

tain, work, and use on any lands or property belonging to or leased by, or to be acquired or leased by the undertakers, within the area of supply, such stations, buildings, store-houses, engine-houses, and works, together with such engines, dynamos, batteries, machinery, and apparatus, as may from time to time be necessary or expedient for the generation, production, storage, sale, supply, and distribution of electricity and electric currents within the area of supply; and to lay down, place, and maintain, alter, renew, and remove all such electric lines, wires, conductors, mains, pipes, tubes, posts, and other apparatus and works as may be necessary for those purposes.

4. To authorise the undertakers for the purposes of the said Order to cross, open, break up, stop up, and otherwise interfere with, and to pass over, under, or along all streets, roads, highways, footways, thoroughfares, and public places, railways, tramways, rivers, water courses, bridges, and places within the area of supply, and to take up, relay, divert, alter, or otherwise interfere with sewers, culverts, drains, gas and water mains and pipes, and telegraph and telephonic tubes and wires, and other works therein within the area of supply; and do all such other works and acts, and to confer on the undertakers all such further powers as may be necessary to carry into effect the objects of the Order.

5. To authorise the undertakers to manufacture, purchase, hire, sell, let and supply dynamos, accumulators, meters, lamps, fittings, appliances, plant, machinery, and apparatus, and to acquire, hold, work, and use patent rights or licenses and authorities under letters patent for the use of inventions, processes, and apparatus for and in relation to the production, storage, supply, distribution, utilisation, or measurement of electricity.

6. To authorise the undertakers to sell, transfer, or lease to any local or other public authority, company, or person all or any of the rights, powers, privileges, duties, and liabilities given to or imposed upon them by the Order or the said Electric Lighting Acts, for such period, and on such terms and conditions, as may be agreed on, and to make and carry into effect agreements for the production and distribution of electricity, and for the performing of all Acts incidental to public and private lighting.

7. To authorise the undertakers to enter upon any houses or other premises supplied or proposed to be supplied with electricity by them for any purpose relating to such supply.

8. To make provision for the inspection and testing of mains, conductors, meters, and other works; for the appointment and remuneration of electric inspectors, and for the supply, use, and inspection, testing, and certifying of meters, fittings, and instruments, and generally for the regulation of the supply of electricity within the area of supply.

9. To empower the undertakers to make, levy, and recover rates, rents, and charges, for a supply of electricity and the use of any dynamos, accumulators, meters, lamps, fittings, appliances, plant, machinery, and apparatus, and to confer exemptions from payment thereof.

10. To empower the undertakers to apply their funds and the local rate as described or defined in the said Electric Lighting Acts or a special or other rate, towards all or any of the purposes of the Order, and to borrow money for all or any of the

purposes of the Order, and for defraying the expenses incurred thereunder on the security of such local or special or other rate, and to impose, levy, and recover rates to defray such expenses, and in security of the money so borrowed and for paying the interest thereon, and to provide for the disposal or application of the revenue arising from the undertaking.

11. To exempt the undertakers from the obligation to supply electricity for public or private purposes in such portion or portions of the area of supply, or under such conditions or circumstances as may be specified in the Order.

12. To authorise the undertakers to enter into and fulfil contracts and agreements with companies or persons for the execution and maintenance of works, machinery, and apparatus, and the supply of electricity, and to relieve the undertakers from the consequences of the acts or defaults of such companies or persons.

13. To incorporate with the Order and to extend and apply to the proposed undertaking and works, and to the undertakers, with or without variation, all or some of the provisions of the said Electric Lighting Acts, and of the Acts, or portions of Acts, incorporated therewith, and the Order will contain all such regulations and conditions as to the supply of electricity, and all matters incidental thereto, or consequent thereon, and the obligations of the undertakers in relation thereto, as are authorised by the said Acts, or as the Board of Trade may prescribe, and will also confer on the undertakers all powers, rights, and privileges necessary or expedient for carrying out the purposes of the Order, and alter, vary, or extinguish any rights or privileges which would, or might, interfere with the carrying out of such purposes.

14. The name of the Street in which it is proposed that Electric Lines should be laid down within a specified time is the High Street.

15. The following are the streets, roads, and places, not repairable by the Local Authority, and railways, which the undertakers propose to take powers by the Order to open, break up, pass over or under, or interfere with, so far as the same are situate within the area of supply, viz., the unnamed street from the west side of Pottery Road, with footpath in continuation thereof to Watery Wynd, the unnamed road from the west end of Mill Street to the Kirkcaldy Steam Laundry, Bethel-field Place, the lane called Cockmilone from Horse Wynd to the Bridge Green, the unnamed road from the south end of St. Clair Place to Tyrie Quarry, School Wynd, William Street, North Fergus Place, the unnamed road from Abbotshall Road (passing the north side of Kirkcaldy Railway Station) to Bennoch Road, Church Lane off Oswald's Wynd, the portion of the unnamed road from the Harbour (passing the north side of the old Fever Hospital) to the Southmost Bridge over the Den Burn, the portion of Factory Road from its junction with Smeaton Road and Overton Road northwards to its termination, Church Street from Anderson Street to Loughborough Road, the back Lane entering from St. Clair Street near its junction with Viewforth Street, and again joining St. Clair Street about 116 yards to the south, Kidd Street, School Lane, York Place, Bandon Avenue, Rosabelle Street, Millie Street, Anderson Street, Park Road, Pottery Lane off Pottery Street, Viewforth Street footpath from Overton Road to Lorne Street, the unnamed Lane from St. Clair Street to Institution Street, the west end of Mid Street from Plantation Wynd to the entrance
