tests referred to at sub-paragraphs 5.9.1 and 5.9.2 above negative means no neutralisation when undiluted serum is tested against 100 tcid<sub>50</sub> of virus - permitted range 30 - 300tcid<sub>50</sub>).

- 5.2 No sheep other than sheep born in and retained since birth in the British Isles or which have been imported through the official G.B. import procedures, at least 6 months prior to the date of export, have been present in the flock.
- 5.3 The flock/premises of origin is not subject to any official restriction for disease control purposes.
- 5.4 There has been no evidence in the flock of origin during the 3 year period immediately preceding the date of export of:
- 5.4.1 Enzootic Abortion of Ewes. (Chlamydia infection).
  - 5.4.2 Scrapie.
  - 5.4.3 Johne's Disease.
  - 5.4.4 Jaagziekte.
  - 5.4.5 *Campylobacter fetus* sub-species *fetus* infection.
  - 5.4.6 Maedi Visna (certification as at this sub-paragraph is not required if 5.5 below is certified).
- 5.5 The flock of origin is fully accredited under the Ministry of Agriculture Fisheries and Food Maedi-Visna Accredited Flocks Scheme, and the sheep to be exported are not subject to any isolation requirement or movement restriction under the rules of that scheme.

## OR

- 5.6 Not more than 3 months before the date of export all the sheep in the flock/premises of origin over 12 months of age at the time of the test, were subjected to an A.G.I.D.T. or E.L.I.S.A. for Maedi-Visna with negative results in the case of every animal tested.

NOTE: Exceptionally, where a flock of origin is one which is dispersed over an extensive area D.A.N.I. may give consideration to accepting a test of adult sheep forming the "in-by" group from which the sheep to be exported will have been selected. Also where all the sheep in the flock of origin are of native breed D.A.N.I. may consider accepting a test of a percentage of the flock of origin. Approval must have been sought from, and given in advance by D.A.N.I. where either or both of these options is/are to be exercised.

- 5.7 All sheep for export to Northern Ireland were born in the flock of origin or were imported direct into that flock from Northern Ireland or the Republic of Ireland or in the case of sheep from other countries have been domiciled in the G.B. flock for at least 6 months.

- 5.8 All the sheep to be exported/all those sheep from which the sheep to be exported were finally selected at the time of export were isolated from all other livestock throughout the 30 day period immediately preceding the date of export.

NOTE: If the sheep to be exported have been exhibited at a show or sale, they may be collected and held on a holding premises throughout the 30 day period immediately preceding the date of export, where they must be kept isolated from any sheep not of the same status. (Certification with regard to isolation may be given on the basis of observations at the time of visits to take blood samples for pre-export tests and a written declaration by the owner.)

- 5.9 During the 30 day pre-export isolation period referred to at 5.8 above all the isolated sheep were subjected to an E.L.I.S.A. or A.G.I.D.T. for Maedi-Visna with negative results in the case of every sheep tested.

NOTE: The test referred to in this sub-paragraph is not required if 5.5 is certified.

- 5.10 A written declaration has been received from the owner/exporter or his agent, stating that not

more than 10 days before the date of export the sheep to be exported were dipped, using a dip officially approved for the prevention/treatment of Sheep Scab.

- 5.11 The sheep to be exported were moved direct from the premises of isolation to the actual place of embarkation without coming into contact with animals not similarly certified, by transport vehicles which had first been cleansed and disinfected with an officially approved disinfectant.

- 5.12 Within 24 hours of the time of loading all the sheep described in the schedule of this certificate were clinically examined and their identification marks were seen to be clear and as stated in the schedule and the sheep were found to be free from any evidence of infectious or contagious disease including foot rot, ectoparasitism or ringworm and were in all respects healthy and fit to travel. They have been kept separate from animals not similarly certified.

From: Belgium, Denmark, Federal Republic of Germany, France, Italy, Luxembourg, Netherlands, Republic of Ireland and Greece

At: Belfast, Larne and Warrenpoint Ports  
Belfast International and Harbour Airports  
Belcoo, Clonmacken, Corry, Mullennan,  
Newry and Strabane Border Crossing Points.

Until further notice or unless the licence is revoked by the Department.

This licence revokes a licence issued on 5th March, 1984, in respect of eviscerated poultry carcasses imported from the Republic of Ireland.

J. G. Shannon,

Authorised by the Head of the Department

Dated: 25th July, 1985.

#### Conditions attaching to this licence

1. Consignments must be despatched in sealed containers; the container number and seal number must be quoted on the certification.

2. Each consignment must be accompanied by a certificate in the form prescribed in Directive 77/99/EEC endorsed to the effect that the products have been treated in accordance with the terms of Directive 80/215/EEC Art 4(1).
3. The products must be shipped in cartons marked to indicate their contents.
4. Two working days notice of arrival of the container in Northern Ireland must be given to the Portal Supervisor at Crown Buildings, 5A Frederick Street, Belfast (Telephone Belfast 244711 ext 296 or 297 or Belfast 221950).
5. On arrival of the consignment at the port/airport in Northern Ireland and before onward movement the certification in respect of the consignment must be presented to and cleared by an Imports Inspector of the Department.
6. The seal applied to the container in the exporting country must be intact on arrival in Northern Ireland. If the consignment is examined en route to Northern Ireland by Customs/Port Health the container must be resealed and the documents endorsed accordingly.
7. Any products imported under this licence must be made available for inspection by an Officer of the Department at any place nominated by him. The importer or his agent shall afford all assistance necessary to such an officer to enable him to carry out the inspection.

(Note)—Consignments must comply with the requirements of the Imported Food Regulations (Northern Ireland) 1984.

## DEPARTMENT OF HEALTH AND SOCIAL SERVICES

### THE SUPPLEMENTARY BENEFITS (NORTHERN IRELAND) ORDER 1977

Notice is hereby given that in pursuance of powers conferred on it by Articles 6(1) and 19(1) and 2(a) of the Supplementary Benefits (Northern Ireland) Order 1977 and of all other powers enabling it in that behalf, the Department of Health and Social Services for Northern Ireland has made regulations entitled The Supplementary Benefit (Trade Disputes and Claims and Payments) (Amendment) Regulations (Northern Ireland) 1985 (S.R. 1985 No. 176).

These regulations amend the Supplementary Benefit (Trade Disputes and Recovery from Earnings) Regulations (Northern Ireland) 1980 to allow payment for funeral expenses to strikers who necessarily assume responsibility for funeral expenses and where they have no other means of meeting them. They also amend the Supplementary Benefit (Claims and Payments) Regulations (Northern Ireland) 1981 to provide backdating provisions in relation to statutory sick pay on the same lines as the existing provisions for benefits under the Social Security (Northern Ireland) Act 1975.

Copies of the regulations may be purchased from the Government Bookshop, 80 Chichester Street, Belfast BT1 4JY.

### THE IMPORTED FOOD (NORTHERN IRELAND) REGULATIONS 1984

#### Health Mark : Australia

The Department of Health and Social Services after consultation with the Minister of Agriculture, Fisheries and Food and the Secretary of State for Wales gives notice that, in exercise of the powers conferred on it by the Imported Food (Northern Ireland) Regulations 1984, it hereby recognises, subject to the conditions hereinafter set out, the health marks described in Part 1 of the Schedule hereto for the importation from Australia of meat and meat products as showing:—

- (a) that the fresh meat to which they relate, or the meat from which the meat product to which they relate was prepared, was derived from mammals or birds inspected before and immediately after death and passed in accordance with criteria satisfactory to the Department; and
- (b) that the dressing, packing and other preparation of the fresh meat or meat product was carried out with all necessary precautions for the prevention of danger to health.

1. Recognition of the health mark is extended to include:—

For bovine animals: sheep, goats and solipeds: whole (skinned) heads, which have been split for inspection purposes, brains, tongues and cheek meat (internal and external masseters).

For swine: whole (skinned or scalded and depilated) heads, which may have been split for inspection purposes, brains, tongues and cheek meat (internal and external masseters).

2. The said health marks are recognised subject to the following conditions:—

- (i) recognition applies only to meat and meat products imported from Australia but does not apply to any such meat and meat products derived from mammals or birds killed when wild.
- (ii) where the health marks are in the form of stamps or labels, recognition will apply only if the stamps or labels have not in any other circumstances or on any other occasion been used as a health mark.

Recognition of the health marks is restricted to the extent shown in Part 2 of the Schedule hereto.

The Notice published in the Belfast Gazette dated 5 October 1984 is hereby revoked.

#### NOTE :

*Imports of meat and meat products (including poultry meat) into Northern Ireland are restricted or prohibited under Diseases of Animals legislation by the Department of Agriculture and applications for such importations must be made to that Department. Official Certificates for public health purposes in accordance with the Imported Food (Northern Ireland) Regulations, 1984, do not confer any exemption from these restrictions or prohibitions.*

## DEPARTMENT OF THE ENVIRONMENT

An application for Listed Building Consent has been made in respect of Re-roofing and internal structural alterations at 40 Main Street, Scarva, and extension to Church Hall at Scarva Street/Meeting Street Hall, Banbridge.

Written comments may be made to the Divisional Planning Officer at Marlborough House, Central Way, Craigavon, within 14 days from the date of the advertisement.

The Department of the Environment has made a Statutory Rule entitled the Motor Hackney Carriage (Londonderry) (Amendment) Bye-Laws (Northern Ireland) 1985 (S.R. 1985 No. 157).

This Rule, which comes into operation on 5th August, 1985, amends the bye-laws relating to taxis standing or plying for hire made by the Londonderry Council on 28th May, 1963, by providing 5 additional taxi stands at William Street, Londonderry.

Copies of this Statutory Rule may be obtained from the Government Bookshop, 80 Chichester Street, Belfast BT1 4JY.

The Department hereby gives notice of its intention to make an Order under Article 40 of the Roads (Northern Ireland) Order 1980 the effect of which would be to abandon a length of approximately 62 metres of Grampian Street extending in a generally westerly direction from its junction with Grampian Avenue in the City of Belfast.

The length of road proposed to be abandoned is delineated on a map which, together with a copy of the draft Order, may be inspected free of charge at all reasonable hours during the period from 26th July, 1985, to 30th August, 1985, at the Department's Roads Service Headquarters, Room 215, Commonwealth House, 35 Castle Street, Belfast BT1 1GU, and the Department's Development Office, Clarendon House, 9-21 Adelaide St., Belfast.

Any person may within the said period object to the proposal by written notice to Roads Service Headquarters at the above address stating the grounds of objection.

J. Cowan, Assistant Secretary.

Dated 16th July, 1985.

The Department hereby gives notice of its intention to make an Order under Article 40 of the Roads (Northern Ireland) Order 1980 the effect of which would be to abandon a length of approximately 34 metres of superseded Route DR543, Factory Road, in the town of Enniskillen and County of Fermanagh.

The length of road proposed to be abandoned is delineated on a map which, together with a copy of the draft Order, may be inspected free of charge at all reasonable hours during the period from 2nd August, 1985, to 10th September, 1985, at the Department's Roads Service Headquarters, Room 215, Commonwealth House, 35 Castle Street, Belfast BT1 1GU, and the Department's Divisional Roads Service Section Office, Castle Barracks, Enniskillen.

Any person may within the said period object to the proposal by written notice to Roads Service Headquarters at the above address stating the grounds of objection.

J. Cowan, Assistant Secretary.

Dated 16th July, 1985.

The Department of the Environment has made a Statutory Rule under Article 3 of the Road Races (Northern Ireland) Order 1977 entitled the Road Races (Crumlin Kart Race) Order (Northern Ireland) 1985 (S.R. 1985 No. 173).

This Order permits the Mid-Antrim Motor Club Limited as promoter of the Crumlin Kart Race 1985 to use for that event the roads named below by suspending the right of way of other traffic between 1.00 pm and 6.00 pm on 3rd August, 1985.

The Roads affected are:—

Lower Main Street (B12) from its junction with Cidercourt Road to its junction with Canning Grove.

Canning Grove from its junction with Lower Main Street (B12) to its junction with Cidercourt Road.

Cidercourt Road from its junction with Canning Grove to its junction with Lower Main Street (B12).

In effect this Order temporarily closes these roads.

Notice is hereby given that the Department of the Environment by virtue of the powers conferred on it by the Roads (Northern Ireland) Order 1980, has made an Order dated 10th July, 1985, entitled Route A1 Belfast Road, Newry (Abandonment) Order (Northern Ireland) 1985 (SR No. 171), which will come into operation on 19th August, 1985.

Copies of the Order may be obtained from Roads Service Headquarters, Room 215, Commonwealth House, 35 Castle Street, Belfast BT1 1GU.
