NOTE (1).—All persons or firms resident, carrying on business, or being in the United Kingdom are prohibited from having with any person or firm mentioned in this List, or in any List issued under the Trading with the Enemy (Statutory List) Proclamation, 1916, No. 3, any dealings other than such as are expressly authorised by Paragraph 5 of the Proclamation. A List, consolidating all previous Lists, was published on the 22nd June 1917 (The Consolidating List No. 29A), which, together with Lists No. 30 and 31 of the 6th and 20th July 1917, respectively, and the List herewith annexed contains all the names which up to this date are included in the Statutory List.

Additions to and variations in these Lists will be published at intervals approximately of two weeks.

The Lists are published in the London Gazette and reproduced in the Board of Trade Journal, and separate copies of all Lists may be obtained at a small cost from the Superintendent of Publications, His Majesty's Stationery Office, Imperial House, Kingsway, W.C.

† NOTE (2).—Where a person or firm men-

tioned in the List has more than one address in the country or group of countries under which the name of the person or firm appears, all dealings in that country, or in any country in the group, with such person or firm are prohibited, even in cases where one only of the addresses or one only of the countries is specifically mentioned.

NOTE (3).—Trading is prohibited under the Trading with the Enemy Proclamation of 25th June and 10th November 1915, with any person or firm of enemy nationality resident or carrying on business in China, Siam, Persia, Morocco, Liberia or Portuguese East Africa. Persons or firms in the United Kingdom are therefore prohibited from trading with any person or firm of enemy nationality in any of those countries, even though such person or firm is not mentioned by name in the Statutory List.

NOTE (4).—In order to minimise as far as possible any inconvenience which may be caused to British traders by the dislocation of export trade owing to the inclusion in the Statutory List of a former connection, the Foreign Trade Department is collecting and classifying the names of non-enemy firms who may be able to act as substitutes for firms mentioned in the Statutory List. A considerable amount of information is already available at the Foreign Trade Department, and it is in many cases possible to suggest the names of satisfactory substitutes without the necessity of referring the matter abroad. The Department is, however, prepared on application to inquire of His Majesty's Representatives abroad for the names of suitable substitutes. When the applicant wishes this done by telegraph he is required to undertake to pay the cost of telegraphic correspondence. It would greatly facilitate the work of the Foreign Trade Department if applicants in making inquiries would specify the particular trade or trades for which substitutes are required.

NOTE (5).—The Statutory List for each country is telegraphed, on the day of issue, to His Majesty's Representative in that country, who is instructed to notify accordingly British Consular Officers, to whom persons abroad should apply for information as to names on the List. Persons and firms in the United Kingdom with agencies or branches abroad would, however, be well advised to furnish such agencies or branches with issues of the List as they appear. The Lists for all countries in Central or South America are also telegraphed to His Majesty's Ambassador at Washington, who transmits them to H.M. Consul-General at New York and to other centres in the United States likely to be interested.

* NOTE (6).—It is not unusual for firms in Holland and the Netherland East Indies to be registered under names commencing with descriptive terms such as "Hancel Maatschappy" (Trading Company) or "Naamlooze Venootschap" (Limited Liability Company). In such cases it has been found more convenient to publish the firm under its proper name followed by the general descriptive term "Handel Maatschappy" or "Naamlooze Venootschap" (N.V.), as in the case of an English company. For instance, Handel Maatschappy van den Berg & Company, and Naamlooze Venootschap de Komeet v/h Dumonceau Freres will be found under "Berg" and "Komeet" respectively, and not under "Handel" or "Naamlooze."

Decree (No. 3246), July 13, 1917.

[TRANSLATION.]

Taking into consideration the representations made to me by the Ministers of all the Depart-

ARTICLE III.

An extension is hereby granted to the 31st of August 1917, of the period for the presentation of all claims or documents relative to goods of the same origin.

War Office,
2nd August 1917.

His Majesty the KING has been graciously pleased to approve of the award of the Victoria Cross to the undermentioned Officers, Non-commissioned Officer, and Men:—

Capt. Robert Cuthbert Grieve, Aus. Inf.

For most conspicuous bravery.

During an attack on the enemy's position, in the face of heavy artillery and machine gun fire, and after all his officers had been wounded and his company had suffered very heavy casualties, Capt. Grieve located two hostile machine guns which were holding up his advance. He then, single-handed, under continuous fire from these two machine guns, succeeded in bombing and killing the two crews, reorganised the remnants of his company and gained his original objective.

Capt. Grieve, by his utter disregard of danger, and his coolness in mastering a very difficult position, set a splendid example, and when he finally fell wounded, the position had been secured and the few remaining enemy were in full flight.

2nd Lt. John Manson Craig, R. Sc. Fus.

For most conspicuous bravery on the occasion of an advanced post being rushed by a large party of the enemy. This officer immediately organised a rescue party, and the enemy was tracked over broken country back to his trenches. 2nd Lt. Craig then set his party to work removing the dead and wounded.

During the course of this operation his men came under heavy rifle and machine gun fire. An N.C.O. was wounded, and the Medical Officer who went out to his aid was also severely wounded. 2nd Lt. Craig at once went to their assistance and succeeded in taking the N.C.O. under cover. He then returned for the Medical Officer, and whilst taking him to shelter was himself wounded.

Nevertheless, by great perseverance, he succeeded in rescuing him also.

As the enemy continued a heavy fire and in addition turned on sharpnel and high explosives, 2nd Lt. Craig scooped cover for the wounded and thus was the means of saving their lives.

These latter acts of bravery occurred in broad daylight, under full observation of the enemy and within close range.

On three previous occasions this officer has behaved in a conspicuously brave manner, and has shown an exceptional example of courage and resource.

2nd Lt. John Spencer Dunville, late Dragoons.

For most conspicuous bravery.

When in charge of a party consisting of scouts and Royal Engineers engaged in the demolition of the enemy's wire, this officer displayed great gallantry and disregard of all personal danger.

In order to ensure the absolute success of the work entrusted to him, 2nd Lt. Dunville placed himself between an N.C.O. of the Royal Engineers and the enemy's fire, and, thus protected, this N.C.O. was enabled to complete a work of great importance.

2nd Lt. Dunville, although severely wounded, continued to direct his men in the wire-cutting and general operations until the raid was successfully completed, thereby setting a magnificent example of courage, determination and devotion to duty, to all ranks under his command.

This gallant officer has since succumbed to his wounds.

2nd Lt. Thomas Harold Broadbent Maufe, R.G.A.

For most conspicuous bravery and initiative.

Under intense artillery fire this officer on his own initiative repaired, unaided, the telephone line between the forward and rear positions, thereby enabling his battery to immediately open fire on the enemy.

2nd Lt. Maufe further saved what might have proved a most disastrous occurrence by extinguishing a fire in an advanced ammunition dump, caused by a heavy explosion, regardless of the risk he ran from the effects of gas shells which he knew were in the dump.

By his great promptitude, resource and entire disregard of his own personal safety, he set an exceptionally fine example to all ranks.

2nd Lt. Frank Bernard Wearne, Essex R.

For most conspicuous bravery when in command of a small party on the left of a raid on the enemy's trenches.

He gained his objective in the face of much opposition and by his magnificent example and daring was able to maintain this position for a considerable time, according to instructions.

During this period 2nd Lt. Wearne and his small party were repeatedly counter attacked. Grasping the fact that if the left flank was lost his men would have to give way, 2nd Lt. Wearne, at a moment when the enemy's attack was being heavily pressed and when matters were most critical, leapt on the parapet and, followed by his left section, ran along the top of the trench, firing and throwing bombs. This unexpected and daring manœuvre threw the enemy off his guard and back in disorder. Whilst on the top of the trench 2nd Lt. Wearne was severely wounded, but refused to leave his men. Afterwards he remained in the trench directing operations, consolidating his position and encouraging all ranks. Just before the order to withdraw was given, this gallant officer was again severely hit for the second time, and while being carried away was mortally wounded.

By his tenacity in remaining at his post, though severely wounded, and his magnificent fighting spirit, he was enabled to hold on to the flank.

T/2nd Lt. Frederick Youens, late Durh. L.I.

For most conspicuous bravery and devotion to duty.

While out on patrol this officer was wounded and had to return to his trenches to have his wounds dressed. Shortly afterwards a report came in that the enemy were preparing to raid our trenches. 2nd Lt. Youens, regardless of his wound, immediately set out to rally the team of a Lewis Gun, which had become disorganised owing to heavy shell fire. During this process an enemy's bomb fell on the Lewis Gun position without exploding. 2nd Lt. Youens immediately picked it up and hurled it over the parapet. Shortly afterwards another bomb fell near the same place; again 2nd Lt. Youens picked it up with the intention of throwing it away, when it exploded in his hand, severely wounding him and also some of his men.

There is little doubt that the prompt and gallant action of 2nd Lt. Youens saved several of his men's lives and that by his energy and resource the enemy's raid was completely repulsed.

This gallant officer has since succumbed to his wounds.

No. 6/2133 L/Cpl. Samuel Frickleton, N.Z. Infy.

For most conspicuous bravery and determination when with attacking troops, which came under heavy fire and were checked.

Although slightly wounded Cpl. Frickleton dashed forward at the head of his section, pushed into our barrage and personally destroyed with bombs an enemy machine gun and crew which was causing heavy casualties.

He then attacked a second gun, killing the whole of the crew of twelve.

By the destruction of these two guns, he undoubtedly saved his own and other units from very severe casualties, and his magnificent courage and gallantry ensured the capture of the objective.

During the consolidation of the position he received a second severe wound.

He set, throughout, a great example of heroism.

No. 1804 Pte. John Carroll, Aus. Infy.

For most conspicuous bravery.

During an attack, immediately the barrage lifted, Pte. John Carroll rushed the enemy's trench and bayoneted four of the enemy.

He then noticed a comrade in difficulties, and at once proceeded to his comrade's assistance and killed one of the enemy. He continued working ahead with great determination until he came across a machine gun and team of four men in a shell-hole.

Single-handed he attacked the entire team, killing three of the men and capturing the gun.

Later on two of his comrades were buried by a shell, and, in spite of very heavy shelling and machine gun fire, he managed to extricate them.

During the 96 hours the battalion was in the line Pte. Carroll displayed most wonderful courage and fearlessness.

His magnificent example of gallantry and devotion to duty inspired all ranks in his battalion.

No. 80887 Pte. John George Pattison, Can. Infy.

For most conspicuous bravery in attack.

When the advance of our troops was held up by an enemy machine gun, which was inflicting severe casualties, Pte. Pattison, with utter disregard of his own safety, sprang forward and, jumping from shell-hole to shell-hole, reached cover within 30 yards of the enemy gun.

From this point, in face of heavy fire, he hurled bombs, killing and wounding some of the crew, then rushed forward, overcoming and bayoneting the surviving five gunners.

His valour and initiative undoubtedly saved the situation and made possible the further advance to the objective.

No. 2251 Pte. William Ratcliffe, S. Lanc. R.

For most conspicuous bravery.

After an enemy's trench had been captured, Pte. Ratcliffe located an enemy machine gun which was firing on his comrades from the rear, whereupon, single-handed and on his own initiative, he immediately rushed the machine gun position and bayoneted the crew. He then brought the gun back into action in the front line.

This very gallant soldier has displayed great resource on previous occasions, and has set an exceptionally fine example of devotion to duty.

ADMIRALTY NOTICE TO MARINERS.

No. 762 of the year 1917.

SCOTLAND NORTH-EAST COAST, ORKNEY AND SHETLAND ISLES.

Former Notices.—No. 608 and 660 of 1917; hereby cancelled.

Notice is hereby given that, under the Defence of the Realm (Consolidation) Regulations, 1914, the following Regulations have been made by the Lords Commissioners of the Admiralty, and are now in force:—

(1) PENTLAND AND MORAY FIRTHS—RESTRICTION OF TRAFFIC; PILOTAGE REGULATIONS.

The following regulations have been made with a view to safeguarding the interests of shipping in the Pentland and Moray Firths:—

I.—RESTRICTION OF TRAFFIC.

1. No vessel, either British, Allied or Neutral, is to be in the area indicated in *red* on the accompanying portion of Admiralty Chart No. 2, from half an hour after sunset to half an hour before sunrise, unless at anchor. No vessel, however, is to anchor:—

3

- (a) Anywhere along the coast between Tarbet ness and North Sutor, except within one mile radius of Balintore;
- (b) Anywhere off the south shore of the Moray Firth between the meridians of Port Gordon and Burghhead, except within three-quarters of a mile of the low-water mark;
- (c) Outside a distance of one mile of the coast in any other portion of the area indicated in *red*.

2. Vessels proceeding to ports in the Moray Firth should therefore endeavour to enter the firth in time to reach their destinations not later than half an hour after sunset. Should they not reach their destinations by that time they are to anchor, weather permitting, subject to the restrictions given in clause 1.
3. Any vessel contravening the foregoing regulations will run the gravest risk of being sunk.

Caution.—Neutral or Allied vessels are particularly warned that the passage through the Pentland Firth presents very grave risks to a Westbound vessel, and are strongly advised not to take it.

II.—PILOTAGE REGULATIONS.

1. Pilotage is compulsory at the ports of Cromarty and Inverness for all vessels (including fishing vessels) which have a draught of over eight feet, and it is highly dangerous for any vessel to enter or leave without a pilot. Fishing and other small vessels having a draught of over eight feet are to assemble at the Pilotage stations, and will be conducted into and out of port in groups. Vessels bound for Cromarty and Inverness will be led through the defences from a position off Tarbet ness by a pilot boat. They should follow directly astern of her.

Local arrangements for leading vessels through the defences will be made for vessels leaving Cromarty or Inverness.

2. It is dangerous for any vessel to be under way to the south-westward of a line joining Tarbet ness and Findhorn without a pilot.

3. No vessels of any description other than H.M. Ships and Auxiliaries are to be under way between sunset and sunrise in the waters contained between a line drawn from Tarbet ness to Findhorn, and a line drawn from Fort George to Chanonry point.

(2) ORKNEY ISLES—TRAFFIC REGULATIONS.

I.—SCAPA FLOW AND APPROACHES.

1. All entrances are dangerous, and entry is absolutely prohibited by any of them except as provided in succeeding paragraphs.
2. Examination services have been established in the entrances to Hoxa and Hoy sounds; vessels directed to enter must communicate with the Examination vessel and follow the instructions received from her very carefully.
3. No vessel is permitted to approach the entrance to Hoxa sound within a radius of 5 miles under any circumstances whatever, except when actually ordered to Scapa Flow.
4. The only vessels permitted to enter Hoy sound from the westward are those ordered to Stromness.
5. Vessels are not permitted to enter Hoxa or Hoy sounds by night or in thick weather.

6. Passage through Cantick sound is entirely prohibited.

II.—PORT OF KIRKWALL AND APPROACHES.

1. The Port of Kirkwall shall comprise all enclosed waters of the Wide Firth and Kirkwall bay to westward of Thieves holm.

2. Merchant vessels shall obey all orders given them by the Admiralty Port Officer as regards anchoring or shifting position.

3. No vessel other than H.M. Ships shall enter or leave the Port of Kirkwall during hours of darkness, *i.e.* between half an hour after sunset and half an hour before sunrise, except in special circumstances with special permission from the Admiralty Port Officer.

4. During foggy and thick weather, traffic in and out of the port is stopped, and no vessel shall approach the boom from either direction.

5. No vessel (other than H.M. Ships) or boat shall move in the harbour during hours of darkness as aforesaid. And no boat (other than those belonging to H.M. Ships) shall approach the shore or go alongside any pier in the Port of Kirkwall.

6. All vessels (other than H.M. Ships) entering or leaving the Port of Kirkwall shall be piloted in and out by a Pilot drifter, and are prohibited from entering or leaving harbour unless so piloted, save and except only (1) in the case of such British vessels as have a written exemption therefrom, issued by the Admiralty Port Officer; (2) when a liner is entering the harbour, the Pilot may at his discretion, when circumstances of tide and sea render it advisable, direct such liner to enter the harbour without being piloted, provided always that the gate is open for incoming traffic.

7. Vessels, when cleared, shall wait for the Pilot vessel to conduct them out of port, or proceed as directed by the Naval Authorities.

8. Drifters engaged on pilot duty will fly the pilot flag (white and red, horizontal).

9. Incoming and outgoing traffic will be regulated by signals hoisted at the yardarm of the Boom trawler, and repeated at Hellier holm lighthouse.

10. Traffic signals are to be strictly obeyed, and no vessel shall approach the entrance against the signal.

11. The following Traffic signals will be displayed at the Boom and at Hellier holm:—

Gate "Open for Incoming Traffic":

By day—two balls, vertical.

By night—a red light.

Gate "Open for Outgoing Traffic":

By day—a cone, point upwards.

By night—a green light.

Gate Closed: By day—Three balls at Hellier holm.

By night—Three red lights at Hellier holm.

12. Vessels entering will, as a rule, be given priority over those leaving.

13. All outgoing vessels shall pass round the Turning buoy (red and white striped, spherical) moored approximately 285° (N. 56° W. Mag.), one mile from the entrance.

14. Incoming vessels will not pass round the Turning buoy, but will shape course as requisite for the anchorage on entering.

15. No outgoing vessel shall pass the Turning buoy, unless the signal for outgoing traffic is up. If the signal is against it, such vessel shall stop

and wait in the neighbourhood of the Turning buoy.

16. No incoming vessel shall pass Hellier holm, unless the signal for incoming traffic is up at Hellier holm. If the signal is against it, such vessel shall wait in Shapinshay sound.

17. Incoming and outgoing vessels shall not pass through the gate simultaneously. If, through any misunderstanding, an outgoing and an incoming ship are approaching the gate simultaneously, then the outgoing ship shall give way, and shall turn round, and return to the Turning buoy, and there wait till such time as the entrance is clear.

18. As a rule only one ship will be conducted out at a time, but under exceptional circumstances, in the event of two ships being conducted out, then the Pilot will give instructions as to which ship is to go first, and the rear ship shall then keep a full half mile directly astern, and is on no account to close or overhaul or attempt to pass the ship ahead.

19. *Caution.*—Caution is necessary when approaching the boom, as the tidal stream does not set fairly through the opening and attains considerable velocity especially on the ebb or west-going stream, which sets in a north-westerly direction.

Variation.—19° W.

(3) SHETLAND ISLES—TRAFFIC OF NEUTRAL VESSELS PROHIBITED.

No vessels other than those of British Nationality or those of the Allied Nations, except vessels calling for the purpose of Examination, shall enter any ports or harbours in, or anchor off any part of, the coasts of the Shetland Isles until further notice.

Note.

This Notice is a revision of the former Notices quoted above.

CAUTION.

This Admiralty Notice to Mariners is issued under the provisions of the Defence of the Realm Regulations, and failure to comply strictly with the directions contained in it will constitute an offence against those Regulations.

Any person found guilty of such an offence is liable to severe penalties both of imprisonment and fine.

Any person aiding or abetting the commission of such an offence is himself guilty of an offence against the Regulations.

Attention is also drawn to the fact that any infringement of the directions contained in this Admiralty Notice to Mariners is liable to result in the detention of the ship or vessel.

(Notice No. 762 of 1917.)

Authority.—The Lords Commissioners of the Admiralty. (H. 4505/17.)
