(14) The North British Railway Penicuik Branch where it crosses on the level the private road leading into Dalmore Mills.

9. To enable the Company to open and break up the surface of, and to alter and otherwise interfere with streets, highways, public and private roads, footways, bridges, footpaths, pavements, vaults, thoroughfares, railways, level crossings, rivers and streams, within the area of supply hereinbefore specified, and to lay or place pipes, mains, and apparatus, including pipes for conveying water and any materials, matters, or things used in or resulting from their operations to or from their works, in under or above such streets, highways, public and private roads, footpaths, pavements, vaults, thoroughfares, railways, level crossings, rivers and streams, and to alter or otherwise interfere with gas pipes, water pipes, telegraph and telephone wires or tubes, electric lines, sewers and drains, and other mains, pipes, wires, and apparatus lying or being under, above, or on the surface thereof respectively, so far as may be necessary or desirable for the purpose of laying or placing such pipes, mains, and apparatus as may be necessary for the purposes of the Company's undertaking, and for the purposes of maintaining, repairing, removing, renewing, altering, or reinstating the pipes, mains, and apparatus of the Company, or for substituting others with powers of access thereto at all reasonable times for all or any of the purposes aforesaid, and for such purposes or any of them to exercise within the area of supply the powers or some of the powers of the Gas Works Clauses Acts, 1847 and 1871, and the Waterworks Clauses Acts, 1847 and 1863, whether with or without modification or amendment.

10. To empower the Company to take, acquire, and use compulsorily or by agreement, and to hold temporarily or permanently lands, houses, waters, and other property or rights therein which may be required for the purposes of the Order or rights of user thereof, easements, servitudes, privileges, powers, or authorities in, over, or under the same.

11. To make provision for the inspection and testing of mains, pipes, conductors, and works, for the appointment and remuneration of inspectors, and for the supply, use, inspection, testing, and certifying of meters, fittings, and instruments.

12. To authorise the Company, their officers, servants, and workmen, to enter upon any houses, buildings, or land supplied or proposed to be supplied with power-gas for any purposes relating to such supply.

13. To authorise the Company to take, collect, and recover rates, rents, and charges for the supply of power-gas, and any materials or residual products resulting or arising there-

from, and the supply and use of any lands, buildings, engines, producers, machinery, fittings, or other apparatus connected therewith, and to provide for regulating the method of charging for power-gas or materials and residual products, and the dividends to be paid, and the profits to be made by the Company.

14. To make special provision with respect to the rights and obligations of the Company, to afford a supply of power-gas, and the terms and conditions on which such supply will be afforded.

15. To authorise the Company and any local authority, company, body, or person, within or partly within or contiguous to the area of supply, to enter into and carry into effect agreements with respect to all or any of the following matters (that is to say) :—

The supply by or to the Company to or by such local authority, company, body, or person of power-gas, or of any plant, machinery, fittings, or materials.

The prices to be charged for, and the terms and conditions of such supply.

The execution on behalf of the Company by such local authority, company, body, or person of any works in reference to the supply or use of power-gas, or the exercise of any of the powers of the Company on or affecting any property of or under the control of such local authority, company, body, or person.

The supply by such local authority, company, body, or person of water to the Company for condensing, and other purposes of their undertaking.

And to confer all necessary powers on any such local authority, company, body, or person to enable them to carry out the provisions of any agreement, and to confirm and give effect to any such agreement, and for such purposes to enable the Company to make and maintain all necessary works upon the lands and property of any such local authority, company, body, or person.

16. To exempt from distress or seizure under any process of law any fittings, meters, plant, machinery, or other things let by the Company for hire or disposal of in terms of payment by instalments.

17. To impose and recover penalties for the tampering or fraudulently interfering with any such machines, fittings, apparatus, engines, or machinery, or any such meters or other instruments.

18. To empower the Company to raise Capital by means of ordinary or preference shares or stock, to borrow money, and to pay interest out of capital on any shares or stock of the Company, and to subscribe for, purchase, and hold shares or stock of any company, firm, or person taking or agreeing to take a supply of power-gas from the Company, or carrying on any business which the Company may consider desirable to be carried on in connection with its business, or establishing factories or works within the area of supply, and to lend money on mortgage or bond or otherwise to any such company, firm, or person, and to apply the capital of the Company for all or any of the purposes aforesaid or other the purposes of the Order.

19. To make, alter, and rescind regulations and bye-laws relating to the use, misuse, or waste of power-gas, and to impose and recover penalties for breach of any such regulations.
