Obstructions have been placed in Queenstown harbour, and Mariners are hereby warned that under the Defence of the Realm (Consolidation) Regulations, 1914, the following orders have been made and are now in force:—

1. Two Trawlers will be moored midway between Corkbeg and the easternmost point of Spike island. Pilotage is compulsory for all vessels without exception between the Examination anchorage and the outer Man-of-War anchorage and *vice versa*. All vessels shall pass between these Trawlers steering a course directly up and down the harbour. No vessels shall pass each other when approaching or passing between the Trawlers. Outward-bound vessels will in all instances give way to those inward-bound. The speed of vessels when approaching or passing between the Trawlers shall not exceed 10 knots.

2. The passage between Spike island and Ringaskiddy point is closed, and no vessel shall approach the area bounded on the south by a line drawn between Golden rock and the southernmost point of Spike island.

3. No vessels shall use the channels between Haulbowline and Spike island east of Rocky island or west of the Military pier on Spike island.

4. Vessels infringing these orders expose themselves to grave danger and are liable to be fired upon.

*Authority.*—The Lords Commissioners of the Admiralty.

By Command of their Lordships,

J. F. PARRY,  
*Hydrographer.*

Hydrographic Department, Admiralty,  
London, 31st May 1915.

## NOTICE TO MARINERS.

No. 479 of the year 1915.

### NORTH SEA, RIVER THAMES, AND ENGLISH CHANNEL.

#### PILOTAGE AND TRAFFIC REGULATIONS.

*Former Notice.*—No. 459 of 1915; hereby cancelled.

1. The following Orders as to Compulsory Pilotage between the Downs and Great Yarmouth have been made under the Defence of the Realm (Consolidation) Regulations, 1914, and are now in force.

1. All ships (other than British ships of less than 3500 tons gross tonnage, when trading coastwise or to or from the Channel islands and not carrying passengers) whilst bound from, and whilst navigating in the waters from, the Downs Pilot Station to Gravesend or *vice versa*, must be conducted by pilots licensed by the London Trinity House.

2. All ships (other than British ships of less than 3500 tons gross tonnage, when trading coastwise or to or from the Channel islands and not carrying passengers) whilst bound from, and whilst navigating in the waters from, Gravesend to Great Yarmouth or *vice versa*, must be conducted by pilots licensed by the London Trinity House.

3. All ships (other than British ships of less than 3500 tons gross tonnage, when trading coastwise or to or from the Channel islands and when not carrying passengers) whilst navigating

in the waters from Gravesend to London Bridge or *vice versa*, must be conducted by pilots licensed by the London Trinity House.

4. The Trinity House Pilot Station at Dungeness having been discontinued, pilotage is therefore not compulsory between the Downs Pilot Station and Dungeness, except for ships bound into or out of the Harbours of Dover and Folkestone.

II. Trinity House Pilot Stations have been established at the undermentioned places, and merchant vessels not under compulsion of pilotage are very strongly advised to take pilots:—

(a) **THE DOWNS**, where ships proceeding north can obtain pilots capable of piloting as far as Great Yarmouth; and also pilots for the River Thames, and for Folkestone and Dover harbours. The pilot steamers attached to the Downs Station will cruise in the vicinity of a position two miles south-east of Deal Pier.

(b) **GREAT YARMOUTH**, where ships from the North Sea bound for the River Thames or the English Channel can obtain pilots capable of piloting as far as the Downs.

The Pilot Steamer attached to the Great Yarmouth Station will cruise between the Corton Light-vessel and the South Scroby Buoy.

(c) **THE SUNK LIGHT-VESSEL**, where ships crossing the North Sea between the parallels of 51° 40' and 51° 54' North Latitude, but *no others*, can obtain pilots for the River Thames and the Downs.

(d) Pilots can also be obtained at **LONDON** and **HARWICH** for the Downs and Great Yarmouth (including the River Thames and approaches).

*Note.*—The pilots referred to in this Notice are the pilots licensed by the London Trinity House and no others.

III. **RIVER THAMES**.—All traffic into and out of the River Thames must pass through the Edinburgh Channels, or through the Black Deep

south of the Knock John and Knob Light-buoys, and through the Oaze Deep, until further notice.

No vessels are to remain under way in the above-mentioned Channels between Southend on the west, and the Sunk Head Light-buoy or a line joining the positions of the South Long Sand and East Shingles buoys, on the east, between the hours of 11 p.m. and 2 a.m.

Vessels at anchor within these limits must not exhibit any lights between the hours of 11 p.m. and 2 a.m.

All other Channels are closed to navigation.

2. No yachts or pleasure boats under sail or steam, or otherwise mechanically driven, are allowed in the Estuary of the Thames east of a line drawn between the Grain spit and West Shoebury buoys.

The Estuary of the Thames mentioned in the preceding paragraph is to be considered to include the north coast of Kent from North Foreland to Sheerness, and the coast of Essex from Shoeburyness to the Naze.

Pulling boats are not allowed in the waters prohibited above without a licence, which must be obtained by the person to whom the boat belongs from the Chief of the local Police. A separate licence is required for each boat.

IV. **RIVER MEDWAY**.—No yachts or pleasure boats under sail or steam, or otherwise mechanically driven, or pleasure pulling boats are allowed in the Medway to the eastward of Rochester Bridge.

*Note.*

This Notice is a republication of Notice No. 459 of 1915, with the addition of Paragraph 2 of Section III., and Section IV.
