War Office,
17th August 1918.

His Majesty the KING has been graciously pleased to approve of the award of the Victoria Cross to the undermentioned Non-commissioned Officers and Men:—

No. 1327 Corporal Philip Davey, M.M., A.I.F.

For most conspicuous bravery and initiative in attack. In a daylight operation against the enemy position, his platoon advanced 200 yards, capturing part of the enemy line, and whilst the platoon was consolidating, the enemy pushed a machine gun forward under cover of a hedge and opened fire from close range, inflicting heavy casualties and hampering work.

Alone Corporal Davey moved forward in the face of a fierce point-blank fire, and attacked the gun with hand grenades, putting half the crew out of action. Having used all available grenades he returned to the original jumping-off trench, secured a further supply, and again attacked the gun, the crew of which had in the meantime been reinforced. He killed the crew, eight in all, and captured the gun.

This very gallant N.C.O. then mounted the gun in the new post, and used it in repelling a determined counter-attack, during which he was severely wounded.

By his determination Corporal Davey saved the platoon from annihilation, and made it possible to consolidate and hold a position of

vital importance to the success of the whole operation.

No. 1689A Corporal Walter Ernest Brown, D.C.M., A.I.F.

For most conspicuous bravery and determination when with an advanced party from his battalion which was going into the line in relief.

The company to which he was attached carried out during the night a minor operation resulting in the capture of a small system of enemy trench. Early on the following morning an enemy strong post about 70 yards distant caused the occupants of the newly captured trench great inconvenience by persistent sniping.

Hearing that it had been decided to rush this post, Corporal Brown, on his own initiative, crept out along the shallow trench and made a dash towards the post. An enemy machine gun opened fire from another trench and forced him to take cover. Later he again dashed forward and reached his objective. With a Mills grenade in his hand he stood at the door of a dug-out and called on the occupants to surrender. One of the enemy rushed out, a scuffle ensued, and Corporal Brown knocked him down with his fist. Loud cries of "Kamerad" were then heard, and from the dug-out an officer and eleven other ranks appeared. This party Corporal Brown brought back as prisoners to our line, the enemy mean-

while from other positions bringing heavy machine-gun fire to bear on the party.

No. 3399 L./Cpl. Thomas Leslie Axford, M.M., A.I.F.

For most conspicuous bravery and initiative during operations.

When the barrage lifted and the Infantry advance commenced, his platoon was able to reach the first enemy defences through gaps which had been cut in the wire. The adjoining platoon being delayed in uncut wire, enemy machine guns got into action, and inflicted many casualties, including the Company Commander. Lance-Corporal Axford, with great initiative and magnificent courage, at once dashed to the flank, threw his bombs amongst the machine-gun crews, jumped into the trench, and charged with his bayonet. Unaided he killed ten of the enemy and took six prisoners: he threw the machine guns over the parapet, and called out to the delayed platoon to come on. He then rejoined his own platoon, and fought with it during the remainder of the operations.

Prior to the incidents above mentioned he had assisted in the laying out of the tapes for the jumping off position, which was within 100 yards of the enemy. When the tapes were laid he remained out as a special patrol to ensure that the enemy did not discover any unusual movement on our side. His initiative and gallantry undoubtedly saved many casualties, and most materially assisted towards the complete success of his company in the task assigned to it.

No. 1936 Driver Henry Dalziel, A.I.F.

For most conspicuous bravery and devotion to duty when in action with a Lewis gun section.

His company met with determined resistance from a strong point which was strongly garrisoned, manned by numerous machine guns, and undamaged by our artillery fire, was also protected by strong wire entanglements. A heavy concentration of machine-gun fire caused many casualties, and held up our advance.

His Lewis gun having come into action and silenced enemy guns in one direction, an enemy gun opened fire from another direction. Private Dalziel dashed at it, and with his revolver killed or captured the entire crew and gun, and allowed our advance to continue. He was severely wounded in the hand, but carried on and took part in the capture of the final objective.

He twice went over open ground under heavy enemy artillery and machine-gun fire to secure ammunition, and though suffering from considerable loss of blood, he filled magazines and served his gun until severely wounded through the head.

His magnificent bravery and devotion to duty was an inspiring example to all his comrades, and his dash and unselfish courage at a most critical time undoubtedly saved many lives and turned what would have been a severe check into a splendid success.

6. Should a Producer or Holder consider that the quantity licensed for his own requirements is insufficient for his needs, or in the case of hay and straw taken for Army requirements, that the price is inadequate, provided that such price is less than the maximum allowed by any Order that may at the time of taking be in force, he shall have the right to appeal to the Chairman of the Irish Forage Advisory Committee, whose address is c/o the Department of Agriculture and Technical Instruction for Ireland, Dublin, whose decision or the decision of any person appointed to act by the chairman as his deputy shall be final.
