TENDERS FOR TREASURY BILLS.

1. The Lords Commissioners of His Majesty's Treasury hereby give notice that Tenders will be received at the Chief Cashier's Office, at the Bank of England, on Friday the 8th January 1932, at 1 o'clock, for Treasury Bills to be issued under the Treasury Bills Act, 1877, the National Debt Act, 1889, and the War Loan Acts, 1914-1919, to the amount of £35,000,000.

2. The Bills will be in amounts of £5000 or £10,000. They will be dated at the option of the Tenderer on any business day from Monday the 11th January 1932 to Saturday the 16th January 1932 inclusive, and will be payable at three months after date.

3. The Bills will be issued and paid at the Bank of England.

4. Each Tender must be for an amount not less than £50,000, and must specify the date on which the Bills required are to be dated, and the net amount per cent. (being an even multiple of one penny) which will be given for the amount applied for. Separate Tenders must be lodged for Bills of different dates.

5. Tenders must be made through a London Banker, Discount House or Broker.

6. The persons whose Tenders are accepted will be informed of the same not later than the following day, and payment in full of the amounts of the accepted Tenders must be made to the Bank of England by means of Cash or a Banker's Draft on the Bank of England not later than 2 o'clock (Saturday 12 o'clock) on the day on which the relative Bills are to be dated.

7. In virtue of the provisions of Section 1 (4) of the War Loan Act, 1919, Members of the House of Commons are not precluded from tendering for these Bills.

8. Tenders must be made on the printed forms which may be obtained from the Chief Cashier's Office, Bank of England.

9. The Lords Commissioners of His Majesty's Treasury reserve the right of rejecting any Tenders.

*Electricity Commission,
Savoy Court,
Strand, W.C.2,
30th December 1931.*

For the purposes of the Electricity (Supply) Acts, 1882 to 1928, and all Orders and Licenses made or granted and issued thereunder, and any local Act relating to the supply of electricity, the Electricity Commissioners approve of the construction and pattern of the meter (hereinafter described) for the measurement of electrical energy when supplied on the constant pressure, two wire, single phase, alternating current system, and known as the Chamberlain and Hookham, Type B, Single Phase Watthour Meter, rated sizes 2.5, 5, 10, 20, 40, 50 and 100 amperes, 95 to 125 volts, 190 to 250 volts, 375 to 505 volts, and 470 to 630 volts, at a frequency of 50 cycles per second.

Provided that the meter be constructed as described in the Specification and drawings deposited at the National Physical Laboratory, Teddington, Middlesex, dated and numbered 24th April 1922, 19th February 1931, and 12th November 1931, and No. 94, and be in accordance with the patternmeters Nos. 889557, 889559, 889560, 1979752, and 1979753, deposited at the National Physical Laboratory on the 24th April 1922, and the 16th November 1931, by or on behalf of Chamberlain and Hookham Limited, Solar Works, New Bartholomew Street, Birmingham, and sealed by the National Physical Laboratory at the instance of the Electricity Commissioners.

The Electricity Commissioners further approve of the means provided for fixing meters of this description, and for connecting them with the service lines as described in the specification and drawings above referred to.

The approval by the Electricity Commissioners dated the 28th November 1923, of the construction and pattern of the Chamberlain and Hookham Single Phase Watthour Meter, Type B, rated sizes 2.5, 5, 10 and 20 amperes, 100 to 400 volts, at 50 cycles per second and of the means provided for fixing the same and for connecting the same with service lines, is hereby superseded.

Signed by order of the Electricity Commissioners this 30th day of December 1931.

(Sgd.) W. Cook,
Assistant Secretary to the Electricity
Commissioners.
