Treasury Chambers,

The Lords Commissioners of His Majesty's Treasury hereby give notice that at a Trial of the Pyx begun at Goldsmiths' Hall in the City of London on the 5th March and concluded on the 1st May 1929, the following Verdicts of the Pyx Jury were delivered to the King's Remembrancer, viz.:—

TRIAL OF THE PYX OF THE LONDON MINT.

VERDICT.

WE, whose names are hereunder written, having been sworn on the fifth day of March, one thousand nine hundred and twenty-nine, before the King's Remembrancer, at Goldsmiths' Hall, in the City of London, have made the assays and trials of His Majesty's silver coins in the Pyx of the Royal Mint in London, which, according to accounts produced by the Officers of the Mint, were coined in the said Mint from the 1st day of January, one thousand nine hundred and twenty-eight, to the 31st day of December one thousand nine hundred and twenty-eight, both days inclusive. We ascertained the number of coins in each packet produced to us, and that such number corresponded with the number which the Officers of the Mint represented it to contain, and we took one coin from each of such packets of silver coins, making altogether 2 crowns, 95 half-crowns, 48 florins, 70 shillings, 67 sixpences, 4 fourpences, 7 threepences, 4 twopences and 12 pennies. We then weighed each one pound troy weight (at its standard weight) of the coins so taken out and ascertained that the said coins so bulked were within the remedy as to weight prescribed by the Coinage Acts 1870 to 1920. We then took for assay one pound troy (at its standard weight) of the coins so weighed comprising 1 crown, 10 half-crowns, 10 florins, 10 shillings, 10 sixpences, 1 fourpence, 1 threepence, 2 twopences and 1 penny, and we ascertained that the amount of variation from the standard weight allowed under the Coinage Acts 1870 to 1920 was, for such pound so taken for assay minus one thousandth (- .001) of an ounce on the whole, and that, therefore, such pound troy of silver coins weighed and assayed as aforesaid was on the whole within the variation from standard weight so allowed. We then assayed separately the coins in the pound troy so taken for assay, comparing them with the standard Trial Plate made of pure silver (as prescribed by the Coinage Act, 1920), produced by the Board of Trade, so as to ascertain whether the metal of the said coins was on the whole within the remedy as to fineness prescribed by the Coinage Acts, 1870 to 1920, and we found that the amount of variation from the standard fineness so prescribed was plus nine ten-thousandths (+ .0009) on the whole of the coins in such pound, and that, therefore, the said pound troy of silver coins weighed and assayed as aforesaid was, on the whole, within the variation from fineness allowed under the Coinage Acts 1870 to 1920. We weighed in bulk the residue of the coins remaining in the said packets of silver coins and we ascertained that they were on the whole within the

remedy as to weight allowed under the Coinage Acts, 1870 to 1920, being five hundred and seventy-three thousandths (-573) of an ounce below the standard weight prescribed by the said Acts.

TRIAL OF THE PYX OF THE PRETORIA BRANCH MINT.

VERDICT.

WE, whose names are hereunder written, having been sworn on the 5th day of March one thousand nine hundred and twenty-nine, before the King's Remembrancer, at Goldsmiths' Hall in the City of London, have made the assays and trials of His Majesty's gold coins in the Pyx of the Branch Mint at Pretoria in the Union of South Africa, which, according to accounts produced by the Officers of the Mint, were coined in the said Branch Mint from the 1st day of January one thousand nine hundred and twenty-eight to the 31st day of December one thousand nine hundred and twenty-eight, both days inclusive. We ascertained the number of coins in each packet produced to us and that such number corresponded with the number which the Officers of the Mint represented it to contain, and we took out one coin from each of such packets of gold coins, amounting altogether to 183 sovereigns or twenty-shilling pieces, and we weighed separately each of the coins so taken out, and ascertained that they were within the remedy as to weight prescribed by the Coinage Acts, 1870 to 1920. We found that the amount of variation from the standard weight so prescribed was plus six thousandths of an ounce (+006 oz.) on the whole of such coins. We then melted all the said gold coins so taken out and separately weighed into an ingot, and assayed such ingot, comparing it with the standard Trial Plate of gold produced by the Board of Trade, so as to ascertain whether the metal of the said ingot

was within the remedy as to fineness prescribed as aforesaid, and we found that the amount of variation thereof from the standard fineness so prescribed was minus three hundred-thousandths (or -00003) and that therefore the said metal was within the remedy as to fineness allowed under the Coinage Acts, 1870 to 1920. We weighed in bulk the residue of the said coins remaining in the said packets of gold coins and we ascertained that they were on the whole within the variation from standard weight allowed under the Coinage Acts, 1870 to 1920, being one hundred and one thousandths of an ounce above (+0101) the standard of weight prescribed by the said Acts. We then took from such residue six sovereigns and weighed and assayed them separately, and we found that such sovereigns weighed respectively,—the first 123·287 grains, the second 123·155 grains, the third 123·292 grains, the fourth 123·178 grains, the fifth 123·453 grains, the sixth 123·325 grains, and that therefore the said sovereigns were respectively,—the first thirteen thousandths of a grain above (+013), the second one hundred and nineteen thousandths of a grain below (-119), the third eighteen thousandths of a grain above (+018), the fourth ninety-six thousandths of a grain below (-096), the fifth one hundred and seventy-nine thousandths of a grain above (+179) and the sixth fifty-one thousandths of a grain above (+051) the standard weight prescribed by the Coinage Acts, 1870 to 1920. We then assayed the said six sovereigns separately, and we found the Millesimal fineness of such sovereigns to be, the first 916·56, the second 916·43, the third 916·79, the fourth 916·71, the fifth 916·63, the sixth 916·59 respectively, and that therefore the said sovereigns were respectively,—the first ten hundred-thousandths below (-00010), the second twenty-three hundred-thousandths below (-00023), the third thirteen hundred-thousandths above (+00013), the fourth five hundred-thousandths above (+00005), the fifth three hundred-thousandths below (-00003) and the sixth seven hundred-thousandths below (-00007) the standard fineness prescribed as aforesaid.

PERTH AND PERTHSHIRE JOINT SANATORIUM BOARD (REVOCATION) ORDER, 1929, DATED 10TH MAY 1929, MADE BY THE DEPARTMENT OF HEALTH FOR SCOTLAND.

Whereas by an Order dated 5th November 1920, made by the Scottish Board of Health under Section 64 (3) of the National Insurance Act, 1911, and entitled the Perth and Perthshire Joint Sanatorium Board Order, 1920 (hereinafter referred to as "the Combination Order"), the County Council of the County of Perth and the Town Council of the Burgh of Perth (hereinafter referred to as "the combining authorities") were combined for the purpose of providing, furnishing, managing and maintaining a central institution or sanatorium for the treatment, isolation and observation of tuberculosis, and a Joint Board consisting of representatives of the combining authorities and called the Perth and Perthshire Joint Sanatorium Board (hereinafter referred to as "the Joint Board") was constituted to undertake the provision, furnishing, management and maintenance of such central institution or sanatorium :

And whereas in place of jointly providing such a central institution or sanatorium in terms of the Combination Order the combining Authorities with the approval of the Scottish Board of Health made individually other arrangements for the treatment, isolation and observation of tuberculosis in appropriate

institutions; and the need for the said combination no longer exists:

And whereas the Joint Board have sold the mansion house and policies which were acquired by them for the purposes of the Combination Order and have realised their whole other assets and discharged their whole liabilities, and have distributed and made over the funds remaining in their hands to the combining authorities in accordance with their respective rights and interests therein:

And whereas it is proper that the said combination should now be dissolved:

Now therefore the Department of Health for Scotland in pursuance of the powers formerly vested in the Scottish Board of Health and now vested in the said Department do hereby make the following Order:—

ARTICLE 1. This Order may be cited as the Perth and Perthshire Joint Sanatorium Board (Revocation) Order, 1929.

ARTICLE 2. The Perth and Perthshire Joint Sanatorium Board Order, 1920, is hereby revoked and repealed but without prejudice to the validity of anything duly done or suffered or to any right, privilege, obligation or liability acquired, accrued or incurred thereunder.

Given under the Seal of Office of the Department of Health for Scotland this tenth day of May, in the year one thousand nine hundred and twenty-nine.
