Civil Service Commission.

December 6, 1921.

The Civil Service Commissioners hereby give notice that the following Regulations have been approved by the Lords Commissioners of His Majesty's Treasury, viz.:—

REGULATIONS RESPECTING OPEN COMPETITIVE EXAMINATIONS FOR THE ADMISSION OF GIRLS TO THE CLERICAL CLASS OF THE CIVIL SERVICE.

N.B.—These Regulations are liable to alteration from time to time.

1. AGE.—The limits of age are 16½ and 17½. For an examination beginning in one of the first six months of the year the governing date on which candidates must be of the prescribed age is the first of March; for an examination beginning in one of the last six months of the year the governing date is the first of September. The half-year is reckoned by calendar months; a candidate who attained the age of 16½ on the governing date would be admitted, but a candidate who attained 17½ on that date would not be admitted.

In reckoning age for competition persons who have served in any established civil situation to which they were admitted with the certificate of the Civil Service Commissioners may deduct from their actual age any time not exceeding two years which they may have spent in such service.

2. NATIONALITY.—Candidates must be natural-born British subjects and the daughters of fathers also natural-born British subjects:

Provided that exception may be made in the case of persons serving in a civil situation to which they were admitted with the certificate of the Civil Service Commissioners.

3. Candidates must be unmarried, and will be required to satisfy the Civil Service Commissioners that they are duly qualified in respect of health and character.

4. The subjects of examination and the marks they will carry are as follows:—

(1) English...	1500
(2) Arithmetic ...	200
(3) Mathematics ...	1000
(4) Science ...	1000
(5) One of the following languages: French, German, Latin, Greek, Welsh, Scottish Gaelic, Irish Gaelic ...	1000
(6) History ...	500
(7) Geography ...	500

5. All candidates take subjects 1 and 2; they may also offer all or any of the optional subjects 3 to 7. In these optional subjects a high standard of performance will be required, so that really good work on optional subjects aggregating 3000 will get more marks than moderate work on a greater number, and a candidate can be successful on optional subjects aggregating 3000 or 3500 as well as on a greater number.

Candidates must obtain such an aggregate of marks in the examination as a whole to satisfy the Civil Service Commissioners.

6. The examination may be held in one part or in two parts, at the discretion of the Civil Service Commissioners. In the latter case the

first part of the examination (which will comprise English and Arithmetic) will be used to reduce the number of competitors to be admitted to the second part. Of those who obtain the highest aggregate of marks on the first part a certain number, to be determined by the Civil Service Commissioners, will be admitted to the second part of the examination. The successful list will consist of those candidates who obtain the highest aggregate marks on the whole examination. If the examination is held in two parts, the second part will be held in fewer centres than the first.

7. It will rest with the Civil Service Commissioners to determine the Departments to which the successful candidates shall be assigned. In making the assignments the Commissioners will be guided by the requirements of the public service. Subject to this condition, the wishes of candidates will, where possible, be respected.

8. Persons who have entered upon or completed a course of education or training for the occupation of teacher, on account of which grants are payable from the Exchequer, will not be qualified to receive appointments until the consent of the Board of Education in England, the Committee of Council on Education for Scotland, or the Commissioners of National Education, Ireland, as the case may be, given in conformity with rules sanctioned by the Lords of the Treasury, has been notified to the Civil Service Commissioners.

9. Application for permission to attend an examination must be made at such times and in such manner as may be fixed by the Civil Service Commissioners.

10. A fee of £2 will be required from every candidate attending an examination.

The Civil Service Commissioners further give notice that an Open Competitive Examination will be held under the foregoing Regulations at Aberdeen, Birmingham, Bristol, Cardiff, Edinburgh, Glasgow, Leeds, Liverpool, London, Manchester, Newcastle-on-Tyne, Norwich, Nottingham, Plymouth, Portsmouth, and Southampton, commencing on the 25th April, 1922.

No person will be admitted to Examination from whom the Secretary of the Civil Service Commission has not received, on or before the 23rd February, an application, in the Candidate's own handwriting, on a prescribed form, which may be obtained from the Secretary at once.

Civil Service Commission.

December 6, 1921.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the consent of the Lords Commissioners of His Majesty's Treasury, viz.:—

REGULATIONS for the Competitive Selection of Assistants in the Royal Scottish Museum.

N.B.—*These Regulations are liable to alteration from time to time.*

1. *Age.*—Candidates must have attained the age of twenty-six, and shall as a rule not exceed the age of thirty on the 1st January in the year in which the competition is held, but in special circumstances candidates above thirty or below

twenty-six may be admitted with the approval of the Treasury and the Civil Service Commissioners.

2. *Nationality.*—Candidates must be natural-born British subjects and born of a father also a natural-born British subject, provided that exception may be made in the case of candidates serving in a civil situation to which they were admitted with the certificate of the Civil Service Commissioners, and provided that exception may be made to the latter condition of the rule in the case of candidates who have served in His Majesty's Armed Forces during the War.

3. *Military Service.*—Until further order, preference will be given to candidates who have served in His Majesty's Forces in the War.

4. *Publicity.*—The Scottish Education Department will take such steps as they think most appropriate to make known the existence of any vacancy or vacancies which they desire to fill on any one occasion, and the Civil Service Commissioners will satisfy themselves that the steps taken have been such as to secure all desirable publicity.

5. *Application.*—Application shall be made in the first instance to the Director of the Royal Scottish Museum, who, after examining the candidates' credentials and interviewing personally any or all of the candidates, will submit the names of such candidates as appear to have the requisite qualifications for the posts in question to the Vice-President of the Scottish Education Department for nomination. Candidates thus nominated shall be submitted to the Civil Service Commissioners, who, if dissatisfied with the number or quality of candidates for any vacancy, may require further search to be made for qualified candidates.

6. *Education.*—Candidates must satisfy the Civil Service Commissioners that they have received such systematic education, general or technical, or general and technical together, as in the Commissioners' opinion fits them for the post. Candidates thus nominated, unless they have passed an examination qualifying for a University Degree, shall be submitted to a qualifying examination in English (including Essay and Précis Writing), and translation from two of the following languages: Latin, Greek, French, German, Italian. The Commissioners may, if in doubt, submit any or all the candidates to examination in other subjects to test technical education.

7. *Health and Character.*—Candidates must satisfy the Civil Service Commissioners as to their health and character.

Until further order, and other things being equal, preference will be given by the Selection Board to candidates who are debarred from active employment by a physical impairment due to the War, and not of a nature to interfere with the discharge of ordinary administrative duties.

8. *Competitions.*—Candidates who have been admitted to and have passed the Qualifying Examination will be summoned to an interview before a Selection Board, who will recommend for the vacancies existing those candidates who appear to them to possess the highest qualifications, and their decision will be final. The Selection Board shall be nominated by the Commissioners in consultation with the authorities of the Department, who shall be represented on

the Selection Board. The Selection Board will take into consideration the candidate's record of experience and education, any recommendations that they may receive from persons named by any candidate as having direct knowledge of his work in the past, and the personal qualities of the candidate as shown at his interview; and on their estimation of all the above evidence they will frame their decisions.

9. *Warning*.—Any attempt on the part of a candidate to enlist support for his application through Members of Parliament or other influential persons will disqualify him for appointment. The Selection Board will disregard spontaneous recommendations from persons who are not personally acquainted with the candidate's work, whether at school, at the University, in the Forces or otherwise.

10. *Fee*.—Every candidate before entry to the Qualifying Examination shall pay the regulation fee of £6.

*Civil Service Commission,
