MILK ACTS, 1934 AND 1936.

Notice is hereby given that the Minister of Agriculture and Fisheries and the Secretary of State for Scotland, acting jointly, have certified the cheese-milk price for the month of May 1937, as required by Sub-section 2 of Section 4 of the Milk Act, 1934, as amended by Section 5 and Part II. of the Schedule of the Milk (Extension of Temporary Provisions) Act, 1936, in the following terms:—

CERTIFICATION OF CHEESE-MILK PRICE.

Whereas by Sub-section (1) of Section 4 of the Milk Act, 1934 (hereinafter referred to as "the Act"), it is provided that for the purposes of the Act the cheese-milk price for any month shall be the excess over one penny three farthings of the average of the prices per pound at which cheese such as is commonly known at the commencement of the Act as "New Zealand Finest White" and "Canadian Finest White" was sold wholesale in Great Britain during the immediately preceding month;

And whereas by Sub-section (2) of the said Section as amended by Section 5 and Part II. of the Schedule of the Milk (Extension of Temporary Provisions) Act, 1936, the Minister of Agriculture and Fisheries and the Secretary of State for Scotland, acting in conjunction, are required to certify as soon as may be after the beginning of September 1934, and of each subsequent month falling before October 1939, the cheese-milk price for that month;

Now therefore the Minister of Agriculture and Fisheries and the Secretary of State for Scotland, acting in conjunction, hereby certify that the cheese-milk price for the month of May 1937 is 5.92 pence per pound.

The method by which the cheese-milk price for the month as certified above has been computed is as follows:—

(i.) The price quotations in respect of sales by wholesale of "New Zealand Finest White" cheese and of "Canadian Finest White" cheese published in the Official Market Report of the London Provision Exchange, Ltd., for each of the weekly periods ended at 11.30 a.m. on each of the Fridays in the preceding month have been examined.

(ii.) For each of the said periods and for each description of "Canadian Finest White" cheese quoted in the Official Market Report a mean price has been calculated by taking the mean value of the highest and

lowest prices quoted, quotations described in the Report as being exceptional being disregarded.

(iii.) An average price for "Canadian Finest White" cheese for each of the said periods has been calculated by taking the average of the aforesaid mean prices.

(iv.) An average price for "New Zealand Finest White" cheese for each of the said periods has been ascertained in a similar fashion.

(v.) A mean of the average prices for "Canadian Finest White" cheese and "New Zealand Finest White" cheese so ascertained has been calculated for each of the said periods. The average of such mean prices so ascertained has then been expressed in pence per pound, calculated to two places of decimals.

(vi.) From the figure thus obtained one penny three farthings has been subtracted and the balance gives the figure certified above.
