

Conditions Attaching to this Licence

1. Landing must take place at the Port of Larne, between 0900 hours and 1830 hours Monday to Thursday and 0900 and 12 noon Friday or at Newry Border Post between 0800 hours and 1600 hours Monday to Thursday and 0800 hours and 12 noon Friday.

NOTE: Cattle must not be imported on the appropriate days for the following Public Holidays:

New Year's Day
St. Patrick's Day
Easter
May Bank Holidays
12th and 13th July
August Holiday
Christmas Day
Boxing Day

2. One working day's notice of landing including the total number of cattle must be given to the Portal Inspection Centre, Larne (Tel: Larne 273470) or alternatively to the Portal Inspection Office, Belfast (Tel: Belfast 324681).

3. The cattle being imported must be accompanied by a valid health certificate and a schedule giving details of the individual ear numbers, breed, sex and date of birth of the animals to which it relates, the registration of the vehicle in which the animals are being transported to Northern Ireland and signed by a Local Veterinary Inspector appointed by the Ministry of Agriculture, Fisheries and Food.

4. The Health Certificate referred to at 3 above must certify that:

- 4.1 The herd from which the cattle are being exported to Northern Ireland is officially Tuberculosis and Brucellosis free in accordance with Directive 64/432.

- 4.2 Either

- (a) —the herd of origin of the animals is a herd which is EBL free within the meaning of Art. 2(S) of Directive 64/432 as amended by Directive 90/422 and

—within 30 days prior to export all animals more than 12 months old for export to Northern Ireland have given a negative reaction to an individual test for EBL carried out in accordance with Annex G of Directive 64/432 as amended by Directive 90/422, or

- (b) —the animals come from a herd in which there has been no evidence of EBL during the previous 2 years, and,

—bear a special mark which has been approved by an authorised officer of the Ministry of Agriculture, Fisheries and Food, and

—are under 30 months of age and are intended for fattening.

- 4.3 BSE

either a declaration has been received from the owner/exporter stating that the animals have not come from a herd which has shown evidence of BSE in the last 2 years, or,

a declaration has not been received.

- 4.4 JOHNE'S DISEASE

—the cattle for export to Northern Ireland have not been vaccinated against Johne's Disease, and

—the herd from which the cattle are being exported to Northern Ireland and any other herd the animals have been in during the 12 months prior to export is a herd in which there has been no clinical evidence of Johne's Disease for the previous 2 years.

- 4.5 With 24 hours of export to Northern Ireland all cattle described on the certificate were clinically examined, were found to be free from evidence of infectious or contagious disease and were fit to travel, and their identification marks were seen to be clear and as stated on the schedule.

(NOTE: Where the health history of herds or individual animals or statements with regard to residency or movements are certified, the statements must be correct so far as it is possible to determine, and where applicable, on the basis of official records.)

5. All cattle must be transported to Northern Ireland without coming into contact with animals not subject to the same health certification, by transport vehicles which, prior to loading, have been cleansed and disinfected with an officially approved disinfectant.

6. Immediately after landing at Larne imported cattle must be moved direct to the Department's Reception Centre at Redlands Road, Larne, and must remain in the Centre until an animal movement licence authorising their movement to premises in Northern Ireland has been issued by or on the authority of the Veterinary Officer in charge of the Centre. The animal movement licence must accompany any animal leaving the Centre.

7. Cattle imported in accordance with 4.2(b) shall be taken directly from Larne Port to the Northern Ireland farm of destination where they shall be kept in isolation until such time as they go direct for slaughter, in accordance with Directive 64/432 as amended by Directive 90/422.

IMPORTATION OF ANIMALS ORDER
(NORTHERN IRELAND) 1986

Licence No.: DAN1/GEN/91:17

GENERAL IMPORT LICENCE

The Department of Agriculture for Northern Ireland in accordance with the terms of the above legislation hereby authorises subject to the conditions attaching to this licence the landing in Northern Ireland of: Cattle for Breeding from Great Britain Over 15 Days of Age at Larne Port until further notice or unless the licence is revoked by the Department.

This licence revokes and replaces Licence No. DAN1/GEN/88:38 dated 24th November, 1988.

Dated the 5th September, 1991.

J. G. Shannon,

Authorised by the Head of the Department.
