subject to the following conditions:

1. Landing must take place at either the Port of Larne, Belfast Port or Ballycastle Harbour.
2. During transport the imported animals must not come into contact with animals that are not of the same health status. The animals must be transported in vehicles which have been cleansed and disinfected before use.
3. One working day's advance notice of importation must be given to the Department of Agriculture official at the destination slaughter premises, including the total number of animals to be imported.
4. The animals to be imported must be clearly and permanently identified by means of a tattoo and/or ear tag which permits tracing of their premises of origin and an indelible mark on their heads which identifies them as animals for slaughter.
5. The animals to be imported must be accompanied by a valid health certificate and a schedule giving details of the ear numbers, breed, sex and age of the animals to which it relates and the registration number of the vehicle in which the animals are being transported to Northern Ireland. The health certificate and schedule must be signed by a Local Veterinary Inspector appointed by the Ministry of Agriculture, Fisheries and Food.

7. Immediately after landing, the imported animals must be taken direct to the destination slaughter premises in Northern Ireland without coming into contact with any other animals. At the slaughter premises, the imported animals plus the health certificate(s) which accompanied the animals must be presented to an officer of the Department of Agriculture for Northern Ireland.
