Attention is called to the fact that, while, under the provisions of the above Act, the Committee must in every case referred to them consider whether the goods should bear an indication

Minute determining the conditions upon which repayment of Loans before their due date will be accepted by the Ministry of Finance.

PURSUANT to Section 2 (2) of the Exchequer and Financial Provisions Act (Northern Ireland), 1926, the Ministry of Finance, hereby determines that in order to protect the capital account of the Government Loans Fund from losses in respect of the redemption of Ulster Loans Stock, the amounts which will be accepted on account of the principal of loans issued from the Government Loans Fund in advance of the date or dates at which, in accordance with the terms agreed to by the borrower at the time when the loan was made, the principal of such loans falls due for payment, shall be calculated in accordance with the following Table:—

When the average market price of Ulster Loans 4½% Stock 1945/75, seven days prior to date of repayment does not exceed	Cash to be repaid in respect of each £100 borrowed between 21st November, 1921, and 31st July, 1929.	When the average market price of Ulster Loans 5% Stock 1950/60 seven days prior to date of repayment does not exceed	Cash to be repaid in respect of each £100 borrowed after 1st August, 1929.
