HONOURS FOR ROYAL NAVAL AIR SERVICE.

The KING has been graciously pleased to give orders for the following appointment to the Distinguished Service Order:—

To be a Companion of the Distinguished Service Order.

Flt. Sub-Lieut. John Joseph Malone, R.N.A.S.

For successfully attacking and bringing down hostile aircraft on numerous occasions.

At about 6.30 a.m. on 23rd April 1917, while on patrol, he attacked a hostile scout and drove it down under control. He then attacked a second scout, which, after the pilot had been hit, turned over on its back and went down through the clouds. A third scout, attacked by him from a distance of about twenty yards, descended completely out of control. While engaging a fourth machine he ran out of ammunition, so returned to the advanced landing ground, replenished his supply, and at once returned and attacked another hostile formation, one of which he forced down out of control.

On the afternoon of 24th April 1917, he engaged a hostile two-seater machine and, after badly wounding the observer, forced it to land on our side of the lines.

The KING has been graciously pleased to approve of the award of the Distinguished Service Cross to the undermentioned Officers:—

Flt.-Lieut. Lloyd Samuel Breadner, R.N.A.S.

For conspicuous gallantry and skill in leading his patrol against hostile formations. He has himself brought down three hostile machines and forced several others to land.

On the 6th April 1917, he drove down a hostile machine which was wrecked while attempting to land in a ploughed field.

On the morning of the 11th April 1917, he destroyed a hostile machine, which fell in flames, brought down another in a spinning nose dive with one wing folded up, and forced a third to land.

Flt. Sub-Lieut. Joseph Stewart Fall, R.N.A.S.

For conspicuous bravery and skill in attacking hostile aircraft.

On the morning of the 11th April 1917, while escorting our bombing machines, he brought down three hostile aircraft. The first he attacked and brought down completely out of control. He was then attacked by three hostile scouts who forced him down to within about two hundred feet of the ground. By skilful piloting he manœuvred his machine close behind one of them, which was driven down and wrecked. Shortly afterwards this Officer was again attacked by a hostile scout, which he eventually brought down a short time before recrossing the lines. He then landed at one of the aerodromes, his machine having been riddled with bullets from the hostile machines, and also by rifle fire from the ground.
