To provide that the said lands shall be the area within which the Company may distribute, sell and supply on such terms and conditions as may be agreed upon between the Company and the Purchasers, water and water or hydraulic power and electrical energy for all purposes, and

to authorise the Company on such lands to construct, erect, maintain, and use houses, buildings, manufactories, wharves, landing places, piers, lay byes, and works, and a station or stations and plant for the development of water power and for generating and producing electrical energy, with all necessary engines, turbines, dynamos, apparatus, works, and conveniences.

11. To empower the Company to stop up so much of the road leading from North Ballachulish to Kinlochmore Lodge as is situate within the area of supply above described, and to extinguish all rights of way over the site of the same, and to vest the site thereof in the Company, and to stop up and discontinue all public and private foot-paths, bridle paths, drove paths, or other tracks or roads on, over, or across any of the lands to be acquired by the Company under the powers of the intended Order, or which will be submerged by the construction of the embankments, dams, or other works to be authorised by the intended Order, and to vest the site thereof in the Company and extinguish all public and private rights of way over the same.

12. To empower the Company to hold any lands which they may acquire under the authority of the intended Order, free from provisions of the Lands Clauses Consolidation (Scotland) Act, 1845, with respect to superfluous lands, and notwithstanding section 18 of the Water Works Clauses Act, 1847, to acquire by compulsion or agreement any mines or minerals under any lands which they may acquire, lease, or use, or through which any of the said works may pass, and also by agreement additional lands for the purposes of the intended Order.

13. To empower the Company to erect houses, buildings, wharves, landing places, and other works, and cottages on, and to sell, lease, or otherwise dispose of any lands and houses for the time being belonging to them, and to provide, and to make, and from time to time manufacture, sell, or let machinery, plant, and apparatus for the production, storage, regulation, use, and supply of water or hydraulic power and electrical energy, and to acquire and use patent rights for producing, storing, controlling, distributing, and measuring, or otherwise relating to the distribution of water or hydraulic power and the supply of electrical energy, or any processes in which electrical energy may be employed or utilised.

14. To empower the Company, with the consent of the Board of Trade, to dredge, widen, deepen, or to in any wise alter or vary any part of the tidal portion of Loch Leven, or to make, execute, and maintain any works therein which will or may be connected with the improvement of the navigation of the tidal waters of the said Loch.

15. To authorise the Company, on the one hand, and any local or sanitary authority, county, district, or parish council, corporation, company, trustees, bodies, persons or person (corporate or not corporate), on the other hand, to enter into or carry into effect and to vary or rescind contracts and agreements for the sale or supply of the Company from the intended works of water in bulk, by measure, or otherwise to any such authority, corporation, company, trustees, bodies, persons, or person for use either within or beyond the present or extended limits for the supply of water and water or hydraulic power or electrical energy on such terms and conditions as may be agreed between them or as the Order may prescribe,
