*Civil Service Commission,
July 30, 1937.*

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz.:—

REGULATIONS FOR THE APPOINTMENT OF TECHNICAL CLERK IN HIS MAJESTY'S STATIONERY OFFICE.

Competitions under these regulations are open both to men and women. Competitions do not take place at fixed intervals, but are held only on the occurrence of vacancies. The regulations are liable to alteration from time to time.

1. Candidates must have attained the age of 21 and must not have attained the age of 30 on a date to be fixed in respect of the competition in which they are to take part.

In reckoning age for competition the following allowances will be made, viz.:—

(a) Candidates who have served or are serving in the Army, Navy, or Air Force may deduct from their actual age any time during which they have so served.

(b) Candidates who have served in any established civil situation to which they were admitted with the Certificate of the Civil Service Commissioners may deduct from their actual age any time not exceeding two years which they may have spent in such service.

2. Every candidate must be a natural-born British subject, the child of a person who is or was at the time of death a British subject; provided that exception may be made in the case of natural-born British subjects who have satisfactorily completed a period of not less than five years' service on full pay in His Majesty's Regular Forces.

Provided also that if the Civil Service Commissioners are satisfied, in the case of any candidate who is a British subject but does not fulfil all the requirements of the rule as to nationality and descent, that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions that an exception may properly be made to that rule, they may accept such candidate as eligible provided that this discretion shall not be exercisable unless (a) the father or the paternal grandfather of the candidate was a natural-born British subject, and (b) neither the father nor the paternal grandfather had acquired any other nationality by naturalisation or by any other voluntary and formal act.

3. No person actually serving in the Army, Navy, or Air Force will be eligible for admission to the examination unless he produces to the Civil Service Commissioners, when called upon to do so, the permission of his Commanding Officer to attend the examination, dated before the commencement of the competition, and given in accordance with such orders as may from time to time be issued.

Persons holding situations in the Civil Service must obtain the permission of the authorities of their Department to attend the examination before the commencement of the competition.

Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate education authority has been notified to the Civil Service Commissioners.

4. There are three branches, Printing, Binding, and Lithography. When a competition is announced, the Controller of His Majesty's Stationery Office will decide and announce what number of vacancies (if any) is to be filled in each branch.

The Controller will take such steps as he thinks most appropriate to make known the existence of any vacancy or vacancies which he desires to fill on any one occasion, and the Civil Service Commissioners will satisfy themselves that the steps taken have been such as to secure all desirable publicity.

5. Application shall be made on the appropriate form which may be obtained from the Controller of His Majesty's Stationery Office. Candidates will be required to show that they have served an apprenticeship of at least five years to the Letterpress, Lithography, or Book-binding Trade by submission of indenture or of a certificate of service that for the same period they have had practical training in the production of Printing or Binding; and they must have been recently and for a sufficient time in actual and continuous employment. A candidate's indenture or certificate of service must accord with the branch for which he or she is competing. Full time practical training up to a limit of two years in a recognised Technical School will be accepted as part of the qualifying

period. The indenture or certificate of service together with any proof of technical training by way of diplomas or certificates from any recognised Technical School, or proof of tuition under a qualified instructor, must be sent in with the application form addressed to The Controller, His Majesty's Stationery Office, Princes Street, Westminster, London, S.W.1.

6. After the last day for application has been reached the Controller of His Majesty's Stationery Office will scrutinise all the applications received and recommend to the Commissioners such candidates as appear to him suitable for the duties of the posts in question. The Controller will then forward to the Civil Service Commissioners all the application forms received, who may then, if dissatisfied with the candidates presenting themselves, take such steps in consultation with the Controller of His Majesty's Stationery Office as they may think fit to obtain other candidates. The list of candidates accepted for examination will then be settled by agreement between the Civil Service Commissioners and the Controller of His Majesty's Stationery Office.

7. Candidates who are accepted will be admitted to a competitive examination in the following subjects:—

1. English Composition (including handwriting and orthography).
2. Arithmetic.
3. Technical Knowledge.

Candidates must pass to the satisfaction of the Civil Service Commissioners in each of the above-mentioned subjects.

8. Candidates must satisfy the Civil Service Commissioners as to their health and character. Female candidates must be unmarried or widows and will be required to resign their appointments on marriage.

9. A fee of £3 will be required from every candidate admitted to the examination.

PROHIBITION UNDER SECTION 5 OF THE CUSTOMS AND INLAND REVENUE ACT, 1888, OF THE USE IN BEER OF CERTAIN SUBSTANCES.

WHEREAS it appears to the satisfaction of the Lords Commissioners of the Treasury that glycyrrhizic acid, ammonium glycyrrhizate and all other salts of glycyrrhizic acid, and preparations or mixtures containing any of the above-mentioned substances, are capable of being used in the manufacture or preparation for sale of Beer and that the use of any of the said substances is calculated to affect prejudicially the interests of the Revenue.

Now the said Lords Commissioners, under the power conferred upon them by Section 5 of The Customs and Inland Revenue Act, 1888, do hereby prohibit the use of any of the said substances in the manufacture or preparation for sale of Beer.
