## TENDERS FOR TREASURY BILLS.

1. The Lords Commissioners of His Majesty's Treasury hereby give notice that Tenders will be received at the Chief Cashier's Office, at the Bank of England, on Friday the 14th September 1928, at 1 o'clock, for Treasury Bills to be issued under the Treasury Bills Act, 1877, the National Debt Act, 1889, and the War Loan Acts, 1914-1919, to the amount of £35,000,000.

2. The Bills will be in amounts of £5000 or £10,000. They will be dated at the option of the Tenderer on any business day from Monday the 17th September 1928 to Saturday the 22nd September 1928, inclusive, and will be payable at three months after date.

3. The Bills will be issued and paid at the Bank of England.

4. Each Tender must be for an amount not less than £50,000, and must specify the date on which the Bills required are to be dated, and the net amount per cent. (being an even multiple of one penny) which will be given for the amount applied for. Separate Tenders must be lodged for Bills of different dates.

5. Tenders must be made through a London Banker, Discount House or Broker.

6. The persons whose Tenders are accepted will be informed of the same not later than the following day, and payment in full of the amounts of the accepted tenders must be made to the Bank of England by means of Cash or a Banker's Draft on the Bank of England not later than 2 o'clock (Saturday 12 o'clock) on the day on which the relative Bills are to be dated.

7. In virtue of the provisions of Section 1 (4)

of the War Loan Act, 1919, Members of the House of Commons are not precluded from tendering for these Bills.

8 Tenders must be made on the printed forms, which may be obtained from the Chief Cashier's Office, Bank of England.

9. The Lords Commissioners of His Majesty's Treasury reserve the right of rejecting any Tenders.

September 7, 1928.*

The Civil Service Commissioners hereby give notice that, on the application of the Head of the Department, and with the approval of the Lords Commissioners of His Majesty's Treasury, the following situation under the Inland Revenue Department has been added to the Schedule appended to the Order in Council of the 22nd July 1920, namely:—

Temporary Valuation Assistant in the Valuation Office.

*Civil Service Commission,  
September 7, 1928.*

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz.:—

**REGULATIONS FOR THE APPOINTMENT OF CHEMISTS, CLASS II., IN THE GOVERNMENT LABORATORY.**

*N.B.—These Regulations are liable to alteration from time to time. Competitions do not take place at fixed intervals, but are held as occasion arises on the occurrence of vacancies.*

1. Candidates must have attained the age of 23 and must not exceed the age of 30, on a date to be fixed in respect of the competition in which they are to take part. Candidates born on the governing date would be admitted on the day they attained the age of 23, but

not on the day on which they attained the age of 30. A candidate who served in the Army, Navy or Air Force between the 4th August 1914 and the 11th November 1918 may deduct from his actual age any period of service between those dates.

2. Candidates must be natural-born British subjects and the children of fathers also natural-born British subjects; provided that exception may be made:—

(a) In the case of candidates serving in a civil situation to which they were admitted with the certificates of the Civil Service Commissioners.

(b) In the case of natural-born British subjects who served in His Majesty's Armed Forces in the Great War between 4th August 1914 and 11th November 1918.

(c) In the case of natural-born British subjects who have satisfactorily completed a period of not less than five years' service on full pay in His Majesty's Regular Forces.

Provided also that if the Civil Service Commissioners are satisfied in the case of any candidate who is a British subject, but does not fulfil all the requirements of the rule as to nationality and descent, that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions that an exception may properly be made to that rule, they may accept such candidates as eligible provided that this discretion shall not be exercisable unless (a) the father or the paternal grandfather of the candidate was a natural-born British subject, and (b) neither the father nor the paternal grandfather had acquired any other nationality by naturalization or by any other voluntary and formal act.

3. Until further order, preference will be given to candidates who have served in His Majesty's Forces between 4th August 1914 and 11th November 1918.

No person will be eligible who obtained from any tribunal established under the Military Service Acts, 1916 to 1918, exemption from service in His Majesty's Forces under those Acts on the ground of a conscientious objection to the undertaking of military service, or, although not so exempted, declined to comply with obligations imposed upon him by those Acts.

4. The candidates must have served for at least one year as Temporary Assistant Chemist in the Government Laboratory. They must possess a degree or diploma in chemistry of a standard not lower than a second-class honours degree at a university, and must have had, including time spent in the Government Laboratory, not less than two years' post-graduate experience in chemical work. They should have a working knowledge of technical French and German.

5. Applications shall be made to the Government Chemist, who will recommend to the Civil Service Commissioners the name of such candidates as he considers to have the requisite qualifications for any of the existing or prospective vacancies.

Provided that if at any time the Government Chemist finds the number of Temporary Assistant Chemists who have the appropriate attainments is insufficient, or if at any time the Civil Service Commissioners find them-

selves unable to vouch for the adequacy of the qualifications of candidates chosen from this source, the condition of service in the Government Laboratory will be dropped, public advertisement will be made, and all candidates who fulfil the other conditions stated in these regulations will be admitted to compete.

6. Candidates must satisfy the Civil Service Commissioners as to their health and Character. Female candidates must be unmarried or widows, and will be required to resign their appointments on marriage.

Until further order, and other things being equal, preference will be given by the Selection Board to candidates who are debarred from active employment by a physical impairment due to the War, and not of a nature to interfere with the discharge of the duties of the post.

7. Candidates who pass the scrutiny under Regulation 5 will be admitted to (a) an interview before a Selection Board, and (b) a written examination in English. A Selection Board shall be nominated by the Commissioners in consultation with the authorities of the Department, who shall be represented upon it, and, if practicable, one of the Commissioners shall be the Chairman. The Selection Board will take into consideration the candidates' record of experience and education, any recommendations that they may receive from persons named by the candidates as having direct knowledge of their work in the past, and the candidates' scientific knowledge and their personal qualities as shown at the interview; and on their estimation of all the above evidence the Board will frame their decisions, which will be final. The Selection Board will arrange the candidates in order of merit, and the vacancies will be filled by the appointment of the candidates in order from the list, subject to their passing the examination and satisfying the Commissioners that they are eligible in all respects.

8. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons will disqualify them for appointment. The Selection Board will disregard spontaneous recommendations from persons who are not personally acquainted with the candidate's work, whether at school, at the University, in the Forces, or otherwise.

9. A fee of £5 will be required from each candidate attending the Competition.

#### ORDER OF THE MINISTER OF AGRICULTURE AND FISHERIES.

(DATED 28TH AUGUST 1928).

#### ANTHRAX ORDER OF 1928.

The Minister of Agriculture and Fisheries, by virtue and in exercise of the powers vested in him under the Diseases of Animals Acts, 1894 to 1927, and of every other power enabling him in this behalf, hereby orders as follows:—

##### *Notice of Disease.*

1.—(1.) Every person having in his

possession or under his charge a diseased or suspected animal or carcase shall with all practicable speed give notice of the fact to a constable of the police force for the police area wherein the animal or carcase is.

(2.) The constable shall forthwith give information of the receipt of the notice to an Inspector of the Local Authority, who shall forthwith report the same to the Local Authority.

(3.) The Inspector of the Local Authority shall forthwith give information of the receipt of the notice to the Medical Officer of Health of the Sanitary District in which the diseased or suspected animal or carcase is or was.

##### *Notification of Disease by Veterinary Surgeons.*

2.—(1.) A veterinary surgeon who examines any animal, or the carcase of any animal, and is of opinion that the animal is affected with disease, or was so affected when it died or was slaughtered or suspects that the animal or carcase is or was so affected shall with all practicable speed give notice of the affection or suspicion of affection

(a) to a constable of the police force for the police area in which the animal or carcase is, and also

(b) to an Inspector of the Local Authority of the District in which the animal or carcase is who shall forthwith report the same to the Local Authority and to the Medical Officer of Health of the Sanitary District in which the diseased or suspected animal or carcase is or was.

(2.) A veterinary surgeon who under and in accordance with this Article gives notice of the existence or suspected existence of disease shall be entitled to receive from the Local Authority a fee of two shillings and sixpence for each notification.

(3.) Where two or more animals or carcasses are examined by a veterinary surgeon on the same premises and at the same time and are found to be affected with disease, or are suspected of being so affected, one fee only shall be payable to him in respect of the notification of the existence or suspected existence of disease in such animals or carcasses.

##### *Precautions in case of diseased or suspected animal or carcase.*

3. Where there is a diseased or suspected animal or carcase on any premises:—

(1.) The occupier of the premises shall—

(a) forthwith prevent access of animals or poultry to the diseased or suspected animal or carcase, or to any part of the premises which has or may have been exposed to infection of disease from the diseased or suspected animal or carcase, or has been contaminated by any dung or any discharge from any such animal or carcase;

(b) forthwith detain on the premises any diseased or suspected animal or carcase thereon, and any other head of cattle, sheep, goat or swine which has been in the same shed, stable, building, yard or field with the diseased or suspected animal or carcase, or in any part of the premises contaminated

by any dung or any discharge from any diseased or suspected animal or carcase; and

(c) disinfect as soon as possible with an approved disinfectant any place where the diseased or suspected animal or carcase has lain, or where its blood has escaped.

(2.) The skin of a diseased or suspected carcase shall not be cut, nor shall anything be done to cause the effusion of blood, except by a Veterinary Inspector acting under the directions of the Local Authority, or by a Veterinary Surgeon acting on behalf of the owner of the carcase and in either case so far only as may be necessary for the purpose of obtaining suitable material for microscopical or cultural examination.

(3.) The milk produced by any diseased or suspected cow or goat shall not be mixed with other milk, and shall forthwith be boiled or otherwise sterilised, and any utensil in which such milk is placed before being so treated shall be thoroughly sterilised with boiling water before any other milk is placed therein.

(4.) The provisions of this Article shall apply before a notice in the Form A or to the like effect is served in accordance with Article 4 (2) hereof, but upon service of such a notice, the rules set out in Article 8 hereof shall be observed.

(5.) The provisions of this Article shall not apply in the case of a diseased or suspected animal exposed in contravention of Article 12 hereof, or in the case of any other animal mentioned in that Article, except in so far as that Article expressly provides.

*Procedure of Inspector of Local Authority.  
Declaration of Infected Place.*

4.—(1.) An Inspector of a Local Authority on receiving in any manner whatsoever information of the supposed existence of disease in any animal or carcase, or having reasonable ground to suspect the existence of disease, shall proceed with all practicable speed to the place where such disease exists, or is suspected to exist, and shall there and elsewhere discharge the duties imposed and shall exercise the appropriate powers conferred on him as Inspector by or under the Diseases of Animals Act, 1894, and this Order.

(2.) The Inspector shall forthwith serve a Notice (in the Form A set forth in the Schedule hereto or to the like effect) on the occupier of any premises on which there is or has been a diseased or suspected animal or carcase.

(3.) On service of such Notice the premises shall become an Infected Place within the limits specified by the Notice and be subject to the Rules contained in Article 8 of this Order.

(4.) Subject as hereinafter provided, the rules applied to an Infected Place by a Notice under this Article shall continue in force until such Notice is withdrawn by a further Notice (in the Form B set forth in the Schedule to this Order or to the like effect) served by an Inspector of the Local Authority on the occupier of the Infected Place.

(5.) The limits of an Infected Place may at any time be altered by an Inspector of the Local Authority by Notice in writing served on the occupier of the Infected Place.

*Veterinary Inquiry as to Existence of  
Anthrax.*

5.—(1.) A Local Authority, on receiving information of the existence, or suspected existence, of disease in any animal or carcase shall forthwith cause enquiry to be instituted as to the correctness of such information with the assistance and advice of a Veterinary Inspector.

(2.) The owner and occupier of any premises on which there is or has been a diseased or suspected animal or carcase shall give all reasonable facilities for the enquiry by the Local Authority under this Article.

(3.) If the Veterinary Inspector is satisfied at the time of his examination of the animal or carcase, by a microscopical examination of its blood on the spot or by other evidence, that the animal or carcase is not diseased, he shall forthwith give to the Local Authority a certificate to that effect, and the Local Authority shall, as soon as practicable, cause a Notice (in the Form B set forth in the Schedule hereto, or to the like effect) to be served on the occupier of the premises on which the animal or carcase is or was.

(4.) If the Veterinary Inspector is not so satisfied he shall forthwith give to the Local Authority a certificate stating that the case is one of suspected disease. He shall also for the purpose of further investigation take and examine one or more samples of the blood or other fluid of the animal or carcase, or of the tissue of the carcase, as may be necessary for that purpose, and as soon as may be after examination thereof forward to the Laboratory of the Ministry, New Haw, Weybridge, Surrey, such samples as may be required to enable a Veterinary Inspector of the Ministry to certify whether or not the animal or carcase was diseased, together with a report of his examination of the animal or carcase and of his further investigation.

*Precautions by Local Authority in case of  
Suspected Disease.*

6. Where the Veterinary Inspector gives to the Local Authority a certificate that the case is one of suspected disease the Local Authority shall forthwith direct an Inspector to carry out such disinfection as the Inspector may think necessary, and in the case of a suspected carcase shall forthwith cause the same to be destroyed in the manner prescribed by this Order.

*Procedure consequent on Examination by  
Veterinary Inspector of the Ministry.*

7.—(1.) Where a Veterinary Inspector of the Ministry certifies that an animal or carcase was diseased, the Local Authority on receipt of the certificate shall forthwith cause the Infected Place to be cleansed and disinfected in accordance with the provisions of Article 10 of this Order.

(2.) Where a Veterinary Inspector of the Ministry certifies that an animal or carcase was not diseased the Local Authority, on receipt of information to that effect, shall, as soon as practicable, cause the withdrawal by the service of a Notice (Form B) of any Notice (Form A) served under this Order in

respect of the animal or carcase to which the enquiry under Article 5 relates.

*Rules to be observed on an Infected Place.*

8. The following Rules shall be observed on premises declared to be an Infected Place by the service of a Notice (Form A) under Article 4 (2) of this Order until such Notice is withdrawn by the service of a Notice (Form B) under this Order.

*Rule 1.* The occupier of an Infected Place shall:—

(i) prevent access of animals or poultry to the diseased or suspected animal or carcase, or to any part of the premises which has or may have been exposed to infection of disease from the diseased or suspected animal or carcase, or has been contaminated by any dung or any discharge from any such animal or carcase;

(ii) detain on the premises any diseased or suspected animal or carcase thereon, and any other head of cattle, sheep, goat or swine which has been in the same shed, stable, building, yard or field with the diseased or suspected animal or carcase, or in any part of the premises contaminated by any dung or any discharge from any diseased or suspected animal or carcase; and

(iii) disinfect as soon as possible with an approved disinfectant any place where the diseased or suspected animal or carcase has lain, or where its blood has escaped.

*Rule 2.* The skin of a diseased or suspected carcase shall not be cut, nor shall anything be done to cause the effusion of blood, except by a Veterinary Inspector acting under the directions of the Local Authority, or by a veterinary surgeon acting on behalf of the owner of the carcase and in either case so far only as may be necessary for the purpose of obtaining suitable material for microscopical or cultural examination.

*Rule 3.* Animals shall not be removed, or allowed to stray, out of or into an Infected Place except as expressly authorised by this Article.

*Rule 4.* Any horse, ass, mule, or dog which is not diseased or suspected may be moved out of or into an Infected Place.

*Rule 5.* Any other animal which is not diseased or suspected may be moved out of an Infected Place with the permission in writing of an Inspector of the Local Authority to the nearest available slaughter-house under the supervision of an Inspector or other officer of the Local Authority for the purpose of being forthwith slaughtered, or to some premises to which the Rules contained in this Article shall thereupon be applied by the service of a Notice which shall be in the Form A set forth in the Schedule to this Order with the necessary adjustment. Such Notice shall remain in force until it is withdrawn by a Notice (Form B) under this Order served by an Inspector of the Local Authority.

*Rule 6.* Litter, dung, broken fodder, utensils, pens, hurdles, or other things shall not be removed from an Infected Place except with permission in writing from an Inspector of the Local Authority.

*Rule 7.* The milk produced by any diseased or suspected cow or goat shall not be mixed with other milk, and shall forthwith be boiled or otherwise sterilised, and any utensil in which such milk is placed before being so treated shall be thoroughly sterilised with boiling water before any other milk is placed therein.

*Disposal of Carcases.*

9.—(1.) A diseased carcase and any other carcase required by this Order to be destroyed shall be disposed of by the Local Authority as follows:—

(i.) The Local Authority shall cause the carcase to be destroyed by exposure to a high temperature upon the farm or premises upon which the carcase is, or upon the nearest available premises suitable for the purpose; or

(ii.) The Local Authority may cause the carcase to be destroyed, under the supervision of an Inspector or other officer of the Local Authority, in the mode following: The carcase shall be disinfected, and shall then be taken to suitable premises and shall be there destroyed by exposure to a high temperature, or by chemical agents; or

(iii.) Where the circumstances do not permit of the disposal of the carcase by either of the foregoing methods the Local Authority shall cause the carcase to be buried as soon as possible in its skin in some convenient or suitable place to which animals will not have access, and which is removed from any dwelling house, and at such a distance from any well or water-course as will preclude any risk of the contamination of the water therein, the carcase being buried at a depth of not less than six feet below the surface of the earth, and with a layer of lime not less than one foot deep both beneath and above it. Where possible the place of burial shall be the farm or premises upon which the animal died or was slaughtered.

(2.) A diseased or suspected carcase shall not be buried or destroyed otherwise than by the Local Authority, or be removed from the farm or premises upon which the animal died or was slaughtered except by the Local Authority.

(3.) Before a carcase is moved for burial or destruction under this Article, all the natural openings thereof shall be effectually plugged with tow or some suitable material soaked in an approved disinfectant.

(4.) Where, in the case of the carcase of a four-footed mammal which was kept in any public or private zoological collection, it is impracticable to dispose of the carcase unless the carcase be cut, such cutting notwithstanding the provisions of Article 3 (2.) and Rule 2 of Article 8 of this Order, may be done, but only with the permission and under the supervision of a Veterinary Inspector of the Local Authority. The costs of the cutting and disposal of such carcase shall be defrayed by the proprietor of the zoological collection.

(5.) A Local Authority may cause or allow a carcase to be taken into the District of another Local Authority to be buried or destroyed with the previous consent of that Local Authority, but not otherwise.

*Cleansing and Disinfection.*

10.—(1.) The Local Authority shall at their own expense subject as provided in paragraph (6) of this Article cause to be cleansed and disinfected under the direction of an Inspector, and in the mode provided by this Article—

(a) all those parts of any shed, stable, building, field, or other place in which a diseased animal has died or been slaughtered, or has been kept at the date of such death or slaughter;

(b) every utensil, pen, hurdle, or other thing used for or about any diseased animal or carcase;

(c) every van, cart, or other vehicle used for carrying any diseased animal or carcase on land otherwise than on a railway.

(2.) Any part of a place or thing required by this Order to be cleansed and disinfected shall be cleansed and disinfected in manner following:—

(i) the part of a place or thing shall be thoroughly soaked or drenched with an approved disinfectant; then

(ii) the part of a place or thing shall, if the nature thereof so permit, be scraped and, where necessary, swept, and the scrapings and sweepings and all dung, sawdust, litter, and other matter shall be effectually removed therefrom; then

(iii) the part of a place or thing shall be thoroughly washed or scrubbed or scoured with water, and then again thoroughly coated or washed with an approved disinfectant.

(3.) The scrapings and sweepings, and the dung, sawdust, litter, and other matter removed under this Article shall forthwith be burnt or otherwise destroyed, or if destruction is not practicable be well mixed with quicklime and be effectually removed from contact with animals.

(4.) The Local Authority shall at their own expense cause any litter, dung or broken fodder which appears to them or their Inspector to be likely to spread disease to be disinfected thoroughly, or to be burnt or destroyed if it is in their or his opinion impracticable to disinfect the same thoroughly.

(5.) Where the cost of disinfection has been increased by any wilful act or neglect on the part of the owner of the animal or carcase, the Local Authority shall be entitled to recover from the owner the additional cost so caused.

(6.) In the case of the existence or suspected existence of disease in a four-footed mammal kept in any public or private zoological collection, or in the carcase of any such animal, the Local Authority may recover from the proprietor of the zoological collection the cost of the cleansing and disinfection required to be carried out under this Order.

*Facilities and Assistance to be given for Cleansing and Disinfection.*

11.—(1.) The occupier of any place, and the owner of any thing, liable to be cleansed and disinfected under this Order shall give all reasonable facilities to the Local Authority and their officers for that purpose.

(2.) The Local Authority may by Notice in

writing signed by an Inspector and served on the occupier of any premises or the owner of any thing liable to be cleansed and disinfected under this Order require him to cleanse and disinfect the same in the mode provided by this Order but at the expense of the Local Authority.

*Prohibition from Exposing or Moving Diseased or Suspected Animals or Carcases.*

12.—(1.) Subject to any other provisions of this Order authorising the movement of animals or carcases, it shall be unlawful for any person—

(a) to expose a diseased or suspected animal in a market, fairground, sale-yard, place of exhibition or other public or private place where animals are commonly exposed for sale or exhibition; or

(b) to place such animal in a lair or other place adjacent to or connected with a market, fairground, or saleyard, or where animals are commonly placed before or after exposure for sale or exhibition; or

(c) to send or carry, or cause to be sent or carried, a diseased or suspected animal or carcase by railway, canal, river, or inland navigation, or in a coasting vessel; or

(d) to send, carry, or cause to be sent or to be sent, carried, led, or driven, a diseased or suspected animal or carcase on a highway, road or lane; or

(e) to place or keep a diseased or suspected animal on common or uninclosed land, or in a field or place insufficiently fenced, or in a field adjoining a highway, road or lane, unless that field is so fenced or situate that animals therein cannot in any manner come in contact with animals passing along that highway, road or lane or grazing on the sides thereof; or

(f) to graze a diseased or suspected animal road or lane; or

(g) to allow a diseased or suspected animal to stray on a highway, road or lane or on the sides thereof, or to be on common or uninclosed land, or in a field or place insufficiently fenced.

(2.) A diseased or suspected animal or carcase dealt with in contravention of this Article, shall be detained and access of other animals and poultry to it shall be prevented until it is certified under this Order that the animal or carcase was not diseased, or until it is moved as herein provided.

(3.) Such a diseased or suspected animal or carcase may be moved by or with the written permission of an Inspector of the Local Authority to a convenient and isolated place.

(4.) Any head of cattle, sheep, goat or swine which

(i) has been in any pen, stall, lair, vehicle or railway truck in which a diseased or suspected animal or carcase has been exposed or otherwise dealt with in contravention of this Article, or

(ii) has been carried in any manner mentioned in paragraph 1 (c) of this Article so as to have been exposed to infection from any such diseased or suspected animal or carcase, or

(iii) has been in or on any place contami-

nated by any dung or other discharge from any such diseased or suspected animal or carcase

shall be detained and access of other animals to it shall be prevented until an Inspector of the Local Authority otherwise determines.

(5.) Any such head of cattle, sheep, goat or swine may be moved by or with the written permission of an Inspector of the Local Authority to a convenient and isolated place or to a slaughterhouse for immediate slaughter thereat.

(6.) Where any animal is moved to a convenient and isolated place under the provisions of this Article, the provisions of this Order shall apply as if that place were premises on which there was a diseased or suspected animal or carcase.

*Copies of Notices to be sent to Ministry, &c.*

13. An Inspector shall with all practicable speed send copies of any Notice served under this Order to the Secretary, Ministry of Agriculture and Fisheries, Whitehall Place, London, S.W.1, to the Local Authority, to the Medical Officer of Health, and to the police officer in charge of the nearest police station of the district.

*Digging up.*

14. It shall not be lawful for any person, except under and in accordance with the provisions of a Licence of the Minister or with permission in writing of an Inspector of the Ministry to dig up, or cause to be dug up, the carcase of any animal that has been buried, whether under this Order or otherwise.

*Extension of the meaning of "animals" and "disease" for the purposes of the Diseases of Animals Act, 1894.*

15. For the purposes of the Diseases of Animals Act, 1894, the definition of "animals" in that Act, is hereby extended so as to include horses, asses, mules, dogs and any four-footed mammal which is defined by this Order as an animal for the purposes thereof, and the definition of "disease" in that Act is hereby extended so as to include anthrax (that is to say, the disease called or known as anthrax, splenic fever or splenic apoplexy of animals).

*Local Authority to enforce Order.*

16. The provisions of this Order, except where it is otherwise provided, shall be executed and enforced by the Local Authority.

*Presumption of Knowledge of Disease.*

17. Where the owner or person in charge of an animal or carcase is charged with an offence against the Act of 1894 relative to anthrax, he shall be presumed to have known of the existence of that disease, unless and until he shows, to the satisfaction of the Court, that he had not knowledge thereof and could not with reasonable diligence have obtained that knowledge.

*Offences.*

18. Any person committing or aiding, abetting, counselling or procuring the commis-

sion of any breach of the provisions of this Order is liable on summary conviction to the penalties provided by the Diseases of Animals Acts, 1894 to 1927.

*Interpretation.*

19. In this Order unless the context otherwise requires:—

"Animals" means cattle, sheep, goats and all other ruminating animals and swine, horses, asses, mules and dogs, and any four-footed mammal kept in captivity except mammals in a pathological institute which is specified in a licence for the time being in force granted to any person under the Cruelty to Animals Act, 1876.

"Disease" means anthrax (that is to say the disease called or known as anthrax, splenic fever or splenic apoplexy of animals).

"Diseased" means affected with anthrax, and "suspected" means suspected of being affected with anthrax.

"Approved disinfectant" means a disinfectant approved by the Minister for use for the purposes of the Diseases of Animals (Disinfection) Order of 1926 if used at the dilution at which it is so approved.

"Poultry" includes domestic fowls, turkeys, geese, ducks, guinea fowls and pigeons.

"Carcase" means the carcase of an animal and includes part of the carcase and the meat, bones, hide, skin, hoofs, horns, offal and other part of an animal separately or otherwise or any portion thereof.

"Inspector" includes veterinary inspector.

"Minister" means the Minister of Agriculture and Fisheries.

"Ministry" means the Ministry of Agriculture and Fisheries.

*Revocation of Order.*

20. The Anthrax Order of 1910 is hereby revoked, but any notice given and having effect under that Order at the time when this Order comes into force shall not be affected by this revocation.

*Extent.*

21. This Order extends to England, Wales and Scotland.

*Commencement.*

22. This Order shall come into operation on the first day of October 1928.

*Short Title.*

23. This Order may be cited as the ANTHRAX ORDER OF 1928.

In witness whereof the Official Seal of the Minister of Agriculture and Fisheries is hereunto affixed this twenty-eighth day of August, nineteen hundred and twenty-eight.
