

Provided also that where, in pursuance of the Order of the Privy Council of the ninth day of September One thousand eight hundred and ninety-three, or of any Order by the said Order revoked, or of any Order under the Public Health Act, 1896, places have been fixed for the mooring or anchoring of ships, for the purposes of the Regulations contained in any of such Orders, such places shall be deemed to have been so fixed in pursuance of and for the purposes of this Order.

Art. 7. The Local Authority, on notice being given to them by an Officer of Customs under Article 4, shall forthwith cause the ship in regard to which such notice shall have been given to be visited and examined by their Medical Officer of Health, for the purpose of ascertaining whether such ship is infected.

Art. 8. The Medical Officer of Health, if he have reason to suspect that any ship coming or being within the jurisdiction or district of the Local Authority, whether examined by the Officer of Customs or not, is infected, shall, or, if he have reason to suspect that the ship has come from an infected place, may visit and examine such ship, for the purpose of ascertaining whether such ship is infected, and may make the like visit and examination in the case of any ship coming or being within the jurisdiction of the Local Authority which has come from an infected place. The Master of any such ship shall permit the same to be so visited and examined.

The Master of any such ship shall also, on being required so to do by the Medical Officer of Health, cause the ship to be brought to, and, if necessary, moored or anchored in some convenient place while the same shall be visited and examined; but due regard shall be had to the safety of the ship and to the convenience of navigation.

Art. 9. If the Medical Officer of Health, on making such examination as aforesaid (whether under Article 7 or under Article 8), shall be of opinion that the ship is infected, he shall forthwith give a certificate in duplicate in the following Form, or to the like effect, and shall deliver one copy to the Master, and retain the other copy or transmit it to the Local Authority. He shall also give to Us information as to the arrival of the ship, and such other particulars as We may require.

*Certificate.*

day of 189 .

Local Authority of

I hereby certify that I have examined the ship of , now lying in the Port of [or detained at ], and that I find such ship is infected with [Cholera, or Yellow Fever, or Plague].

Signed

Medical Officer of Health [or Medical Practitioner appointed or employed by the Local Authority.]

Art. 10. The Master of any ship so certified to be infected shall thereupon moor or anchor such ship at the place fixed for that purpose under Article 6, and such ship shall remain there until the requirements of this Order have been duly fulfilled.

Art. 11. No person (other than an Officer of Customs, or a person acting in the execution of this Order), shall leave any such ship until the

examination hereinafter mentioned shall have been made.

Art. 12. The Medical Officer of Health shall, as soon as possible after any such ship has been certified to be infected, examine every person on board the same, and in the case of any person suffering from Cholera, Yellow Fever, or Plague, or from any illness which the Medical Officer of Health suspects may prove to be Cholera, Yellow Fever, or Plague, shall certify accordingly.

Art. 13. Every person certified by the Medical Officer of Health to be suffering from Cholera, Yellow Fever, or Plague, shall be dealt with under any Bye-Laws that may have been made by the Local Authority under Section 180 of the Public Health (Scotland) Act, 1897; or, where no such Bye-Laws shall have been made, shall be removed, if his condition admit of it, to some hospital or other suitable place appointed for that purpose by the Local Authority; and no person so removed shall leave such hospital or place until the Medical Officer of Health shall have certified that such person is free from the said disease.

If any person so certified to be suffering from Cholera, Yellow Fever, or Plague cannot be removed, the ship shall remain, subject, for the purposes of this Order, to the control of the Medical Officer of Health; and such person shall not be removed from or leave the ship, except with the consent in writing of the Medical Officer of Health.

Art. 14. Any person certified by the Medical Officer of Health to be suffering from any illness which such Officer suspects may prove to be Cholera, Yellow Fever, or Plague, may either be detained on board the ship for any period not exceeding two days, or be taken to some hospital or other suitable place appointed for that purpose by the Local Authority, and detained there for a like period, in order that it may be ascertained whether the illness is or is not Cholera, Yellow Fever, or Plague.

If any such person, while so detained, shall be certified by the Medical Officer of Health to be suffering from Cholera, Yellow Fever, or Plague, the provisions of Article 13 shall apply.

Art. 15. No person on board such a ship as is mentioned in Article 12, who has not been certified as required by that Article, shall be permitted to land unless he satisfy the Medical Officer of Health as to his name, intended place of destination, and intended address at such place.

Such name, intended place of destination, and address shall forthwith be given by the Medical Officer of Health to the Clerk to the Local Authority, and such Clerk shall thereupon transmit the same to the Local Authority of the District in which such intended place of destination is situate.

Every such person who, within forty-eight hours after landing, shall arrive at any place of destination or address other than such place or address as aforesaid, shall forthwith, upon such arrival, notify in writing his place of destination and address to the Medical Officer of Health of the Local Authority, or to the Local Authority of the District in which such place is situate.

Art. 16. The Medical Officer of Health shall, in the case of every ship certified to be infected, give directions and take such steps as may appear to him to be necessary for preventing the spread of infection, and the Master of the said
