The KING has been graciously pleased to approve of the award of the Albert Medal to No. Ply/21668 Marine Albert Ernest Richards for gallantry in saving life.

The following is the account of the services in respect of which the decoration has been conferred:—

On the 25th September 1928, blasting operations were in progress for the removal of rock on a site at St. Helena under the charge of No. Ply/14790 Sergeant Stewart Symons. Four charges had been laid, two in drilled holes and two in crevices in the rock. The drilled hole fuzes were each to be lit by a Marine, and the crevice fuzes by Sergeant Symons. The hole fuzes and the upper crevice fuze were lit simultaneously, and the Sergeant was bending down to light the lower crevice fuze when the charge in the upper crevice exploded unexpectedly, blinding Sergeant Symons and knocking him helpless close to one of the drilled holes. The Marines who had lit the other fuzes had by this time run clear, but Marine Richards, seeing that the Sergeant was disabled, turned back and helped him to his feet and dragged him clear of the subsequent explosions, from the effects of which he shielded him with his own body.

Marine Richards was well aware that at least two further charges were due to explode within some thirty seconds, and his presence of mind and disregard of personal danger undoubtedly saved Sergeant Symons from death.
