

north-easterly direction from the centre of the bridge crossing the River Leven a short distance to the eastward of the house known as Kinloch Beg.

WORK No. 4.—An aqueduct, tunnel, conduit, or line or lines of pipes to be situate wholly in the Parish of Kilmallie, in the County of Inverness, to commence in or at the termination of aqueduct Work No. 3 aforesaid, and to terminate at a point distant about 220 yards measured in a south-westerly direction from the south-eastern corner of Kinlochmore shooting lodge, and about 290 yards measured in a north-easterly direction from the north-eastern corner of the house known as Kinloch Beg.

WORK No. 5.—An embankment or dam for the purpose of raising and upholding the waters of Loch a' Bhaillidh, Lochan na Salach Uidhre and Lochan Inbhir, and thereby submerging land in the Parishes of Kilmallie, in the County of Inverness, and Lismore and Appin, in the County of Argyll, to be placed across the River Blackwater, at a point distant about 650 yards measured in a north-westerly direction from the outlet of Lochan Inbhir, and to commence in the Parish of Lismore and Appin, in the County of Argyll, at a point distant about 520 yards measured in a south-westerly direction from the centre of the aforesaid River, to extend thence in a north-easterly direction in a straight line to the North Bank of the said River at the point of crossing the same and to extend thence in a north-easterly direction in a straight line, and to terminate in the Parish of Kilmallie, in the County of Inverness, at a point distant about 500 yards measured in a north-easterly direction from the northern bank of the said River, from which embankment the waters of the lake, when raised, will extend eastward to the west bank of the Allt Cam, in the Parish of Kilmallie.

WORK No. 6.—An aqueduct, tunnel, or conduit to be situate wholly in the parish of Kilmallie in the County of Inverness, to commence at the eastern side of the embankment of dam Work No. 5 aforesaid, at a point distant about 100 yards measured in a north-easterly direction from the point of intersection of the said embankment or dam with the centre of the River Blackwater, and about 634 yards measured in a north-westerly direction from the outlet of Lochan Inbhir, and to terminate at a point distant about 970 yards measured in a north-westerly direction from the junction of the stream known as Allt na h'Eilde with the River Leven, and about 1000 yards measured in a north-easterly direction from the north-eastern corner of Kinlochmore shooting lodge.

WORK No. 7.—An aqueduct, tunnel, conduit, or line or lines of pipes to be situate in the Parish of Kilmallie, in the County of Inverness, to commence in or at the termination of aqueduct Work No. 6 aforesaid, and to terminate at a point distant about 700 yards measured in a north-westerly direction from the junction of the stream known as Allt na Fearnna with the River Leven, and about 700 yards measured in a north-easterly direction from the centre of the bridge cross-

ing the River Leven, a short distance to the eastward of the house known as Kinloch Beg.

WORK No. 8.—An aqueduct, tunnel, conduit or line or lines of pipes to be situate wholly in the Parish of Kilmallie in the County of Inverness, to commence in or at the termination of aqueduct Work No. 7, and to terminate at a point distant about 220 yards measured in a south-westerly direction from the south-eastern corner of Kinlochmore shooting lodge, and about 270 yards measured in a north-easterly direction from the north-eastern corner of the house known as Kinloch Beg.

WORK No. 9.—An aqueduct, tunnel, or conduit to be situate wholly in the Parish of Kilmallie in the County of Inverness, to commence in or at the termination of aqueducts Works No. 4 and 8 respectively aforesaid, and to terminate in the River Leven at a point near its northern shore, distant about 330 yards measured in a south-westerly direction from the south-eastern corner of Kinlochmore shooting lodge.

3. To empower the Company to raise the level of the water in Loch Eilde Mor and Loch Eilde Beag, Loch a' Bhaillidh, Lochan na Salach Uidhre, and Lochan Inbhir, and to take, appropriate, impound, store, use, collect, abstract, divert, and distribute, for the purposes of the intended Order, the waters of the Blackwater River and the following streams flowing into it, or into the lochs through which it passes, that is to say:—Allt Molach, Allt an Ime, Allt a'Chait, Allt Coire Dubhbhig, Caochan an Daimh, Allt Cam, Allt an Lagain, Allt Coire, Dubh-mhoir, Allt nan Stop, Allt a' Mhadaidh, Allt Gob na Guileige, Allt nan Creige Nodha, Allt a' Choire Bhrice Mhoir, Allt nan Losgann, Allt na h'Achlaise, Allt an Aighe, Ciaran Water Allt nam Fuaran, Allt a'Bhrice, Allt nan Cradh Leathad, Allt na Roinne Deirge, Allt an Inbhir, Allt a'Choire Chruaidh, Allt Choire Ghaiebh, Allt Lagan na Feithe, Loch Eilde Mor, and Loch Eilde Beag, and the following streams and their tributaries flowing into those lochs, that is to say, Allt na Slochdaich, Allt na Creige Deirge, Allt a' Choire Dhuibh Bhig, Allt a' Choire Odhair, Allt a' Mhill Bhig, Allt Riabhach, Allt Riabhach Beag, Allt Coire an Laoigh, Allt Leacann na Faire, Allt Seileach, Allt Slochdach Beag, and Allt na h'Eilde flowing out of Loch Eilde Mor, and all brooks, water springs, streams, and tributaries flowing into or arising within the said lochs and streams, or any of them, and flowing into or within the site of the intended reservoirs and other waterworks hereinbefore described.

4. To authorise the Company to deviate laterally from the lines of the several works hereinbefore described to the extent shown on the plans to be deposited as hereinafter mentioned, or as may be provided by the intended Order, and to deviate vertically from the levels shown on the sections to be deposited as hereinafter mentioned to any extent which may be provided by the intended Order, and also temporarily or permanently to use, cross over, or break up, alter, divert, and stop up highways and other roads, bridges, footpaths, bridle roads, sheep and cattle tracks and creeps, rivers, streams, brooks, drains, sewers, watercourses, telegraphic and telephonic apparatus, and gas, water, and
