ANNEX: STATEMENT OF THE NATURE OF AND REASONS FOR PROPOSED MODIFICATIONS TO THE INTERCONNECTOR LICENCE

Condition	Nature of proposed modification	Reason(s) for proposed modifications
Part I Terms of the Licence (Name of the licence holder)	The proposed modification is to reflect the change in name of the licence holder, from 'Eirgrid Interconnector Limited' to 'Eirgrid Interconnector Designated Activity Company'	According to the Companies Act 2014 all existing private companies limited by shares had the options of converting to one of the new company types: LTD or a designated activity company (DAC), during a transition period which ended in November 2016. The licence holder opted to convert to a DAC and its name therefore changed to EIDAC. This proposed change is required to reflect that change.
Section A, Condition 1 Interpretation and Construction	The Interconnector Licence presently envisages EIDAC being required to facilitate the provision of Ancillary Services if requested by the TSO in accordance with the Grid Code. The scope of the substantive obligation is, in effect, defined by the definition of "Ancillary Services". It is proposed to expand the definition of "Ancillary	The Grid Code sets out minimum requirements in terms of the ancillary services that the Interconnector is or will be required to provide. However, the Grid Code does not cover off all services that the Interconnector may provide, such as services in respect of the DS3 programme. Therefore, the Commission considers that it is no

Introduce definition for the term CACM Regulation.	longer appropriate to limit the definition to only the services mandated by the Grid Code. Proposed modifications to other licence conditions refer to the term CACM Regulation, therefore a definition is required.	Section A, Condition 1 Interpretation and Construction	Introduce definition for the term Interconnector Revenue.	This is because at I-SEM Go Live, a new dispute resolution process contained within the Harmonised Allocation Rules will come into force. Proposed modifications to other licence conditions refer to the term Interconnector Revenue, therefore a definition is required.
Section A, Condition 1 Interpretation and Construction	Introduce definition for the term Capacity Market Code.	Proposed modifications to other licence conditions refer to the term Capacity Market Code, therefore a definition is required.			Under I-SEM arrangements, the licensee's revenue streams will change to incorporate new sources (in particular, from Financial Transmission Rights, participation in the Capacity Market and from Ancillary Services). It is proposed, therefore, to introduce a definition for Interconnector Revenues which appropriately covers EIDAC's various revenue streams in the I-SEM.
Section A, Condition 1 Interpretation and Construction	Introduce definition for the term Companies Act.	The term Companies Act appears in the current version of the Interconnector Licence but is not defined anywhere in the licence. The proposed modification intends to rectify this oversight and ensure certainty as to how these provisions should be interpreted.			As outlined in further detail above, the proposed modification reflects the change in the licensee's name.
Section A, Condition 1 Interpretation and Construction	Introduce definition for the term Electricity Market Regulation.	Proposed modifications to other licence conditions refer to the term Electricity Market Regulation, therefore a definition is required.	Section A, Condition 1 Interpretation and Construction	Amend the definition of "Licensee".	The term Market Operator Licence is not used anywhere in the Licence; therefore, a definition is not required.
Section A, Condition 1 Interpretation and Construction	Introduce definition for the term FCA Regulation.	Proposed modifications to other licence conditions refer to the term FCA Regulation, therefore a definition is required.	Section A, Condition 1 Interpretation and Construction	Delete the definition of Market Operator Licence.	Proposed modifications to other licence conditions refer to the term Network Codes, therefore a definition is required. This is so EIDAC's obligations under the Interconnector Licence adequately refer to the wider sources of its legal obligations under the Electricity Market Regulation and its subsidiary network codes and guidelines.
Section A, Condition 1 Interpretation and Construction	It is proposed to introduce a definition for Financial Transmission Rights, as the proposed modification to Condition 15 (Capacity Utilisation) contains reference to this term.	Proposed modifications to other licence conditions refer to the term Financial Transmission Rights, therefore a definition is required. This is because under the new I-SEM arrangements, no longer will the licensee offer interconnector users physical capacity but will instead move to arrangements whereby Financial Transmission Rights are offered.	Section A, Condition 1 Interpretation and Construction	Introduce definition for the term Network Codes.	Proposed modifications to other licence conditions refer to the term Nominated Electricity Market Operator. As the EU framework envisages NEMOs
Section A, Condition 1 Interpretation and Construction	It is proposed to introduce a definition for Harmonised Allocation Rules.	Proposed modifications to other licence conditions refer to the term Harmonised Allocation Rules, therefore a definition is required.	Section A, Condition 1 Interpretation and Construction	Introduce definition for the term Nominated Electricity Market Operator. As the EU framework envisages NEMOs	therefore a definition is required.

Condition	Nature of proposed modification	Reason(s) for proposed modifications	Condition	Nature of proposed modification	Reason(s) for proposed modifications
	who are designated in one Member State having the ability to 'passport' their service offering into another Member State, this definition should be sufficiently wide to cover both any NEMO designated as such by the RAs in Ireland and Northern Ireland as well as any 'passporting' NEMO (which have been designated in other Member States).		Section A, Condition 10 Scheduling and Dispatch and Interconnector Transfers	include information concerning capacity and constraints of the Licensee's Interconnector. Amend the condition, including its title, to refer to 'scheduling and dispatch' rather than 'central dispatch'. A further modification is proposed to paragraph 1 to obligate the Licensee to have appropriate arrangements in place to ensure that all interconnector transfers for scheduling and dispatch are submitted in accordance with the SEM Trading and Settlement Code.	The proposed modification to paragraph 1 reflects the I-SEM related changes in processes related to interconnector transfers. The proposed changes in the terminology used in this condition aim to achieve closer alignment with the revised trading arrangements in the I-SEM and consistency with the Grid Code.
Section A, Condition 1 Interpretation and Construction	Amend the definition of SEM Trading and Settlement Code so that it refers to the specific section of the Act under which the Act is made.	The proposed modification updates the reference to the relevant section in the Act as this is more accurate than the current drafting. The SEM Trading and Settlement Code is defined in the Interconnector Licence by reference to the section of the Act under which it is developed. Presently, the definition refers to s9 of the Act, whereas the SEM Trading and Settlement Code is developed pursuant to s9BA (1) of the Act.	Section A, Condition 11 Ancillary Services	This condition presently requires the Licensee to facilitate the provision of Ancillary Services when requested by the TSO and in accordance with the provisions of the Grid Code. The proposed modification enables the Commission to direct the Licensee to facilitate the provision of ancillary services above the minimum requirements set out in the Grid Code.	The Grid Code sets out minimum requirements in terms of the ancillary services that the Interconnector is required to provide. However, it does not cover off all services that the Interconnector provides or will provide, such as services provided in respect of DS3. Therefore, it is no longer appropriate to limit the definition to only those services mandated in the Grid Code. The proposed modification seeks to provide an enhanced level of flexibility to enable the Commission to direct EIDAC to provide services over and above those set out in the Grid Code as it considers necessary.
Section A, Condition 6 Compliance with Codes	Introduce a new requirement requiring the licence holder to be party to and comply with the Capacity Market Code, insofar as applicable to it. It is also proposed to add the Capacity Market Code as one of the Codes that the licence holder is required to report to the Commission in terms of compliance.	Under the new I-SEM arrangements, the Interconnector will be eligible to participate in the Capacity Market. As such, it will be expected to accede to and comply with the Capacity Market Code (insofar as applicable to it). As such, this condition needs to be updated.			Amend condition to reflect the Licensee's obligations to auction Financial Transmission Rights on its interconnector, under revised trading arrangements in the ISEM.
Section A, Condition 9 Provision of Information to the Transmission System Operator, Distribution System Operator, or Market Operator	The proposed modifications extend the categories of entities to whom the Interconnector is obligated to furnish information, by including NEMOs and any transmission system operators licensed in the EU. It is also proposed to increase the granularity of the information furnished by the Licensee to	The proposed modifications permit the Licensee to provide information regarding the operation, capacity and constraints of the Interconnector to any person designated to perform the activities of a NEMO and TSOs licensed in the EU.	Section A, Condition 15 Capacity Utilisation	Amend condition so that the Licensee's obligation to make available the maximum capacity of the interconnector in compliance with safety standards is stipulated as being "as set out in any of the Network Codes and the Electricity Market Regulation".	Amend condition to reflect the Licensee's obligations to auction Financial Transmission Rights on its interconnector, under revised trading arrangements in the ISEM.

Condition	Nature of proposed modification	Reason(s) for proposed modifications	Condition	Nature of proposed modification	Reason(s) for proposed modifications
Section A, Condition 16 Dispute Resolution	Further amendment to obligate the Licensee to make available arrangements for the auctioning of Financial Transmission Rights, as required under legislation. This modification gives precedence to the dispute resolution process contained within the Harmonised Allocation Rules (HAR) over the existing dispute provisions in circumstances where the HAR provisions are engaged. This reflects the new arrangements from I-SEM Go Live.	At I-SEM Go Live, a new dispute resolution process contained within the HAR will come into force. As such, it is proposed that this Condition be modified to make the existing dispute resolution process subject to the new HAR provisions for those disputes which fall within the scope of the HAR.	Section B, Condition 19 Use of Revenues	Market Code in the list of arrangements under which the Licensee may be expressly permitted or required to disclose that information. It is proposed to amend paragraphs 1 and 2 to refer to the new defined term of "Interconnector Revenues", so as to capture sources of revenue other than those already set out in the condition. A further amendment to paragraph 2 creates the potential for Interconnector Revenues to be used for such purposes as may be directed by the Commission from time to time, as well as for the two existing acceptable purposes already stated in the condition which are to be retained.	Under the I-SEM arrangements, the Licensee's revenue streams will change to incorporate new sources. These are to be incorporated into the regulatory regime for the use of revenues created by this condition via the use of the new defined term "Interconnector Revenues". The proposed modification allows the Commission to allow such revenue to be used for such other purposes as it may be direct from time to time; this is to ensure that, going forward, in light of these new streams of revenue that adequate flexibility is built into the regulatory regime for the use of revenues.
Section A, Condition 17 Prohibited Activities	Modify condition to allow the Licensee to engage in the listed prohibited activities only in specific circumstances provided for in an explicit written consent granted by the Commission.	This mechanism is considered necessary under the revised trading arrangements in I-SEM where it may be reasonable to allow the Licensee to engage in a prohibited activity, for example where a physical trip of the Interconnector left the Licensee with an imbalance position in the I-SEM Balancing Market. In any request for permission to engage in a prohibited activity the Licensee shall clearly outline the rationale behind the request, and in any written consent the Commission shall clearly define the acceptable circumstances under which the Licensee may engage in such prohibited activity.	Section B, Condition 20, Access to the Licensee's Interconnector	It is proposed to modify paragraph 1 of this condition to oblige the Licensee to make the capacity of the interconnector available in accordance with arrangements made under CACM, the FCA regulations and their subsidiary methodologies (as well as in compliance with s34 of the Act).	The applicable rules for allocation of capacity after the I-SEM go-live date are set out in CACM and FCA Regulation (and their subsidiary methodologies); it is therefore appropriate to reference these in Condition 20(1) and (2) of the licence.
Section A, Condition 18 Restriction on Use of Certain Information	It is proposed to amend paragraph 1 and 4(b) (i) to include updated and accurate references to the sources of the obligations placed on the Licensee in respect of restrictions on use of information. It is proposed to update paragraph 4(c) to refer to the Capacity	The proposed modifications reflect the range of sources for the obligations placed on the Licensee in respect of use of certain information.	Section B, Condition 21 Application of Licence Condition 19 Schedule 2 Right of the Commission to Revoke this Licence	Condition 21 has been modified to reflect modifications to conditions 19 and 20. In addition, paragraph 2 has been amended to clarify the legislation referred to therein. Schedule 2 has been modified to reflect the new section numbers in the Companies Act 2014.	The proposed modifications to conditions 19 and 20 require amendments to condition 21. The proposed modifications reflect these modifications. The Companies Act 1963 has now been replaced by the Companies Act 2014 which requires these modification to be made.

Terms and Conditions Relating to Submission of Notices

The Gazette (which includes the London, Belfast and Edinburgh Gazette) is the Official Public Record and the United Kingdom's longest continuously published newspaper. It has been published by Authority since 1665. The Gazette publishes official, legal and regulatory notices pursuant to legislation and on behalf of the persons who are required by law to notify the public at large of certain information. For the avoidance of doubt all references to **"The Gazette"** shall include the London, Belfast and Edinburgh and any supplements to the Gazette, as well as all mediums, including the online and paper versions of the Gazette.

The Gazette is published by the Publisher (as defined below) under the authority and superintendence of the Controller of Her Majesty's Stationery Office at The National Archives. Notices received for publication can fall under the following broad headings:

Church, Companies, Education and Qualifications, Environment and Infrastructure, Health and Medicine, Money, Parliament and Assemblies, People, Royal Family and State. Further information can be found at www.thegazette.co.uk.

These terms and conditions ("**Terms and Conditions**") govern submission of Notices (as defined below) to The Gazette. By submitting Notices, howsoever communicated, whether at the website www.thegazette.co.uk (the "**Website**") or by email, post and/or facsimile, the Advertiser (as defined below) agrees to be bound by these Terms and Conditions. Where the Advertiser is acting as an agent or as a representative of a principal, the Advertiser warrants that the principal agrees to be bound by these Terms and Conditions. The Publisher reserves the right to modify these Terms and Conditions at any time. Such modifications shall be effective immediately upon publication of the modified terms and conditions. By submitting Notices to The Gazette after the Publisher has published notice of such modifications, the Advertiser, including any principal, agrees to be bound by the revised Terms and Conditions.

1 Definitions

1.1 In these Terms and Conditions: **"Advertiser"** means any company, firm or person who has requested to place a Notice in The Gazette, whether acting on their own account or as agent or representative of a principal; **"Authorised Scale of Charges"** means the scale of charges set out at in the printed copy of the Gazette or at <https://www.thegazette.co.uk/place-notice/pricing> as modified from time to time; **"Charges"** means the payment due for the acceptance of a Notice by the Publisher payable by the Advertiser as set out in the Authorised Scale of Charges; **"Local Newspaper Notice"** means any notice placed in a local newspaper rather than The Gazette; **"Notice"** means all advertisements and state, public, legal or other notices (without limitation) placed in The Gazette, save in respect of any Local Newspaper Notice, to which other terms may apply where indicated in these Terms and Conditions; **"Publisher"** means The Stationery Office Limited, with registered company number 03049649.

1.2 the singular includes the plural and vice-versa; and

1.3 any reference to any legislative provision shall be deemed to include any subsequent re-enactment or amending provision.

2 By submitting a Notice to the Publisher, the Advertiser agrees to be bound by these Terms and Conditions which, unless stated otherwise in these Terms and Conditions, represent the entire terms agreed between the parties in relation to the publication of Notices in The Gazette and which every Notice shall be subject to. For the avoidance of doubt, these Terms and Conditions shall prevail over any other terms or conditions (whether or not inconsistent with these Terms and Conditions) contained or referred to in any correspondence or documentation submitted by the Advertiser or implied by custom, practice or course of dealing which the parties agree shall not apply, unless otherwise expressly agreed in writing by the Publisher.

3 The Publisher reserves the right, to be exercised at its sole and absolute discretion, to make reasonable efforts to verify the validity of the Advertiser.

4 The Publisher may, at its sole and absolute discretion, edit the Notice, subject to the following restrictions:

4.1 the sense of the Notice submitted by the Advertiser will not be altered;

4.2 Notices shall be edited for house style only, not for content;

4.3 Notices can be edited to remove obvious duplications of information;

4.4 Notices can be edited to re-position material for style;

4.5 any additions, amendments or deletions required in order to include the minimum necessary information set out in any Notice guidelines shall be confirmed with the Advertiser; and

4.6 subject to clause 5 below, no amendments to the text (other than those made as a consequence of 4.1 - 4.5 above) shall be made without confirmation from the Advertiser.

For the avoidance of doubt, the Advertiser agrees and accepts that, subject to the limited rights to edit any Notice referred to above, it is the Advertiser that shall be solely responsible for the content of any Notice, including its validity and accuracy and that the Publisher shall not be responsible for, nor shall have any liability in respect of such content in any way whatsoever.

5 The Advertiser accepts that it submits a Notice entirely at its own risk and that the Publisher shall have the sole and absolute discretion whether to accept a Notice for publication or the timing of any publication of a Notice, such decision to be final. The Advertiser must satisfy itself as to the legal, statutory and/or procedural requirements and accuracy relating to any Notice. Where the Publisher has accepted a Notice for publication, the Publisher shall have the sole and absolute discretion to refuse to publish where the content of the Notice, in the publisher's sole opinion, may not comply with any such requirements. In such instances, the Publisher shall notify the Advertiser of any action required to remedy any deficiency and publication shall not take place until the Publisher is satisfied that such action has been taken by the Advertiser.

6 Neither the Publisher nor The National Archives (or any successor organisation) (including affiliates, officers, directors, agents, subcontractors and/or employees) shall be liable for any liabilities, losses, damages, expenses, costs (including all interest, penalties, legal costs (including on a full indemnity basis) and other professional costs and/or expenses) suffered or incurred, howsoever arising (including negligence), whether arising from the acts or omissions of the Publisher, The National Archives and/or the Advertiser and/or any third party (including, without limitation, any principal of the Advertiser) or arising out of or made in connection with the Notice or otherwise except only that nothing in these Terms and Conditions shall limit or exclude any liability for fraudulent misrepresentation, or for death or personal injury resulting from the Publisher's or The National Archives' negligence or the negligence of the their agents, subcontractors and/or employees.

7 For the avoidance of doubt, subject to clause 6 above, in no circumstances shall the Publisher be liable for any economic losses (including, without limitation, loss of revenues, profits, contracts, business or anticipated savings), any loss of goodwill or reputation, or any special, indirect or consequential damages (however arising, including negligence).

8 Where the Publisher is responsible for any error including which, in the Publisher's reasonable opinion, causes a substantive change to the meaning of a Notice or would affect the legal efficacy of a Notice, upon becoming aware of such error, the Publisher shall publish the corrected Notice at no charge and at the next suitable opportunity. Both parties agree (including on behalf of any principal, if applicable) that this shall be the sole remedy of the Advertiser (including any principal, if applicable) and full extent of the limit of the Publishers liability in these circumstances.

9 In the event that the Publisher believes, in its sole opinion, an Advertiser is submitting Notices in bad faith, is in breach of clause 11 below, or has dealings with Advertisers who are in breach of these Terms and Conditions or has breached such Terms and Conditions previously, the Publisher may require further verification of information to be provided by the Advertiser and may, at its sole and absolute discretion, delay publication of those Notices until it is satisfied that the Notice it has received is based on authentic information.

10 The location of the Notice in The Gazette shall be at the discretion of the Publisher. For the avoidance of doubt, the Notice shall be published in the house style of The Gazette.

11 The Advertiser warrants:

11.1 that it has the right, power and authority to submit the Notice;

11.2 the Notice is not false, inaccurate, misleading, nor does it contain potentially fraudulent information;

11.3 the Notice is submitted in good faith, does not contravene any law (statutory or otherwise) nor is it in any way illegal, defamatory or an infringement of any other party's rights or an infringement of the

British Code of Advertising Practice (as amended and updated from time to time), nor is it subject to any court order prohibiting such publication.

12 To the extent permissible by law the Publisher excludes all warranties, conditions or other terms, whether implied by statute or otherwise, relating to the placing of any Notices.

13 The Advertiser agrees to fully indemnify and hold the Publisher and The National Archives (or any successor organisation), including any affiliates, officers, directors, agents, subcontractors and employees harmless from all liabilities, costs, expenses, damages and losses (including, without limitation) any direct, indirect, consequential and/or special losses and/or damage, loss of profit, loss of reputation and/or goodwill and all interest, penalties and legal costs (calculated on a full indemnity basis) and all other professional costs and/or expenses (including legal costs) suffered or incurred (including negligence) in respect of any matter arising out of, in connection with or relating to any Notice, including (without limitation) in respect of any claim and/or demand (including threatened and/or potential claims or demands) made by any third party which may constitute a breach, threatened and/or potential breach by the Advertiser (or their principal) of these Terms and Conditions or any breach and/or potential breach by the Advertiser of any law and/or any of the rights of a third party. The Publisher shall consult with the Advertiser as to the way in which such applicable claims, demands or potential claims or demands are handled but the Publisher shall retain the sole, absolute and final decision on all aspects of any matter arising from the aforementioned indemnity, including the choice of instructing legal representatives, steps taken in or related litigation and/or decisions to settle the case. The Advertiser shall use best endeavours to provide, at its own expense, such co-operation and assistance as the Publisher may reasonably request including in respect of any principal (if applicable) and including, without limitation, the provision of and/or access to witnesses, access to premises and delivery up of documents and/or any evidence, including supporting any associated litigation and/or dispute resolution process.

14 The Advertiser shall promptly notify the Publisher in writing of any actual, threatened or suspected claim made by a third party or parties against the Advertiser and/or the Publisher in relation to a Notice. The Publisher reserves the right, following a claim or threatened claim, to immediately remove the Notice which is the subject of the complaint from the website at www.thegazette.co.uk and all other websites controlled by the Publisher containing the Notice, as well as from any other medium in which the Notice has been placed that is controlled by The Gazette, where possible. The Publisher may require the Advertiser to amend the Notice at its own cost before it agrees to re-publish the Notice if it is capable of rectification to avoid the claim, threatened or suspected claim. Any reinstatement of the Notice shall be at the sole and absolute discretion of the Publisher, whose decision in respect of such matter shall be final. Other than withdrawal of a Notice following a claim or threatened claim, withdrawal of a Notice post-publication shall take place only upon the written instructions of The National Archives (or any successor organisation) or if there is a credible claim that the continuing presence of a Notice endangers an individual's personal safety or a request is received from any applicable regulatory and/or enforcement authorities.

15 The Advertiser acknowledges that the Publisher may re-use Notices and/or allow third parties to re-use Notices accepted for publication in The Gazette, and hereby assigns to the Publisher for and on behalf of the Crown, all rights, including but not limited to, copyright and/or other such intellectual property rights (as applicable) in all Notices, and warrants that any such activity in respect of any Notice (including any activity in the preparation of such Notice for publication in The Gazette) by the Publisher and/or third parties does not and will not infringe any legal right of the Advertiser or any third party. For the avoidance of doubt, all Notices and any content therein shall be Crown copyright and may be subject to the Open Government Licence (or any variation thereof).

16 The Advertiser accepts that the purpose of The Gazette is to disseminate information of interest to the public as widely as possible in the public interest and that the information contained in the Notices published in The Gazette may be used by third parties after publication for any purpose and that such use may be beyond the control of The Gazette. In such instances, the Publisher accepts and the Advertiser agrees that the Publisher shall have no liability whatsoever in respect of such use by third parties.

17 The Advertiser acknowledges and agrees that the publication of any Notice is subject to any court order and/or direction of the court or such other regulatory and/or enforcement authorities including the Information Commissioner's Office, the police, the Financial Conduct Authority (and such other related regulatory organisations), the Solicitors Regulation Authority and such other authorities as may be applicable (without limitation) and that the Publisher may delay, refuse to publish or withdraw from publication if it has received evidence to that effect and may not publish such notice until it has received written evidence from the court (as the Publisher may reasonably require from time to time) that demonstrates that any previous order and/or direction has been withdrawn and/or is no longer applicable (as the Publisher may reasonably require from time to time) and/or, subject to any statutory and/or applicable laws, The Gazette may share information and/or data related to the Notice and/or the Advertiser's account related to such authorities and the Advertiser hereby consents to such disclosure(s).

18 In respect of any Local Newspaper Notice, this clause 18 shall apply. For the avoidance of doubt, all other terms of the Terms and Conditions shall apply to Local Newspaper Notices only to the extent that they do not conflict with the terms set out below. In the event of any conflict, the terms set out in this clause 18 shall prevail:

18.1 The Local Newspaper Notice may be placed in a local newspaper by any subcontractor and/or a third party organisation at the Publisher's sole and absolute discretion and the Advertiser hereby consents to such use (including any activity that is ancillary and/or reasonably necessary to such use). For the avoidance of doubt, this may include the processing of personal data in accordance with the Data Protection Act 1998, as amended ("DPA"), by the Publisher, any subcontractor and/or third party organisation, together with the local newspaper and related organisations;

18.2 The placement of a Local Newspaper Notice shall be upon the standard terms and conditions of the local newspaper in question in addition to these Terms and Conditions. The Advertiser expressly agrees to such local newspaper terms and by submitting a Local Newspaper Notice to The Gazette, expressly consents to the Publisher, its subcontractors and/or any applicable third party organisation agreeing to such terms on behalf of the Advertiser;

18.2.1 To the extent that such local newspaper and the applicable terms allow, where the Publisher, any subcontractor, any third party acting on behalf of the Publisher and/or the local newspaper is responsible for any error including (without limitation), the Publisher, the Publisher shall arrange for the local newspaper to publish the corrected Local Newspaper Notice at no additional cost to the Advertiser. Both parties agree (including on behalf of any principal, if applicable) that this shall be the sole remedy of the Advertiser (including any principal, if applicable) and the full extent of the limit of liability in these circumstances;

19 In the event that a corrected Local Newspaper Notice is not published for whatever reason, the total aggregate liability of the Publisher and The National Archives, whether direct or indirect, and including (without limitation) all liabilities, losses, damages, expenses, costs (including all interest, penalties, legal costs and/or other professional costs and/or expenses) suffered or incurred, howsoever arising (including negligence), whether arising from the acts and/or omissions of the Publisher, The National Archives and/or the Advertiser and/or any third party (including, without limitation, any principal of the Advertiser) or arising out of or made in connection with the Notice or otherwise shall be limited to the value of the Local Newspaper Notice placed through The Gazette except that nothing in these Terms and Conditions shall limit or exclude any liability for fraudulent misrepresentation, or for death or personal injury resulting from the Publisher's or The National Archives' negligence or the negligence of their agents, subcontractors and/or employees or third parties acting on behalf of the Publisher.

20 The Advertiser accepts that the Charges may be amended from time to time and will be payable at the rate in force at the time of invoicing unless otherwise agreed by the Publisher in writing. The Charges must be paid in full by the Advertiser in advance of publication unless other requirements of the Publisher in respect of the payment of such Charges (as determined from time to time) are notified to the Advertiser.

21 If the Advertiser wishes to make a complaint, all such complaints shall be submitted in writing to customer.services@thegazette.co.uk

22 Save in respect of The National Archives (or any successor organisation), a person who is not a party to these Terms and

Conditions has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of these Terms and Conditions but this does not affect any right or remedy of a party specified in these Terms and Conditions or which exists or is available apart from that Act.

23 These Terms and Conditions and all other express terms of the contract shall be governed and construed in accordance with the laws of England and the parties hereby submit to the exclusive jurisdiction of the English courts.
