#### DISEASES OF ANIMALS (NORTHERN IRELAND) ORDER 1981

##### *Diseases of Animals (Importation of Poultry) Order (Northern Ireland) 1965*

Licence No.: DANI/GEN/94/30

#### GENERAL IMPORT LICENCE

The Department of Agriculture for Northern Ireland, in accordance with the terms of the above legislation, hereby authorises, subject to the conditions attaching to this licence, the

importation into Northern Ireland of: Breeding Racing Pigeons from Great Britain until further notice or unless the licence is revoked by the Department.

*Liam McKibben,*  
Authorised by the Head of the  
Department of Agriculture  
for Northern Ireland.

Date: 15th November, 1994.

#### CONDITIONS ATTACHING TO THIS LICENCE

1. The pigeons being imported must be accompanied by a veterinary health certificate completed by a private veterinary surgeon who holds an appointment as a Local Veterinary Inspector of the Ministry of Agriculture, Fisheries and Food, within 36 hours prior to export to the effect that:
  - (i) a written declaration has been received from the exporter that the pigeons (which must be identifiable as those described on the health certificate) had been on the exporter's premises throughout the 35 day period immediately preceding the date of export;
  - (ii) the pigeons to be exported together with all other birds on the exporter's premises were clinically inspected not more than 48 hours prior to the export and no clinical signs or symptoms of infectious or contagious disease were found and the pigeons to be exported were healthy and fit to travel;
  - (iii) after due enquiry, and to the best of my knowledge and belief, no case of infectious or contagious disease has occurred on the exporter's premises during the 6 week period preceding the date of export;
  - (iv) after due enquiry, having examined the relevant loft vaccination certificate and to the best of my knowledge and belief the pigeons identified in the schedule of the certificate are fully vaccinated against Paramyxovirus infection of pigeons using an officially approved inactivated vaccine in accordance with the vaccine manufacturer's instructions.
2. The container in which the pigeon(s) is/are imported must be constructed so as to allow an Imports Inspector to check the numbers and breeds of pigeon(s) contained therein. The container must either be new or thoroughly cleaned and disinfected and suitable for the purpose.
