*Civil Service Commission,
November 1, 1932.*

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz. :—

REGULATIONS FOR A SPECIAL COMPETITION BY
SELECTION FOR THE APPOINTMENT OF ASSISTANT
ENGINEERS (MALE) IN THE ENGINEERING
DEPARTMENT OF THE POST OFFICE.

N.B.—These regulations are intended to apply to the forthcoming competition only.

1. Candidates must have attained the age of 25 and must not have attained the age of 30 on the 1st September 1932. In reckoning age for this purpose candidates who have served or are serving in the Army, Navy or Air Force may deduct from their actual age any time not exceeding five years during which they have served.

2. Every candidate must be a natural-born British subject, the child of a person who is or was at the time of death a British subject; provided that exception may be made in the case of natural-born British subjects who have satisfactorily completed a period of not less than five years' service on full pay in His Majesty's Regular Forces.

Provided also that if the Civil Service Commissioners are satisfied in the case of any candidate who is a British subject but does not fulfil all the requirements of the rule as to nationality and descent, that the candidate is so closely connected by ancestry and upbringing with his Majesty's dominions that an exception may properly be made to that rule, they may accept such candidate as eligible provided that this discretion shall not be exercisable unless (a) the father or the paternal grandfather of the candidate was a natural-born British subject, and (b) neither the father nor the paternal grandfather had acquired any other nationality by naturalization or by any other voluntary and formal act.

3. Other things being equal preference will be given to candidates who served in His Majesty's Forces during the War between the 4th August 1914 and the 11th November 1918.

4. Persons holding situations in the Civil Service must obtain the permission of the authorities of their Department to apply for appointment.

No person actually serving in the Navy, Army or Air Force will be eligible for consideration unless he produces, when called upon to do so, the permission of his Commanding Officer to apply for appointment, dated before his appearance before the Selection Board, and given in accordance with such orders as may from time to time be issued.

Persons upon whose training for the occupation of teacher public money has been spent, cannot be appointed until the consent of the appropriate education authority has been notified to the Civil Service Commissioners.

5. Applications for admission to the competition must be made at such time and in such manner as the Civil Service Commissioners may appoint.

6. The Civil Service Commissioners will take such steps as they think most appropriate to announce the competition.

7. In order to be eligible for appointment candidates must have passed an examination qualifying for a degree with high qualifications in either engineering or physics. They must also have had experience of development or research work in telephone transmission and engineering covering one or more of the following items :—

- Audio frequency electrical measurements.
- Transmission measurements.
- Microphones and receivers.
- Telephone repeaters.
- Carrier systems.
- Voice frequency systems.
- Electrical filters.
- Acoustic measurements.
- Power interference.
- Electrolytic damage.
- Telephone cables.
- Radio telephones.

8. When the list of applications has been closed, the credentials of all the candidates will be examined by the Civil Service Commissioners, who may, if they so desire, invite the assistance of officers of the General Post Office; and those candidates who appear to have the requisite qualifications and to be best fitted for appointment will be summoned to an interview before a Selection Board, who will recommend, for the vacancies existing, those candi-

dates who appear to them to possess the highest qualifications. The decision of the Selection Board will be final. The Board will be constituted by the Civil Service Commissioners in consultation with the authorities of the General Post Office, who will be represented on the Board.

9. The appointment of selected candidates will be subject to their satisfying the Civil Service Commissioners of their eligibility in respect of age, nationality, health and character, and will not be confirmed unless and until they have passed the prescribed period of probation to the satisfaction of the Postmaster-General.

10. A fee of 5s will be required from every candidate applying for admission to the competition; this fee is not returnable in any circumstances. A further fee of £4 15s. 0d., being the balance of the prescribed fee of £5, will be required from every candidate selected for appointment, before the issue of the certificate of qualification for appointment.

11. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons unacquainted with their work, will disqualify them for appointment. The Selection Board will disregard spontaneous recommendations from persons who are not personally acquainted with the candidate's work, whether at school, at the university, in industry or business, in the Forces, or otherwise.

The Civil Service Commissioners further give notice of a competition to be held under the foregoing Regulations.

The number of appointments to be made on the result of this competition will be not less than 5, provided so many candidates are recommended by the Selection Board as fully qualified.

No person will be considered from whom the Secretary of the Civil Service Commission has not received, on or before the 24th November 1932, an application, in the candidate's own handwriting, on a prescribed form, which may be obtained from the Secretary at once.

The date on which the Selection Board will meet will depend upon the number of applications received.
