ORDER OF THE BOARD OF
AGRICULTURE AND FISHERIES.

(DATED 24TH SEPTEMBER 1910.)

ANTHRAX ORDER OF 1910.

The Board of Agriculture and Fisheries, by virtue and in exercise of the powers vested in them under the Diseases of Animals Acts, 1894 to 1910, and of every other power enabling them in this behalf, do order, and it is hereby ordered, as follows:

Interpretation.

1. In this Order, unless the context otherwise requires,—

“The Board” means the Board of Agriculture and Fisheries:

“The Act of 1894” means the Diseases of Animals Act, 1894:

“Animals” means cattle, sheep, and goats, and all other ruminating animals, and swine, horses, asses, mules and dogs:

“Disease” means anthrax, and “diseased” or “suspected” means affected with or suspected of anthrax:

“Inspector” includes Veterinary Inspector:

“Veterinary Surgeon” includes any veterinary practitioner qualified to be a Veterinary Inspector according to the Act of 1894 and any Order made thereunder:

“Carcase” means the carcase of an animal, and includes part of a carcase, and the meat, flesh, bones, hide, skin, hoofs, horns, offal, or other part of an animal, separately or otherwise, or any portion thereof:

Other terms have the same meaning as in the Act of 1894.

Notice of Disease.

2.—(1) Every person having in his possession or under his charge a diseased or suspected animal or carcase shall with all practicable speed give

notice of the fact to a constable of the police force for the area wherein the animal or carcase is.

(2) The constable shall forthwith give information of the receipt of the notice to an Inspector of the Local Authority, who shall forthwith report the same to the Local Authority.

(3) The Inspector of the Local Authority shall forthwith give information of the receipt of the notice to the Medical Officer of Health of the Sanitary District in which the diseased or suspected animal or carcase is.

Precautions by occupier in case of Suspected
Anthrax.

3.—(1) The occupier of any premises on which there is a diseased or suspected animal or carcase shall—

(i.) prevent access of animals or fowls to the diseased or suspected animal or carcase, or to any part of the premises which has been exposed to infection of disease from the animal or carcase; and

(ii.) detain on the premises any diseased or suspected animal thereon and any other head of cattle, or sheep, or goat, or swine which has been in the same shed, stable, building, yard or field with the diseased or suspected animal or carcase

until it is certified under this Order that the animal or carcase was not diseased, or a Notice (Form A) is served on the occupier of the premises under Article 7 of this Order.

(2) The occupier shall also disinfect as soon as possible with chloride of lime any place where the carcase of a diseased or suspected animal has lain or where its blood has escaped.

Duty of Inspector to act immediately.

4.—(1) An Inspector of a Local Authority on receiving in any manner whatsoever information of the supposed existence of anthrax in any animal or carcase, or having reasonable ground to suspect the existence of anthrax, shall proceed with all practicable speed to the place where such disease exists, or is suspected to exist, and shall there and elsewhere put in force and discharge the powers and duties conferred and imposed on him as Inspector by or under the Act of 1894 and this Order.

(2) The Inspector shall forthwith serve a Notice (in the Form C set forth in the First Schedule hereto, or to the like effect) on the occupier of any premises on which there is a diseased or suspected animal or carcase.

Veterinary Inquiry as to Existence of Anthrax.

5.—(1) A Local Authority on receiving information of the existence, or suspected existence of anthrax in any animal or carcase shall forthwith cause inquiry to be instituted by a veterinary surgeon as to the correctness of such information.

(2) The owner and occupier of any premises on which there is a diseased or suspected animal or carcase, shall give all reasonable facilities for the inquiry by the Local Authority under this Article, and any person failing to give such facilities shall be deemed guilty of an offence against the Act of 1894.

(3) If the veterinary surgeon is satisfied at the time of his examination of the animal or

carcase, by a microscopical examination of its blood on the spot or by other evidence, that the animal or carcase was not diseased, he shall forthwith give to the Local Authority a certificate to that effect, and the Local Authority shall, as soon as practicable, cause a Notice (in the Form D set forth in the First Schedule hereto, or to the like effect) to be served on the occupier of the premises on which the animal or carcase was.

(4) If the veterinary surgeon is not so satisfied he shall forthwith give to the Local Authority a certificate stating that the case is one of suspected anthrax. He shall also for the purpose of further investigation take and examine one or more samples of the blood or other fluid of the animal or carcase, or of the tissue of the carcase, as may be necessary for that purpose, and as soon as may be after examination thereof forward to the Laboratory of the Board, Alperton Lodge, Wembley, Middlesex, such samples as may be required to enable a Veterinary Inspector of the Board to certify whether or not the animal or carcase was diseased, together with a report of his examination of the animal or carcase and of his further investigation.

Precautions by Local Authority in case of Suspected Anthrax.

6. Where the veterinary surgeon gives to the Local Authority a certificate that the case is one of suspected anthrax, the Local Authority shall forthwith direct an Inspector to carry out such disinfection as the Inspector may think necessary; and in the case of a carcase shall forthwith cause the same to be destroyed in the manner prescribed by this Order.

Procedure consequent on Examination by Veterinary Inspector of the Board.

7.—(1) Where a Veterinary Inspector of the Board certifies that an animal or carcase was diseased, the Local Authority on receipt of the certificate shall forthwith cause a Notice (in the Form A set forth in the First Schedule to this Order, or to the like effect) to be served by an Inspector on the occupier of the premises on which the animal is, or on which the carcase is or was at the time of the death of the animal, and on service of such Notice the premises within the limits specified by the Notice shall become an Infected Place for the purposes of this Order.

(2) A similar Notice may be so served on the occupier of any premises which in the opinion of the Local Authority have been infected with disease by the animal or carcase, or exposed to infection therefrom.

(3) The restrictions imposed by a Notice under this Article shall continue in force until such Notice is withdrawn by a Notice (in the Form B set forth in the First Schedule hereto, or to the like effect) signed by an Inspector of the Local Authority and served on the occupier of the Infected Place.

(4) Where a Veterinary Inspector of the Board certifies that an animal or carcase was not diseased the Local Authority, on receipt of information to that effect, shall, as soon as practicable, cause a Notice (in the Form D set forth in the First Schedule hereto, or to the like effect) to be served on the occupier of the premises on which the animal or carcase was.

(5) A Notice (Form A) shall not be served

in relation to a market-place, fair-ground, sale-yard, place of exhibition, knacker's-yard, or slaughterhouse except by direction of the Board.

Copies of Notices to be sent to the Board, &c.

8. An Inspector shall with all practicable speed send copies of any Notice served under the preceding Articles of this Order to the Secretary, Board of Agriculture and Fisheries, 4 Whitehall Place, London, S.W., and to the police officer in charge of the nearest police station of the District, and in the case of Notices (Forms A and D) also to the Medical Officer of Health.

Rules affecting Infected Places.

9. The following Rules shall apply to an Infected Place:—

Rule 1. The occupier of the Infected Place shall prevent access of animals to the diseased or suspected animal or carcase or to any part of the premises which has been exposed to infection of disease from the animal or carcase.

Rule 2. Animals shall not be moved, or allowed to stray, out of or into the Infected Place except as expressly authorised by this Article.

Rule 3. Any horse, ass, mule, or dog which is not diseased or suspected, may be moved out of the Infected Place.

Rule 4. Any animal which is not diseased or suspected may be moved out of the Infected Place to the nearest available slaughter-house under the supervision of an Inspector or other officer of the Local Authority for the purpose of being forthwith slaughtered, or with the permission in writing of such Inspector, to some premises which shall thereupon be made an Infected Place by service of a Notice (Form A) under this Order.

Rule 5. Litter, dung, broken fodder, utensils, pens, hurdles, or other things shall not be removed from the Infected Place except with permission in writing from an Inspector of the Local Authority.

Disposal of Carcasses.

10.—(1) A diseased carcase and any other carcase required by this Order to be destroyed shall be disposed of by the Local Authority as follows:

(i.) The Local Authority shall cause the carcase to be destroyed by exposure to a high temperature upon the farm or premises upon which the carcase is, or upon the nearest available premises suitable for the purpose; or

(ii.) The Local Authority may, if authorised by licence of the Board, cause the carcase to be destroyed, under the supervision of an Inspector or other officer of the Local Authority, in the mode following: The carcase shall be disinfected, and shall then be taken to premises approved for the purpose by the Board, and shall be there destroyed by exposure to a high temperature, or by chemical agents; or

(iii.) Where the circumstances do not permit of the disposal of the carcase by either of the foregoing methods the Local Authority shall cause the carcase to be buried as soon as possible in its skin in some convenient or suitable place to which animals will not have access, and which is removed from any dwelling-house, and at such a distance from

any well or watercourse as will preclude any risk of the contamination of the water therein, the carcase being buried at a depth of not less than six feet below the surface of the earth, and with a layer of lime not less than one foot deep both beneath and above it. Where possible the place of burial shall be the farm or premises upon which the animal died or was slaughtered.

(2) A diseased or suspected carcase shall not be buried or destroyed otherwise than by the Local Authority, or be removed from the farm or premises upon which the animal died or was slaughtered except by the Local Authority.

(3) Before a carcase is moved for burial or destruction under this Article, all the natural openings thereof shall be effectually plugged with tow or some suitable material soaked in a saturated solution of carbolic acid or other disinfectant equal in disinfective efficiency. In no case shall the skin of the carcase be cut nor shall anything be done to cause the effusion of blood, except by a veterinary surgeon acting under the directions of the Local Authority, and so far only as may be necessary for the purpose of microscopical or cultural examination: Provided that nothing in this paragraph shall prevent a veterinary surgeon on behalf of the owner of the carcase from taking a sample of the blood, or other fluid, or tissue, from the carcase for the purpose of microscopical or cultural examination in any case in which neither the history of the case nor any external lesions in the carcase indicate the existence of anthrax.

(4) A Local Authority may cause or allow a carcase to be taken into the District of another Local Authority to be buried or destroyed, with the previous consent of that Local Authority, but not otherwise.

Precautions to be adopted with respect to Milk.

11. The milk produced by any diseased or suspected cow or goat shall not be mixed with other milk, and all milk affected by this Article shall forthwith be boiled or otherwise sterilised, and any utensil in which such milk is placed before being so treated shall be thoroughly cleansed with boiling water before any other milk is placed therein.

Digging up.

12. It shall not be lawful for any person, except with the Licence of the Board or permission in writing of an Inspector of the Board, to dig up, or cause to be dug up, the carcase of any animal that has been buried, whether under this Order or otherwise.

Cleansing and Disinfection in case of Anthrax.

13.—(1) The Local Authority shall at their own expense cause to be cleansed and disinfected under the direction of an Inspector, and in the mode provided by this Article—

- (a) all those parts of any shed, stable, building, field, or other place in which a diseased animal has died or been slaughtered, or has been kept at the date of such death or slaughter;
- (b) every utensil, pen, hurdle, or other thing used for or about any diseased animal or carcase;
- (c) every van, cart, or other vehicle used for

carrying any diseased animal or carcase on land otherwise than on a railway.

(2) Any part of a place or thing required by this Order to be cleansed and disinfected shall be cleansed and disinfected in manner following:—

- (i.) the part of a place or thing shall be thoroughly soaked or drenched with a four per cent. (minimum) solution of carbolic acid (containing not less than ninety-five per cent. of actual carbolic acid); then
- (ii.) the part of a place or thing shall, if the nature thereof so permit, be scraped and, where necessary, swept, and the scrapings and sweepings and all dung, sawdust, litter, and other matter shall be effectually removed therefrom; then
- (iii.) the part of a place or thing shall be thoroughly washed or scrubbed or scoured with water, and then thoroughly coated or washed with—
 - (a) a one per cent. (minimum) solution of chloride of lime, containing not less than thirty per cent. of available chlorine; or
 - (b) a four per cent. (minimum) solution of carbolic acid (containing not less than ninety-five per cent. of actual carbolic acid), followed by a thorough sprinkling with limewash; or
 - (c) a disinfectant equal in disinfective efficiency to the above-mentioned solution of carbolic acid, followed by a thorough sprinkling with limewash.

(3) The scrapings and sweepings, and the dung, sawdust, litter, and other matter removed under this Article shall forthwith be burnt or otherwise destroyed, or if destruction is not practicable, be well mixed with quicklime and be effectually removed from contact with animals.

(4) The Local Authority shall at their own expense cause any litter, dung or broken fodder which appears to them or their Inspector to be likely to spread disease, to be disinfected thoroughly, or to be burnt or destroyed if it is in their or his opinion impracticable to disinfect the same thoroughly.

(5) Where the cost of disinfection has been increased by any wilful act or neglect on the part of the owner of the animal or carcase, the Local Authority shall be entitled to recover from the owner the additional cost so caused.

Facilities and Assistance to be given for Cleansing and Disinfection.

14.—(1) The occupier of any place, and the owner of anything, liable to be cleansed and disinfected under this Order shall give all reasonable facilities to the Local Authority and their officers for that purpose, and any person failing to give such facilities shall be deemed guilty of an offence against the Act of 1894.

(2) The Local Authority may by Notice in writing signed by an Inspector and served on the occupier of any premises or the owner of anything liable to be cleansed and disinfected under this Order, require him to cleanse and disinfect the same in the mode provided by this Order but at the expense of the Local Authority, and any person failing to carry out the requirements of a Notice so served on him shall be deemed guilty of an offence against the Act of 1894.

Prohibition of Exposure or Movement of Diseased or Suspected Animals.

- 15.—(1) It shall not be lawful for any person—
- (a) to expose a diseased or suspected animal in a market or fair, or in a sale-yard, or other public or private place where animals are commonly exposed for sale; or
 - (b) to place a diseased or suspected animal in a lair or other place adjacent to or connected with a market or a fair, or where animals are commonly placed before exposure for sale; or
 - (c) to send or carry, or cause to be sent or carried, a diseased or suspected animal on a railway, canal, river, or inland navigation, or in a coasting vessel; or
 - (d) to carry, lead, or drive, or cause to be carried, led, or driven, a diseased or suspected animal on a highway or thoroughfare; or
 - (e) to place or keep a diseased or suspected animal on common or uninclosed land, or in a field or place insufficiently fenced, or in a field adjoining a highway, unless that field is so fenced or situate that animals therein cannot in any manner come in contact with animals passing along that highway or grazing on the sides thereof; or
 - (f) to graze a diseased or suspected animal on pasture being on the sides of a highway; or
 - (g) to allow a diseased or suspected animal to stray on a highway or thoroughfare or on the sides thereof, or to be on common or uninclosed land, or in a field or place insufficiently fenced.
- (2) Notwithstanding anything in this Order an animal exposed or otherwise dealt with in contravention of this Article may be moved by or under the direction of an Inspector of the Local Authority to some convenient and isolated place.

Powers of Board of Agriculture and Fisheries.

16. Any powers by this Order conferred upon a Local Authority or an Inspector of a Local Authority may at any time be exercised by the Board or an Inspector of the Board respectively.

Local Authority to enforce Order.

17. The provisions of this Order, except where it is otherwise provided, shall be executed and enforced by the Local Authority.

Weekly Returns of Anthrax.

18. Where the existence of anthrax is certified under Article 5 of this Order by a Veterinary Inspector of the Board, an Inspector of the Local Authority shall forthwith make a return thereof to the Local Authority and to the Board, on a form provided by the Board, with all particulars therein required, and shall continue to so make a return thereof on the Saturday of every week until the disease has ceased.

Extension of certain Sections of Diseases of Animals Act, 1894.

19. Horses, asses, mules, and dogs (as well as the animals specified in the Act of 1894) shall be animals, and anthrax (that is to say, the disease called or known as anthrax, splenic fever, or splenic apoplexy of animals) shall be a disease,

for the purposes of the following sections of the Act of 1894 (namely):

Section forty-three (Police);

Section forty-four (General Administrative Provisions);

and also for the purposes of all other sections of the said Act containing provisions relative to or consequent on the provisions of those sections and this Order, including such sections as relate to offences and legal proceedings.

Presumption of Knowledge of Disease.

20. Where the owner or person in charge of an animal or carcase is charged with an offence against the Act of 1894 relative to anthrax, he shall be presumed to have known of the existence of that disease, unless and until he shows, to the satisfaction of the Court, that he had not knowledge thereof, and could not with reasonable diligence have obtained that knowledge.

Offences.

21.—(1) If an animal or any thing is moved in contravention of this Order, or of a Notice served thereunder, the owner of the animal or thing, and the person for the time being in charge thereof, and the person causing, directing, or permitting the movement, and the person moving or conveying the animal or thing, and the owner and the charterer and the master of the vessel in which it is moved, and the consignee or other person receiving or keeping it knowing it to have been moved in contravention as aforesaid, and the occupier of the place from which the animal or thing is moved, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(2) If a carcase is buried or destroyed or otherwise dealt with in contravention of this Order, the owner of the carcase, and the person for the time being in charge thereof, and the person causing, directing, or permitting the carcase to be so buried, destroyed, or otherwise dealt with, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

Revocation of Order.

22. The Order described in the Second Schedule to this Order is hereby revoked.

Extent.

23. This Order extends to England and Wales and Scotland.

Commencement.

24. This Order shall come into operation on the first day of January, nineteen hundred and eleven.

Short Title.

25. This Order may be cited as the ANTHRAX ORDER OF 1910.

In witness whereof the Board of Agriculture and Fisheries have hereunto set their Official Seal, this twenty-fourth day of September nineteen hundred and ten.
