CONDITIONS APPLICABLE TO LICENCES.

1. A licence for movement between different parts of the same farm or holding, if endorsed by the Inspector granting it "Occupation Licence," is available for movement of the animals as often as required, and shall remain in force until it is withdrawn by an Inspector of the Ministry or of the Local Authority.

2. This Licence does not authorise movement of animals on any road within a radius of two miles of any infected place, nor movement out of any infected area, whether for the purpose of reaching a destination in an infected area or otherwise.

3. The animals shall be moved in the manner and by the route, if any, specified in the Licence. If the route is not so specified the animals shall be moved as far as practicable by railway, and by the nearest available route, and without avoidable delay to the place of destination specified in the Licence and not elsewhere, and shall while being moved be kept separate as far as practicable, from all other animals. The animals while being moved by railway shall not be untrucked until they reach the railway station nearest to the place of destination.*

4. The Licence shall accompany the animals throughout the movement, shall be produced on demand to an Inspector of the Ministry or Local Authority or to the police, and shall on arrival of the animals at the specified place of destination, be delivered up, forthwith, to the nearest Police Officer of the District, wherein the place of destination is situated, unless the Licence is marked "Occupation Licence."

5. (This condition does not restrict the movement of a carcass.) *This condition does not apply in the case of movements wholly within the area if the licence is an "Occupation Licence" or "For Breeding Purposes," and is so marked.*

6. Where the number of animals to be moved (except with an Occupation Licence) is less than the number in respect of which the licence was granted, the Inspector countersigning the licence must endorse thereon the number of animals proposed to be moved. The licence shall then be available only for the movement of the number of animals so endorsed.

Additional Conditions applicable where the movement of animals is to a licensed market or sale of fat stock, or to a slaughter-house.

7. Before movement to the market or sale, or to the slaughter-house, as the case may be, all animals shall be marked as follows:—

Cattle.—A broad arrow, six inches long, clipped on left hind quarter, and hair clipped off end of tail.

Sheep.—A letter "M" six inches long, painted or stamped with red or blue adhesive composition on both sides of each sheep.

Pigs.—Letter "M" painted or stamped with red or blue adhesive composition on both sides of each pig.

8. The animals shall be slaughtered within 96 hours of arrival at the slaughter-house, or such less period as may be specified by the Local Authority of the District, and shall not be removed therefrom alive.

* If the Inspector granting or countersigning the licence considers it desirable that the animals should be moved by float or other vehicle or by a particular route when not being moved by railway, he should so specify on this licence.
