CONDITIONS.

SECTION II.—The General Minimum Piece-Rates set out in Section I. of this Part are on the basis that the needles are filled by or at the expense of the worker. In cases where workers have their needles filled for them at the expense of the employer the above General Minimum Piece-Rates are subject to a reduction of 7½ per cent.

SECTION III.—The General Minimum Piece-Rates set out in Section I. of this Part are for Single Twines. The General Minimum Piece-Rates for Double Twines are three-quarters of the General Minimum Piece-Rates for Single Twines.

SECTION IV.—In cases where a Net Section contains meshes of more than one size, the rate payable will be based on the weighted average mesh size, arrived at as follows, that is to say, by multiplying the number of rows of each separate mesh size by the size of the mesh, adding the product, and dividing this added product by the total number of rows in the Net Section. For example: The Belly of a Trawl Net made up from Twine of 125 yards per lb. and consisting of 75 rows of 3-inch mesh, 50 rows of 4-inch mesh, 25 rows of 5-inch mesh: Calculation of weighted average mesh:—

$$\begin{array}{rcl} 75 \times 3 = 225 & & \\ 50 \times 4 = 200 & & \\ 25 \times 5 = 125 & & \\ \hline 150 & 550 & \end{array} \left. \begin{array}{l} \\ \\ \\ \end{array} \right\} \begin{array}{l} \text{Weighted average mesh} \\ \text{size} = \frac{550}{150} = 3\frac{2}{3} \text{ inches.} \end{array}$$

The Net Section must be paid for as though the mesh was 3⅔ inches throughout, viz., under Column 6.

PROPOSED OVERTIME RATES.

SECTION V.—Female workers (*other than* Home-workers) employed on work to which the Proposed General Minimum Piece-Rates set out in this Part are applicable shall be entitled to receive, in respect of each hour of overtime worked, in addition to the Appropriate General Minimum Piece-Rate, a sum of 1½d., 3½d. or 6½d. according as the overtime rate which would have been payable under the provisions of the Notice R. (37), if the worker had been employed on time work, were time-and-a-quarter, time-and-a-half, or double time, respectively.

PART II.

PROPOSED VARIATION OF GENERAL MINIMUM PIECE-RATES FOR FEMALE HOME-WORKERS.

The Trade Board propose to vary the General Minimum Piece-Rates for Female Home-workers set out in Section I. of Part I. of the Schedule to their Notice R. (38) by limiting the application of such rates to nets made from fibres *other than* Hard Fibres, namely, from fibres other than Manila, Sisal, Maguey Fibre, or New Zealand Hemp, or a mixture thereof.

PART III.

PROPOSED VARIATION OF GENERAL MINIMUM TIME-RATES, PIECE-WORK BASIS TIME-RATES AND OVERTIME RATES FOR TWINE MAKERS.

SECTION I.—The Trade Board propose to Vary the General Minimum Time-Rates and Piece-

work Basis Time-Rates for Male and Female Workers employed as Twine Makers set out in their Notice R. (32), by providing that the General Minimum Time-Rates and Piece-Work Basis Time-Rates for "Twine Makers, Double, in Walk" shall be those set out in Section I. (B) of Part I., and for "Twine Makers, Single, in Walk" shall be those set out in Section I. (C) of Part I., of the Schedule to the above mentioned Notice R. (32).

PROPOSED OVERTIME RATES.

SECTION II.—Overtime Rates calculated on the minimum rates of wages proposed in Section I. of this Part, in the manner specified in Part III. of the Schedule to the Trade Board's Notice R. (32), shall apply in substitution for such proposed minimum rates of wages, in respect of all time worked in excess of the number of hours declared by the Trade Board in the Notice R. (32) to be the normal number of hours of work in the trade.

PART IV.

PROPOSED ADDITIONAL GENERAL MINIMUM PIECE-RATES FOR HAND MACHINE BRAIDING.

SECTION I.—The Trade Board propose to Fix, as respects Workers *other than* Home-workers, General Minimum Piece-Rates for Hand-Machine Braiding additional to those fixed and set out in their Notice R. (33) (which apply only to Netting of 55 yards) by providing that the General Minimum Piece-Rates in respect of Netting of a size greater or less than 55 yards shall be the General Minimum Piece-Rates set out in the Trade Board's Notice R. (33), subject to a proportionate increase or reduction, according as the size of the Netting is more or less than 55 yards.

PROPOSED OVERTIME RATES.

SECTION II.—Overtime Rates calculated on the minimum rates of wages proposed in Section I. of this Part, in the manner specified in Part II. of the Schedule to the Trade Board's Notice R. (40), shall apply in substitution for such proposed minimum rates of wages, in respect of all time worked in excess of the number of hours declared by the Trade Board in the Notice R. (40) to be the normal number of hours of work in the trade.

PART V.

GENERAL.

The Proposed Minimum Rates set out in this Schedule shall apply, subject to the provisions of the Trade Boards Acts, to all Workers of the classes specified in this Schedule in respect of all time during which they are employed in the Rope, Twine, and Net Trade as specified in the Trade Boards (Rope, Twine, and Net) Order, 1919 (as amended by the Trade Boards (Made-up Textiles) Order, 1920) and as set out in Section II. of Part V. of the Trade Board's Notice R. (32), dated 22nd February 1923.

The Trade Board will consider any OBJECTIONS to the above Proposal to Fix and to Vary which may be lodged with them within two months from the 17th July 1925. Such objections should be in writing and signed by the person making the same (adding his or her full name and address), and should be sent to the Secretary of the Rope, Twine, and Net

Trade Board (Great Britain), 1 Whitehall Gardens, London, S.W.1.

It is desirable that the Objections should state precisely, and so far as possible with reasons, what is objected to.

Dated this 17th day of July 1925.

Signed by Order of the Trade Board,

F. POPPLEWELL,
Secretary.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz.:—

REGULATIONS FOR THE COMPETITIVE SELECTION OF INSPECTORS OF FACTORIES IN THE HOME OFFICE.

N.B.—These Regulations are liable to alteration from time to time. Competitions do not take place at fixed intervals, but are held as occasion arises on the occurrence of vacancies.

1. Candidates must have attained the age of 23 and must not have attained the age of 32 on a date to be fixed in respect of the competition in which they are to take part. In exceptional cases, however, the Board will be prepared to consider the appointment of persons above the limits specified.

2. Candidates must be natural-born British subjects and born of a father also a natural-born British subject; provided that exception

may be made in the case of candidates serving in a civil situation to which they were admitted with the certificate of the Civil Service Commissioners, and provided that exception may be made as to the father in the case of candidates who have served in His Majesty's Armed Forces during the Great War, between the 4th August 1914 and the 11th November 1918.

3. Until further order, special consideration will be given to candidates who have served in His Majesty's Forces during the War.

No person will be eligible who obtained from any tribunal established under the Military Service Acts, 1916 to 1918, exemption from service in His Majesty's Forces under those Acts on the ground of a conscientious objection to the undertaking of military service, or, although not so exempted, declined to comply with obligations imposed upon him by those Acts.

4. Persons holding situations in the Civil Service must obtain the permission of the authorities of their Department to apply for appointment.

No person actually serving in the Army, Navy, or Air Force will be eligible for consideration unless he produces, when called upon to do so, the permission of his Commanding Officer to apply for appointment, dated before his appearance before the Selection Board, and given in accordance with such orders as may from time to time be issued.

Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate education authority has been notified to the Civil Service Commissioners.

5. The Home Office will take such steps as they think most appropriate to make known the existence of any vacancy or vacancies which they desire to fill on any one occasion, and the Civil Service Commissioners will satisfy themselves that the steps taken have been such as to secure all desirable publicity.

6. Applications shall be addressed in the first instance to the Home Office, and shall be made on a form to be obtained from that Office, which must be stamped by the applicant with a "Civil Service" stamp or stamps of the value of two shillings and sixpence; this fee is payable in respect of the application and will not be returned in any circumstances. The Home Office will examine the candidates' credentials, and will submit the names of such candidates as appear to have the requisite qualifications to the Civil Service Commissioners, who, if dissatisfied with the number or quality of candidates for any vacancy, may require further search to be made for qualified candidates. The Civil Service Commissioners may, if they think fit, assist in the scrutiny of the application forms of the candidates.

7. Candidates must satisfy the Civil Service Commissioners that they have such experience and have received such systematic education, general or technical, or general and technical together, as in their opinion fits them for the post. In general, candidates should possess a university degree, or other equivalent qualification in engineering, industry, or science; but the Commissioners may dispense with such qualification in the case of a candidate with

suitable works or other special practical experience. The Commissioners may submit any or all of the candidates to a written examination to test such education, or any part of it, and all candidates will be required to pass an examination in English Composition, including writing a report.

8. Candidates must satisfy the Civil Service Commissioners as to their health and character.

Female candidates must be unmarried or widows, and will be required to resign their appointments on marriage.

9. Candidates who are recommended by the Home Office and are accepted by the Civil Service Commissioners as possessing the requisite qualifications will be summoned to an interview before a Selection Board, who will recommend for the vacancies existing those candidates who appear to them to possess the highest qualifications, and their decision will be final. The Selection Board will be nominated by the Commissioners in consultation with the Home Office, who will be represented on the Selection Board, and, when practicable, one of the Commissioners will be the Chairman. The Selection Board will take into consideration the candidate's record of experience and education, any recommendations that they may receive from persons named by candidates as having direct knowledge of their work in the past, and the personal qualities of the candidate as shown at this interview; and on their estimation of all the above evidence they will frame their decisions.

10. In the allocation of candidates to vacancies the Civil Service Commissioners will have due regard to the requirements of the situation or situations to be filled.

11. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons will disqualify them for appointment. The Selection Board will disregard spontaneous recommendations from persons who are not personally acquainted with the candidate's work, whether at school, at the university, in industry or business, in the Forces, or otherwise.

12. In addition to the fee of two shillings and sixpence payable on application (Clause 6), each candidate admitted to the written examination (Clause 7) will be required to pay a fee of £1. A selected candidate will be required to pay a fee of £4 5s. 0d., towards which the fees paid on application and on examination will count, before the issue of the certificate of qualification for appointment.

(DATED 13TH JULY 1925.)

The Minister of Agriculture and Fisheries, by virtue and in exercise of the powers vested in him under the Diseases of Animals Acts, 1894

to 1925, and of every other power enabling him in this behalf, hereby orders as follows:—

Interpretation.

1. In this Order—

“The Act of 1894” means the Diseases of Animals Act, 1894;

“The Minister” and “The Ministry” mean respectively the Minister and the Ministry of Agriculture and Fisheries;

“Bovine animal” means a bull, cow, ox, heifer or calf;

“Cow” includes a heifer that has calved;

Other terms have, where the context so permits, the same meaning and scope as in the Act of 1894.

Notice of Disease.

2.—(1) Every person having in his possession or under his charge

(i.) any cow which is, or appears to be, suffering from tuberculosis of the udder, indurated udder or other chronic disease of the udder; or

(ii.) any bovine animal which is, or appears to be, suffering from tuberculous emaciation; or

(iii.) any bovine animal which is suffering from a chronic cough and showing definite clinical signs of tuberculosis

shall without avoidable delay give information of the fact to a constable of the police force for the area wherein the animal is, or to an Inspector of the Local Authority, and the constable or Inspector shall forthwith transmit the information to the Local Authority.

(2.) The person in possession or having charge of the animal shall forthwith take such steps as are necessary to secure compliance with Article 10 (*Precautions to be adopted with respect to Milk, &c.*) and Article 11 (*Detention and Isolation of Suspected Animals*) of this Order.

Notification of Disease by Veterinary Surgeons.

3.—(1.) A veterinary surgeon or veterinary practitioner who in his private practice is employed to examine any bovine animal, and is of opinion that the animal is suffering from tuberculosis of the udder or tuberculous emaciation, or suffering from a chronic cough and showing definite clinical signs of tuberculosis, shall with all practicable speed give notice of the existence or suspected existence of such disease to an Inspector of the Local Authority.

(2.) A veterinary surgeon or veterinary practitioner who under and in accordance with this Article gives notice of the existence or suspected existence of such disease to an Inspector of the Local Authority shall be entitled to receive from the Local Authority a fee of two shillings and sixpence for each such notification.

(3) Where two or more animals are examined by a veterinary surgeon or veterinary practitioner on the same premises and at the same time, one fee only shall be payable to him under this Article in respect of the notification of the existence or suspected existence of the disease in such animals.

Examination of Animals, &c.

4.—(1.) The Local Authority shall in every case where, by reason of information received under the preceding Articles or otherwise, there is reasonable ground for supposing that on any premises in their District there is a cow which is suffering from chronic disease of the udder or giving tuberculous milk, or a bovine animal which is suffering from tuberculous emaciation or suffering from a chronic cough and showing definite clinical signs of tuberculosis, direct a Veterinary Inspector with all practicable speed to examine the diseased or suspected animal and any other bovine animals on such premises which the Veterinary Inspector considers it is desirable to examine to ascertain whether any cow on the premises is suffering from tuberculosis of the udder or giving tuberculous milk, or whether any bovine animal thereon is suffering from tuberculous emaciation or suffering from a chronic cough and showing definite clinical signs of tuberculosis, and the Inspector may, with the previous consent in writing of the owner of the animal or of his agent, but not otherwise, apply the tuberculin test to any cow which the Inspector suspects of suffering from tuberculosis of the udder, or of giving tuberculous milk, or to any bovine animal which the Inspector suspects of suffering from tuberculous emaciation.

(2.) The Veterinary Inspector may at all reasonable hours enter on any part of the premises and examine any bovine animal thereon, and the Veterinary Inspector may require any cow on the premises to be milked in his presence, and may take samples of the milk, and the milk from any particular teat shall if he so require be kept separate, and separate samples thereof shall be furnished. The Inspector may also take samples of the faeces or urine of any bovine animal on the premises, or of any abnormal discharge from any bovine animal thereon. The Inspector may, if he thinks fit, submit any of such samples for examination to a pathological institute approved by the Ministry.

(3.) The occupier of the premises and the persons in his employment shall render such reasonable assistance to the Inspector as may be required for all or any of the purposes of this Article, and any person refusing such assistance shall be deemed guilty of an offence against the Act of 1894.

(4.) The Veterinary Inspector shall as soon as possible send to the Local Authority a report showing the result of his examination and investigation including a copy of any report from a pathological institute on the examination of a sample. If the report shows that any animal is suffering from tuberculosis of the udder or tuberculous emaciation, or giving tuberculous milk, or suffering from a chronic cough and showing definite clinical signs of tuberculosis, the Local Authority shall, if it is the Council of a non-county borough in

England and Wales, cause a copy of the report to be sent to the County Council, or if in Scotland, it is not itself the Local Authority for the purposes of the Milk and Dairies (Scotland) Act, 1914, cause a copy of the report to be sent to that Authority.

(5.) If the report of the Inspector as to any animal does not show that it is suffering from tuberculosis of the udder or tuberculous emaciation, or giving tuberculous milk, or suffering from a chronic cough and showing definite clinical signs of tuberculosis, notice in writing shall forthwith be given by the Local Authority or an Inspector of the Local Authority, to the owner or person in charge of the animal that the provisions of this Order relating to precautions to be adopted with respect to milk and detention and isolation of suspected animals have ceased to apply to the animal. A notice to the like effect may be given at any time by an Inspector or other officer of the Ministry acting under the direction of the Minister.

Slaughter of Diseased Animals.

5.—(1.) Where the report of the Inspector under the preceding Article shows that there is an animal which is suffering from tuberculosis of the udder or tuberculous emaciation, or giving tuberculous milk, or suffering from a chronic cough and showing definite clinical signs of tuberculosis, the Local Authority shall with all practicable speed cause notice in writing (in the Form set forth in the Schedule hereto or to the like effect) to be given to the owner or person in charge of the animal and also to the Ministry, and cause the animal to be slaughtered; provided that if, before the slaughter is carried out, the owner of the animal, or any person authorised to act on his behalf, gives notice in writing to the Local Authority, or to their Inspector or other officer directed to carry out such slaughter, that the owner objects to the animal being slaughtered under the provisions of this Order, it shall not be lawful for the Local Authority to cause the animal to be slaughtered unless and until the special authority of the Minister has been obtained.

(2.) If the value of an animal proposed to be slaughtered, as agreed or certified under this Order, exceeds fifty pounds, the Local Authority shall not proceed with its slaughter unless so directed by the Minister.

Restriction of Movement of Animals liable to Slaughter.

6.—(1.) In any case where under the preceding Article a notice of objection to slaughter is given by or on behalf of the owner of an animal or where by reason of the value of the animal its slaughter is subject to the direction of the Minister the Inspector shall forthwith serve on the owner or person in charge of the animal a notice in writing prohibiting the movement of the animal from the premises on which the animal is without a licence of an Inspector of the Local Authority which licence shall only be granted for movement of the animal to a slaughter house.

(2.) Where an animal is so moved it shall not be moved from the slaughter house and shall be caused by the owner to be slaughtered within ninety-six hours after its arrival thereat.

Valuation for Compensation.

7.—(1.) The market value of an animal shall before slaughter be determined for the purposes of this Order by agreement between the Local Authority and the owner of the animal, or if they shall fail so to agree, by a valuer appointed by the Local Authority and the owner, or, on the application of the Local Authority, appointed by the Minister, but in either case paid by the Local Authority, and such valuer shall give to the Local Authority and to the owner a certificate in writing of the said value.

(2.) For the purposes of this Order the market value of an animal shall be the price which might reasonably have been obtained from a purchaser in the open market who had no knowledge of the existence or suspected existence in the animal of the symptoms of disease disclosed by the report of the Inspector under this Order except such knowledge thereof as might reasonably have been obtained by inspection of the animal.

Post-mortem Examination of Slaughtered Animals.

8.—(1.) In the case of every animal slaughtered by a Local Authority under this Order, the Local Authority shall cause the carcase, at the time of slaughter or as soon as practicable thereafter, to be examined by a Veterinary Inspector of the Local Authority, and the owner of the animal shall be entitled to be present at the examination in person or by a representative, who, if the owner thinks fit, may be a veterinary surgeon. The Veterinary Inspector may, and if required by the owner or his veterinary surgeon, shall, for the purposes of the examination submit specimens of the lesions to a pathological institute approved by the Ministry.

(2.) The Veterinary Inspector shall at the conclusion of his examination give to the Local Authority and to the owner or person in charge of the animal a certificate of the result of the examination in the Form set forth in the Schedule hereto or to the like effect together with a copy of any report by a pathological institute on the examination of specimens of lesions submitted to the institute.

Compensation.

9.—(1.) If the Local Authority fail to carry out the examination required by the preceding Article, or if the certificate of such examination does not show that the animal was suffering from tuberculosis, the Local Authority shall, by way of compensation, pay to the owner thereof a sum equal to the market value of the animal, and a further sum of twenty shillings.

(2.) If the certificate of the examination shows that the animal was suffering from tuberculosis (not being advanced tuberculosis), the Local Authority shall, by way of compensation, pay to the owner a sum equal to three-fourths of the market value of the animal, or the sum of forty-five shillings, whichever sum is the greater, after deducting from such sum one-half of their reasonable costs of any valuation of the animal by a valuer appointed by the Minister.

(3.) If the certificate of the examination shows that the animal was suffering from

advanced tuberculosis, the Local Authority shall, by way of compensation, pay to the owner a sum equal to one-fourth of the market value of the animal, or the sum of forty-five shillings, whichever sum is the greater, after deducting from such sum one-half of their costs of valuation as in the preceding case.

(4.) For the purposes of this Order an animal slaughtered under this Order shall be deemed to have been suffering from advanced tuberculosis

- (a) when there is miliary tuberculosis of both lungs; or
- (b) when tuberculous lesions are present on the pleura and peritoneum; or
- (c) when tuberculous lesions are present in the muscular system, or in the lymphatic glands embedded in or between the muscles, or where the infection of lymphatic glands is sufficient to indicate that disease is widespread; or
- (d) where, in addition to the presence of tubercular lesions in the respiratory and digestive tracts, there are also lesions present in the substance or membranes of any two of the following:—spleen, kidney, uterus, ovary, testicle, brain, and spinal cord.

(5.) If in any case the sum received by the Local Authority on sale of a carcase of an animal slaughtered under this Order exceeds the amount paid for compensation to the owner of the animal, the Local Authority shall pay that excess to the owner, after deducting reasonable expenses.

Precautions to be adopted with respect to Milk, &c.

10.—(1.) The milk produced by any cow which is, or appears to be, suffering from chronic disease of the udder or tuberculous emaciation or is suffering from a chronic cough and showing definite clinical signs of tuberculosis, shall not be mixed with other milk until the cow has been examined by a Veterinary Inspector in accordance with the provisions of this Order, and until either six weeks after the examination have expired to enable microscopical and biological tests to be carried out if necessary or the owner or person in charge thereof has been notified that this Article has ceased to apply to the cow and all milk affected by this Article shall forthwith be boiled or otherwise sterilised, and any utensil in which such milk is placed before being so treated shall be thoroughly cleansed with boiling water before any other milk is placed therein. These provisions shall also apply to the milk of a cow in relation to which a notice of intended slaughter has been served from the date of the service of the notice until the slaughter of the animal.

(2.) A Local Authority, or a Veterinary Inspector on their behalf, shall by written notice to the owner or person in charge of the animal apply the provisions of this Article to the milk produced by every cow specified in the notice which is suspected by him to be giving tuberculous milk and is examined under this Order, and such provisions shall apply accordingly.

Detention and Isolation of Suspected Animals.

11.—(1.) Every person having in his possession or under his charge any cow which is, or

appears to be, suffering from chronic disease of the udder, or any bovine animal which is, or appears to be, suffering from tuberculous emaciation, or is suffering from a chronic cough and showing definite clinical signs of tuberculosis, shall keep the animal isolated as far as practicable from other bovine animals, and also keep the animal in his possession or under his charge, until the animal has been examined by a Veterinary Inspector in accordance with the provisions of this Order and the owner or person in charge thereof has been notified that this Article has ceased to apply to the animal.
