NOTICE UNDER SECTION 12(2) OF THE
TELECOMMUNICATIONS ACT 1984

Proposed modifications of the Conditions of the Licence of British Telecommunications plc ("BT")

The Director General of Telecommunications ("the Director") in accordance with section 12(2) of the Telecommunications Act 1984 ("the Act") hereby gives notice that he proposes to make modifications of the Conditions of the Licence granted under

section 7 of that Act to British Telecommunications by the Secretary of State on 22nd June, 1984, which has effect as if granted to BT.

The effect of the proposed modifications

The proposed modifications of the Conditions of the Licence would introduce a new provision, controlling the timing of certain price changes, into the existing main price control rule in BT's Licence (Condition 24A). The existing rule limits the extent to which BT may increase, or is obliged to reduce, the prices of certain main services in any year of the four years commencing on 1st August, 1993. The prices covered by that rule are exchange line connection and rental charges, and call charges (except those for calls from public call boxes, calls to information or entertainment services and calls to destinations in the cellular networks).

The new provision would have the effect of ensuring that where BT is required to *reduce* its prices in any year of the three years from that commencing 1st August, 1994, in accordance with Condition 24A of its Licence, the combined effect of the changes in individual controlled prices in that year should be equivalent to a single change made no later than 1st November.

A formula which converted all the price changes in a year into a single price change would be included in Condition 24A as the means of establishing whether or not BT had complied with the new provision.

If BT has made reductions in any year beyond those necessary to comply with Condition 24A the additional reductions will be taken into account in the immediately following year.

The reasons for the proposed modifications

The Director proposes to make these modifications of the Conditions of BT's Licence to ensure that consumers receive the benefit of price reductions earlier rather than later in the price control year.

The Director is required by section 12(2) of the Act to consider any representations or objections which are duly made and not withdrawn.

Representations or objections to the proposed modifications may be made in writing to:

Mr. P. Atkinson
Office of Telecommunications
50 Ludgate Hill
London EC4M 7JJ

no later than 1st August, 1994.

Copies of the proposed modifications may be obtained from the above address (telephone 071 634 8883).
